

State of Idaho
License and Certificate of Water Right

Water License No. 21309

Amount 1.6 second feet

Water District No.

Priority December 14, 1949

THIS IS TO CERTIFY that ARLISS LEE
of Murtaugh, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated December 14, 1949; that Permit No. 21309
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on August 5, 1954, showing that said works
were completed on the 10th day of March, 1954; and that on the 10th
day of March, 1954,

ARLISS LEE

of Murtaugh, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, ~~subterranean~~ (subterranean flow), for the purpose of irrigation and
domestic use, under Use Permit No. 21309 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

9 of Licenses at page 5311, on the 5th day of August, 1954;

The right hereby confirmed dates from December 14, 1949;

The Point of Diversion is located

in the NW 1/4 SE 1/4, Sec. 32, Twp. 11 S., R. 20 E., B. M. Twin Falls County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.6 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	20 E.	32	NE 1/4 SE 1/4 NW 1/4 SE 1/4	40 40	40 40
			Number of Acres Actually Irrigated -	-	80

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

5th day of August, 1954.

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28996
PERMIT No. 21309
DISTRICT No.

1. Name of Applicant: ARLISS LEE

Postoffice address: Kimberly

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: 80 inches or 1.6 cubic feet per second.

3. Source of water supply: Subterranean flow from a well which is a tributary of

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the Southwest corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 32 , T. 11 S. , R. 20 E. , B.M., County of Twin Falls

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 8,000.00

8. Kind of works: Drilled well, pump, ditches and pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Six (6) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

- BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

By _____ Agent.

Corrected application received:

The number of this permit is 21309
Recorded in Book 76 Page 21309 Approved December 19, 1949
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and
hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before February 19, 1950 and to continue diligently and uninterruptedly to completion,
unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before June 19, 1952
The whole of said work to be completed on or before December 19, 1954
Beneficial use of water appropriated in accordance herewith, to be made on or before December 19, 1960

APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 21309																			
Comes now Arliss Lee and represents to the State Reclamation Engineer of the State of Idaho:																			
That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 21309.																			
That the point of diversion is described in said permit as being located NE¼ SE¼ Section 32, Twp. 11 South, Rge 20 E																			
That he now requests that the point of diversion be changed to a point NW¼ SE¼ Section 32, Twp. 11 South, Rge 20 East																			
That his reasons for desiring to make such change are as follows: A well was drilled in the NE¼ SE¼ Which was a dry moved over into the NW¼ SE¼ Section 32, Township 11 South, Range 20 East.																			
That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.																			
Signed at Boise, Idaho, this 19 day of August 1953.																			
ARLISS LEE By Mrs. Arliss Lee																			
Date of Receipt at Department of Reclamation 8-19-53																			
APPROVAL OF STATE RECLAMATION ENGINEER																			
I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 21309. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.																			
MARK R. KULP State Reclamation Engineer																			

Permit No. 21309
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that ARLISS LEE of Murtaugh, County of Twin Falls, and State of Idaho, the holder of Permit No. 21309, issued upon Application No. 28996 bearing date of priority of December 14, 1949, authorizing the diversion of 1.6 second feet of the waters of a well (subterranean flow) County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho, relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.6 second feet of the waters of said well; that the point of diversion of said waters is in the NW¹/₄ SE¹/₄ Section 32, Township 11 South, Range 20 East, B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: N¹/₂ SE¹/₄ Section 32, Township 11 South, Range 20 East, B. M..

Witness my hand this 5th day of August, A. D. 1954.

MARK R. KULP

RE: Permit No. 21309

Mr. Arliss Lee
Murtaugh
Idaho

Dear Mr. Lee:

The report of our field engineer on examination for completion of works and beneficial use on your Permit No. 21309 shows that your well in the N $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 11 South, Range 20 East B.M. will deliver 80 inches of water which has been used to irrigate 80 acres in the N $\frac{1}{2}$ SE $\frac{1}{4}$ of said Section.

A Certificate of Completion of Works and License can, therefore, be issued for 80 inches or 1.6 second feet of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$4.00 license fee.

Very truly yours,

MARK R. KULP

REPORT OF ENGINEER

Permit No. 21309This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Arliss Lee, Murtaugh, Idaho
2. Source of water supply: Subterranean from a well.
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32
T. 11 S. R. 20 E. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: 50 hp G. E. Motor
440 V., 61 A., 1765 RPM No. XJJ 930019. Layne Bowler Turbine Pump No. 18986.
8" delivery to a 10" steel pipe line to the East. There is approximately
3/4 mile concrete ditch. Water to the fields by gravity.

5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 32, Twp. 11 South, Range 20 East, B. M.
See the map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 12 day of July, 19 54(Signed) E. N. Humphrey Examiner.

21309

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permits Nos. 21309, G-24389

Messrs. Stephan, Stephan, and Heap
Bank and Trust Co. Building
Twin Falls, Idaho

ATTENTION: Mr. Edward H. Heap

Dear Mr. Heap:

We acknowledge receipt of your letter of March 10, 1954, enclosing depositions of Arliss Lee and two witnesses, also affidavit of publication in the Twin Falls Times-News, and your personal affidavit, all in proof of completion of works and beneficial use on the above numbered permits.

This completes the proofs but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact Mr. Lee at the time he makes the examination so that arrangements may be made to show him over the grounds.

No fees are due this department until after the field examination has been made and we, therefore, return your check for \$10.00 enclosed in your letter to cover completion of works fees.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO,
COUNTY OF TWIN FALLS } ss.

Nº 5158

Mark E. Kulp, Engineer, State Reclamation, is hereby given that at 10:00 A. M., on the 10th day of March, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before me, Notary Public, present will be submitted to the completion of works for the diversion of 1.6 cubic feet per second of the waters of a well in the NW 1/4 Sec. 32, Twp. 11 N., Range 20 E., S. 1 E. and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 21809 heretofore issued by the Department of Reclamation of the State of Idaho.

Also for the completion of works for the diversion of 1.6 cubic feet per second of the waters of said well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24388 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permits are Arliss Lee, Murtaugh, Idaho.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the applications for such permits, is 2.4 cubic feet per second.
3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 1.6 cubic feet per second.
4. The place where said water is used is NW 1/4, SW 1/4, NE 1/4, Section 32, Twp. 11 N., Range 20 E., S. 1 E.
5. The date of priority which said user is required to establish upon permit No. 21809 is December 14, 1940, and upon Permit No. G-24388 is August 19, 1953.

MARK E. KULP,
State Reclamation Engineer
Published: Feb. 4, 11, 18, 25, 1954

I, Marble F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Thursdays commencing with the issue dated February 4, 1954, and ending with the issue dated February 15, 1954.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 26th day of February, 1954.

Heap, being first duly sworn upon oath depose and say that I am Proprietor of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

consecutive days commencing with the issue dated February 16, 1964, 1958, and ending with the issue dated February 25, 1964, 1958.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 25th day of

February, 1958.

Edward H. Heap
Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

Re: Water Permit Nos. 21309 and G-24389

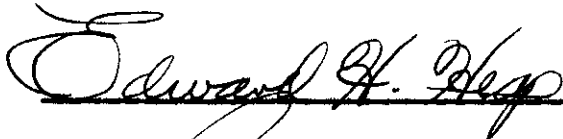

STATE OF IDAHO,)
 SS.
COUNTY OF TWIN FALLS.)

EDWARD H. HEAP, being first duly sworn, deposes and says:

That he is a duly qualified and acting Notary Public in and for the State of Idaho, residing at Twin Falls, Idaho, and an Attorney at Law, with offices in the Twin Falls Bank and Trust Company Building, Twin Falls, Idaho;

That NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE on Permits numbered 21309 and G-24389 gave notice to the public that proof on said matter would be submitted before the undersigned at ten o'clock A. M. on the 10th day of March, 1954;

That affiant's office in said Twin Falls Bank and Trust Company Building was open for business from nine o'clock A. M. until twelve o'clock Noon and from one o'clock P. M. until five o'clock P. M. on the 10th day of March, 1954, and that no one appeared to protest the proof to be submitted on said day under said notices.

SUBSCRIBED and SWORN to before me this 10th day of March, 1954.

Notary Public for Idaho,
Residing at Twin Falls, Idaho.

21309

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21309

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Arliss Lee, Murtaugh, Idaho; farmer; post office address:
Murtaugh, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #21309 dated Dec. 19 1949; date of priority Dec. 14, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean flow from a well 520 feet from the east line and 30 feet north from the south line of NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, Twp. 11 South, Range 20 E.B.M., Twin Falls County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Works consist of a drilled well, no casing, 12 $\frac{1}{2}$ inch hole, 300 feet deep, depth to water 120 feet; equipped with turbine electrical pump which discharges 120 miner's inches measured by S.A. High & Co. with their testing apparatus. Water is conveyed in buried pipe line and open ditches to place of use. Works are capable of carrying at least 120 inches of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and domestic purposes under this Permit for irrigating 40 acres of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and 40 acres of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 32, Twp. 11 South, Range 20 E.B.M. and is also used to irrigate 40 acres of SW $\frac{1}{4}$ NE $\frac{1}{4}$ of 32-11-20 under Permit #24389. None of said land is natural meadow land. Land has been converted from arid, sage-brush covered land to land capable of producing row crops. A machine shed has been constructed at the southwest corner of said NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said 32-11-20.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above? Soil is lava ash and requires one inch to the acre or a total of 80

Ans. inches for proper irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All 80 inches diverted under this Permit were used during the entire crop season of 1953 for irrigating the above described land. 40 inches from said well were also used during the entire crop season of 1953 under Permit No. 24389 for irrigation of 40 acres of SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 32-11-20.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water has been diverted and applied to beneficial use upon the lands above described, except water diverted under Permit No. 24389 has also been used upon the above described land and water under this permit has been used on the land described under Permit No. 24389.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 10th day of March, A. D. 1954.,

Edward H. Hays

Notary Public for Idaho,
Residing at Twin Falls, Idaho

My commission expires 11-24-55.

21309

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21309

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Harry H. Fisher, age 68 years, residence, Twin Falls, Idaho.
Occupation farmer; post office address, 886 Filer Avenue, Twin Falls,
Idaho.

Ques. 2. Are you acquainted with Arliss Lee, the
holder of Permit No. 21309? How long have you known him and where does
he reside?

Ans. Yes. I have known him 15 years. He resides on a farm near Mur-
taugh, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21309, and are you
familiar with its provisions and conditions?

Ans. Yes, and I am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean flow from a well located near the southeast corner of
the NW 1/4 SE 1/4 of Sec. 32, Twp. 11 S., Rge. 20. E.B.M. The pump is hooked
up with a pipe line for about 500 feet - pipe line has a valve and you can let out
all of the water into a concrete ditch, or force it up to the upper end of the
80 through another pipe line and into another ditch for conveyance to place of
use.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately 120 inches. I have seen 120 inches of water used on
the 80 acres of ground and on adjoining 40 acres.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen the pump deliver approximately 120 inches and was pre-
sent when the flow of water was tested and measured by S. A. High
and Company with their testing equipment and from my experience with
measuring water I would judge the well produces approximately 120 miner's
inches.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

The water is used for irrigation and domestic purposes. Water has
Ans. been used for irrigating 40 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ and approximately 40 acres of NW $\frac{1}{4}$ SE $\frac{1}{4}$ of 32-11-20. None of said land is natural meadow land. Land is now all cultivated land -- it originally was sagebrush covered arid land. As a direct result of the application of said water to beneficial use the land has been converted from sagebrush covered land to cultivated crop-producing land and a tool shed has been placed on said land in 1953.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is lava ash in character - is level and I would estimate it would take an inch of water to the acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

All during the crop season of 1953 the water was used to irrigate the
Ans. lands above described -- 80 inches of water under this Permit and 40 inches under Permit No. 24389 were used to irrigate the above described land and adjoining 40 acres.

Permit No. 21309

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William Wiedenman, age 65 years, residence Twin Falls, Idaho. Occu-
pation farmer; post office address, 128 Martin St., Twin Falls, Idaho

Ques. 2. Are you acquainted with Arliss Lee, the
holder of Permit No. 21309? How long have you known him and where does
he reside? Yes. I have known him approximately 9 years and he resides on

Ans. a farm near Murtaugh, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21309, and are you
familiar with its provisions and conditions?

Ans. Yes, and I am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean flow from a well located near the southeast corner of
the NW 1/4 SE 1/4 of Sec. 32, Twp. 11 S., Rge. 20, E.B.M. The pump is hooked
up with a pipe line for about 500 feet - pipe line has a valve and you can
let out all of the water into a concrete ditch, or force it up to the up-
per end of the 80 through another pipe line and into another ditch for
conveyance to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately 120 inches. I have seen 120 inches of water used on
the 80 acres of ground and on adjoining 40 acres.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen the pump deliver approximately 120 inches and was pre-
sent when the flow of water was tested and measured by S. A. High
and Company with their testing equipment and from my experience with
measuring water I would judge the well produces approximately 120 miner's
inches.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 10th day of March, 19 54, at Twin Falls, County of Twin Falls State of Idaho, before Edward H. Heap, Notary Public, proof will be submitted of the completion of works for the diversion of 1.6 cubic feet per second of the waters of the waters of a well in the NW¹ SE¹ Sec. 32 Twp. 11 S., Range 20 E. B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21309 heretofore issued by the Department of Reclamation of the State of Idaho.

Also for the completion of works for the diversion of .8 cubic foot per second of the waters of said well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24389 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permits are Arliss Lee, Murtaugh, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the applications for such permits, is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The place where said water is used is N¹ SE¹, SW¹ NE¹ Section 32, Twp. 11 S., Range 20 E. B.M..

5. The date of priority which said user is prepared to establish upon permit No. 21309 is December 14, 1949, and upon permit No. G24389 is August 19, 1953.
