Mr. J. R. Keenen

Dear Mr. Keenen:

We enclose certificate of completion of works issued under Permit No. 19972 in the name of Max M. Boley, for the diversion of two (2) second feet of water from a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31, Township 11 South, Range 20 East, B.M., for irrigation and domestic use on the East 70 acres of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 31.

We also enclose departmental receipt No. 24022 for the \$5.00 fee paid in connection with completion of works proof.

We have placed on file the depositions of Mr. Boley and two witnesses, also affidavit of publication in the Twin Falls Times News submitted in proof of beneficial use under Permit No. 19972.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact Mr. Boley at the time the examination is made so that arrangements may be made to show him over the grounds.

Dear Mr. Keenan:

We acknowledge receipt of your letter of December 12, 1951, enclosing depositions of Max M. Boley and two witnesses, also affidavit of publication in the Twin Falls Times News, all in proof of beneficial use under Permit No. 19972.

We return Mr. Boley's affidavit for the necessary corrections and also call attention to the fact that his signature has not been notarized.
