Remarks: Water from deep drilled well, starting with 15" hole, 12 $\frac{1}{4}$ " casing inside. Electric pump delivering approximately 1.50 c.f.s. Due to shortage of equipment may be delayed in providing full head and hence the delay in fulfillment of works. Ditches and diversion works will be simple as land will be irrigated directly from well.

Dear Mr. Savage:

We have placed the depositions of yourself and two witnesses on file; also Affidavit of Publication in Proof of Beneficial Use under the above numbered permits.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination, in order that you may arrange to show him over the grounds.

Permit No. 19799

Application for Extension of Time FOR COMPLETION OF WORKS

John Savage, of Murtaugh

State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. 19799

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by April 19, 1948

That he has heretofore performed the following work described under said permit

Well is drilled, but pump not yet installed.

costing \$

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

Pump has not yet arrived, and power line not yet complete.

WHEREFORE, He asks that the ~~Commissioner of Reclamation~~ extend the time for the completion of works under said permit to April 19, 1949

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. John Savage

Boise, Idaho **February 2, 1948**

Murtaugh, Idaho

Dear Sir:-

Under the terms of your permit No. 19799-----you are required to complete your diversion works on or before April 19, 1948----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
