INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Charles H. & Henry G. Coiner
1315 11th Avenue, East
Twin Falls, Idaho

Boise, Idaho **May 2, 1949**

Dear Sirs:

Under the terms of your permit No. 20899-----you are required to complete your diversion works on or before July 20, 1949----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Re: Application No. 28546 - Coiner

Dear Sir:

This will acknowledge receipt of your letter of January 15 and for which I thank you.

I must admit that I was in error (the first mistake that I have ever made) and would appreciate it very much if you would change the description in the application wherever it may appear, including the description of the property to be irrigated, from Section 31, Township 11 South, Range 19, E. B. M., to Section 31, Township 11 South, Range 20, E. B. M.

I hope this can be done before you return the application so that it will not be necessary for me to make application to have the same amended.

Twin Falls, Idaho

Dear Mr. Benoit:

We acknowledge receipt of your letter of January 13 and enclose Departmental Receipt No. 21204 for \$15.75 covering filing fees on the three applications of Charles H. Coiner and Henry G. Coiner.

In checking these applications we think that there is an error in the description of the well and land located in Artesian Townsite. The application gives this in Section 31, Twp. 11 S., Range 19 E. B.M., which would be six miles West of the other two locations which are in Section 36, Twp. 11 S., Range 19 E. B.M.

A check of our county map would indicate that this latter description should be Section 31, Twp. 11 S., Range 20 E. B.M. which is the actual location of Artesian Townsite and which immediately adjoins Section 36, Twp. 11 S., Range 19 E. B.M. on the East.

We shall appreciate your advice in this matter.
