Dear Mr. Allred:

Since we have not received an amendment of your permit to include the well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, we can only include the well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ in the licensing of Permit No. 19681/45-2212.

Therefore, unless we hear from you within 15 days of the date of this letter, a license will be issued as follows:

Amount of water that can be recognized as beneficially used under Idaho law: 1.05 cfs

Beneficial use: Irrigation of 130 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ (20), W $\frac{1}{4}$ SE $\frac{1}{4}$ (80), SE $\frac{1}{4}$ SE $\frac{1}{4}$ (30), Sec. 28, Twp. 11 S, Rge. 20 E, B.M.

Point of diversion: SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28, Twp. 11 S, Rge. 20 E, B.M.

The priority date established is: September 13, 1945 (late proof)

Dear Mr. Allred:

P
While preparing to issue your water license on the above numbered permit, we find that it will be necessary for you to amend your points of diversion before the license can be issued. We are enclosing a copy of our letter dated July 1, 1957, in which we explain the need for the amendment. Therefore, as soon as we are in receipt of the enclosed partially completed amendment signed and with the filing fee of \$10, we will proceed to issue your water license. If you feel that this amendment is not required and that our examiner's report is in error, please advise us and we will schedule a re-examination of your project.

Dear Mr. Allred:

It appearing to the Department of Water Administration that the terms and conditions of Permit 19681/45-2212 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee of \$8.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before March 28, 1971, why said permit should not be cancelled.

Permit 19681/45-2212 claims the use of 4.8 cubic feet per second of water, the point of diversion was to be located within the SE~~1~~/SE~~4~~ & SW~~1~~/SE~~4~~, Sec. 28,
T. 11S, R. 20E, B.M. and the permit was approved September 10, 1945.

Re: Permit No. 19681

Mr. H. R. Allred
1437 6th Avenue East
Twin Falls, Idaho

Dear Mr. Allred:

We have the report made by our field engineer on inspection of proof of application of water to beneficial use under Permit No. 19681, which shows that your wells are capable of conveying 104 miner's inches (2.08 c.f.s.) for irrigation of 130 acres and that the points of diversion are in the SW¹/₄SE¹/₄ and SW¹/₄SE¹/₄ of Section 28, whereas, the original permit shows the points of diversion in the SE¹/₄SE¹/₄ and SW¹/₄SE¹/₄ of Section 28. It is, therefore, necessary that you complete, sign and return the enclosed application for amendment.

Upon receipt of the amendment, mentioned above, and the statutory fee of \$8.00 (based at the rate of \$2.00 for each 40-acre subdivision) we will issue the License and Certificate of Water Right which will confirm the right with a priority of September 14, 1945, to your use of 2.08 second feet of the water from subterranean flow with the points of diversion in the SW¹/₄NE¹/₄, SW¹/₄SE¹/₄ of Section 28, for irrigation of 130 acres in the SW¹/₄NE¹/₄, W¹/₂SE¹/₄, SE¹/₄SE¹/₄ of Section 28, Township 11 South, Range 20 East, R.

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19681. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than September 10, 1956, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. H. R. Allred, 1437 6th Ave. East, Twin Falls, Idaho, farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 19681, September 10, 1945, same date. 8-29-45

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Two wells, one in SESE 28-11S-20 EBM, and one in SWSE 28-11S-20 EBM. Twin Falls County, Idaho. Points of diversion at wells near south line of S $\frac{1}{2}$ SE 28-11S-20 EBM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Wells are 850 feet deep. no casing. 12 inch holes. 8 $\frac{1}{4}$ feet to water. Six and eight inch discharge pumps. Measures with orifice by pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water has been used on all of SE $\frac{1}{4}$ and S $\frac{1}{2}$ NE Sec. 28-11S-20 EBM except about 25 acres in SW corner of SWSE. All cultivated. Modern home and well improved farm unite

19681

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. used only for irrigation

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. X

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Purchased from Hudson W. Brown.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since September 10, 1945 have used water from wells on above described lands through ditches directly from wells. I have been pumping 61 inches from well in SWSE and 110 inches from well in SESE. I could pump 25 inch more from each well.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. For the past five years I have been pumping about 100 inches of waste water back up onto the above land from the lower part thereof.

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A. L. Routh, 62 Yrs. 551, 3rd Ave. N. Twin Falls, Idaho,
Salesman

Ques. 2. Are you acquainted with H. R. Allred, the holder of Permit No. 19681? How long have you known him and where does he reside?

Ans. Since 1932. Resides in Twin Falls, Idaho

Ques. 3. Have you read or heard read said Permit No. 19681, and are you familiar with its provisions and conditions?

Ans. Yes. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. One well in SESE and one well in SWSE 28-11S-20EBM Twin Falls County, Idaho. The wells are on the south line of SE $\frac{1}{4}$ and water is taken by ditch to adjoining lands.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditches would conduct five second feet. I have seen about 175 inches being pumped and carried in ditches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount? I have seen the one pump pump about 65 inches and the other pump about 115 inches. I have sold and installed pumps and believe

Ans. the above estimates are accurate.

State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used only for irrigation and has been used on all of S $\frac{1}{2}$ NE and on all of SE $\frac{1}{4}$ except about 25 acres in SW corner, all in 28-11S-20-EBM. All land is cultivated. There is a modern home on the place and a number of good outbuildings and other improvements.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Originally sage brush land. Land takes an inch to the acre.

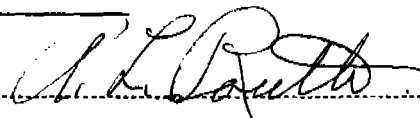

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For several years I have noticed the application of this water in the productions of various crops on the place.

Dear Mr. Sheneberger:

Reference is made to your letter of March 8, 1951, enclosing assignment of Permit No. 19681 from H. W. Brown to H. R. Allred; the depositions of H. R. Allred and two witnesses in proof of completion of work under Permit No. 19681; an application of Mr. Ellred for 4.8 second feet of water from Horse Creek; and his check for \$10.50.

The proofs of completion of work under Permit No. 19681 will be acceptable, and the permit may be reinstated, if the works, as described in the proofs, were completed on or before the due date of September 10, 1950. If such is the case, the depositions should so state, under Question 6 of the Permit holder, and Question 5 of the two witnesses, and we return the depositions for that purpose.

We assume that the new application is to take the place of Permit No. 19680, which is held for cancellation; in which case the new permit to be issued thereunder will have a priority of March 9, 1951, instead of August 29, 1945, the priority under Permit No. 19680.

The correct filing fee for 4.8 cubic feet per second is \$6.00, the fee on completion of works proof is \$5.00, and 50 cents for recording the assignment, or a total of \$11.50. There is, therefore, a balance due of \$1.00, for which Mr. Allred may send us his check.

Dear Sir:

In re: Water Permits No. 19680 and 19681-H. W. Brown

On February 21, 1948, Hudson W. Brown assigned Idaho State Land Sale Certificates to Mr. H. R. Allred covering the real estate described in the two above mentioned Water Permits. On December 23 of this year, Mr. Brown mailed Mr. Allred the two notices dated November 28, 1950 to Mr. H. W. Brown, notifying him that the two permits were being held for cancellation.

The work on permit No. 19680 has been completed and Mr. Allred desires to make proof of completion of this work and has also made beneficial use of the water appropriated under the permit. As to Water Permit No. 19680, Mr. Allred has informed me that one well is now producing about 100 inches and the other well is producing about 50 inches of water. He is continuing work on these two wells this winter and requests that he be given an extension of two years from September 10, 1950 to complete the work on the two wells.

Will you please advise me if this extension will be granted and also supply me with the necessary forms to make proof on the water of Cottonwood Creek.

Very respectfully,

FCS/pjm

Re: Permits Nos. 19680 and 19681

Mr. F. C. Sheneberger
Fidelity National Bank Bldg.
Twin Falls, Idaho

Dear Mr. Sheneberger:

Reference is made to your letter of December 26, 1950, in regard to the above numbered Permits in the name of H. W. Brown, which we understand from your letter, have been assigned to H. R. Allred.

If the works were completed on Permit No. 19680 prior to September 10, 1950, proof of such completion may be made by Mr. Allred and two witnesses on the forms enclosed, upon receipt and approval of which, the Permit may be reinstated and a Certificate of Completion of Works issued, the fee for which amounts to \$5.00. When this has been done, Mr. Allred may proceed with Proof of Beneficial Use, the forms for which we will furnish.

Since the statutory limit of five years for completion of works on Permit No. 19681 expired September 10, 1950, it will not be possible to grant an extension. He can either make proof of the works completed prior to September 10, 1950, similar to the proofs to be made on Permit No. 19680, and then file a new application covering the rest, or he may file a new application for the entire amount to take the place of Permit No. 19681. This, of course, would give a later priority than the date of original filing.

Before any of these proofs are made, however, it will be necessary to have recorded, the assignments of these two Permits from Mr. Brown to Mr. Allred, on the forms enclosed. There is a fee of \$.50 for recording each Assignment.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. H. W. Brown
Route 2
Kimberly, Idaho

Boise, Idaho **July 1, 1950**

Dear Sir:-

Under the terms of your permit No. 19681-----you are required to complete your diversion works on or before Sept. 10, 1950----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
