APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 19872.

Comes now J. D. Claiborn, and represents to the State Reclamation Engineer of the State of Idaho:

That he is one of the owners and holders of Permit to Appropriate the Public Waters of the State of Idaho, No. 19872;

That the point of diversion is described in said Permit as being located within 100 ft. from SE corner of SE $\frac{1}{4}$ of Sec. 35, Twp. 11 S., Range 19, EBM,

That he now requests that the point of diversion be changed to a point located 15 ft. West and 15 ft. North of SE corner of SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 35, T. 11 S., Range 19 East, B.M., Twin Falls County, Idaho

That his reasons for desiring to make such change are as follows: Well has been drilled in the last above-described location.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Twin Falls, Idaho, this 20th day of March, 1950.

RE: Permit No. 19872

Mr. J. D. Claiborn
Kimberly
Idaho

Dear Mr. Claiborn:

The report of our field engineer on examination for beneficial use under Permit No. 19872, shows that your well in the SW¹/₄ SW¹/₄ Section 35, Township 11 South, Range 19 East, B.M., will deliver 76 inches or 1.52 cubic feet per second, and that you have irrigated 160 acres in the SW¹/₄ of said Section 35.

Therefore, upon receipt of the statutory fee of \$8.00, a license will be issued for 1.52 second feet of water from said well.

Very truly yours,

RE: Permit Nos. 20661 and 19872

Messrs. Benoit & Benoit
Bank and Trust Building
Twin Falls, Idaho

ATT: Harry Benoit

Dear Mr. Benoit:

We acknowledge receipt of your letter of September 11, 1951, enclosing the depositions of the holder and two witnesses, also affidavit of publication in the Twin Falls Times-News, all submitted in proof of beneficial use under the above numbered permits.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact the Messrs. Claiborn at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER

TO BENEFICIAL USE

Notice is hereby given that at 2:00 o'clock P.M. on the 11th day of September, 1951, at the office of Benoit & Benoit, Twin Falls Bank & Trust Building, in Twin Falls, County of Twin Falls, State of Idaho, before Edward L. Benoit, a Notary Public in and for the State of Idaho, proof will be submitted of the application to beneficial use of two (2) cubic feet per second of the waters of subterranean well in accordance with the terms and conditions of Permit No. 19872, heretofore issued by the State Reclamation Engineer.

The names and post office addresses of the persons holding said permit are: J. D. Claiborn, Kimberly, Idaho; W. L. Claiborn, Kimberly, Idaho; and Jack D. Claiborn, Jr., Kimberly, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is: 2 cu. ft. per second.

The place where said water is used is for the irrigation of the following described property situated in the County of Twin Falls, State of Idaho, to-wit:

The SW $\frac{1}{4}$ of Sec. 35, Tp. 11 S. R. 19 E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: ditches running to the above described land, carrying water from subterranean well and pumped by electric motor.

The right to take water from such works is based upon Permit No. 19872.

The source of supply from which such water is diverted is: well located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 35, Tp. 11 S.R. 19 E.B.M., Twin Falls County, Idaho.

The date of priority which said user is prepared to establish is July ~~12~~, 1946.

Dear Mr. Benoit:

We acknowledge receipt of your letter of August 11, 1951, with enclosures as stated.

We enclose certificate of completion of works issued under Permit No. 20661, in the name of J. D. Claiborn, A. L. Claiborn, and Jack P. Claiborn, Jr. setting diversion of 1.2 second feet of water from a well in the SW $\frac{1}{4}$ Section 35, Township 11 South, Range 19 East, B.M., for irrigation and domestic use on the SW $\frac{1}{4}$ of said section.

We also enclose departmental receipt No. 23671 for the \$5.00 fee paid in connection with this proof.

We have sent to the Twin Falls Times-News, copy of notice of beneficial use proof to be made on this permit and Permit No. 19872 on September 11, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send the affidavit of publication and statement of cost in your care.

We enclose the necessary forms of deposition to be used in making this proof, consisting of one for the permit holders and one for each of two disinterested witnesses, and at the time set, they should appear before Edward L. Benoit, Notary Public, for the purpose of executing the depositions. Separate proofs should be made for each permit.

Dear Mr. Benoit:

We acknowledge receipt of Mr. J. D. Claiborn's Application for Amendment to point of diversion in Permit No. 19872, also Proof of Completion of Works under said Permit, and your check for the \$5.00 fee in connection therewith.

On making a recheck of our records of Permit No. 19872, we find that an Amendment has already been made and recorded, showing the point of diversion as being located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 35, Township 11 South, Range 19 East, B.M., so this later amendment is not necessary.

At present, we are out of a supply of forms for Certificate of Completion of Works, but as soon as we receive same from the printer, a Certificate will be issued and sent you.

OF THE STATE OF IDAHO, No. 19872

* * *

Comes now J. D. Claiborn and represents to the State Reclamation Engineer of the State of Idaho:

That he is one of the owners and holders of Permit to Appropriate the Public Waters of the State of Idaho, No. 19872;
is

That the point of diversion/described in said Permit as being located in the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35, Township 11 S., Range 19, E.B.M., Twin Falls County, Idaho;

That he now requests that the point of diversion be changed to a point located in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35, Township 11 S., Range 19, E.B.M., Twin Falls County, Idaho;

That his reasons for desiring to make such change are as follows: That the drilling of a well at first designated point of diversion would not result in sufficient water, and the last location above described has resulted in securing water in the well there drilled.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

ATT: Mr. Harry Benoit

Dear Mr. Benoit:

We acknowledge receipt of your letter of July 7, 1951, enclosing the application of J. D. Claiborn for extension of time for completion of works on Permit No. 19872.

The statutory limit of five years for making such proof will expire July 12, 1951, and no extension can be granted. Under these circumstances, Mr. Claiborn may do one of two things; either make a new filing to take the place of Permit No. 19872 which will carry the present priority, or make proof for the amount developed under Permit No. 19872 which can retain the original priority of 1948 and make a supplemental filing for an additional amount of water from the same source.

We enclose a form of application for Permit, together with a pamphlet giving regulations and instructions in regard to filing; also a form for making Proof of Completion of Works if Mr. Claiborn decides to prove up on the amount already developed.

Dear Sirs,

Under the terms of your permit No. 19872-----you are required to complete your diversion works on or before July 12, 1951----. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Dear Mr. Benoit:

Reference is made to your letter of February 23, 1950, in regard to the above numbered Permits, both of which stand on our records in the name of Mr. L. F. Wiseman, no assignments having been recorded to later owners.

We enclose two forms of Assignment which should be executed by Mr. Wiseman and returned to this Department with the recording fee of fifty (50) cents each.

The location of the wells described in these two Permits can be amended by using the enclosed forms, application for change of point of diversion.

The amount of water claimed under these Permits cannot be changed. If a smaller amount is developed under Permit No. 19872, Proof, of course, can only be made on that amount, but no more can be proved up under Permit No. 20661 than the 1.2 cubic feet per second claimed in the original application.

Since the amount of costs stated in the original filing is only approximate, it will not be necessary to make any change on the Permits, but this can be shown when the proofs are made.

Re: Permits Nos. 19872 and 20661

Gentlemen:

Both of the above applications were filed in the name of L. F. Wiseman. Mr. Wiseman has sold this property to J. D. Claiborne, W. L. Claiborne and Jack D. Claiborne, Jr., and executed assignments assigning the permits to them.

The present owners have drilled a well upon the premises since purchasing the same but have placed the well in a different location than set forth in Permit No. 19872, and, also, the water claimed is not 2 cubic feet per second but 1.6 cubic feet per second.

Referring to Permit No. 20661, the well, being the point of diversion, will be located in a different place than that designated in the application. The water claimed in that permit is 1.2 cubic feet per second, and they would like to have it 1.6 cubic feet per second.

The costs thereof are \$6,000 in each application instead of the amount therein set forth.

I am writing to determine what has to be done in your office to show the present owners of this land are also now the owners of these permits and whether the same can be amended to conform to the above-desired changes so that they can retain the same date of priority.

I would appreciate hearing from you by return mail.

Dear Mr. Wiseman:

In reply to your letter of August 5th, in which you request an extension of six months within which to commence work under the above numbered permits:

The Idaho statutes require that every holder of a permit must within sixty days from the date upon which said permit is issued "commence the excavation or construction of the works by which he intends to divert the water".

If it is not possible for you to obtain the services of a well driller at the present time, you could at least start work by marking out the location of the well or wells, and doing a certain amount of preliminary excavating preparatory to the work of the well driller.

In checking same, I see that work is to begin on or before September 12, 1946. In regard to this date, I doubt if I can start this work that soon as I have contacted well drillers and they say they are so far behind that they would not even consider my application for drilling just now.

Due to this condition, I would like to have this date extended for at least six months.
