

State of Idaho

License and Certificate of Water Right

Water License No. 20547

Amount 1.7 second feet

Water District No.

Priority July 20, 1948

THIS IS TO CERTIFY that MRS. LAWRENCE S. BLEI
 of Murtaugh, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated July 20, 1948; that Permit No. 20547
 was issued under said application; that Certificate of Completion of works with a carrying capacity of
 2.5 second feet, was issued thereunder on June 4, 1953, showing that said works
 were completed on the 1st day of June, 1953; and that on the 9th
 day of July, 1953,

MRS. LAWRENCE S. BLEI
 of Murtaugh, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of a well (sub-
 terranean flow), a tributary of, for the purpose of irrigation
 under Use Permit No. 20547 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
 8 of Licenses at page 3148, on the 1st day of October, 1953;

The right hereby confirmed dates from July 20, 1953;

The Point of Diversion is located

in the NW 1/4 SE 14, Sec. 4, Tp. 12 S., R. 20 E., B. M. County Cassia

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 1.7 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
12 S.	20 E.	3	NE 1/4	80	80
			SE 1/4	80	--
			NE 1/4 NW 1/4	40	40
			NW 1/4 NW 1/4	40	10

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28189
PERMIT No. 20547
DISTRICT No.

1. Name of Applicant: MRS. LAWRENCE S. BLEI

Postoffice address: Murtaugh

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 2.5

cubic feet per second.

3. Source of water supply: Well (subterranean)

which is a tributary of

4. Location of point of diversion: 100 ft. N. of S. line, and 400 feet distant from the Southeast
of NW $\frac{1}{4}$ SE $\frac{1}{4}$ corner of Section 4, T. 12 S., R. 20 E., B.M., and is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$
of Section 4, T. 12 S., R. 20 E., B.M., County of ~~Twin Falls~~ *Cassia*

5. Water is to be used for Irrigation of land for farming

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water:

feet distant from

corner of Section

T. , R. , B.M., in the

of Section

, T. , R. , B.M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to

at a point

feet

distant from the

corner of Section

, T.

, R.

, B.M., in the

of Section

, T.

, R.

, B.M.

7. Estimated cost of works: \$ 5,000.00

8. Kind of works: Deep well, pump and pipe line to high land

9. Height of dam

feet; length of dam at top

feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width

feet; height

feet.

11. Ditch: Width at bottom

feet; width at water line

feet; depth of water

feet;

dimensions of flume:

Diameter of pipe

inches; length of conduit

miles.

Average grade per mile

feet.

12. The time required for the completion of such work is Two (2)

years.

13. The time required for the complete application of the water to the proposed use is Two (2)

additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

None

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

MRS. L. S. BLEI Applicant.

By Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. July 20, 1948

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20547
Recorded in Book 74 Page 20547 Approved July 23, 1948
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before September 23, 1948 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before July 23, 1949
The whole of said work to be completed on or before July 23, 1950
Beneficial use of water appropriated in accordance herewith, to be made on or before July 23, 1952

WITNESS My hand this 23rd day of July, 1948

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho, and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 23rd day of July, 1948

Countersigned: By C. A. ROBINS, Governor.
(SEAL) By J. D. "CY" PRICE, Secretary of State.

REMARKS: Source of water is on NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 4, Twp. 12 S., R. 20 E., owned by Mrs. L. S. Blei; also owned by Mrs. Blei are the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 4, Twp. 12 S., R. 20 E., and the NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 3, Twp. 12 S., R. 20 E., are owned by Mr. and Mrs. Blei- Mrs. Blei owns the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 3, and Mr. Blei owns the SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 3. The exact acreage in each subdivision cannot be determined until installation is completed and contour ditches surveyed. This land is in Cassia County.

APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 20547																			
Comes now Mrs. Lawrence S. Blei and represents to the State Reclamation Engineer of the State of Idaho: That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20547; That the point of diversion is described in said Permit as being located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Twp. 12 South, Range 20 East, B.M. That she now requests that an additional point of diversion be added at a point located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 12 South, Range 20 East, B.M. That her reasons for desiring to make such change are as follows: so it may include the well located on the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 3, T., 12 S., R. 20 E. B.M. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk. Signed at Murtaugh, Idaho, this 16 day of October, 1948.																			
Date of receipt at Department of Reclamation - October 18, 1948.																			/s/ Mrs. L. S. Blei
APPROVAL OF STATE RECLAMATION ENGINEER																			
I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing appli- cation for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20547. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.																			
																			/s/ Mark R. Kulp State Reclamation Engineer

APPROVAL OF STATE RECLAMATION ENGINEER.

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 20547 to July 23, 1953.

Witness my hand this 1st day of June, 1950.

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20547.

Comes now Truman Blei and represents to the State Reclamation Engineer of the State of Idaho:

That he is the agent of the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 20547.

That the points of diversion are described in said Permit as amended as being located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3 and the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That he now requests that the points of diversion be changed to a point located in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That he also requests that the list of lands to be irrigated, as described in said Permit, be changed to read as follows: NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 3, and the N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That his reasons for desiring to make such change in point of diversion is because the new location has been found more efficient and economical.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho, this 28th day of February, 1951.

MRS. L. S. BLEI
By Truman Blei

Date of receipt at Office of Department of Reclamation - February 28, 1951.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 20547. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP

CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that MRS. LAWRENCE S. BLEI of Murtaugh, County of Twin Falls, and State of Idaho, the holder of Permit No. 20547, issued upon Application No. 28189 bearing date of priority of July 20, 1948, authorizing the diversion of 2.5 second feet of the waters of a well (subterranean flow) County of Cassia, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 2.5 second feet of the waters of said well; that the point of diversion of said waters is in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 3; and the N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4; Township 12 South, Range 20 East, B.M.

Witness my hand this 4th day of June, A.D. 1953.

Proof of completion of works made June 1, 1953.

Certificate of completion of works made June 4, 1953.

Re: Permit No. 20507

Mrs. Lawrence S. Blei
Martaugh, Idaho

Dear Mrs. Blei:

The report of our Field Engineer on examination for Beneficial Use on Permit No. 20507 shows that your well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 4, Township 12 South, Range 20 East, B.M. will deliver 85 inches of water and that you have irrigated 219 acres in the N $\frac{1}{2}$ Ne $\frac{1}{2}$ and NW $\frac{1}{2}$ Section 3, and N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

Therefore upon receipt of the statutory fee of \$16.00 which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a license will be issued for 85" of water from said well.

Very truly yours,

RE: Permit No. 20547

Mrs. Lawrence S. Blei
Murtaugh,
Idaho

Dear Mrs. Blei:

Reference is made to your letter of August 10, 1953, in regard to the well developed on the above numbered permit.

We do not quite understand just what you have in mind as your Completion of Works and Beneficial Use proofs have both been made on a well located in the SE Corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M. and the matter is only waiting inspection and report from our field engineer.

However, I shall ask Mr. Humphrey, the Deputy State Reclamation Engineer, who will make the examination, to call on you and discuss the matter with you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20547

Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp

My two sons are home from the Service on leave. In discussion of our farming "set-up" the family have decided that we are profoundly foolish not to try to protect the other well application on this permit.

When the permit was first filed it was to cover the well which is east of the one which we are now proving up on. We went down 250 feet in this well and it pulled down to about 30 inches that summer and the next winter we decided to drill on the exact corner of the forty (the well which is now being used.) I didn't know much about wells but I did know that the government usually measures lands in terms of forty acres and since the wells were on the same forty I asked if the permit could cover both of the wells.

I am sure that we will want to sink this well lower as we have always planned it that way. Our other two well are around 600 feet. This well drilling son of mine is in the Service for two more years but he is very anxious that we protect this well permit somehow. A look at the geological survey map will indicate that our wells are remote from other wells.

We will appreciate your consideration of this matter.

Sincerely yours,

Esther O. Blei

July 14, 1953

RE: Permit No. 20547

Mrs. Lawrence S. Hlei
Murtaugh
Idaho

Dear Mrs. Hlei:

We have your reply to our letter addressed you on July 10, and have accordingly included the SE $\frac{1}{4}$ Section 3, Township 12 South, Range 20 East, B.M., in the depositions of yourself and your two witnesses in proof of beneficial use on Permit No. 20547.

We acknowledge receipt of the affidavit of publication in the Burley Bulletin which completes your proof, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

We return your receipted bill for the publication of this notice which you will doubtless wish to keep in your own files.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 20547

Mrs. Lawrence S. Blei
Murtaugh
Idaho

Dear Mrs. Blei:

We acknowledge receipt of the depositions of yourself and two witnesses, submitted in proof of beneficial use on Permit No. 20547.

We note that the land description in all three depositions does not include the SE $\frac{1}{4}$ of Section 3, which is included in the permit. Was this omission intentional, or should that quarter section be included?

The affidavit of publication is a necessary part of this proof and the Burley Bulletin was instructed to send it to you. If you have not received it, we suggest you take the matter up with them at once.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P.M. on the 9th day of July, 1953, at Murtaugh, County of Twin Falls, State of Idaho, before Herbert Thorne, Notary Public, proof will be submitted of the application to beneficial use of 2.5 cubic feet per second of the waters of a well in the NW 1/4 Section 4, Twp. 11 S., Rge. 20 E., B.M. in accordance with the terms and conditions of Permit No. 20547 heretofore issued by the Department of Reclamation of the State of Idaho;

The name and postoffice address of the person or corporation holding said permit are Mrs. Lawrence S. Reid, Murtaugh, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 2.5 cubic feet per second.

The place where said water is used is NW 1/4, N 1/4 SW 1/4, SE 1/4 Section 4, Twp. 11 S., Rge. 20 E., B.M. in accordance with the terms and conditions of Permit No. 20547.

The right to take water from such works is based upon Permit No. 20547.

The source of supply from which such water is diverted is a subterranean well in the NW 1/4 Section 4, Twp. 11 S., Rge. 20 E., B.M.

The date of priority which said user is prepared to establish is July 20, 1948.

Permit No. 20547

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Mrs. Lawrence S. Blei; Montague, Idaho; Housewife;
Montague, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ~~~~~

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 20547; July 23, 1953; July 20, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean (well); 100 ft. N. of South line and 400 ft. W. of
S. E. corner of N. W. 1/4 of S. E. 1/4 Sec. 4, T. 12 S., Range 20 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Depth 525 ft., casing 10 inch I.D.; 236 ft. to water;
early spring discharge 114 million inches; July 1st
discharge 101 million inches. Measured over
a well with a free "jet away." Geological
instr. measure in in practical agreement.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation of cultivated crops
NE 1/4, NW 1/4, N 1/2 SW 1/4 Sec. 3; and the N 1/2 SE 1/4 Sec 4
T. 12 S.; R. 20 E. B. M.

20547

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. _____

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

(Sign) Miss Lawrence S. Blei

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Mustang County of Twin Falls, State of Idaho, on this 9th day of July, A. Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. H. H. Fisher, 67, Twin Falls, Farmer
886 Teller Ave., Twin Falls, Idaho

Ques. 2. Are you acquainted with Mrs Lawrence V. Blei, the holder of Permit No. 20547? How long have you known her and where does she reside?

Ans. yes, 10 years Murtaugh Idaho

Ques. 3. Have you read or heard read said Permit No. 20547, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. underground water source, at the well
open contour ditch

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? about 2 1/2 second ft

Ans. 114 miner's inches early spring discharge - July, at
discharge about 101 " "

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Same as above in answer, measured over
miner's inch free gateway

20547

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigating cultivated crops
N E $\frac{1}{4}$, N W $\frac{1}{4}$, N $\frac{1}{2}$ & W $\frac{1}{4}$ Sect 3; and the N $\frac{1}{2}$ S E $\frac{1}{4}$ Sect
4, Twp 12 N, R. 20 E B 7m.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. none

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. good level land, about 1 in per acre
for first 2 years - little less later on

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have land adjacent and have observed
well and application of water to land many
times

(Signed) H. H. Fischer

Dear Mrs. Blei:

We enclose Certificate of Completion of Works issued under Permit No. 20547, for the diversion of 2.5 second feet of water from a well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M., for the irrigation of land in the NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 3, and the N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

We also enclose departmental receipt No. 25960 for the \$5.00 fee paid in connection with proof of completion of works.

We have sent to the Burley Bulletin notice of beneficial use proof to be made on this permit July 9, 1953, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Mr. Herbert Thorne, Notary Public, together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) June 1 - 1953
(P. O.) Boise, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Burley Bulletin of Burley, Idaho published in
the county in which the works are situated.

Mrs. Lawrence S. Blee

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

INSTRUCTIONS

Mrs. Lawrence S. Blei
Murtaugh
Idaho

PROOF OF COMPLETION OF WORKS

Boise, Idaho

Dear ~~Sir~~- Madam:

Under the terms of your Permit No. 20547 you are required to complete your diversion works on or before July 23, 1953. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intened use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

20547

20547

September 11, 1951

Mrs. Esther O. Blei
Murtaugh, Idaho

Dear Mrs. Blei:

We acknowledge receipt of your letter of September 10th, also your application for permit to appropriate five second feet of water from a well in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 12 South, Range 20 East, B.M., and your check for \$6.00 filing fee.

Since your application only describes 160 acres as place of use for this water, it can ^{only} be approved for 160 inches or 3.2 cubic feet per second. But if you wish to apply for the full 5 second feet or 250 inches, more land could be included in the application. We shall with-hold action on this new application until we hear from you further.

As to Permit No. 20547, which is for 2.5 second feet, or 125 inches, to be used on the NE $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 3, and N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Twp. 12 S., Range 20 East, B. M., and which we understand from your letter and sketch map covers water from two wells, one in the Southeast corner and one in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4.

As the permit now stands, with the two amendments as to location of the wells, it only names one well, and that in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4. But proof of completion of works need not be made until January 23, 1953, and if you wish to develop the other well, and make proof on both that can be done, but it will require another amendment to the permit, form for which we enclose. And you understand, of course, that no matter how much water may be developed from the two wells, this permit cannot be licensed for more than the 2.5 second feet applied for. Any additional amount would have to be taken care of under another application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Sept. 10, 1951

Dear Mr. Tulp:

I am placing an application for a new well which is enclosed.

In regard to my application 20547 which covers ^{two wells}, only the ^{on extreme SW corner (well no II)} amended well is functioning now and is throwing approx. 25 inches. This is about what appli. 20547 specifies. About next year we hope to go deeper in Well no I and we will have to have our flow of water specified some place. When we get ready to work on this can we make this application 20547 serve the need of both wells?

Sincerely,

Mrs. Blair

Enclosed is my check for \$6.00 for this new application

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20547.

Comes now Truman Blei and represents to the State Reclamation Engineer of the State of Idaho:

That he is the agent of the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20547;

That the points of diversion are described in said Permit as amended as being located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3 and the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That he now requests that the points of diversion be changed to a point located in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That he also requests that the list of lands to be irrigated, as described in said Permit, be changed to read as follows: NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 3, and the N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Township 12 South, Range 20 East, B.M.

That his reasons for desiring to make such change in point of diversion is because the new location has been found more efficient and economical.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho, this 28th day of February, 1951.

Date of receipt at Office of Department of Reclamation - February 28, 1951.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20547. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mrs. Lawrence L. Blei
Murtaugh, Idaho

Boise, Idaho
May 1, 1950

Dear Sir:-

Under the terms of your permit No. 20547 you are required to complete your diversion works on or before July 23, 1950. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Permit No. 20547

Mrs. Lawrence Blei
Murtaugh, Idaho

Dear Mrs. Blei:

In checking our records we find that your Permit No. 20547 describes your land to be irrigated from the well or wells as being in Twin Falls County, whereas it should be Cassia County, being in Sections 3 and 4, Twp. 12 S., Range 20 E.B.M.

We have made the correction on our records and request that you do the same with your original permit.

Very truly yours,

MARK R. KULP

Re: Permit No. 20547

State Bureau of Reclamation
Boise, Idaho

Dear Mr. Kulp:

I am enclosing a paragraph from the Times-News of Twin Falls, issued October 13, 1948.

I wonder if there is anything to this paragraph--
"Edholm said the land is in the area slated for irrigation from wells being drilled and tested by the bureau of reclamation."

If true, is this a state project or Federal. I suppose the idea is related to the three wells which are being drilled in the Rupert area. Our land is very near this land which was sold. Glen Briggs is my brother and we are both pioneers at heart. If there is any possibility of getting test holes in this area, don't forget to call at the Blei ranch.

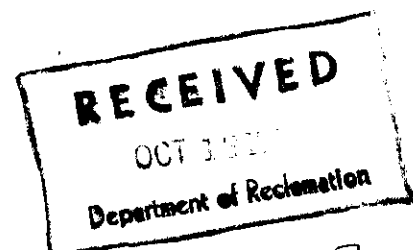

We did not have very good luck with this last well, we cannot exactly understand it, but we do know we have run out of money to be used in further effort for this year.

Sincerely yours,

Mrs. Blei
Mrs. Esther Blei

Dept. of Reclamation
Boise, Idaho

Gentlemen:

I received our permit to drill a well #20547, dated July 27, and since that time we have drilled another well, I mean we are now drilling; it is not completed.

I have read the directions but I can't understand whether this permit may include all wells of like ownership, or whether each well must have a permit.

We are positive this will be the only well, in addition to the one which we have previously written to you about, we shall be able to afford to develop until another year has gone by. This drilling is on the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of sec. 3 R. 20, T. 12 S. EPM. Owned by Mrs. L. S. Blei, Murtaugh, Idaho.

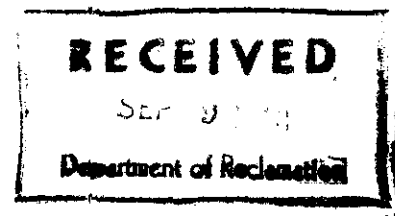

Sooner or later we have fond hopes of developing our section of land in this area. Please advise us, do we need a permit for each well or not. If we do, perhaps you had better send us the necessary forms by return mail.

Sincerely yours,

Mrs. Blei

20547

July 6, 1948

Mrs. Lawrence S. Blei
Murtaugh, Idaho

Dear Mrs. Blei:

In reply to your letter of July 1, 1948, will state that it is necessary to file an application for permit for water from a well and it is better to file the application before the well is completed. The application may claim the maximum amount of water expected or required to irrigate the land and if the supply falls short the final license can only be made for such amount.

We enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same. This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

We have referred to the Department of Agriculture your question in regard to clearing sagebrush and no doubt they will write you in regard to same.

Very truly yours,

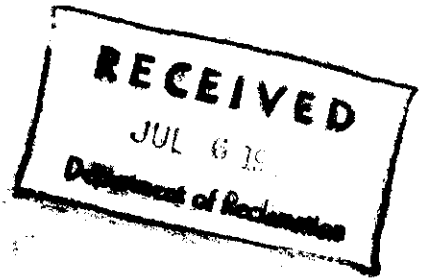

MARK R. KULP
State Reclamation Engineer

State Department of Reclamation
Boise, Idaho

Gentlemen:

At this time we are drilling for water for irrigation purposes on the SE $\frac{1}{4}$ of Sec. 4, T.12 Range 20, EBM.

Some one told me that even before you found water you should file on your subteranian water right. This does not sound feasible to me, but I would like to have all information in regard to this matter, in order to protect our rights in every way.

I have observed in the paper that people do file on water rights after they have found a sufficient flow for irrigation purposes. The exact manner of this procedure I do not know either.

if we do find water we will have much sagebrush to clear. Someone said they heard over the radio a broadcast about a new method of spraying sagebrush, down in Texas which caused the brush to die (they used airplane, and an oily substance) and this process made clearing so much less expensive. This informer went to KTFI in Twin Falls and got their only transcript and then lost it. I wonder if your office might have any recent information along this line.

Sincerely yours,

Mrs. Blei

NOTICE FOR PUBLICATION

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 2:00 P.M. on the 9th day of July, 1953, at Murtaugh, County of Twin Falls, State of Idaho, before Herbert Thorne, Notary Public, proof will be submitted of the application to beneficial use of 2.5 cubic feet per second of the waters of a well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Twp. 11 S., Rge. 20 E., B.M. in accordance with the terms and conditions of Permit No. 20547 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Mrs. Lawrence S. Biel, Murtaugh, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 2.5 cubic feet per second.

The place where said water is used NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Section 3; N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4; Twp. 11 South, Range 20 E., B.M.

The right to take water from such works is based upon Permit No. 20547.

The source of supply from which such water is diverted is subterranean from a well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4, Twp. 11 S., Range 20 E., B.M.

The date of priority which said user is prepared to establish is July 20, 1948.

MARK R. KULP

State Reclamation Engineer

Published in the Burley Bulletin, June 23-30, July 7, 1953.

\$18,750 Paid On 840 Acres Of State Land

Five Magic Valley residents paid \$18,750 for 840 acres of state-owned land located east of Murtaugh lake at a state sale held at 2 p. m. Tuesday at the Twin Falls county courthouse by Oscar Edholm, Gooding, state land agent.

In all cases land was sold well above the appraised value.

The first unit, 320 acres of land appraised at \$4,800, was sold to Glen Briggs, Murtaugh, for \$3,200. The land is partially improved.

Hazel Driggs, Murtaugh, paid \$8,100 for 320 acres of land appraised at \$4,800.

Elmer E. Burnham and Elmer Phillips, both Twin Falls, paid \$3,200 for 160 acres appraised at \$1,600.

Forty acres of land appraised at \$500 was sold to E. F. Ochsner, Gooding, for \$1,250.

Land purchased by Burnham and Phillips, Ochsner and Mrs. Briggs is unimproved.

Edholm said the land is in the area slated for irrigation from wells being drilled and tested by the bureau of reclamation.
