

# State of Idaho

## License and Certificate of Water Right

Water License No. 20837

Amount 1.04 second feet

Water District No.

Priority December 29, 1948

THIS IS TO CERTIFY that J. W. BECK of Twin Falls, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated December 29, 1948; that Permit No. 20837 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 1.04 second feet, was issued thereunder on November 28, 1951, showing that said works were completed on the 20th day of November, 1951; and that on the 8th day of February, 1952,

J. W. BECK

of Twin Falls, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well ~~extraneous~~ (subterranean flow) for the purpose of irrigation, under Use Permit No. 20837 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 8 of Licenses at page 4935, on the 27th day of June, 1952;

The right hereby confirmed dates from December 29, 1948;

The Point of Diversion is located

in the SW 1/4 SE 1/4, Sec. 25, Tp. 11 S., R. 19 E., B.M. Twin Falls County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 1.04 cubic feet per second.

Description and location of use:

| Twp.                                 | Range | Sec. | Forty-acre Tract               | No. Acres Described in Permit | No. Acres Actually Irrigated |

APPLICATION FOR PERMIT  
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28488  
PERMIT No. 20837  
DISTRICT No.

Chapman & Chapman  
Box 309, Twin Falls, Idaho

1. Name of Applicant: J. W. HECK

Postoffice address: Twin Falls

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (c) Bonds to be issued:

- (b) Treasury stock:
- (d) Other resources:

2. Quantity of water claimed: 1.6

cubic feet per second.

3. Source of water supply: Subterranean tapped by well

which is a tributary of

4. Location of point of diversion: 50' N. and 300' East feet distant from the S. W.  
corner of Section 25, T. 11 S., R. 19 E., B.M., and is in the SW  $\frac{1}{4}$  SE  $\frac{1}{4}$   
of Section 25, T. 11 S., R. 19 E., B.M., County of Twin Falls

5. Water is to be used for Agricultural purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section  
T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet  
distant from the corner of Section , T. , R. , B.M., in the  
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 2,500.00

8. Kind of works: Wells, one; Some diking at well, and laterals for carrying water to land.

9. Height of dam feet; length of dam at top feet; length of dam at bottom  
feet; material used in dam:

10. Size of headgate: Width Small pond for head. feet; height feet.

11. Ditch: Width at bottom 2 feet; width at water line 2.5 feet; depth of water 20 inches feet;  
dimensions of flume: None

Diameter of pipe inches; length of conduit 3/4 miles.

Average grade per mile 3 in. per 100 feet.

12. The time required for the completion of such work is Three (3) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Spring flood right runs for a short period in the spring and thereafter ceases; entirely inadequate for the irrigation of the land or the raising of crops.

16. (a) Is reservoir to be used? Only for diversion / If so, fill in (b) and (c) below:  
(b) Name of Reservoir and number of Storage Permit:  
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

J. W. BECK                      Applicant.

By                                              Agent.

Date of first receipt at Department of Reclamation: 2:00 P. M. December 29, 1948

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20837  
Recorded in Book 75                      Page 20837                      Approved December 31, 1948  
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:  
Bond in the sum of \$                      to be filed on or before

One-fifth of the work above specified to be completed on or before June 30, 1950  
The whole of said work to be completed on or before December 31, 1951  
Beneficial use of water appropriated in accordance herewith, to be made on or before December 31, 1952

WITNESS My hand this 31st day of December, 1948

MARK R. KULP  
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho, and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 31st day of December, 1948, 19.

Countersigned:                      STATE OF IDAHO  
(SEAL) By J. D. "CY" PRICE                      C. A. ROBINS  
Secretary of State.                      Governor.

REMARKS: Applicant has drilled and obtained adequate flow of water from a well drilled 50 ft. North and 300 ft. East of the Southeast corner of the W $\frac{1}{2}$  SE $\frac{1}{4}$  Section 25, Twp. 11 South, Range 19 East, B. M., and it will be necessary that applicant should construct a small pond at said well to divert the water, and to construct ditches therefrom to apply the water to beneficial use on the lands heretofore described. Some diking may be necessary to secure proper grade for the laterals leading from the well to the land to be irrigated. The applicant can probably complete the full development of these lands prior to the period of three years, but applicant has set forth the period of time necessary to fully

This matter came on regularly before the above-entitled Court on the written Stipulation for Judgment entered into among the above-named parties and filed herein and the Court having reviewed the files and pleadings herein and being fully advised in the premises hereby approves said Stipulation for Judgment and based thereon makes and enters its Judgment as follows:

It is hereby ORDERED, ADJUDGED and DECREED:

I.

The rights to the use of the first 5,500 acre feet of underground waters annually from the limestone aquifer in Cassia County, Idaho by the following parties under the water rights and by means of the wells hereinafter set forth be and the same are hereby settled, confirmed and adjudged as follows:

| <u>Pole No.</u> | <u>Owner</u>                   | <u>Permit No.</u>             | <u>Priority</u> | <u>Licensed Amounts-CFS</u> | <u>Acre Feet Per Year</u> |
|-----------------|--------------------------------|-------------------------------|-----------------|-----------------------------|---------------------------|

|                 |                                |                               |                 | Total                       | 5,500                     |

## II.

The well at Pole No. 201 shall be used only as a part of a group of wells used by Tugaw to pump his 1,663 acre feet. The well at Pole No. 207 has been transferred to Tugaw and may be used by him in accordance with this Judgment.

## III.

217

Golden Valley may pump the wells at Poles 216/and 386 under Permit Nos. G-27908 and G-28374, but total withdrawal from all listed wells of Golden Valley shall not exceed the total quantities stated in Paragraph I hereinabove.

## IV.

The quantity of underground water which each of the parties shall be entitled to divert and use annually from the first 5,500 acre feet of water annually diverted from the limestone aquifer in Cassia County, Idaho under the provisions of Paragraph X of the Amended Decree made and entered on October 1, 1971, in said Civil No. 7876, be and the same are hereby fixed and determined to be the respective quantities of water in acre feet per year as set forth in Paragraph I hereinabove under the respective water rights and priorities stated therein and the rights of the parties to the annual diversion and use of the quantities of water in acre feet per year stated therein be and the same are hereby settled, confirmed and adjudged to be final and binding on the parties hereto.

V.

In the event that the average annual rate of natural recharge of the limestone aquifer exceeds 5,500 acre feet per year and the Director allows water to be pumped therefrom in addition to the 5,500 acre feet now allowed, the first 430 acre feet of increased pumping shall be allocated between Baker and Golden Valley as follows: Baker to receive 255 and Golden Valley 175 on a proportional basis as it becomes available. The portion going to Baker shall be proportioned between the rights under Permit G-27987 and G-28052 in the proportion of 86/255 to G-27987 and 169/255 to G-28052. Any additional water above 430 acre feet shall be allocated in accordance with Paragraphs XII and XIII of the Amended Decree made and entered on October 1, 1971 in said Civil No. 7876.

VI.

The administration and distribution of the underground waters under the water rights of the parties set forth in Paragraph I hereinabove shall be based on a five-year average annual diversion beginning with the 1981 irrigation season. The average annual pumpage from all wells combined (exclusive of the carryover water provided for in Paragraph VII hereinafter) shall not exceed 5,500 acre feet during any consecutive five-year period. Each of the parties shall be entitled to pump water in excess of his annual quantity specified in Paragraph I hereinabove during any year but not to exceed an additional fifty per cent (50%) thereof, provided that the rights of the other parties shall not be impaired thereby and provided further that the total quantity of water pumped by any party (exclusive of his carryover water) during any consecutive five-year period shall not exceed five times his annual quantity of water specified in Paragraph I hereinabove.

VII.

Each of the parties shall be entitled to carry over for pumping during succeeding years any water which he did not pump but was entitled to pump during a preceding year. Each

party shall be considered to have unpumped water from previous years (water in the bank) when the number of preceding years of the then existing five-year period multiplied by his allocations specified in Paragraph I hereinabove (or as might be modified under Paragraph V hereinabove) produces a total allowed pumpage larger than his actual pumpage in those preceding years. In any subsequent year of the five-year period, any such party may pump and use his water in the bank, or any portion thereof, in addition to his said annual allocation subject to the provisions of Paragraph VI hereinabove. Any party having water in the bank at the end of a five-year period may carry over such water in the bank to his credit at the start of the next five-year period.

#### VIII.

The current five-year period expires December 31, 1980. As a part of this settlement, the parties agree that as of January 1, 1980 Golden Valley had 774 acre feet of its allocation for the current five-year period unused in the water bank; Baker-Poulton has 115 acre feet of allocated water unused and Joseph Tugaw (Briggs-Brockman) has no unused water and no deficit from previous years pumping. During the 1980 irrigation season Golden Valley shall be entitled to pump 2246 acre feet, Baker-Poulton shall be entitled to pump 2480 acre feet and Joseph Tugaw shall be entitled to pump 1663 acre feet.

#### IX.

All parties are hereby adjudged to have sufficient lands to apply the amounts of water specified in Paragraph I hereinabove to beneficial use and in fact are now and have been applying said water to beneficial use in compliance with the Statutes of the State of Idaho and the law as established in this case.

#### X.

The administration and distribution of the underground waters under the water rights of the parties as set forth in Paragraph I hereinabove shall be by the Idaho Department of Water Resources and shall be administered and distributed by

it among the parties hereto in accordance with the priorities stated therein. The said Department may limit or expand the amount of water which may be pumped from the aquifer without exceeding its average annual rate of recharge in accordance with Paragraphs XII and XIII of the Amended Decree made and entered on October 1, 1971, in said Civil No. 7876 provided, however, that the quantities of water in acre feet per year set forth in Paragraph I hereinabove shall not be reallocated or reapportioned among the parties hereto in the administration or distribution thereof.

XI.

The Director's Order dated May 9, 1972, and Supplemental Order dated May 19, 1972, and Amendment to Order dated March 15, 1977, be and the same are modified to conform to this Judgment and as so modified the said Director's Orders be and the same are hereby affirmed.

XII.

Each party shall bear his own costs.

DATED this 25 day of <sup>June</sup>~~April~~, 1980.

RE: Permits Nos. 20837 and 20848

Mr. J. W. Beck  
251 8th Ave. East  
Twin Falls, Idaho

Dear Mr. Beck:

We enclose License and Certificate of Water Right issued under Permit No. 20837, confirming your right to the use of 1.04 second feet of water from a well in the SW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, B.M., with priority of December 29, 1948, for irrigation of the W $\frac{1}{2}$  SE $\frac{1}{4}$  of said Section 25.

We also enclose departmental receipt No. 24598 for the \$4.00 license fee in connection with the above permit.

We also enclose License and Certificate of Water Right issued under Permit No. 20848, confirming the right of yourself and Paul William Beck to the use of 0.82 second foot of water from a well in the SW $\frac{1}{4}$  NE $\frac{1}{4}$  Section 35, Township 11 South, Range 19 East, B.M., with priority of December 29, 1948, for the irrigation of the NE $\frac{1}{4}$  of said Section 35.

Also departmental receipt No. 24597 for the \$8.00 license fee in connection with this permit.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer

RE: Permit No. 20837

Mr. J. W. Beck  
1521 Poplar Street  
Twin Falls, Idaho

Dear Mr. Beck:

The report of our field engineer on examination for beneficial use under Permit No. 20837 shows that your well in the SW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, B.M., will deliver 52 inches, or 1.04 second feet of water.

Therefore, upon receipt of the statutory fee of \$4.00, a license will be issued for that amount for use on the W $\frac{1}{2}$  SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, B.M.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer  
By

Chief Clerk

STATE OF IDAHO  
DEPARTMENT OF RECLAMATION  
BOISE, IDAHO  
REPORT OF ENGINEER

Permit No. 20837

This proof is for Beneficial use In Water District No.

1. Name of applicant J. W. Beck, 1521 Poplar St., Twin Falls, Idaho

2. Source of water supply: Subterranean flow from a drilled well.

3. Location of point of diversion: Is in the SW<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub> of Section 25

T. 11 S. R. 19 E. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: Well is 257' x 12"  
Over 100' of 10" csg. Static H is 55'. Drawdown over 100' last year/  
Pump sets down 190'. Bowls are 8", column is 6". No house, no protection,  
concrete base 6' x 7'. Delivery is to the west thru a pipe to the high point  
4 1/2' rise against the west line near SW corner. Motor is 30 hp. U.S. 3ph. 60 cycle,  
220 v. 74a. 1800rpm. # 764497. Pump is a Deming Turbine # T16636. Meter and  
controls mtd on a panel 4' to East. Meter is 240 v. Westinghouse 20717476  
A.B. and Square D controls and switches.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number  
of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other  
than irrigation):

W<sup>1</sup>/<sub>2</sub> SE<sup>1</sup>/<sub>4</sub> Section 25, Township 11 South, Range 19 East, B. M.

See map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Row crops, hay, and grain produced

This examination was made on the 18 th day of June, 19 52

(Signed) E. N. Humphrey Examiner.

E. N. H.  
20837

# INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permits Nos. 20837 and 20848

Mr. W. J. Langley  
248 Third Avenue East  
Twin Falls, Idaho

Dear Mr. Langley:

We acknowledge receipt of your letter of February 8, 1962, enclosing depositions of J. W. Beck and two witnesses in proof of beneficial use on Permit No. 20837; also depositions of J. W. Beck and Paul W. Beck and two witnesses in proof of beneficial use on Permit No. 20848; also affidavits of publication in the Twin Falls Times News in connection with these proofs.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact the permit holders at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer

## NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 8th day of February, 1952, at 248 3rd Ave. E., Twin Falls, County of Twin Falls, State of Idaho, before William J. Langley, Notary Public, proof will be submitted of the application to beneficial use of 1.8 cubic feet per second of the waters of Subterranean waters in accordance with the terms and conditions of Permit No. 20837 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are J. W. Beck, Twin Falls, Idaho.

The use to which said water has been applied is Agricultural.

The amount applied to beneficial use is 1.8 cubic feet per second.

The place where said water is used W $\frac{1}{4}$ SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, Boise Meridian, in Twin Falls County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is lateral.

The right to take water from such works is based upon Permit No. 20837.

The source of supply from which such water is diverted is subterranean from a well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, B. M.

The date of priority which said user is prepared to establish is December 28, 1948.

MARK R. KULP.

State Reclamation Engineer

Publish: Jan. 8, 10, 17, 24, 1952.

I, Lisa Holony, being first duly sworn upon

oath depose and say that I am Principal Clerk of the TIMES-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

4 consecutive Thursdays, commencing with the issue dated January 3, 1952, and ending with the issue dated

January 24, 1952

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-News, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

DEPARTMENT OF RECLAMATION  
BOISE, IDAHO

Permit No. 20837

**Proof of Application of Water to Beneficial Use**

**Deposition of Holder**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. J.W. Beckr., 1521 Poplar St. Twin Falls, Idaho. Resident of  
Twin Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. no

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20837, dated December 29, 1948; date of priority December 29, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled Well to subterranean water, well located 50 feet north and 300 feet east of Southwest corner of W $\frac{1}{2}$  S $\frac{1}{2}$  Section 25, Township 11 South, Range 19 EBM, Twin Falls County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Drilled well conveying water through a pipe line approximately 650 feet long to  $\frac{1}{2}$  mile of lateral ditch and then to four cross laterals. Pump conveys 1.3 Second feet of water, and pipe and ditches are capable of carrying this amount and could carry 100% more if available. Well is 257 feet deep, 10 inch casing 125 feet of casing. Depth to water is 55 feet. Pump used and discharges 1.3 Second feet of water and measured by Pitot flow gauge.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for agricultural purposes for watering 80 acres being the W $\frac{1}{2}$  of S $\frac{1}{2}$  section 25, Township 11 South, Range 19 East BM, in Twin Falls County, Idaho. Cultivated lands now when originally this was desert land. Considerable amount of levelling was done on this acreage.

20837

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. no

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.3 Second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -6666--

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1.3 Second feet water used fully, during years 1949, 1950, 1951  
for agricultural purposes.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water used for use of said lands.

(Sign) J. W. Beck

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 8th day of February, A. D. 1952.

My commission expires May 1, 1953

**STATE OF IDAHO  
DEPARTMENT OF RECLAMATION  
BOISE, IDAHO**

Permit No. 20837

**Proof of Application of Water to Beneficial Use**

**Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Paul R. Neumann, \_\_\_\_\_ years, 1945 Elizabeth Blvd. Twin Falls, Idaho.

Ques. 2. Are you acquainted with J.W. Beck, the holder of Permit No. 20837? How long have you known him and where does he reside?

Ans. I am acquainted with J.W. Beck and have been since 1948 and he resides in Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20837, and are you familiar with its provisions and conditions?

Ans. yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled Well to subterranean water source conveyed by pipe line 600 to 700 feet long. Place of diversion and well is 50 feet north and 300 feet east of SW corner of Water Section 25, Township 11 South, Range 19 EBM in Twin Falls County, Idaho.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.3 Second feet and I have seen this amount conveyed

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I estimated the quantity of 1.5 Second feet from observation.

20837

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~Water used for irrigation and agricultural purposes, upon 30~~  
~~acres of land, being the W $\frac{1}{2}$ SE $\frac{1}{4}$  of Section 25, Township 11 South,~~  
~~Range 19 E $\frac{1}{2}$  in Twin Falls County, Idaho. Originally lands were~~  
~~desert and now improved into agricultural lands.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ~~No.~~

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~Portneuf silt loam No. 1 land and minimum water requirement is~~  
~~5/8 inches per acre.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~none.~~

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~Over past three years I have witnessed completion of works~~  
~~and application of water to beneficial use under this permit and~~  
~~original desert land has been converted into cultivated farm lands~~  
~~with considerable amount of leveling being done.~~

RE: Permits Nos. 20837 and 20848

Mr. W. J. Langley  
248 Third Avenue East  
Twin Falls, Idaho

Dear Mr. Langley:

We acknowledge receipt of your letter of December 27, 1951, enclosing notice of beneficial use proof on the above numbered permits to be made before you, as Notary Public, on February 8, 1952.

Copies of the notices have been sent to the Twin Falls Times News with instructions to publish them once a week for four consecutive weeks prior to February 8, 1952, and to send the affidavits of publication to the permit holders in your care.

We enclose the necessary forms of deposition to be used in making these proofs, and at the time set, Mr. J. W. Beck and Mr. Paul William Beck should appear before you together with two disinterested witnesses for the purpose of executing these depositions.

You understand that separate proofs are required for each permit, of course.

Very truly yours,

Messrs. Beckwith & Langley  
248 Third Avenue East  
Twin Falls, Idaho

ATT: Mr. W. J. Langley

Dear Mr. Langley:

Reference is made to your letter of December 14, 1951, requesting the necessary forms for making proof of beneficial use on the above numbered permits.

Notice should be made in duplicate on Form 10 enclosed, for each permit, setting the time and place and naming the Notary Public before whom proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the statutory 4 weeks' publication and both copies of Form 10 should be returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and will forward you the necessary forms of depositions to be used in making these proofs.

Permit No. 20837

STATE OF IDAHO  
Department of Reclamation

# Proof of Completion of Works

## AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Twin Falls,

ss.

J. W. Beck, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 20837, and that his postoffice address is Twin Falls.

State of Idaho

Second: That the name of the stream which said water is to be <sup>FROM</sup> ~~directed~~ <sup>DIVERTED</sup> is Subterranean tapped by well.

Third: That the point of diversion of said water is 50' N. & 600' East of the SW corner of the W<sup>1</sup>/<sub>2</sub> of SE<sup>1</sup>/<sub>4</sub> of Sec. 25, T. 11 S., R. 19 E. B.M., and is in the SW<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub> of Section 25, T. 11 S., R. 19 E. B.M., Twin Falls County, Idaho.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by December 31, 1951.

Fifth: That the use for which said water is intended is Agricultural purposes.

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: One well, some diking at well, laterals for carrying water to land, and 600 Ft. of 10 inch pipe from well to ditches (Reservoir, dam, ditch, flume, pipe or otherwise)

RE: Permit No. 20837

Messrs. Beckwith & Langley  
248 Third Avenue East  
Twin Falls, Idaho

ATT: Mr. R. W. Beckwith

Dear Mr. Beckwith:

We acknowledge receipt of your letter of November 20, 1951, enclosing affidavit of J. W. Beck in proof of completion of works under Permit No. 20837, together with his check for the \$5.00 in connection therewith.

The affidavit does not answer Question 7 as to the quantity of water the works are capable of delivering. We return it for such correction and also request that under remarks, Mr. Beck give the size and depth of the well and also the kind and power of the pump.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer

**BOISE**

**INSTRUCTIONS**

PROOF OF COMPLETION OF WORKS

**Mr. J. W. Beck**

Boise, Idaho      **October 1, 1951**

**Twin Falls, Idaho**

Dear Sir:-

Under the terms of your Permit No **20837**.....you are required to complete your diversion works on or before.....**December 31, 1951**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

**MARK R. KULP**

State Reclamation Engineer

**NOTICE FOR PUBLICATION  
NOTICE OF PROOF APPLICATION OF  
WATER TO BENEFICIAL USE**

Notice is hereby given that at 11:00 A. M. on the 8th day of February, 1952, at 248 3rd Ave. E., Twin Falls, County of Twin Falls, State of Idaho, before William J. Langley, Notary Public, proof will be submitted of the application to beneficial use of 1.3 cubic feet per second of the waters of Subterranean waters in accordance with the terms and conditions of Permit No. 20837 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are J. W. Beck, Twin Falls, Idaho.

The use to which said water has been applied is Agricultural.

The amount applied to beneficial use is 1.3 cubic feet per second.

The place where said water is used is W $\frac{1}{4}$ SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, Boise Meridian, in Twin Falls County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is lateral.

The right to take water from such works is based upon Permit No. 20837.

The source of supply from which such water is diverted is subterranean from a well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 25, Township 11 South, Range 19 East, B. M.

The date of priority which said user is prepared to establish is December 29, 1948.
