WATER RIGHT NO. 45-2196
As Modified by Transfer No. 69143

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 255 acres within the place of use described above in a single irrigation season.
2. Rights 45-2196, 45-2202, and 45-2214 when combined shall not exceed a total diversion rate of 4.58 cfs, a total annual maximum diversion volume of 1020 af at the field headgate, and the irrigation of 255 acres.
3. Rights 45-2196, 45-2202, 45-2214, 45-2239, 45-2240, 45-2278, and 45-2211B when combined from all points of diversion shall not exceed a total diversion rate of 10.64 cfs, a total annual maximum diversion volume of 2478.0 af at the field headgate, and the irrigation of 619.5 acres in any season within a permissible place of use of 660.8 acres.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
5. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
6. Approval of Transfer 69143 does not grant any right-of-way or easement for use of the rights on lands owned by persons other than the right owner. Use on lands owned by persons other than the right owner is subject to private agreement.
7. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
8. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

1. This right is limited to the irrigation of 40 acres within the place of use described above in a single irrigation season.
2. Rights 45-2196, 45-2202, 45-2214, 45-2239, 45-2240, 45-2278, and 45-2211B when combined from all points of diversion shall not exceed a total diversion rate of 10.64 cfs, a total annual maximum diversion volume of 2478.0 af at the field headgate, and the irrigation of 619.5 acres in any season within a permissible place of use of 660.8 acres.
3. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
4. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
5. Approval of Transfer 69143 does not grant any right-of-way or easement for use of the rights on lands owned by persons other than the right owner. Use on lands owned by persons other than the right owner is subject to private agreement.
6. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

WATER RIGHT NO. 45-2240
As Modified by Transfer No. 69143

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 255 acres within the place of use described above in a single irrigation season.
2. Rights 45-2239, and 45-2240 when combined shall not exceed a total diversion rate of 4.12 cfs, a total annual maximum diversion volume of 900 af at the field headgate, and the irrigation of 255 acres.
3. Rights 45-2196, 45-2202, 45-2214, 45-2239, 45-2240, 45-2278, and 45-2211B when combined from all points of diversion shall not exceed a total diversion rate of 10.64 cfs, a total annual maximum diversion volume of 2478.0 af at the field headgate, and the irrigation of 619.5 acres in any season within a permissible place of use of 660.8 acres.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
5. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
6. Approval of Transfer 69143 does not grant any right-of-way or easement for use of the rights on lands owned by persons other than the right owner. Use on lands owned by persons other than the right owner is subject to private agreement.
7. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
8. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

License and Certificate of Water Right

Water License No. 20208

Amount 2.68 second feet

Water District No. _____

Priority October 24, 1947

THIS IS TO CERTIFY that E. G. HAGER and Walter Hager
of Kimberly, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated October 24, 1947; that Permit No. 20208
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.68 second feet, was issued thereunder on October 25, 1948, showing that said works
were completed on the 21st day of October, 1948; and that on the 20th
day of October, 1949,

E. G. HAGER and WALTER HAGER
of Kimberly, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of subterranean flow
from a well arbitrary, for the purpose of irrigation and domestic
use, under Use Permit No. 20208 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4678, on the 2nd day of January, 1951;

The right hereby confirmed dates from October 24, 1947;

The Point of Diversion is located

in the SE 1/4 NE 1/4, Sec. 28, Tp. 11 S., R. 20 E., B. M. Twins Falls County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.68 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27822
Permit No. 20208
District No.

S. T. Hamilton
P.O. Box 1058- Twin Falls, Idaho

1. Name of Applicant: E. G. and WALTER HAGER

Postoffice address: Kimberly County: Twin Falls State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (c) Bonds to be issued:

- (b) Treasury stock:
- (d) Other resources:

2. Quantity of water claimed: Four (4) cubic feet per second.

3. Source of water supply: a well with pump
Underground water diverted through / which is a tributary of None

4. Location of point of diversion: feet distant from the
corner of Section , T. , R. , B.M., and is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$
of Section 29 , T. 11 S. , R. 20 E. , B.M., County of Twin Falls

5. Water is to be used for Irrigation and domestic use

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.
(b) Amount of power generated: H.P., under feet head.
(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 4,000.00

8. Kind of works: Well, with casing, pump and pipe from well to high point

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet;

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe 12 inches; length of conduit 600 ft. miles.

Average grade per mile 30 feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Application # 27794 (Permit No. 20207) This permit is to be supplemental to Permit No. 20207.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

E. G. HAGER & WALTER HAGER Applicant.

By E. G. HAGER Agent.

Date of first receipt at Department of Reclamation: 2:00 P. M. October 24, 1947

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20208
Recorded in Book 73 Page 20208 Approved October 25, 1947
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before December 25, 1947 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before April 25, 1948
The whole of said work to be completed on or before October 25, 1948
Beneficial use of water appropriated in accordance herewith, to be made on or before October 25, 1949

Witness my hand this 25th day of October, 1947

MARK R. KULP
State Reclamation Engineer.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20208.

Comes now E. G. Heger and Walter Heger and represent to the State Reclamation Engineer of the State of Idaho:

That they are the owners and holders of Permit to appropriate the public waters of the State of Idaho, No. 20208 and request that the list of lands to be irrigated, as described in said Permit, be changed to read as follows:

That portion of the North Half of the Southeast Quarter ($N\frac{1}{2}SE\frac{1}{4}$) of Section Twenty-nine (29), Township Eleven (11) South, Range Twenty (20), E.B.M., comprising approximately twenty (20) acres, more or less, lying south of a ditch extending in a westerly direction from a point 1000 feet due south of the Northeast corner of the Southeast Quarter ($SE\frac{1}{4}$) of said Section 29, Township 11 South, Range 20, E.B.M.; also the South Half of the Southeast Quarter ($S\frac{1}{2}SE\frac{1}{4}$) of Section Twenty-nine (29), Township Eleven (11) South, Range Twenty (20), E.B.M.; also that portion of the North Half of the Southwest Quarter ($N\frac{1}{2}SW\frac{1}{4}$) of Section Twenty-eight (28), Township Eleven (11) South, Range Twenty (20), E.B.M., comprising approximately forty-five (45) acres, more or less, lying south of a ditch extending in an easterly and northeasterly direction from a point 1000 feet due south of the Northwest corner of the Southwest Quarter ($SW\frac{1}{4}$) of said Section 28, Township 11 South, Range 20, E.B.M.; and the South Half of the Southwest Quarter ($S\frac{1}{2}SW\frac{1}{4}$) of said Section 28, Township 11 South, Range 20 E.B.M., Twin Falls County, Idaho, comprising two hundred twenty-five (225) acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Twin Falls, Idaho, this _____ day of _____, 1949.

E. G. HAGER

WALTER HAGER

Date of receipt at Office of Department of Reclamation Aug. 3, 1949.

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, STATE RECLAMATION ENGINEER of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20208. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re: Permits Nos. 19438, 19542, 19743, 20207, and 20208

Mr. Edwin Snow
Box 515
Boise, Idaho

Dear Mr. Snow:

We enclose herewith 6 copies of Licenses Nos. 19438, 19542, 19743, 20207, and 20208, one of each of which being certified.

If the last two copies are not as clear as you would like, please let us know and we will furnish others. We have tried to make these with as little expense as possible by running them through only two times with carbons, and the cost will amount to \$10.00, or 2.00 for each set.

Very truly yours,

JOHN E. KULF
State Reclamation Engineer

Re: Permits Nos. 20207 and 20208

Messrs. E. G. and Walter Hager
Kimberly, Idaho

Gentlemen:

We enclose License and Certificate of Water Right issued under Permit No. 20207, confirming your right to the use of 1.44 second feet of water from a well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, Township 11 South, Range 20 East, B.M., with priority of September 27, 1947.

Also, License and Certificate of Water Right issued under Permit No. 20208, confirming your right to the use of 2.68 second feet of water from a well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, Township 11 South, Range 20 East, B.M., with priority of October 24, 1947.

Both Licenses are appurtenant to 225 acres in the SW $\frac{1}{4}$ Section 28 and the SE $\frac{1}{4}$ Section 29, Township 11 South, Range 20 East, B.M.

We also enclose Departmental Receipt No. 22958 for the \$16.00 fees paid in connection with these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits Nos. 20207 and 20208

Messrs. E. G. & Walter Hager
Kimberly, Idaho

Gentlemen:

We now have on file the reports of our Field Engineer on examination for beneficial use under your Permits Nos. 20207 and 20208.

This report shows that your well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, Township 11 South, Range 20 East, B.M. is capable of delivering 71.65 inches of water, and that your well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section is capable of delivering 134 inches of water.

The water from both these wells has been used to irrigate 225 acres located in the SE $\frac{1}{4}$ of Section 29 and the SW $\frac{1}{4}$ of Section 28, Township 11 South, Range 20 East, B.M.

Therefore, upon receipt of the statutory fee of \$16.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a License will be issued for 1.44 second feet of water from the well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29 under Permit No. 20207 and for 2.68 second feet of water from the well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29 under Permit No. 20208.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20208

This proof is for Beneficial use In Water District No. _____

1. Name of applicant E. G. & Walter Hager, Kimberly, Idaho
2. Source of water supply: Subterranean from a well
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29
T. 11 S. R. 20 E. County of Twin Falls
4. Describe works as they exist, giving dimensions and capacities of same: _____
No pump house, concrete slab hex. shape 60" x 60". Discharge - 8" x 6" into 12" o.d.
into covered line to East pump. G. E. Induction motor, 40 h.p., 220 v., 60 cy., 3 ph.,
97.3 amp, 1760 rpm, model 31E232, No. SC6625856. Worthington Pump - size 12, 11000D0-2
Serial #T1313341, 6' lower than pump to East, has same water level and drawdown (approx.)
No air column in well. $H = 75'$
5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ SE $\frac{1}{4}$ and part N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 29; S $\frac{1}{2}$ SW $\frac{1}{4}$ and part N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 28;
Twp. 11 S., Range 20 E., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Meter - 25 rpm for disc on meter, Type DM14, 220 v., 50 amps, 3 wire, Sec. K - 24, Sec.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

same as 20208*

October 31, 1949

Re: Permits Nos. 19438, 19743, 20207
and 20208.

Mr. Frank L. Stephan
Bank & Trust Co. Building
Twin Falls, Idaho

Dear Mr. Stephan:

To acknowledge receipt of your letter of
October 26, 1949, with enclosures as stated.

Proofs of Beneficial Use under Permit
No. 19438 in the name of E. G. Hager and 19743,
20207, and 20208 in the name of E. G. and Walter
Hager have been placed on file.

Before final action is taken in the matter,
the law requires that a field examination be made by
an Engineer from this Department.

We are unable to say just when this examina-
tion will be made as this Department has but one field
Engineer who makes examinations all over the state.

However, Mr. Tolson, Field Engineer for this
Department, will try and contact the Permit Holders at
the time he makes the examination in order that they may
arrange to show him over the grounds.

Very truly yours,

WANK H. KEMP
State Reclamation Engineer

Permit No. 20208

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Walter Hager, residence and postoffice address - Twin Falls, Idaho; occupation - farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date or priority you propose to establish under the permit.

Ans. Permit numbered 20208, dated October 24, 1947 - date of priority October 24, 1947.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water from a well. Point of diversion 1500 feet west and 200 feet north of the southeast corner of the NE $\frac{1}{4}$ of Section 29, Twp. 11 South, Range 20 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Works of diversion consist of one well 130 feet deep and 16 inches in diameter, cased for a distance of 20 feet from the top with 14-inch steel casing. Said well is equipped with a 12-inch turbine pump operated by a 40 H.P. electric motor having a capacity of 1300 gallons per minute against a total dynamic head of 95 feet. There has also been installed on said well 550 feet of 12-inch pipe buried underground leading from the above described turbine pump in an easterly direction, which connects with another pipe 16 inches in diameter running from the well constructed under authority of Permit numbered 20207 on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29, Township 11 South, Range 20 E. B. M., which said pipe consists of two sections: the first section being comprised of 4100 feet of 16-inch pipe and at the extremity of said section of pipe the same is reduced to a 12-inch steel pipe which leads in an easterly direction 470 feet, all of which said pipe line has been laid under the surface of the ground and covered with earth and delivers water to the high points on the lands to be irrigated from said pipe line. The difference in elevation between the outlet of pump or point of diversion and the end of the pipe line above described is approximately 30 feet.

Said works are capable of conducting to the place of intended use the water from well constructed under Permit numbered 20207 and from the well constructed under this Permit. By actual measurement on September 21, 1949 there was being pumped from the well constructed under this Permit and carried to the place of irrigation through said works 3.361 cubic feet per second of water, as well as 1.804 cubic feet per second of water from Well constructed under Permit numbered 20207.

20208

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water produced from said well is used for irrigation and domestic purposes but principally for irrigation. Said water produced from said well, together with the water produced from well constructed under Permit numbered 20207 has been used during the entire irrigation seasons of 1948 and 1949. In 1948 100 acres of the land hereinafter described was irrigated from said wells and in 1949 an additional 125 acres was cultivated and irrigated, making 225 acres irrigated during the entire crop season of 1949. The land irrigated is described as follows: 13 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$, 7 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 29; 15 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$, 30 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ and 40 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ in Section 28, all in Township 11 South, Range 20 E. B. M. All of said land irrigated as aforesaid lies south of a ditch extending in a westerly direction and also in an easterly and northeasterly direction from a point 1000 feet due south of the northwest corner of the SW $\frac{1}{4}$ of Section 28-11-20.

Said land has been cleared from sagebrush and is all cultivated land, there being no natural meadow land.

Improvements made to the land by reason of the reclamation therefrom from desert land are: 1 house, an implement shed, the two wells above described and said 5000 feet of pipe line.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. - - -

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One inch of water per acre is required for successful farming.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. - - -

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All water produced from said two wells above described has been used for irrigation on said land during the past two irrigation seasons.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Answers to questions numbered 10 and 6 give acreages of land irrigated by the wells covered by this permit and and Permit numbered 20207. Permit 20207 was issued for four cubic feet per second and Permit numbered 20208 was also issued for four cubic feet per second.

Walter Hager

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 25th day of October, A. D. 1949.

Answer to Question numbered 5:

Works of diversion consist of one well 130 feet deep and 16 inches in diameter, cased for a distance of 20 feet from the top with 14-inch steel casing. Said well is equipped with a 12-inch turbine pump operated by a 40 H.P. electric motor having a capacity of 1300 gallons per minute against a total dynamic head of 95 feet. There has also been installed on said well 550 feet of 12-inch pipe buried underground leading from the above described turbine pump in an easterly direction, which connects with another pipe 16 inches in diameter running from the well constructed under authority of Permit numbered 20207 on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29, Township 11 South, Range 20 E. B. M., which said pipe consists of two sections: the first section being comprised of 4100 feet of 16-inch pipe and at the extremity of said section of pipe the same is reduced to a 12-inch steel pipe which leads in an easterly direction 470 feet, all of which said pipe line has been laid under the surface of the ground and covered with earth and delivers water to the high points on the lands to be irrigated from said pipe line. The difference in elevation between the outlet of pump or point of diversion and the end of the pipe line above described is approximately 30 feet.

Said works are capable of conducting to the place of intended use the water from well constructed under Permit numbered 20207 and from the well constructed under this Permit. By actual measurement on September 21, 1949 there was being pumped from the well constructed under this Permit and carried to the place of irrigation through said works 3.361 cubic feet per second of water, as well as 1.804 cubic feet per second of water from Well constructed under Permit numbered 20207.

Answer to Question numbered 6:

The water produced from said well is used for irrigation and domestic purposes but principally for irrigation. Said water produced from said well, together with the water produced from well constructed under Permit numbered 20207 has been used during the entire irrigation seasons of 1948 and 1949. In 1948 100 acres of the land hereinafter described was irrigated from said wells and in 1949 an additional 125 acres was cultivated and irrigated, making 225 acres irrigated during the entire crop season of 1949. The land irrigated is described as follows: 13 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$, 7 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 29; 15 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$, 30 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ and 40 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ in Section 28, all in Township 11 South, Range 20 E. B. M. All of said land irrigated as aforesaid lies south of a ditch extending in a westerly direction and also in an easterly and northeasterly direction from a point 1000 feet due south of the northwest corner of the SW $\frac{1}{4}$ of Section 28-11-20.

Said land has been cleared from sagebrush and is all cultivated land, there being no natural meadow land.

Improvements made to the land by reason of the reclamation therefrom from desert land are: 1 house, an implement shed, the two wells above described and said 5000 feet of pipe line.

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. E. G. HAGER, residence and postoffice address - Kimberly, Idaho;
occupation - farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit numbered 20208, dated October 24, 1947 - date of priority
October 24, 1947.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water from a well. Point of diversion 1500 feet west and
200 feet north of the southeast corner of the NE $\frac{1}{4}$ of Section 29, Twp.
11 South, Range 20 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. _____

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. _____

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

17925

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. One inch of water per acre is required for successful farming.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All water produced from said two wells above described has been used for irrigation on said land during the past two irrigation seasons.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Answers to questions numbered 10 and 6 give acreages of land irrigated by the wells covered by this permit and Permit numbered 20207. Permit 20207 was issued for four cubic feet per second and Permit numbered 20208 was also issued for four cubic feet per second.

(Sign) E. E. Hager

20208

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 20208

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. JOE GISH, Age 67, residence and post office address, Murtaugh, Idaho, employee of Twin Falls Canal Company.

Ques. 2. Are you acquainted with E. G. Hager and Walter Hager, the holder of Permit No. 20208? How long have you known him and where does he reside?

Ans. Yes, I am acquainted with the Hagers. I have known them for about ten years. E. G. Hager resides at Kimberly, Idaho. Walter Hager resides at Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20208, and are you familiar with its provisions and conditions?

Ans. Yes, I have read said permit and am familiar with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is obtained from a well located 1500 feet west and 200 feet north of the southeast corner of the NE $\frac{1}{4}$ of Section 29-11-20 equipped with a 12 inch turbine pump operated by a 40 H.P. electric motor. 550 feet of 12-inch pipe buried underground leads from said pump in an easterly direction, which connects with a 16 inch pipe 4100 feet long leading from well under Permit 20207 in a southerly and slightly easterly direction, which is reduced at the end to a 12-inch pipe which continues in an easterly direction 470 ft. Said pipe is buried and carries water from said wells to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will safely conduct to place of use all water from both wells on Sept. 21, 1949 Mr. Rose and I measured 3.361 cubic feet per second pumped from said well and conducted through said works to place of use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Answer to Question numbered 6:

The water produced from said well is used principally for irrigation. Said well was first used during the irrigation season of 1948 and water from said well, together with water from the well covered by Permit numbered 20207 was used during that season for the irrigation of 100 acres of the land hereinafter described. During the crop season of 1949 said two wells irrigated an additional 125 acres of ground hereinafter described, or a total of 225 acres irrigated in 1949. The land irrigated from said two wells, and which I have seen irrigated therefrom during the crop seasons of 1948 and 1949 is described as follows: 13 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$, 7 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 29; 15 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$, 30 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$, 40 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ and 40 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28, all in Township 11 South, Range 20 E. B. M. All of said land irrigated as aforesaid lies south

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is desert in character and requires one inch of water per acre for successful farming operations.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the work, water or lands above described.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

I have seen water from this well and from the well covered by Permit
Ans. 20207 used during the entire crop seasons of 1948 and 1949 on said 225 acres as above set forth for the production of crops. The land would be useless for farming without the application of said water produced from said two wells for irrigation.

(Signed) Joe L. Lile

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls,
County of Twin Falls, State of Idaho, on this 25th day of October,
A. D. 19 49.

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. G. L. ROSE, Age 68, residence and post office address Murtaugh, Idaho; occupation ditch rider for Milner Low Lift Irrigation District.

Ques. 2. Are you acquainted with E. G. Hager and Walter Hager, the holder of Permit No. 20208? How long have you known him and where does he reside?

Ans. Yes, I know the Hagers. I have known them for about six years. E. G. Hager resides at Kimberly and Walter Hager at Twin Falls, Idaho

Ques. 3. Have you read or heard read said Permit No. 20208, and are you familiar with its provisions and conditions?

Ans. Yes, I have read the permit and am familiar with its conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Water is obtained from a well located 1500 feet west and 200 feet north of the southeast corner of the NE $\frac{1}{4}$ of Sec. 29-11-20 equipped with a 12-inch turbine pump operated by a 40 H.P. electric motor. 550 feet of 12-inch pipe buried underground leads from said pump in an easterly direction, which connects with a 16-inch pipe 4100 feet long leading from well under Permit 20207 in a southerly and slightly easterly direction, which is reduced at the end to a 12-inch pipe which continues in an easterly direction 470 ft. said pipe is buried and carries water from said wells to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Said works will safely conduct to place of use all water from both wells

Ans. On Sep. 21, 1949 Mr. Gish and I measured 3.361 cubic feet per second pumped from said well and conducted through said works to place of use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. _____

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is desert in character and requires one inch of water per acre for successful farming operations.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the work, water or lands above described.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

I have seen water from this well and from the well covered by Permit
Ans. 20207 used during the entire crop seasons of 1948 and 1949 on said 225 acres as above set forth for the production of crops. The land would be useless for farming without the application of said water produced from said two wells for irrigation.

(Signed) W L Rose

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls,
County of Twin Falls, State of Idaho, on this 25th day of October,
A. D. 19 49.

20208

Permit 20208

20208

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20208.

Come now E. G. Hager and Walter Hager and represent to the
STATE RECLAMATION ENGINEER
~~Commissioner of Reclamation~~ of the State of Idaho:

That, they are the owners and holders of Permit to Appropri-
ate the public waters of the State of Idaho, No. 20208 and request
that the list of lands to be irrigated, as described in said Per-
mit, be changed to read as follows:

That portion of the North Half of the Southeast Quarter
(N $\frac{1}{2}$ SE $\frac{1}{4}$) of Section Twenty-nine (29), Township Eleven
(11) South, Range Twenty (20), E.B.M., comprising ap-
proximately twenty (20) acres, more or less, lying south
of a ditch extending in a westerly direction from a point
1000 feet due south of the Northeast corner of the South-
east Quarter (SE $\frac{1}{4}$) of said Section 29, Township 11 South,
Range 20, E.B.M.; also the South Half of the Southeast
Quarter (S $\frac{1}{2}$ SE $\frac{1}{4}$) of Section Twenty-nine (29), Township
Eleven (11) South, Range Twenty (20), E.B.M.; also that
portion of the North Half of the Southwest Quarter (N $\frac{1}{2}$
SW $\frac{1}{4}$) of Section Twenty-eight (28), Township Eleven (11)
South, Range Twenty (20), E.B.M., comprising approximate-
ly forty-five (45) acres, more or less, lying south of a
ditch extending in an easterly and northeasterly direction
from a point 1000 feet due south of the Northwest corner
of the Southwest Quarter (SW $\frac{1}{4}$) of said Section 28, Township
11 South, Range 20, E.B.M.; and the South Half of the South-
west Quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$) of said Section 28, Township 11 South,
Range 20, E.B.M., Twin Falls County, Idaho, comprising two
hundred twenty-five (225) acres.

That an additional amount of water is not asked for, and
that the rights of others will not be adversely affected by such
change.

Signed at Twin Falls, Idaho, this ____ day of ____, 1949.

E. G. Hager
Walter Hager

Date of receipt at Office of Department of Reclamation Aug. 3
1949.

STATE RECLAMATION ENGINEER
APPROVAL OF ~~COMMISSIONER OF RECLAMATION~~

I, MARK R. KULP, ~~Commissioner of Reclamation~~ STATE RECLAMATION ENGINEER of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 20208. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Mark R Kulp

~~Commissioner of Reclamation~~
STATE RECLAMATION ENGINEER

Re: Permits Nos. 20207 and 20208

Mr. E. C. Hager
Kimberly, Idaho

Dear Mr. Hager:

In sending out notices for Permits on which beneficial use proof will be due during the month of October, we note that Permits Nos. 20207 and 20208, in the name of yourself and Walter Hager, require beneficial use proof to be made on or before October 25, 1949.

Under date of July 11, 1949, we sent you necessary forms for making proofs of beneficial use, including two copies of Form 10 and one of Form 11 for each Permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits Nos. 20207 & 20208

Mr. Frank L. Stephan
Bank & Trust Company Building
Twin Falls, Idaho

Dear Mr. Stephan:

We enclose Certificates of Completion of Works issued under Permits Nos. 20207 and 20208 in the name of E. G. Hager and Walter Hager, together with Departmental Receipt No. 20972 for the \$10.00 fees paid in connection with these proofs.

Permit No. 20207 for the diversion of 1.66 second feet of water from a well on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29, and Permit No. 20208 for the diversion of 2.38 second feet of water from a well on the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, Township 11 S., Range 20 E. B.M., both for irrigation and domestic use on 100 acres in the SW $\frac{1}{4}$ of Section 28 and 100 acres in the SE $\frac{1}{4}$ of Section 29, Township 11 S., Range 20 E. B.M.

Very truly yours,

MARK A. HULP
State Reclamation Engineer

Permit No. 20208

STATE OF IDAHO

Department of Reclamation

PROOF OF COMPLETION OF WORKS
AFFIDAVIT OF HOLDER

STATE OF IDAHO,)
 SS.
COUNTY OF TWIN FALLS,)

E. G. HAGER and WALTER HAGER, being each duly severally sworn, upon their oath, depose and say:

First: That they are the holders and owners of Permit to Appropriate the public waters of the State of Idaho, No. 20208 and that the post office address of E. G. Hager is Kimberly, Idaho and the post office address of Walter Hager is Twin Falls, Idaho.

Second: That the name of the stream from which said water is to be diverted is underground water lying beneath the surface of the land described in their Application for Permit, numbered 27822.

Third: That the point of diversion of said water is 1500 feet west and 200 feet North of the Southeast corner of the Northeast Quarter (NE $\frac{1}{4}$) of Section Twenty-nine (29), Township Eleven (11) South, Range Twenty (20), E.B.M., Twin Falls County, Idaho.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by October 25, 1948.

Fifth: That the use for which said water is intended is for irrigation and domestic uses.

Sixth: That on September 29, 1948 the works constructed under said Permit were fully completed and consisted of the following:

One (1) well 130 feet deep and 16 inches in diameter, cased for a distance of 20 feet from the top with 14 inch steel casing. A 12-inch turbine pump operated by a 40 H.P. electric motor having a capacity of 1300 gallons per minute against a total dynamic head of 95 feet. That there has also been installed 550 feet of 12-inch pipe buried underground leading from the above described turbine pump in an easterly direction, which connects with another pipe 16 inches in diameter running from a well located pursuant to Permit No. 20207 on the Southeast Quarter of the Northeast Quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section Twenty-nine (29), Township Eleven (11) South, Range Twenty (20), E. B. M., which said pipe consists of two sections, the first section being comprised of 4100 feet of 16-inch pipe and at the extremity of said section of pipe the same is reduced to a 12-inch steel pipe which leads in an easterly direction 470 feet, all of which said pipe line has been laid under the surface of the ground and covered with earth and delivers water to the high points on the lands to be irrigated from said pipe line. The difference in elevation between the outlet of pump or point of diversion and the end of the pipe line above described is approximately 30 feet.

Seventh: That said works are capable of conducting to the place of intended use 2.88 second feet of water.

Eighth: That water appropriated under said permit is available for 200 acres of land described as follows:

10 acres in the Northeast Quarter of the Southwest Quarter;
10 acres in the Northwest Quarter of the Southwest Quarter;
40 acres in the Southwest Quarter of the Southwest Quarter; and
40 acres in the Southeast Quarter of the Southwest Quarter of
Section Twenty-eight (28), Township Eleven (11) South, Range
Twenty (20), E.B.M.; and
10 acres in the Northeast Quarter of the Southeast Quarter;
10 acres in the Northwest Quarter of the Southeast Quarter;
40 acres in the Southwest Quarter of the Southeast Quarter; and
40 acres in the Southeast Quarter of the Southeast Quarter of
Section Twenty-nine (29), Township Eleven (11) South, Range
Twenty (20), E. B. M., all in Twin Falls County, Idaho.

Ninth: That the well hereinabove described, located and constructed in accordance with Permit No. 20208, has been thoroughly tested and it has been determined by the undersigned owners that said well will deliver a constant flow of water for irrigation and domestic purposes as hereinabove stated.

E. S. Hager
Walter Hager

SUBSCRIBED and SWORN to before me this 21st day of October, 1948.

Frank L. Stephen
Notary Public for Idaho,

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

E. G. & Walter Hager

Boise, Idaho **August 2, 1948**

Kimberly, Idaho

Dear ~~Sir~~, **Sirs**:

Under the terms of your permit No. ~~20208~~ **20208** ----- you are required to complete your diversion works on or before ~~October 25, 1948~~ **October 25, 1948** ----. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer
