However, we do not quite understand your notation that if the date is wrong at the top of Form 10, please correct it. The date referred to is March 1, 1952, but since this notice must be published once a week for four weeks prior to making the proof, obviously that date will not do.

If you will please advise us as to a later date, at least a month in advance, we shall complete your notice and send a copy of same to the Kimberly Advertiser for publication.
