APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20661.

Comes now J. D. Claiborn and represents to the State Reclamation Engineer of the State of Idaho:

That he is one of the owners and holders of Permit to Appropriate the Public Waters of the State of Idaho, No. 20661;

That the point of diversion is described in said Permit as being located in NE corner of SE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 35, Township 11 South, Range 19 EBM, Twin Falls County,

That he now requests that the point of diversion be changed to a point located 300 ft. W. and 15 ft. N. of SE corner of SE $\frac{1}{4}$ of SW $\frac{1}{4}$ Section 35, Twp. 11 S., R. 19, EBM,

That his reasons for desiring to make such change are as follows: That it is more likely to strike water drilling in the location last above described.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Twin Falls, Idaho, this 20th day of March, 1950.

J. D. CLAIBORN

Date of receipt at Department of Reclamation March 22, 1950.

APPROVAL OF STATE RECLAMATION ENGINEER.

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 20661. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. Culp: Re: Permit 20661 - J. D. Claiborn

License has been issued on the above permit. Mr. Claiborn now desires to put a larger pump on the well covered by said permit so as to irrigate 80 acres of land not covered thereby. We have advised him that we were of the opinion that he could file another application for an additional amount of water from said well, not to exceed 1.6 cubic feet per second provided the same is available, for the purpose of irrigating the additional land.

The well is located in the SE $\frac{1}{4}$ of SW $\frac{1}{4}$ 35-11-19, and the land he desires to irrigate is the E $\frac{1}{2}$ of NE $\frac{1}{4}$ 34-11-19.

Will you please advise us if we are correct in this and if so, send us the necessary blanks.

Very truly yours,

RE: Permit No. 20661

Mr. J. D. Claiborn

Idaho

Dear Mr. Claiborn:

The report of our field engineer on examination for beneficial use under Permit No. 20661 shows that your well in the SE¹/₄ SW¹/₄ Section 35, Township 11 South, Range 19 East, B.M., will deliver 1.23 cubic feet per second, or 61.5 inches, and that water has been used to irrigate approximately 135 acres in the SW¹/₄ of said Section 35.

Since this is the same land included in Permit No. 19872, there will be no additional fee for the issuance of a license for 1.2 second feet of water from this well.

Dear Mr. Benoit:

We acknowledge receipt of your letter of September 11, 1951, enclosing the depositions of the holder and two witnesses, also affidavit of publication in the Twin Falls Times-News, all submitted in proof of beneficial use under the above numbered permits.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact the Messrs. Cleiborn at the time the examination is made so that arrangements may be made to show him over the grounds.

Dear Sir:

Enclosed herewith you will find Proof of Completion of Works in connection with Permit No. 20661, and my check for \$5.00 in payment for fee for Certificate.

Also herewith you will find Authorization for Publication of Notice in connection with Permits Nos. 19872 and 20661, and two copies of notice to be published in connection with each permit. I have set the day of hearing as September 11, 1951, which should give ample time. Please be good enough to send me the deposition forms necessary.

You will observe that in both notices to be published the land to be irrigated is described as the SW $\frac{1}{4}$ of Sec. 35, Tp. 11 S. R. 19 E.B.M., in connection with both permits. One of the wells is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ and one is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, but the water from both wells will be used to irrigate lands in the whole 160 acres. I assume that there will be no objection to this.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20661

* * * * *

Comes now J. D. Claiborn and represents to the State Reclamation Engineer of the State of Idaho:

That he is one of the owners and holders of Permit to Appropriate the Public Waters of the State of Idaho, No. 20661;

That the point of diversion is described in said Amended Permit as being located in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35, Township 11 S., Range 19, E.B.M.;

That he now requests that the point of diversion be changed to a point in the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35, Township 11 S., Range 19, E.B.M.

That his reasons for desiring to make such change are as follows: That the drilling of a well at first designated point of diversion would not result in sufficient water, and the last location above described has resulted in securing water in the well there drilled.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Twin Falls, Idaho, this 10th day of July, 1951.

Mr. Harry Benoit
Bank & Trust Company Building
Twin Falls, Idaho

Dear Mr. Benoit:

Reference is made to your letter of February 23, 1950, in regard to the above numbered Permits, both of which stand on our records in the name of Mr. L. F. Wiseman, no assignments having been recorded to later owners.

We enclose two forms of Assignment which should be executed by Mr. Wiseman and returned to this Department with the recording fee of fifty (50) cents each.

The location of the wells described in these two Permits can be amended by using the enclosed forms, application for change of point of diversion.

The amount of water claimed under these Permits cannot be changed. If a smaller amount is developed under Permit No. 19872, Proof of course, can only be made on that amount, but no more can be proved up under Permit No. 20661 than the 1.2 cubic feet per second claimed in the original application.

Since the amount of costs stated in the original filing is only approximate, it will not be necessary to make any change on the Permits, but this can be shown when the proofs are made.

Very truly yours,

MARK R. KULP

**NOTICE OF PUBLICATION
NOTICE OF PROOF APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 2:30 o'clock P. M. on the 15th day of September, 1951, at the office of Benoit & Benoit, Twin Falls Bank & Trust Building, in Twin Falls, County of Twin Falls, State of Idaho, before Edward L. Benoit, a Notary Public in and for the State of Idaho, proof will be submitted of the application to beneficial use of 1.2 cubic feet per second of the waters of subterranean well in accordance with the terms and conditions of Permit No. 20661, heretofore issued by the State Reclamation Engineer.

The names and post office addresses of the persons holding said permit are: J. D. Claiborn, Kimberly, Idaho; W. L. Claiborn, Kimberly, Idaho; and Jack D. Claiborn, jr., Kimberly, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is: 1.2 cubic ft. per second.

The place where said water is used is for the irrigation of the following described property situated in the County of Twin Falls, State of Idaho, to-wit:

The SW $\frac{1}{4}$ of Sec. 35, Tp. 11 S., R. 19 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: ditches running to the above described land, carrying water from subterranean well and pumped by electric motor.

The right to take water from such works is based upon Permit No. 20661.

The source of supply from which such water is diverted is: well located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 35, Tp. 11 S., R. 19 E. B. M., Twin Falls County, Idaho.

The date of priority which said user is prepared to establish is September 21, 1948.
