Dear Mr. Giles:

Our office acknowledges receipt of Assignment of the above referenced water rights. However, in reviewing the files I find that the water rights are Licenses.

In Idaho, a licensed water right is considered real property and is acquired when the property to which it is appurtenant to is purchased. Proof of owning the land is proof of owning the water right license.

Therefore, I have put the Assignment into the files for future reference only and no other action will be taken. I have also enclosed copies of the Licenses for your records.

If you have any questions please feel free to contact our office.

ASSIGNMENT OF WATER RIGHTS

The undersigned (hereinafter "Grantor"), for good and valuable consideration, receipt of which is hereby acknowledged, does hereby sell, assign, transfer, grant, convey and warrant to FIRST SECURITY BANK OF IDAHO, N.A. (hereinafter "Grantee"), all right, title and interest in the licenses, decrees, adjudications, claims, permits, written agreements and stock in water companies, listed in Exhibit J attached hereto and incorporated by reference, along with any and all interest the Grantor may have, acquire, claim or otherwise hold over any other unspecified public waters of the State of Idaho (hereinafter "Water Rights") which have been or are now used and applied to beneficial purposes upon the real property described in Exhibits A and C attached hereto and incorporated by reference.

Grantor warrants that it has performed all acts and made all filings necessary to maintain in full force and effect all of the Exhibit J Water Rights, and that there are no written or oral agreements which adversely affect or change the aforementioned Water Rights.

Grantor further covenants and warrants that a notice of claim has been or will be filed prior to June 30, 1983, pursuant to Idaho Code Section 42-243 by Grantor for the benefit of Grantee for all unspecified public waters of the State of Idaho which have been or are now used and applied to beneficial purposes upon the real property described in Exhibits A and C attached hereto and by this reference incorporated herein.

IN WITNESS WHEREOF, the Grantor has caused its corporate name to be hereunto subscribed by its President and its corporate seal to be affixed by its Assistant Secretary effective January 31, 1983.

Burley, Idaho

ATTENTION: Mr. A. H. Nielson

Dear Mr. Nielson:

An inspection was made in connection with Permit No. 21006 and License issued for 1.9 cubic feet per second for use on 95 acres. This was the full capacity of the well. The well is located in the Southwest corner of the NE¹/₄NE¹/₄ Section 7, Township 13 South, Range 22 East B.M.

Inspection has not been made in connection with Permit No. 20563. In checking the file on it, I find the completion of works proofs were made for 102 inches.

Beneficial use proofs have not been made and are not due until July 31, 1959.

State Reclamation Engineer
State of Idaho,
Boise, Idaho

Dear Sir:

We have been informed by Albert Anderson and Sons Company that your office made an investigation and a measurement of the water from the wells under the following two permits, No. 20563 and No. 21006.

Would you be kind enough to send us this information if such measurements were made by your department?

Very truly yours,

Oakley, Idaho

Gentlemen:

We acknowledge receipt of the depositions of Albert Anderson, Jr. and two witnesses, also Affidavit of Publication in the Oakley Herald, all submitted in Proof of Beneficial Use under Permit No. 21006.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Albert Anderson, Jr., Secy. & Treas. of Albert Anderson & Sons Company, a corporation. Oakley, Cassia County, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Albert Anderson & Sons Company, an Idaho corporation. Oakley, Idaho. Secretary-Treasurer and acting on behalf of the Board of Directors.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21006, April 14, 1949. April 7, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well pumping water from a subterranean source located 250 feet East and 40 feet North from the Southwest corner of the Northeast Quarter of the Northeast Quarter, Section Seven, Township Thirteen South, Range Twenty-two, East Boise Meridian, in Cassia County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Pump and electric motor to operate the same. The pump and well are capable of producing two cubic feet per second of water and conveying the same to place of use, all on the land of the applicant, in ditches located on land of the applicant.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Water from the well has been used to aid in the irrigation of the North Half of the Northeast Quarter of Section Seven, and the Southwest Quarter of the Southeast Quarter of Section Six, all in Township Thirteen South, Range Twenty-two, East Boise Meridian, located in Cassia County, Idaho, said tract contains 120 acres. All of said land is cultivated and because of the water produced by the well, more crops have been grown, both row crops and alfalfa, than could have been grown otherwise.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

21004

100

Ques. 8. What is the minimum amount of water required for the purpose specified above?
