APPLICATION FOR TRANSFER OF WATER RIGHT

PART 1

APPROVED

Name of applicant L. Ray Stanger Trust Phone 432-5349

Post Office address Rt. 1, Murtaugh, ID 83344

A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☒ Add diversion point(s) ☐ Change place of use
☐ Change nature of use ☐ Change period of use ☐ Other _____
2. Describe the reason for the proposed changes Wells are tied together via common mainline for use
anywhere on this farm. Recorded water rights need to be changed accordingly.

B. DESCRIPTION OF RIGHT(S) OR PORTION THEREOF, AFTER THE REQUESTED CHANGE

- | 1. Right Number | Priority | Amount
(cfs/ac-ft) | Nature
of Use | Period of Use |
|-----------------|------------------|-----------------------|------------------|--------------------------------|
| <u>45-02221</u> | <u>7-3-1946</u> | <u>1.52 cfs</u> | <u>Irrig.</u> | <u>Mar 15</u> to <u>Nov 15</u> |
| <u>45-02244</u> | <u>1-23-1948</u> | <u>1.5 cfs</u> | <u>"</u> | <u>"</u> to <u>"</u> |
| <u>45-02274</u> | <u>9-21-1948</u> | <u>1.2 cfs</u> | <u>"</u> | <u>"</u> to <u>"</u> |
| <u>45-02436</u> | <u>2-11-1953</u> | <u>1.16 cfs</u> | <u>"</u> | <u>"</u> to <u>"</u> |
2. Total amount of water being transferred 14/225.38 cubic feet per second and/or _____ acre-feet per annum
3. Source of water Groundwater tributary to _____
4. Point(s) of Diversion:

[illegible]

5. Lands irrigated or place of use: No Change

[illegible]

Total acres

PART 1

6. General Information:

- a. Description of diversion system 3 connected wells & pumps, sprinklers
- b. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts? _____ Yes N/A No. If yes, provide a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes.
- c. Describe the affect on the land now irrigated if the place of use is changed pursuant to this transfer:
N/A.
- d. Remarks:

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. 45-2221/2244/2274/2436
And said application is hereby APPROVED, subject to the following limitations and conditions:
The combined annual volume of water under these rights shall not exceed 1560.0 afa.

Witness my hand this 2nd day of August, 1990
J. Glen Saxton

APPLICATION FOR TRANSFER OF WATER RIGHT

PART 2

(Attach one copy for each right)

A. DESCRIPTION OF RIGHT AS RECORDED

1. Right evidenced by:

- a. Decree No. _____ Decreed to _____
in case of _____ vs. _____
dated _____ in _____ county of _____
- b. License No. 45-2221 issued by the Idaho Department of Water Resources.
- c. Claim No. _____ on file with the Idaho Department of Water Resources.
- d. Transfer No. _____ which produced this right.

2. Attach a copy of last year's tax notice for the property to which the water right is appurtenant or other documents which show ownership. Label document as attachment A. Check appropriate box below:

☒ Tax Notice ☐ Warranty Deed ☐ Other _____

3. Source of water Groundwater tributary to _____

4. Date or priority 7-3-1946

5. Water is used for the following purpose:

amount 1.52 cfs for Irrigation purposes from _____ to _____
(cfs/ac-ft)

amount _____ for Domestic purposes from _____ to _____
(cfs/ac-ft)

amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)

6. Total amount of water under right 1.52 cubic feet per second and/or _____ acre-feet per annum.

7. Point(s) of Diversion:

Lot	1/4	1/4	1/4	Sec.	Twp.	Rge.	County	Local name for diversion
		SW	SW	35	11S	19E	Twin Falls	

8. Lands irrigated or place of use:

Twp.	Rge.	Sec.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	
11S	19E	35									40	40	40	40					160

Total acres 160

9. Describe any other water rights used for the same purpose as described above 45-2274

10. To your knowledge, has any portion of this water right undergone a period of five or more consecutive years of non-use?
No If yes, describe _____

B. DESCRIPTION OF PORTION OF RIGHT BEING TRANSFERRED

(If the entire right is to be changed by the applicant, omit part B and C.)

1. amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)

2. Point(s) of Diversion:

Lot	¼	¼	¼	Sec.	Twp.	Rge.	County	Local name for diversion

3. Lands irrigated or place of use:

Twp.	Rge.	Sec.	NE ¼				NW ¼				SW ¼				SE ¼				Totals
			NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	

Total acres _____

C. DESCRIPTION OF UNCHANGED PORTION OF RIGHT (omit if there is no change)

1. amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)

2. Point(s) of Diversion:

Lot	¼	¼	¼	Sec.	Twp.	Rge.	County	Local name for diversion

3. Lands irrigated or place of use:

State of Idaho
License and Certificate of Water Right

Water License No. 20268

Amount 1.5 c.f.s.

Water District No.

Priority Jan. 23, 1948

THIS IS TO CERTIFY that RAY ASSENDROP - ASSIGNEE - Glenn McKee
of Murtaugh, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated January 23, 1958; that Permit No. 20268
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on August 15, 1953, showing that said works
were completed on the 30 day of July, 1953; and that on the 29
day of January, 1954,

RAY ASSENDROP - Assignee * GLENN McKEE

of Murtaugh, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of underground water, for the purpose of irrigation and
domestic use, under Use Permit No. 20268 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6648, on the 9 day of June, 1959;

The right hereby confirmed dates from January 23, 1948;

The Point of Diversion is located

in the SE 1/4 SW 1/4, Sec. 26, Tp. 11 S., R. 19 E., B. M. Twin Falls County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.5 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	19 E.	26	NE 1/4 SW 1/4	35	35
			NW 1/4 SW 1/4	40	40
			SW 1/4 SW 1/4	40	40
			SE 1/4 SW 1/4	40	35
			Total Number of Acres to be Irrigated:		150

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

12 day of June, 1959.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

S. T. Hamilton
Twin Falls, Idaho

Application No. 27885
Permit No. 26268
District No.

1. Name of Applicant: RAY A. ASSENDRUP

Postoffice address: Murtaugh

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

Assigned to

2. Quantity of water claimed: Three (3)

cubic feet per second.

3. Source of water supply: Underground water from well

which is a tributary of -

4. Location of point of diversion:

feet distant from the

corner of Section , T. , R. , B.M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 26 , T. 11 S, R. 19 E. , B.M., County of Twin Falls

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water:

feet distant from

corner of Section

T. , R. , B. M., in the

of Section

, T. , R. , B. M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to

at a point

feet

distant from the

corner of Section

, T. , R. , B. M., in the

of Section

, T. , R. , B. M.

7. Estimated cost of works: \$4,000.00

8. Kind of works: Well, pump and ditches

9. Height of dam

feet; length of dam at top

feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width 2

feet; height 3

feet;

11. Ditch: Width at bottom 2

feet; width at water line 3

feet; depth of water 1 $\frac{1}{2}$

feet;

dimensions of flume:

Diameter of pipe

inches; length of conduit

One-half

miles.

Average grade per mile 10

feet.

12. The time required for the completion of such work is Two (2)

years.

13. The time required for the complete application of the water to the proposed use is One (1)

additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

that no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at _____ this 22nd day of June, 1950.

RAY A. ASSENDROP

Date of receipt at Department of Reclamation July 10, 1950.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 20268. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

In the Matter of the Reinstatement
of Permit No. 20268 Under the
Provisions of Section 42-311, Idaho
Code

ORDER REINSTATING PERMIT

WHEREAS, Permit No. 20268 lapsed through failure of the holder to make proof of completion of the works of diversion within the time specified in the Permit, to-wit : January 29, 1953; and,

WHEREAS, On the 15th day of July, 1953, notice to show cause why said permit should not be canceled, under the provisions of Section 5594, Compiled Statutes of Idaho, was duly served on the holder of said permit; and,

WHEREAS, On the 24th day of July, 1953, the holder filed notice of appearance to offer proof to show that the works of diversion under said permit were fully completed within the time required; and,

WHEREAS, On the 4th day of August, 1953, depositions of the holder and two witnesses were received at the Department of Reclamation showing that the said works of diversion were completed within the time required in the permit; and,

WHEREAS, After examination of the said depositions, the State Reclamation Engineer of the State of Idaho, is fully satisfied that the works of diversion were completed as required under the terms of said Permit No. 20268, and that the holder has acted in good faith;

IT IS, THEREFORE, Hereby Ordered that said Permit No. 20268 be, and the same is, hereby reinstated, and that a certificate of completion of works be issued to the applicant herein.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho this 15th day of August, 1953.

(SEAL)

TO ALL WHOM IT MAY CONCERN:

This is to certify that Ray A. Assendrup of Murtaugh, County of Twin Falls, and State of Idaho, the holder of Permit No. 20268, issued upon Application No. 27885 bearing date of priority of January 23, 1948, authorizing the diversion of Three (3) second feet of the waters of a well (subterranean flow) County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.6 second feet of the waters of said well; that the point of diversion of said waters is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, Township 11 South, Range 19 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Southwest Quarter Section 26, Township 11 South, Range 19 East, B.M.

Witness my hand this 15th day of August, A.D. 1953.

MARK R. KULP
State Reclamation Engineer

Proof of Completion of Works made July 30, 1953
Certificate of Completion of Works issued August 15, 1953.

ASSIGNMENT

✓
For value received, I hereby assign my right, title and interest in and to Permit to Appropriate the Public Waters of the State of Idaho, No. 20268 to Glenn McKee, Hansen, Idaho.

s/ Ray A. Assendrup
Permit Holder

s/ Lillian E. Assendrup, Wife
Permit Holder

State of Idaho)
) ss
County of Twin Falls)

On this 8th day of April, 1959, before me, a Notary Public for the State of Idaho, residing at Murtaugh, personally appeared Ray A. Assendrup and Lillian E. Assendrup known to me to be the persons whose names are subscribed to the within instrument and duly acknowledged to me that they executed the same.

In Witness Whereof I have hereunto set my hand and affixed my Notarial Seal the day and year in this certificate first above written.

My commission expires Sept. 11, 1961

s/ Herbert Thorne
Notary Public, Residing at Murtaugh

Re: Permit No. 20268

Mr. Glenn McKee
Route #2
Hansen, Idaho

Dear Mr. McKee:

Enclosed is assignment of Permit No. 20268 to you
from Mr. Ray C. Assendrup which has been recorded in our records.

In our letter of April 27, we reminded you that the
fee of \$8.00 for the certificate and License of Water Right had not
been paid though Mr. Assendrup made the proof of application of
water to beneficial use Jan. 29, 1954. The amount of water pumped
has been measured at least three times by Mr. Humphrey who
recommended allowing 1.5 c.f.s. or 75 miner's inches for irrigation
of the 150 acres in the SW₁, Sec. 26, T. 11 S., R. 19 E., B. M.

Very truly yours,

GEO. M. CARTER
State Reclamation Engineer

RECEIVED
APR 2 11 1959

Department of Registration

20268

Mr. Humphrey

February 15, 1956

RE: Permit No. 20268

Mr. Ray A. Assendrup
Martaugh
Idaho

Dear Mr. Assendrup:

In answer to your letter of February 14, 1956, we will state that this Department does not issue a Permit to drill a well the Department issues a Permit to file and use the water from the well.

If you are drilling the new well within the same 40 acre tract, as you state in the letter that your new well will not be over 25 or 30 feet west of the present location, it will not be necessary for you to get permission from this Department to drill a new well.

Regarding the well drilled by Denny Hogue directly east of you. There isn't anything this Department can do to stop Mr. Hogue from deepening or changing his well in any manner as you have senior priority over Mr. Hogue relative to the two wells and his well affects yours, about the only recourse you will have is by court action.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Roy W. Thompson
Office Manager

T:cu

20268

Dear Mr. Tulp;

I would like a permit to drill a well to replace the well in SE corner Sec 26, 11 19 E.B.M. The present one is too crooked to allow a deeper setting. I would wish to drill 25 or 30 ft west of the present location.

The place to the east of me, owned by Henry Hogue, is still affecting mine. If Hogue may wish to drill a replacement hole, is there any action I may take to block this? This is the well directly east of my well about 50 yds.

20268

Sincerely yours

Ray A. Cassin

RE: Permit No. 20268

Mr. Ray A. Assendrup
Murtaugh
Idaho

Dear Mr. Assendrup:

The report of our field engineer on examination for beneficial use on Permit No. 20268 shows that you have irrigated 150 acres in the SW $\frac{1}{4}$ of Section 26, Township 11 South, Range 19 East B.M. from your well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section.

A license can, therefore, be issued for 1.5 cubic feet per second upon receipt of the statutory fee of \$8.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 20268

Mr. Roy E. Smith
Fidelity Bank Building
Twin Falls, Idaho

Dear Mr. Smith:

We acknowledge receipt of your letter of January 29 enclosing depositions of Ray A. Assendrup and two witnesses, also affidavit of publication in the Twin Falls Times News all submitted in proof of beneficial use on Permit No. 20268.

Before final action is taken, the law requires a field inspection by an engineer from this department. We cannot say just when this inspection will be made but our field engineer will try and contact Mr. Assendrup at the time he makes the inspection in order that arrangements may be made to show him over the grounds.

We are sending a copy of this letter to Mr. Assendrup and are returning him the statement from the Twin Falls Times News for cost of publication.

Very truly yours,

MARK R. KULP

20268

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20268

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ray A. Assendrup, Ranch South of Murtaugh, Idaho; farmer; R.F.D. Murtaugh, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit. 29

Ans. 20268 January 23, 1948; January 23, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. underground flow; well 945 feet deep situated 11 rods west and 3 rods north, of S.E. corner of S.W. 1/4 of Sec. 26, Township 11S of Range 19 E.B.M., Twin Falls County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Well 945 feet deep 14 inch in diameter, 156 feet to water; Turbine pump with 8 inch column, 10 inch bowl; 75 H.P. Motor, produces flow of eighty inches measured over weir.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All of water produced and developed is used for irrigating all of West 150 acres of SW 1/4 Sec. 26-11s-R19 E.B.M. 40 acres in NW 1/4 SW 1/4 is farmed and irrigated; 40 acres in SW 1/4 SW 1/4 is farmed and irrigated; 35 acres in NE 1/4 SW 1/4 is farmed and irrigated and 35 acres of SE 1/4 SW 1/4 is farmed and irrigated, from said well; all land is cultivated and includes no natural meadow. Improvements consist of said well, pump, electrical connections and fences.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This water was developed and used during each crop season beginning May 1948 to and including the crop season of 1953; eighty inches was developed in May 1948 about the 20th day of said month, and has been continuously during irrigation season of 1948 and thereafter used in irrigating the lands hereinbefore described.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have a flood water right in Dry Creek with priority of 1908 calling for 150 inches which produces varying amounts of water for short period each spring ranging from nothing to a run of 30 days.

(Sign) _____

Ray C. Chamberlain

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 22th day of January, A. D. 1954,

Edward Babcock

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20268

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Herman A. Giese, age 62, Rt. 1, Filer, Idaho., Rancher.

Ques. 2. Are you acquainted with Ray A. Assendrup, the holder of Permit No. 20268? How long have you known him and where does he reside?

Ans. Yes. I have known Ray A. Assendrup for 39 years, He lives on Rt. 1, Murtaugh, Idaho on his ranch where he resides.

Ques. 3. Have you read or heard read said Permit No. 20268, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground flow tapped by well 945 feet deep situated in southeast portion of the West 150 acres of the Southwest Quarter of Section Twenty-six (26) Township 11 S. Range Nineteen E.B.M. in Twin Falls County, Idaho, with Turbine Pump installed, Motor 75 H.P., pump having 8 inch column and ten inch bowls

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Three Second feet as far as ditches concerned., Have seen 75 to 85 inches carried

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 75 to 85 inches my estimate being based on experience of 40 years in handling water

20268

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of West 150 acres of S.W. Quarter of Sec. 26, Township 11 S., Range 19 E.B.M., Twin Falls County, Idaho. The Northwest quarter of the S.W. Quarter, 40 acres is irrigated and in cultivation, likewise 40 acres in the S.W. $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ of said Sec. 26; 35 acres is irrigated in the N.E. $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ of Sec. 26 and 35 acres is irrigated in the S.E. $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ of said Sec. 26; all of this land is cultivated and farmed; Improvements consist of well, pump and fences.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Volcanic Ash of excellent quality and should have 150 inches of water for its adequate irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen this land farmed and irrigated several times during each crop season from 1948 to 1953 inclusive and am familiar with the crops grown by Mr. Assendrup each season. All of the land has been farmed and all irrigated in a good farmerlike manner.

(Signed) Herman A. Giese

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 29th day of January, A. D. 19 54.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20268

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A.H.Assendrup, age 70 years; R.F.D. Kimberly, Idaho; farmer on ranch
3 miles South, 1 mile west of Kimberly.

Ques. 2. Are you acquainted with Ray A. Assendrup, the holder of Permit No. 20268? How long have you known him and where does he reside?

Ans. Yes, being his father; he resides on ranch in Sec. 35, township 11S, R19 E.B.M. south of Murtaugh, in Twin Falls County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20268, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water in underground flow tapped by well 945 feet deep situated in Southeast corner of West 150 acres of S.W. $\frac{1}{4}$ Sec. 26, Township 11 S. Range 19 E.B.M. with turbine pump installed having 8 in. column, 10 in. Bowls and 75 H.P. Elec. Motor, water conveyed by ditches to places of use on said lands

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditches would carry three sec. feet; well and pump produces eighty inches which has been observed by witness many times.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Eighty inches, measured over weir.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All water used for irrigation of aforescribed lands. Forty acres of N.W. 1/4 of S.W. 1/4 is irrigated and farmed; forty acres of SW 1/4 of SW 1/4 is farmed and irrigated; 35 acres of NE 1/4 of SW 1/4 is irrigated and farmed and 35 acres in S.E. 1/4 of SW 1/4 is irrigated and farmed; all of said lands are cultivated and no natural meadow land on place; the improvements consist of well, pump, electrical connections and fence; the lands being the West 150 acres of SW 1/4 of Sec. 26, Township 11 S. Range 19 E. B.M. Twin Falls County.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

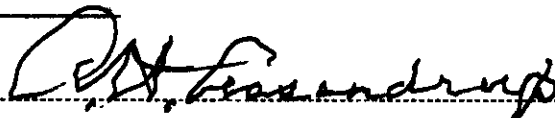

Ans. Volcanic Ash or silt; 150 inches.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

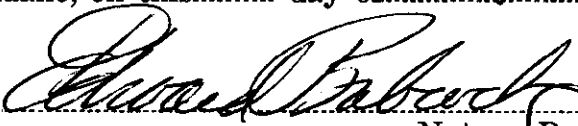

Ans. One-half interest.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Helped irrigate the land from the well many times during crop seasons of 1948 to 1953 inclusive, using the eighty inches produced by said well and pump.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 o'clock A. M. on the 20th day of January, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before Edward Babcock, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of subterranean stream in accordance with the terms and conditions of Permit No. 20868 heretofore issued by the State Reclamation Engineer of the state of Idaho.

The name and postoffice address of the person or corporation holding said permit are Ray A. Assendrup, Murtaugh, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is one and six tenths (1.6) cubic feet per second.

The place where said water is used All of the Southwest Quarter (SW 1/4) of Section Twenty-six (26) of Township Eleven (11) South, in Range Nineteen (19) E.B.M. in Twin Falls County, Idaho, excepting, however, the east ten (10) acres of said quarter section.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 20868.

The source of supply from which fresh water is diverted is well and subterranean stream in the SW 1/4 Section 26, Twp. 11 South, Range 19 East, B.M.

The date of priority which said user is prepared to establish is January 28, 1948.

RE: Permit No. 20268

Mr. Ray A. Assendrup
Murtaugh
Idaho

Dear Mr. Assendrup:

We have your letter of July 22, 1953, in reply to registered notice that Permit No. 20268 is being held for cancellation for failure to make proof of completion of works when due, on or before January 29, 1953.

The records in this department show that we wrote you on November 1, 1952, calling attention to the fact that this proof was due on or before January 29, 1953, and enclosing the necessary forms for making the proof, but no reply was received to this letter.

However, if the well was completed prior to January 29, 1953, the permit may be reinstated by furnishing depositions of yourself and two witnesses, describing the works and stating definitely that completion was made prior to the above date. The forms for these depositions are enclosed.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark R. Kulp
Dept. of Reclamation
Boise, Idaho.

Dear Mr Kulp:

In reference to completion of
works on well, permit # 20268
in SE $\frac{1}{4}$ & NW $\frac{1}{4}$ Sec 26 11-19 E.B.M.,
what is required of me at this time?

I have been using this well
going on five years.

A woman secretary said she would
keep me informed of the proper
steps to keep my filings in good
standing.

The wells in SE $\frac{1}{4}$ Sec. 35 are
completed and I could file completion
of marks on them at the same
time if that is permissible.

Sincerely yours 20268

Ray A. Casndrop

Re: Permit No. 20268

To Mr. Ray A. Asendrup
Murtangh, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. 20268
to appropriate the Public Waters of the State of Idaho, have not been complied with as to
Completion of work January 29, 1953

you are hereby notified in compliance with Sec. 42-311, Idaho Code annotated that said Permit No. 20268
is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. 20268 claims the use of Three cubic feet per second of the
waters of a well with point of diversion located
in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, Twp. 11 S., Range 19 E., B.M., and
was approved January 29, 1948

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the
15th day of July, 1953, 194

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Ray A. Assendrup

Boise, Idaho **November 1, 1952**

Murtaugh, Idaho

Dear Sir:-

Under the terms of your Permit No. ~~20268~~ you are required to complete your diversion works on or before ~~January 29, 1953~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

RE: Permits Nos. 20268 and 20334

Mr. Ray A. Assendrup
Murtaugh
Idaho

Dear Mr. Assendrup:

Under normal procedure, a water right initiated and completed under Permit No. 20268 would have a priority over No. 20334.

The question as to what that priority consists of other than an amount of water has not been specified in the statutes, and, although there are some implications that the priority might include the pumping lift, it has not been defined by statute and there is some question as to the application of some decisions of the Supreme Court to the question, especially when there are more than two appropriators from the same subterranean source.

Strict priority which, if it included the original pumping lift, (supposing the annual withdrawal to be less than the annual recharge) would limit the full development of a subterranean source as to number of wells and the amount of water pumped that would sooner or later effect the pumping lift of the first well.

On the other hand, successive lowering of pump settings to get the original amount of water can be carried to absurdity, or way beyond the heights to which water can be lifted economically.

Priority of some kind is desirable to conform with our established principles of appropriation of water, but this department is not certain enough of a correct solution to make any recommendation.

Among the proper solutions may be:

1. The setting of a maximum pumping lift beyond which the prior appropriator would be protected.
2. The adjudication of an entire basin and operation of all wells in a common pool, pro-rating the cost and the water.

20268

June 25, 1952

If something is not done soon, either by legislation or court decision, your experience will be repeated in many places.

Some of the difficulties in arriving at a proper solution are:

1. Lack of adequate knowledge of the ground water geology of an area with the annual recharge and safe annual withdrawal, not only from a basin, but from the different aquifers of the basin.

2. The economic lift under which a reasonably good farmer can make a fair profit over a period of years, plus a good guess as to what historical period of years to select as a guide.

Our aim is to develop our subterranean water resources as fully as possible within economic limits. The individual appropriator without resources other than the production of his farm should not be frozen out by those with external resources.

My personal preference for an administrative procedure would be one with a maximum of local control and local determination of such things as economic lift and duty of water.

I would like to have opinions and suggestions from appropriators of ground water as to what additions there should be to our ground water code, both as to principles that should govern in the appropriation and in the administration.

Answering your specific question as to what your prior filing entitles you, I do not know.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
JUN 24 1952

Department of Reclamation

Muntangle, Ida.
6-21-52

Mr. Mark R. Kulp
Boise, Idaho.

Dear Mr. Kulp;

I have a well in SE $\frac{1}{4}$, SW $\frac{1}{4}$ Sec. 26 - 11 - 19 E.B.M. Permit # 20268 which I drilled in January 1948. To the East of it about 75 to a 100 yards was drilled another well by Mr. V.L. McInturf Permit # 20334 which was assigned to Denny R. Hogue. This well of Denny R. Hogue is affecting my well.

In the spring of 1948 I pumped about 60 inches of water from an approximately 200 ft. after the other well started I had to add another 10 ft. of Column. This other well at that time pumped about 15 inches of water. The place was then sold by McInturf to Denny R. Hogue. In 1951 Hogue drilled deeper and installed a 250 ft pump setting. I then added 40 ft. to my pump, also setting my pump at the same depth. At this setting 20268

and with another stage added to the
bore I was still getting about the
same amount of water.

Mr. Stogue has now added
another 10 ft. of column. This 260 ft.
setting increased his well also
lowered my well. While they were
shut down for installation my
well quit breaking suction and
pumped more water.

I would like to find out if
my prior finding entitles me to the
water or if I have to keep adding
to my pumping depth.

Sincerely yours

Ray A. Cassidump

June 20, 1952

Mr. Ray A. Assendrup
Martaugh
Idaho

Dear Mr. Assendrup:

In reply to your telephone request, we give below a list of the filings on wells in Section 26, Township 11 South, Range 19 East, B.M.

Permit No. 20128 filed July 23, 1947, by W. B. Savage, for 3.2 second feet from four wells, one in each 40 of the NE $\frac{1}{4}$ Section 26, Township 11 South, Range 19 East, B.M., for use on the NE $\frac{1}{4}$ of said section.

Permit No. 20268 filed January 23, 1948, by Ray A. Assendrup, for 5 second feet of water from a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, Township 11 South, Range 19 East, B.M., for use on the West 150 acres of the SW $\frac{1}{4}$ of said Section 26.

Permit No. 20334 filed March 2, 1948, by V. L. McInturf but assigned to Denney R. Hogue, for 2 second feet of water from a well in the Southeast corner of the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, for use on the SW $\frac{1}{4}$ and the East 10 acres in the SW $\frac{1}{4}$ of said section.

Permit No. 20769 filed November 26, 1948, by Denney R. Hogue, for 1.4 second feet from the same well and for use on the same land.
in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 26

We also find your Permit No. 21189 for 3 second feet from a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 26, filed May 6, 1949, but cancelled February 4, 1952.

Your Permit No. 20268 is in good standing and proof of completion of works will be due on or before January 29, 1953.

We trust this is the information you desire, but if we can help you further please do not hesitate to call upon us.

Re: Permit No. 20268

Mr. Ray Assendrup
Murtaugh, Idaho

Dear Mr. Assendrup:

We have recorded your application for Amendment to Permit No. 20268 to include an additional well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, Township 11 South, Range 19 East, B.M., and also your Application for Extension of Time for Completion of Works under Permit No. 20268 to January 29, 1951.

These should both be attached to your original Permit of which they form a part.

Meanwhile, we return your check endorsed by Mr. Hamilton to our order, and which was intended to pay the fee in connection with Completion of Works Proof on this Permit.

We are sorry that there has been so much delay and misunderstanding in regard to this Permit, but we hope that the matter has now been straightened out to your satisfaction.

RECEIVED
JUL 10 1950
Department of Reclamation

Mr. Ray Assendrup
Murtaugh, Idaho

Dear Mr. Assendrup:

When you were in the office yesterday you stated that you did not know until you received the file from Mr. Hamilton that you could amend Permit No. 20268 to include an additional well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, instead of filing a new application for which Permit No. 21189 was issued, since both are appurtenant to the same land, that is, 150 acres in the SW $\frac{1}{4}$ Section 26, Township 11 South, Range 19 East, B.M.

However, it is not too late to so amend Permit No. 20268, and such amendment would carry the priority of the original Permit which is January 23, 1948, instead of May 16, 1949, the priority under Permit No. 21189.

If you wish to apply for such amendment, you may execute the amendment application enclosed and return to this Department; and since you could be allowed five years within which to make the Proof of Completion of Works, you may withdraw the Proof of Completion of Works executed yesterday on Permit No. 20268, and obtain an extension until January 23, 1953, for making proof on both wells under the amended Permit.

You mentioned the fact that Permit No. 20268 only calls for 150 inches, but both Permits state that only the West 150 acres of the Quarter Section are to be irrigated instead of the entire 160 acres.

If Permit No. 20268 is so amended it will take the place of Permit No. 21189, which may be relinquished.

Very truly yours,

Mark R. Kulp

**NOTICE OF PROOF APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10 o'clock A. M. on the 29th day of January, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before Edward J. Jock, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of subterranean stream in accordance with the terms and conditions of Permit No. 20268 heretofore issued by the State Reclamation Engineer of the state of Idaho.

The name and postoffice address of the person or corporation holding said permit are Ray A. Assendrup, Murtaugh, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is one and six tenths (1.6) cubic feet per second.

The place where said water is used All of the Southwest Quarter (SW $\frac{1}{4}$) of Section Twenty-six (26) of Township Eleven (11) South, in Range Nineteen (19) E.B.M. in ~~Twin Falls County, Idaho, excepting; how-~~ ever, the east ten (10) acres of said quarter section.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 20268.

The source of supply from which such water is diverted is well and subterranean stream in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, Twp. 11 South, Range 19 East, B.M.

The date of priority which said user is prepared to establish is January 28, 1948.
