RE: Permit No. 21458

Mrs. Leone Uezzell
843 Main Avenue West
Twin Falls, Idaho

Dear Mrs. Uezzell:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on Permit No. 21458.

This report shows that you have irrigated 206 acres in the $S\frac{1}{2}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 22, Township 11 South, Range 20 East, B.M., from an unnamed stream with point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said section.

Therefore, upon receipt of the statutory fees, Certificate of Completion of Works and license will be issued for 4.12 second feet, or 206 inches of water from said stream.

The fees for completion of works amount to \$5.00, and for license or beneficial use amount to \$12.00, which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

Dear Mr. Sweeley:

On further checking Mrs. Uezzell's proof on Permit No. 21458, and in further reference to letter addressed you this morning, we note that 240 acres in Section 22 have been irrigated and there is only the 320 acres in Section 27 that have not been brought under irrigation at this time.

For that reason, it will be possible to accept the proof of beneficial use so far as the lands in Section 22 are concerned and later on additional proof can be made when the land in Section 27 has been irrigated.

RE: Permit No. 21458

Mr. Everett M. Sweeley
9 Burkholder Building
Twin Falls, Idaho

Dear Mr. Sweeley:

We acknowledge receipt of your letter of June 17, 1952, enclosing depositions of Leona M. Uezzell and two witnesses, also affidavit of publication in the Twin Falls Times News, all offered in proof of completion of works and beneficial use under Permit No. 21458.

Since all these depositions state that "some leveling and additional clearing of sage brush will be required before irrigation will be practicable" we can only accept these proofs for completion of works at the present time and later on, when the water has been beneficially applied and the land irrigated, proof of beneficial use can be made.

Under the terms of the permit, this is not really required until April 21, 1955, so there will be plenty of time.

Before final action on proof of completion of works, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact Mrs. Uezzell at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

LEGAL ADVERTISEMENTS

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at two o'clock P.M. on the 16th day of June, 1952, at Twin Falls, County of Twin Falls, State of Idaho, before Everett M. Swasey, Room 9, Burkholder Bldg., proof will be submitted of the completion of works for the diversion of 11.2 cubic feet per second of the waters of unnamed streams, natural drainage into Murterough Lake and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21666 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Leona M. Vessell, Box 182, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 11.2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 11.2 cubic feet per second.

4. The place where said water is used is South Half of Northeast Quarter and the Southeast Quarter of Section Twenty-two, and the East Half of Section Twenty-seven, all in Township Eleven, South, Range Twenty, T24N, in Twin Falls County, Idaho.

5. The date of priority which said user is prepared to establish is April 14, 1950.

Dear Mr. Sweeley:

We are in receipt of notice of completion of works and beneficial use proof to be made on Permit No. 21458 of Leone M. Uezzell before you as Notary Public.

However, the date was marked out and no other date inserted, so we have set June 16, 1952, as the date for making proof and have sent a copy of the notice to the Twin Falls Times News with instructions to publish it once a week for four consecutive weeks prior to that date and to send Mrs. Uezzell the affidavit of publication together with statement of costs.

If that date is not satisfactory for you and Mrs. Uezzell, will you please notify the newspaper of another date and advise us as well.

We enclose the necessary forms of deposition to be used in making this proof, consisting of one for the permit holder and one for each of two witnesses, and at the time set, she should appear before you with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

Dear Mr. Kulp:

Re: Permit No. 21458

I have your reply to my letter of April 14, 1952, in which I requested forms to cover completion of works for use of waste water under Permit No. 21458.

Completion of works has been made and beneficial use of the water was had during the years 1950 and 1951 from Willow Creek (unnamed stream as shown on Permit Map) on SE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, Twin Falls County, Section 22, Twp. 11 S, Range 20.

Due to the fact that beneficial use of the water from the above mention stream was made during the years 1950 and 1951 on Section 22 as above designated, I wish to make proof of completion of works and beneficial use at this time and desire forms for both. Also, any forms to be used in making the publication, as required by statutes, once a week for four consecutive weeks in the Twin Falls daily paper of this county.

Permit No. 21458

I am in receipt of your letter dated May 29th, 1950 and this is to advise that my letter of May 27th, 1950 was merely a report of the progress made under this permit for this 1950 irrigation season.

This preliminary work thus far reported is from the point of diversion in Section 22 as drawn on Permit Map No. 21458 and water is now being used for irrigation from this point.

At this time only approximately two thousand dollars of the estimated cost of \$15,000.00 has been expended. Addition work will be done latter this year or in the spring of 1951.
