

State of Idaho

License and Certificate of Water Right

Water License No. 21358

Amount 3.5 c.f.s.

Water District No.

Priority February 9, 1954

THIS IS TO CERTIFY that GLEN BRIGGS
 of Murtaugh, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated January 16, 1950; that Permit No. 21358
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
 3.5 second feet, was issued thereunder on July 31, 1951, showing that said works
 were completed on the 14th day of July, 1951; and that on the 25th
 day of February, 1958, GLEN BRIGGS

of Murtaugh, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of Robber Gulch and
 Buckhorn Creek, a tributary of, for the purpose of Irrigation and Domestic

use, under Use Permit No. 21358 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
 10 of Licenses at page 6422, on the 15th day of September, 1958;

The right hereby confirmed dates from February 9, 1954;

The Point of Diversion is located Buckhorn Creek --
 --SW 1/4 NE 1/4 --34 Robber Gulch --
 in the NW 1/4 NW 1/4, Sec. 35, Tp. 12S., R. 20E., B. M. County Cassia

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 3.5 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
12 S.	20E.	24	NW 1/4 NW 1/4	--	20
			SW 1/4 NW 1/4	--	40
			NW 1/4 SW 1/4	--	40
			SW 1/4 SW 1/4	--	40
		23	SE 1/4 NE 1/4	--	40

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29026
PERMIT No. 21358
DISTRICT No.

1. Name of Applicant: **GLEN BRIGGS**

Postoffice address: **Murtaugh**

County: **Twin Falls**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: **175 inches or 3.5** cubic feet per second.

3. Source of water supply: **Robber Gulch (100") and Buckhorn / Creek (75")** which is a tributary of

4. Location of point of diversion: **See Remarks** feet distant from the

corner of Section , T. , R. , B. M., and is in the **SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 34, from Buckhorn Creek**
NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, from Robber Gulch
of Section , T. **12 S.** , R. **20 E.** , B.M., County of **Cassia**

5. Water is to be used for **Irrigation and domestic purposes.**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ - -

8. Kind of works: **Water to be diverted directly into ditch already constructed.**

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is **One (1)** years.

13. The time required for the complete application of the water to the proposed use is **Two (2)** additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None** (See Permit No. 21359 of same date)

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

GLEN FRIGGS

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 11:30 A. M. January 16, 1950

Returned to applicant for correction: **January 18, 1950**

Corrected application received: **January 27, 1950**

Approval of State Reclamation Engineer

The number of this permit is **21358**

Recorded in Book 76

Page 21358

Approved February 2, 1950

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before April 2, 1950

and to continue diligently and uninterruptedly to completion.

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **August 2, 1950**

The whole of said work to be completed on or before **February 2, 1951**

Beneficial use of water appropriated in accordance herewith, to be made on or before **February 2, 1953**

APPROVAL OF STATE RECLAMATION ENGINEER																			
I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby extend the time for the completion of construction work under Permit to appropriate the Public Waters of the State of Idaho, No. 21358 to February 2, 1952.																			
Witness my hand this 21st day of July, 1951.																			
MARK R. KULP STATE RECLAMATION ENGINEER																			
APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 21357																			
Comes now Glen Briggs, and represents to the State Reclamation Engineer of the State of Idaho.																			
That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 21358 and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows: NE1/4, SE1/4, NE1/4 and SE1/4 Section 23; W1/2 NW1/4 and W1/2 SW1/4 Section 24; All in Twp. 12 South, Range 20 East, B.M., making a total of 440 acres.																			
That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.																			
Signed at Murtaugh, Idaho, this 2 day of February, 1951.																			
GLEN BRIGGS.																			
Date of receipt at Office of Department of Reclamation July 30, 1951.																			

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 21358. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

Permit No. 21358
CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that GLEN BRIDGES of Murteugh, County of Twin Falls, and State of Idaho, the holder of Permit No. 21358, issued upon Application No. 29026 bearing date of priority of January 16, 1950, authorizing the diversion of 3.5 second feet of the waters of Robber Gulch and Buckhorn Creek, County of Cassia, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 3.5 second feet of the waters of said streams; that the points of diversion of said waters are as follows: From Robber Gulch in the NW¹/₄ NE¹/₄ Section 35, and from Buckhorn Creek in the SW¹/₄ NE¹/₄ Section 34; all in Township 12 South, Range 20 East, B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE¹/₄ NE¹/₄, SE¹/₄ NE¹/₄, SE¹/₄ Section 32, NE¹/₄ NE¹/₄, NE¹/₄ SW¹/₄ Section 24; All in Township 12 South, Range 20 East, B.M.

Witness my hand this 31st day of July, A. D. 1951.

August 11, 1958

Re: Permits No. 21358 and 21359

Mr. Glen Briggs
Murtaugh
Idaho

Dear Mr. Briggs:

Our field engineer's reports on his inspection of the beneficial use of water under the terms of Permits No. 21358 and 21359 shows that the works are capable of conveying 175 miners' inches (3.5 c.f.s.) of water from Robber Gulch and Buckhorn Creek for irrigation of 380 acres and that the wells are capable of conveying amounts as follows: #two - 46½ miners' inches (.93 c.f.s.) and #three - 120 miners' inches (2.40 c.f.s.) a combined total of 3.33 second feet of subterranean water, for irrigation of 275 acres, which are included in the original 380 acres, mentioned above.

Upon receipt of the statutory fees, totaling \$30.00, we will issue the Certificates of Completion of Works under each permit (for which the fee is five dollars each) and the License and Certificate of Water Rights (twenty dollar fee for both licenses, fee based at the rate of two dollars for each 40-acre subdivision) confirming the rights with priority of January 16, 1950, as follows:

Permit No. 21358

For 3.5 second feet of water from Robber Gulch and Buckhorn Creek, with points of diversion in the NW¼NW¼ Section 35 and SW¼NE¼ Section 34, for irrigation of 380 acres in the W¼W¼ Section 24, S¼NE¼, SW¼ Section 23, all in Township 12 South, Range 20 East, B.M.

Permit No. 21359

For 3.33 second feet of subterranean water, with the points of diversion (two) in the SW¼SE¼ of Section 23, for irrigation of 275 acres in the W¼W¼ Section 24, S¼NE¼, E¼SE¼ Section 23, all in Township 12 South, Range 20 East, B.M.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21358

This proof is for Beneficial Use In Water District No.

1. Name of applicant Glen Briggs, Murtaugh, Idaho

2. Source of water supply: Robber Gulch and Buckhorn Creek

3. Location of point of diversion: Is in the Robber Gulch NW 1/4 NW 1/4 SW 1/4 NE 1/4 of Section 35
Buckhorn Creek ER
T. 12 S. R. 20 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same:

5. Water is used for: Domestic and Irrigation

6. State whether or not water has been turned into works of diversion:

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

W 1/2 NE 1/4, SE 1/4 NE 1/4, SE 1/4 Sec. 23;

W 1/2 NW 1/4, W 1/2 SW 1/4 Sec. 24; all in Twp 12 S., Rge 20 E., B.M.
ER

app. 3.5 cfs
flow 3.5 cfs

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

This examination was made on the 6 day of Aug, 1905

(Signed) L. C. Thorne Examiner.

21358

This filing applies almost entirely to the Spring-freshet flow of these two channels.

At the time of this examination (8-7-58) there was a small flow (5miners inches) in Buckhorn Cr.

The amount of water diverted during Spring freshet flow is indicated by works for taking care of it.

The dam is temporary and is repaired each spring.

The ditches for conveying the water were estimated to have a capacity of at least 3.5 c.f.s.

For the purpose of identifying the property and diversion points

the section corner common to sections 23, 24, 25 and 26 was found

For the purpose of making this examination Mr Glen Briggs was contacted and he appointed his foreman Mr. Dee Haskins to accompany us. The irrigator Mr Peter Taft also rendered valuable aid.

J.C.M.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Permit No. 21358

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ellen Briggs - Murtaugh, Idaho. Farmer. Murtaugh, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21358 2/2/50 January 16, 1950

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Robber Gulch and Buckhorn Creek. Robber Gulch in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, Buckhorn Creek in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 34, T12S Range 20 East, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Open ditches that are natural canals. Unlimited amounts can be conveyed through them.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation. Lands to be irrigated are; W $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 23; W $\frac{1}{2}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 24; all in Township 12 south Range 20 East, B.M. This land is mostly cultivated but some is in hay and pasture. all land is well improved and leveled.

21358

1225

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All waters from permit #21358 has been used for domestic and irrigation ever since the land was aquired by the present owner.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Waters under permit # 21359

PERMIT NO. 21358

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Russel Riggs Murtaugh, Idaho. Farmer. Murtaugh, Idaho.

Ques. 2. Are you acquainted with Glen Briggs, the holder of Permit No. 21358 Yes? How long have you known him and where does he reside?

Ans. 15 years. 3 miles East of Murtaugh, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21358 Yes, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Robber Gulch and Buckhorn Creek, located SW $\frac{1}{4}$ NE $\frac{1}{4}$ SEC. 34:
NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35; all in T 12, Range 20 East, B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Unlimited amounts can be conveyed I have seen 3.5 sec. ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation located in W $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 23;
W $\frac{1}{2}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 24; all in T12, Range 20 E.B.M. Good use
has been made of this water. The land is well improved for farming.

21358

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This land is a little on the gravelly side but is very productive.

I would say that this land must have at least 1 inch to the acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Ever since the use of this water began I have been a neighbor
to Mr. Briggs. It is my opinion that very good use has been made
of this water.

RE: Permit Nos. 21358 & 21359

Mr. Glen Briggs
Murtaugh, Idaho

Dear Mr. Briggs:

This acknowledges receipt of the Notice of proof of Application of Water to Beneficial Use under Permit Nos. 21358 & 21359, to be made at Murtaugh at 10:00 A.M. on the 25th day of February, before Mr. Herbert Thorn, Notary Public.

As of this date, we have mailed the Notice to the Burley Herald, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and to then mail the affidavit of publication and statement of costs to you.

In completing the enclosed depositions, it is very important that they be executed by you and two disinterested witnesses, who are familiar with the terms and the work done thereunder, at the time, date, place, and before the Notary as advertised in the publication Notice, as well as all other necessary information called for. The signatures and the Notary's seal are essential.

When returning the depositions to this office, please be sure to include the affidavit of publication.

Very truly yours,

Mr. Glen Briggs

Murtaugh, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 21358. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than February 2, 1953, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

Mark R. Kulp
State Reclamation Engineer

July 25, 1951

Re: Permit No. 21358

Mr. Glen Briggs
Murtaugh, Idaho

Dear Mr. Briggs:

Since completion of works proof on this permit was also due on or before February 2, 1951, no doubt you will wish to make application for extension of time for this proof, same as on Permit No. 21357.

We enclose such a form of application, which you may sign before a Notary Public and return.

Also, since you are showing more land in this proof, to include the entire ranch, you should file an application for amendment to the land list in this permit, on the form enclosed.

Your proof of completion of works on Permit No. 21358 is satisfactory, but we need these other two instruments before certificate of completion of works can be issued.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Glen Briggs

Murtaugh, Idaho

Boise, Idaho **December 1, 1950**

Dear Sir:-

Under the terms of your permit No. 21358-----you are required to complete your diversion works on or before February 2, 1951. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Permits Nos. 21357, 21358, & 21359

Mr. Glen Briggs
Murtaugh, Idaho

Dear Mr. Briggs:

We enclose Permits Nos. 21357, 21358, & 21359, and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

On Permit No. 21359, we have tried to show the location of the wells in Buckhorn Canyon as well as we could from the amended sketch map showing the location of Buckhorn Creek and Robber Gulch. If this should not be the correct location, you may file an application for amendment later on.

We enclose Departmental Receipt No. 22019 for \$17.75, which includes the three filing fees, and as your check was in the amount of \$18.00 (which we told you at the time) there is a refund of twenty-five cents due you, which we enclose in stamps.

Very truly yours,

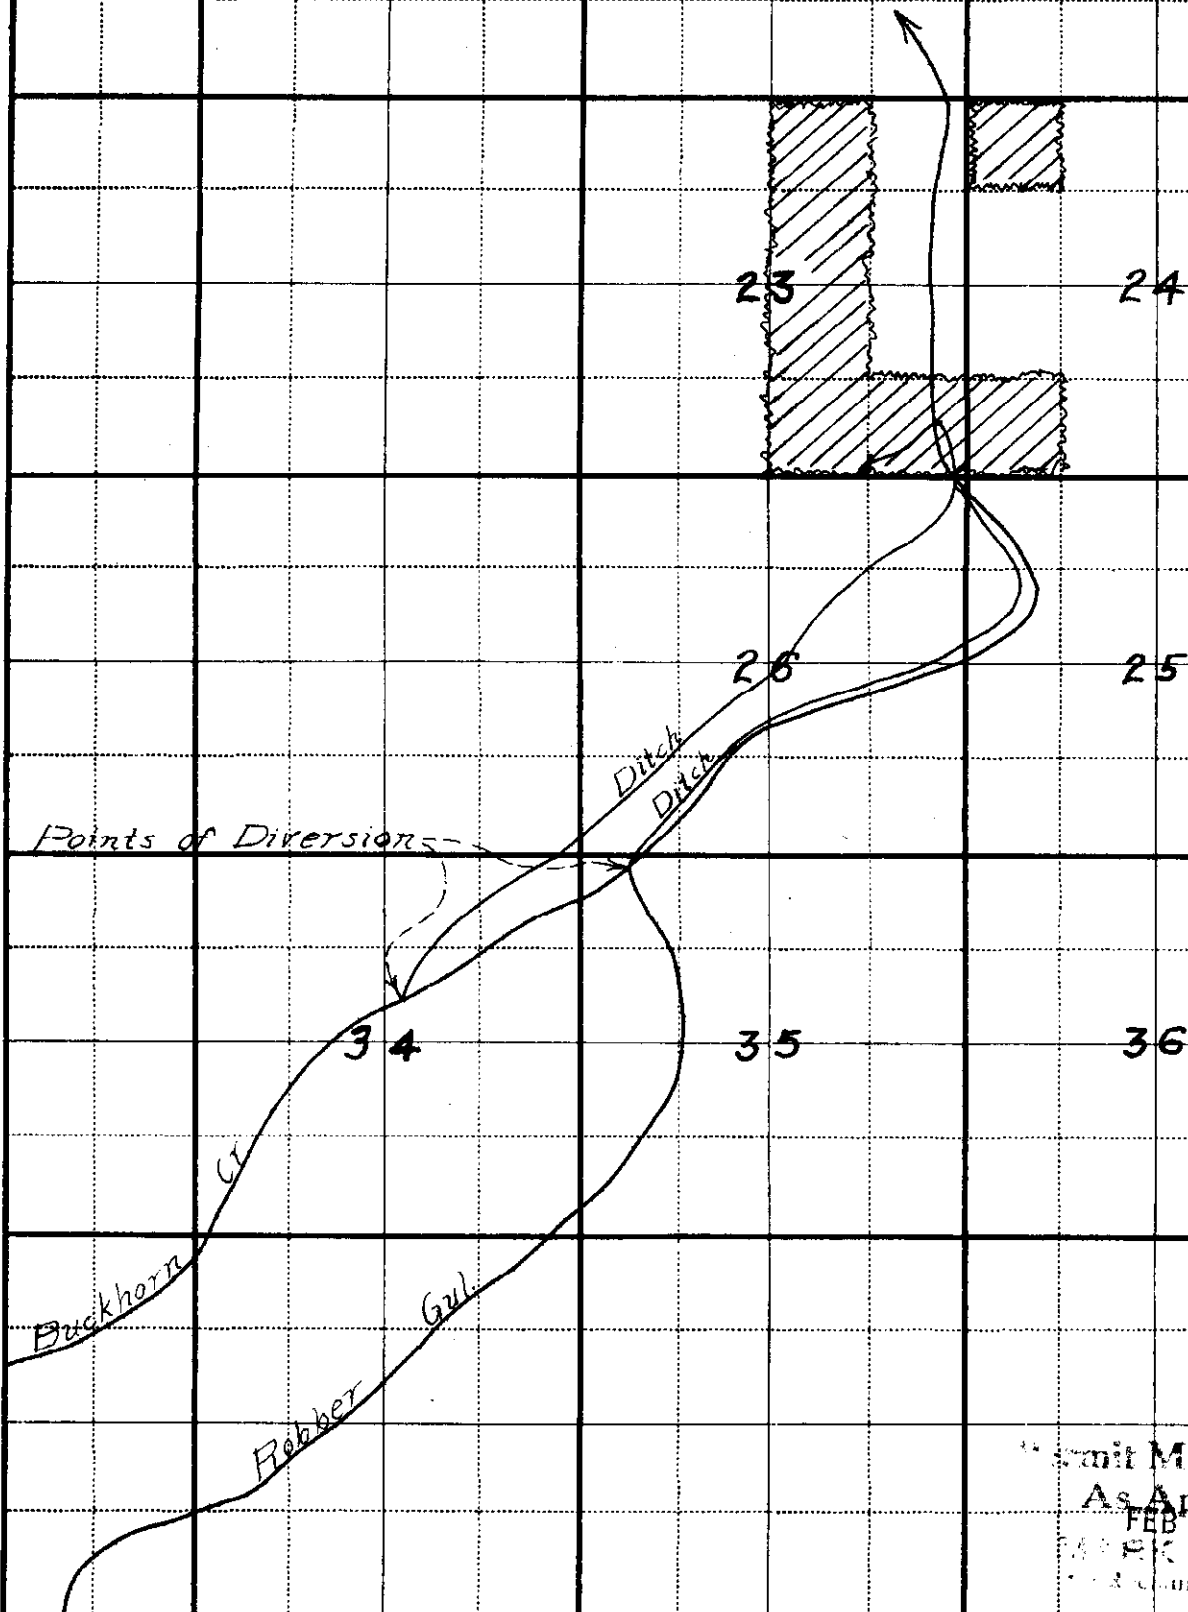

MARK R. KULP
State Reclamation Engineer

Jeannie I Anderson
Clerk.

with reference to your letter

of Jan 16. th I have made a Carefull examination
of your Sketch map. I find that the Sketch map I
left with you is Not Correct. It was drawn free hand
by a Clerk in Grozing office and I did not inspect
or check that Sketch against any other maps.
Your Sketch map is Correct. Except as to the part
where you show the un named Stream, and that
is not a stream it is only what we call a dry wash.
only has water in it in case of a Cloud burst or
unusual snow Run off it is not a live Stream at all.
and your Sketch map as drawn will be Sufficient map.
to accompany my application

Very Truly -
Glen Briggs.

Re: Application No. 29026

Mr. Glen Briggs
Murtaugh, Idaho

Dear Mr. Briggs:

In preparing a sketch map to accompany your Application for Permit to appropriate water from Buckhorn Creek and Roberts Gulch, we checked the little sketch which you left, with the County Map and also with the plat in the U. S. Survey Office.

We find that the course of Roberts Gulch is different than as shown on your sketch and we enclose another sketch showing the correct location as given on these official maps. From this you will see that Roberts Gulch flows into Buckhorn Creek in the Northwest corner of Section 35.

For that reason, while your point of diversion from Buckhorn Creek would be as shown on your sketch, in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, the point of diversion from Roberts Gulch could not be in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 36, as actually Roberts Gulch does not cross Section 36 and does not come within a mile of your ditch as shown on your sketch.

However, the official maps do show an unnamed stream running across the Northerly part of Section 36 and into Section 35 that would seem to connect with your ditch and we are wondering if this might not be the stream in which you are interested instead of Roberts Gulch.

Please check these two sketches and mark on the one we have made, the location of your ditch and also the points of diversion from the two streams, returning both to this Department in order that we may make a correct sketch map to accompany your application.

Very truly yours,

MARK R. KULP

NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION WATER
TO BENEFIC USE

Notice is hereby given that at 10:00 A. M. on the 25 day of February, 1958, at Murtaugh, County of Twin Falls, State of Idaho, before Herbert Thorn, Notary Public, proof will be submitted of the application to beneficial use of 3.5 cubic feet per second of the waters of Robbers Gulch and Buckhorn Creek in accordance with the terms and conditions of Permit No. 21358 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person holding said permit is Glen Briggs, Murtaugh, Idaho.

The use to which said water has been applied is irrigation & domestic.

The amount applied to beneficial use is 3.5 cfs.

The place where said water is used is W $\frac{1}{2}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 23; NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, Twp. 12 S. Rge. 20 E.B.M.

The right to take water from such works is based upon Permit No. 21358.

The source of supply from which such water is diverted is Robbers Gulch and Buckhorn Creek.

The date of priority which said user is prepared to establish is February 9, 1954.
