

State of Idaho
License and Certificate of Water Right

Water License No. 4734
Water District No. 10-B

Amount 70 sec. ft.
Priority 3-10-09

THIS IS TO CERTIFY that **S. H. Hays**
of **Boise, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **March 10**, 19 **09**; that Permit No. **4734**
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
70 second feet, was issued thereunder on **March 18**, 19 **15**, showing that said works
were completed on the **7th** day of **June**, 19 **14**; and that on the **10th**
day of **October**, 19 **18**,

Twin Falls Oakley Land & Water Company

of **Oakley**, State of **Idaho**, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of **Cottonwood**
Creek, a tributary of , for the purpose of **irrigation &**
domestic use, under Use Permit No. **4734** of the **State Engineer**
and that said right to the use of said waters has been perfected in accordance with the laws of
Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in
Volume **6** of Licenses, at page **5103**, on the **23rd** day of **October**, 19 **23**;

The right hereby confirmed dates from **March 10**, 19 **09**;

s are

The Point of Diversion is located **in the SW $\frac{1}{4}$, Sec. 17 and**
in the **SE $\frac{1}{4}$, Sec. 7**, Tp. **13 S, R. 21 E.**, B. M. **Cassia County.**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
exceed **70** cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Water to be used upon the irrigable portion of 25,000 acres of land covering 634 forty-acre tracts, or legal subdivisions, si- tuated in and being a part of the Twin Falls Oakley Land & Water Company's Carey Act Project; the said water, together with the water afforded by permits and licenses Nos. 4731-4732-4733 and 4735, is appurtenant to and to be used as the water right for the Twin Falls Oakley Land & Water Company's Project.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this **23rd** day of **October**, 19 **23**.

W. G. SWENDSEN.
Commissioner of Reclamation.

(SEAL)

No. 6320.

45-2062

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: S.H.Hays

Postoffice address: Boise

County: Ada

State: Idaho

II. The financial resources of the applicant are:

(d) Other resources: \$10,000

2. The quantity of water claimed is 300 cubic feet per second.

3. Source of water supply: Cottonwood Creek

County of Cassia

4. Location of point of diversion: SW $\frac{1}{4}$ Sec. 17. 275 sec. ft., and SE $\frac{1}{4}$ Sec. 7, Tp. 13 S.R. 21 East. 25 sec. ft.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: 15000 acres.

(b) In the following legal subdivisions: As shown on List A herewith and map.

6. Estimated cost of works: 35,000.00

7. Description of works for diversion:

I. Kind of works: Diverting dam, ditch, flume

II. Dimensions of works:

(a) Height of dam 8 feet, length of dam at top 35 feet, length of dam at bottom 18 feet. Material used in construction: Earth, stone, concrete and steel.

(d) Conduit ditch, width at bottom 24 feet, width at water line 36 feet, depth of water 3 feet. Average grade per mile is 2 feet. Length of conduit is 12 $\frac{3}{4}$ miles, and it crosses the following quarter sections: See List B herewith and map, to land described in 5 I (b) above which is the point of intended use.

8. Time required for the completion of the construction of such work is 5 years.

9. Time required for the complete application of the water to the proposed use is 4 additional years.

BE IT KNOWN, That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

S.H. Hays,

Applicant.

Remarks: These waters are to be collected for use in a reservoir situated on sections 19 and 30. Tp. 14 S.R. 22 East, and Sections 25 and 36. Tp. 14 S.R. 21 East and sections 1 and 2, Tp. 15 S.R. 21 East B.M., for use on lands described in List A. by distribution system shown in Application #6317.

APPROVAL OF STATE ENGINEER.

The number of this permit is 4734.

Date of first receipt of application: 9.00 a.m. March 10, 1909.

Returned to applicant for correction: April 9, 1909

Corrected application received: June 7, 1909

Recorded in Book 13. Page 4734. Approved June 7, 1909

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Good and sufficient bond to be filed in the sum of \$1,000 on or before August 6, 1909

One-fifth of the work above specified to be completed on or before December 7, 1911.

The whole of said work to be completed on or before June 7, 1914.

The time for proof of beneficial use of water appropriated in accordance herewith, to extend to June 7, 1918.

Witness my hand this seventh day of June, 1909.

Jas. Stephenson, Jr.

State Engineer.

(See assignment recorded under Permit No. 3751.)

Permit No. 4734

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that the Twin Falls Oakley Land & Water Company, of Wilmington, County of _____, and State of Delaware, the holder of Permit No. 4734, issued upon Application No. 6320, bearing date of priority of March 10, 1909, authorizing the diversion of three hundred (300) second feet of the waters of Cottonwood Creek, County of Cassia, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said permit; that said works are adequate for diverting and conveying to the place of intended use seventy (70) second feet of the waters of Cottonwood Creek; that the point of diversion of said waters is in the Northeast quarter of Southwest quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$), Section 17, Township 12 South, Range 21 East of Boise Meridian; that the waters appropriated under said permit are used in conjunction with waters appropriated under Permits Nos. 4731, 4732, 4733, 4735 and 3751; that the lands proposed to be irrigated by the use of said waters are described as follows, to-wit:

Re: Permits Nos. 4731-4732-4733-4734-4735.

Mr. C. A. Baner, Manager,
Twin Falls Oakley Land & Water Co.,
Oakley, Idaho.

Dear Sir:-

Enclosed you will find water licenses issued under
the above numbered permits, together with receipt for fees paid.

We are also enclosing a copy of the order drawn with reference
to the fees covering these licenses and a receipt, which please
sign and return to this office for our files.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

By _____
Chief Clerk.

Encl.

State of Idaho
DEPARTMENT OF RECLAMATION
Boise

In Re: Permits 4731-32-33-34-35)
Twin Falls Oakley Land and Water Co.)

O R D E R

WHEREAS, pursuant to the statutory provisions, the owner of the above stated permits offered proof of application of water to beneficial use, and in connection with the said proof, requested the undersigned Commissioner of Reclamation to consider the said proof, particularly in relation to the fee to be paid thereunder, representing that the water supply appropriated under the said permits was made available to lands in the Oakley Project through a common irrigation system and that the said water as represented by each of the permits was spread over the entire land and that it was impossible, therefore, to segregate the area and designate the particular parcels of land that were or might be irrigated from the water of each of the several permits;

THAT the said water was combined and the rights acquired under the said permits were owned by the settlers on the said project, or the said stockholders in the Oakley Canal Company, each enjoying an equal right as to date of priority, thus making it impossible to dedicate water obtained under each of the said permits to any other than the entire area in the said project, and

WHEREAS, upon a consideration of the said proof and the statute under which the same is offered and particularly that provision thereof relating to the payment of fee, it is found that these said proofs are offered jointly and that only one field examination under the said proofs was necessary, and in view of these conditions, it is thought equitable and proper because of the working of the statute relating to fees, that one fee only under the said several permits fixed at the statutory rate for each forty acre tract in the project, and upon which water as actually been applied, should be collected, especially in view of the consent on the part of the permit holder to pay such additional fee, if any, as may be subsequently found necessary under the said statute.

NOW, THEREFORE, it is hereby ordered that the fee in connection with the said proof of application of water to beneficial use in the above stated permits be fixed, according to the foregoing, at \$634.00, the rate being \$1.00 for each forty-acre tract irrigated thereunder.

WITNESS the seal and signature of the Commissioner of Reclamation this 26th day of October, 1923, affixed at Boise, Idaho.

Commissioner of Reclamation

*See report filed in file
Permits 4734*

Re Permits 4731-2-3-4-5

Mr. C. A. Bamer,
Manager, T. F. O. L. & W. Co.
Oakley, Idaho.

Dear Sir:-

Relative to the proofs of beneficial use of water made under the above numbered permits on October 10, 1918, would say that a re-examination was made July 13, 1921, by our engineer, Mr. Geo. Carter, and report filed. This report shows all, or parts, of 634 forty acre tracts under cultivation and irrigation. The statutory fees amount to \$634.00 for each permit, in view of the fact that each permit covers the entire list of lands. Upon receipt, therefore, of fees in the sum of \$634.00, licenses will be issued under these permits.

Very truly yours,

W. G. SWANDBERG,

Commissioner of Reclamation.

By _____

RECEIVED

PERMIT NO. 4734

OCT 25 1913

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. A. Bauer, age 34, Oakley, Idaho, manager, Twin Falls Oakley Land & Water Company, Oakley, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. TWIN FALLS OAKLEY LAND & WATER COMPANY, 412 Olive St., St. Louis, Mo., Agent, C. A. Bauer, Manager, Twin Falls Oakley Land & Water Co.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 4734, June 7, 1909, March 10, 1909.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cottonwood Creek, the point of diversion is in the NE 1/4 SW 1/4 of Sec. 17, Tp. 13 S. R. 21 E. S. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. The works of diversion consists of a diversion dam, ditch and flume. The dam is 8 feet high, 35 feet long on top, and 18 feet on the bottom, and is built of earth, stone, concrete and steel. The ditch and flume is 12 1/2 miles long, 12 feet bottom, slopes 3:1, depth 2.75 feet, grade 3.16 feet per mile, capacity 70 acre feet. The flume is a steel shell, semi-circular, 6 ft. 6 inches diameter, with a grade 5.28 feet per mile.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes. See list of lands attached. Cultivated lands, reclaimed from sagebrush, now cleared, fenced and brought to a high state of cultivation.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 1 1/2 acre feet per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By deed dated July 14, 1909.

4734

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. all the available waters of Goose Creek, its tributaries of Birch Creek, ~~Basin Creek~~, Big Cottonwood and Little Cottonwood creeks have been impounded in the Oakley Reservoir since 1913 and all of such water has been used and delivered to the settlers' head gates as follows: 1913-21,607, acre feet, 1914-33,422, acre feet, 1915-22,668, acre feet, 1916-29,402, acre feet, 1917-33,725, acre feet, 1918-30,000 acre feet.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. All decreed water of Goose Creek and its tributaries in the low-ew Goose Creek valley have been acquired by purchase and the water of Birch Creek, Basin Creek, and Little Cottonwood Creek have been delivered to the entrymen under the Twin Falls Oakley Land & Water Company's irrigation project. The above waters being in addition to waters claimed under this permit No. 4734.

Permit No. 4734

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. L. R. Burkhalter. Age 32. Watermaster, Oakley, Idaho.

Ques. 2. Are you acquainted with Twin Falls Oakley Land & Water Co., the

holder of Permit No. 4734? How long have you known him and where does he reside?

Ans. Yes for five years, Oakley, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4734, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Cottonwood Creek. Diverted in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 17, Tp. 13 S., R. 21 E. B. M. Diversion works consist of dam, ditch and flume. Dam is 8 ft. high, 35 ft. long on top and 18 ft. long on bottom and is built of stone, concrete and steel. The ditch and flume are 12.75 miles long with 12 ft. bottom in ditch, slopes 3 to 1, depth 2.75 ft. grade 3.16 ft. per mile, capacity 70 Sec. ft. The flume is a steel shell, semi-circular, 6 ft. 6 in. in diameter with a grade of 5.28 and capacity of 70 Sec. ft. It is conveyed by means of the foregoing to the Oakley Reservoir and thence through the 8 ft. by 10 ft. tunnel to two main canals. One with bottom width of 24 ft. *

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Capacity 70 Sec. ft. Have seen it carry 70 Sec. ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes. See list attached for lands upon which water has been used. Cultivated lands reclaimed from sage brush and brought to high state of cultivation, fenced and improved.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Semi-arid. 1 $\frac{1}{2}$ acre feet per acre.

4734

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. NO.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. All available water from Cottonwood, Little Cottonwood, Goose, Creek and its tributaries, Birch Creek and Basin Creek have been delivered upon the lands under the Twin Falls Oakley Land & Water Company project and beneficially used during the years 1913, 1914, 1915, 1916, 1917, and 1918.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Oakley, Cassia County, State of Idaho, on this 10th day of October A. D. 1918. That notice of this hearing was given for October 1st, 1918, and on account of the loss in transmission or non-arrival of the blanks for making proof it was adjourned from day to day until the 10th day of October, 1918."

B. P. Howells
Notary Public.

Residing at Oakley, Idaho.

My commission expires April 17, 1922.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 1st day of October, 1918,
 at Oakley, County of Cassia, State of Idaho,
 before B. P. Howells, Notary Public, proof will be submitted
 of the application to beneficial use of 987 cubic feet per second of the
 waters of Goose Creek, 600, Little Cottonwood Cr. 70, Basin Cr. 147,
Cottonwood Cr. 70, Birch Cr. 100 in accordance with the terms and conditions of
4731, 4732, 4733, 4734 &
 Permit No. 4735 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are-----
Twin Falls Oakley Land & Water Company, Oakley, Idaho
2. The use to which said water has been applied is for irrigation and domestic
purposes
3. The amount applied to beneficial use is 987 second feet
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Carey Act Segregation List No. 23 and Supplemental Carey Act
Segregation List No. 23, as listed in certificates of completion
issued by J. H. Smith, State Engineer on March 18th, 1915, and covering
these permits Nos. 4731, 4732, 4733, 4734 and 4735.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use
 is Irrigation system of the Twin Falls Oakley Land & Water Co. and
Oakley Canal Company
6. The right to take water from such works is based upon Permit No. 4731, 4732, 4733, 4734
and 4735
7. The source of supply from which such water is diverted is Goose Creek, Little Cottonwood
Creek, Basin Creek, Cottonwood Creek and Birch Creek.
8. The date of the priority which said user is prepared to establish is June 7th, 1909.

FRED A. ALKIE

State Engineer. *[Signature]*

REPORT OF ENGINEER

1. State name of applicant and number of permit: Twin Falls Oakley Land & Water Co.
Permit #4734

2. State source of water supply: Cottonwood Cr.

3. Location of point of diversion: NE SW Sec. 17 T. 13 S. R. 21 E.

See map on file with permit.

4. State whether or not the works of diversion are *fully* completed and in accordance with terms of permit:

Yes except that one diversion called the Cedar Cr. diversion has been omitted.

5. Describe works as they exist, giving dimensions of same as follows:

(a) Width of conduit at bottom: Flume steel shell.

(b) Width at water line: 6.6' diameter.

(c) Depth of water: Semicircular.

(d) Grade per mile: 13.2'

(e) Capacity of ditch: 70 second feet.

6. State whether or not water has been turned into works of diversion and if so, to what extent:

Yes to the extent of 50 second ft. during May, 1914.

7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty acre tract: See land list attached to "Deposition of Holder."

8. Submit map on enclosed plat, source of supply, point of diversion, route of ditch or ditches and cross hatch lands to be irrigated.

Remarks: See map attached to Engineer's report on Permit #4731. Works of diversion consist of a concrete dam across Cottonwood Cr., 18" wide on top 50' long on top and 50' long on bottom and 5.5 high.

The water from Cottonwood Cr. is taken during the flood flow of said Cr. through the "Cottonwood Feeder" and stored in the reservoir. The Cottonwood Feeder also carries water from Little Cottonwood. A

Certificate of Completion has been issued for this canal under Permit #4732.

Notary Public.

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. D. C. MacWatters - Milner Idaho - General Manager - Milner Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Twin Falls Oakley Land and Water Co - Wilmington Delaware - Vice President and General Manager

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. 4734 - June 7 1909 - 300 sec ft - Cottonwood Creek - 275 sec ft in Sec 17, and 25 sec ft in SE $\frac{1}{4}$ 7 - 13S - 21E

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation and Domestic - 45,816.17 acres - per attached list - water to be stored in reservoir

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. It has, to the extent of 50 second feet, during May 1914

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. The works of diversion are fully completed but do not comply in all respects with the Permit

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. One point of diversion is changed by omitting branch to Cedar Creek. Capacity reduced from 300 sec ft to 270 sec ft, taken entirely from Cottonwood Creek

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Diversion conduit, canal and flume - 12 $\frac{1}{2}$ miles long; canal 12 ft bottom, slopes 3 to 1, depth 2.75 feet, grade 3.16 ft per mile, capacity 270 sec ft. Flume - steel shell, semi-circular, 6'6" diameter, grade 5.28 ft per mile. Cost of works approx \$64000. Reservoir capacity 74350 acre feet - dam 143 ft high, 1075 ft long on top.
(Sign here.)

D. C. MacWatters

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Milner, County of Twin Falls, State of Idaho, on this 8th day of June, A. D. 1914.

The Depositions of two Witnesses, in this form, taken separately, required in each case.

PERMIT NO. 4734

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A. J. Wiley, age 57, Boise, Idaho, occupation, Civil Engineer, Post-office Boise, Idaho.

Ques. 2. Are you acquainted with D. C. MacCallister, the holder of Permit No. 4734, authorizing the diversion of 300 second-feet of the waters of Cottonwood Creek, ^{SW 17 = 275 ac ft} _{at SE 7-13-21 = 25 ac ft} for irrigation purposes? How long have you known him, and where does he reside?

Ans. Yes, for 7 years, and he resides at Krum, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4734, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. It is a sandy loam of very even formation and will require 1.5 acre feet per acre for successful irrigation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes to the extent of 70 second feet from Cottonwood Creek.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. They consist of a canal 12 feet wide on bottom, 35/1 slopes, 2.75 feet deep with grade of 3.16 feet per mile and capacity of 70 second feet. Also a flume semi-circular in section 6 feet wide on a grade of 5.28 feet per mile.

NOTICE OF PUBLICATION.

Notice is hereby given that at 1 P.M.,
on the 8th day of June, 1914, at Milner,
County of Twin Falls, State of Idaho, be-
fore Ghas. A. Bauer, Notary Public, proof
will be submitted of the completion of
works for the diversion of

1000 cubic feet per second of the waters
of Goose Creek;
300 cubic feet per second of the waters
of Little Cottonwood Creek;
200 cubic feet per second of the waters
of Basin Creek;
100 cubic feet per second of the waters
of Cottonwood Creek;
300 cubic feet per second of the waters
of Birch Creek

in accordance with the terms and condi-
tions of those certain permits heretofore
issued by the State Engineer of the State
of Idaho.

1. The name of the person or corpora-
tion holding said permits is Twin Falls
Oakley Land and Water Co.

2. The postoffice address of such per-
son or principal place of business of such
corporation is Milner, County of Twin
Falls, in State of Idaho.

3. The numbers of such permits are
4731, 4732, 4733, 4734 and 4735, and the
date set for the completion of such work
is June 7th, 1914.

4. Said water to be used for irrigation
and domestic purposes.

5. Said works of diversion will be fully
completed on the date set for such com-
pletion, and the amount of water which
said works are capable of conducting to
the place of intended use, in accordance
with the plans accompanying the applica-
tion for such permits, is 2100 cubic feet
per second.

6. The amount of lands for which said
water is available is 45,816.17 acres, par-
ticularly described as follows:

F. P. KING,
State Engineer.

Fred Jenkins
and sworn to before me this 7th
day of June, 1914.

W. H. Miller
Register, do hereby
notice, a printed copy of which is hereunto
by me posted in a conspicuous place in my
period of thirty days, I having posted said
day of June, 1914.

Affidavit of Publication

STATE OF IDAHO, }
County of Cassia. } ss

I, Fred Jenkins, do solemnly swear that I am the publisher of Oakley Herald, a weekly newspaper of, general circulation, published once each week at Oakley, Idaho, that the notice attached hereto and which is a part of this affidavit, and a part of the proof of publication thereof, was published in said newspaper for ^{four} consecutive weeks, the first publication having been made on the 1st day of May, 1914, and the last publication having been made on the 22nd day of May, 1914; that the said notice was published in the regular and entire issue of every number of the paper during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

NOTICE OF PUBLICATION.

Notice is hereby given that at 1 P.M., on the 8th day of June, 1914, at Milner, County of Twin Falls, State of Idaho, before Chas. A. Bauer, Notary Public, proof will be submitted of the completion of works for the diversion of

1000 cubic feet per second of the waters of Goose Creek;
300 cubic feet per second of the waters of Little Cottonwood Creek;
200 cubic feet per second of the waters of Basin Creek;
100 cubic feet per second of the waters of Cottonwood Creek;
100 cubic feet per second of the waters of Birch Creek

in accordance with the terms and conditions of those certain permits heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permits is Twin Falls Oakley Land and Water Co.

2. The postoffice address of such person or principal place of business of such corporation is Milner, County of Twin Falls, in State of Idaho.

3. The numbers of such permits are 4731, 4732, 4733, 4734 and 4735, and the date set for the completion of such work is June 7th, 1914.

4. Said water to be used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permits, is 2100 cubic feet per second.

6. The amount of lands for which said water is available is 45,816.17 acres, particularly described as follows:

Total 45,816.17 acres
F. P. KING,
State Engineer.

Fred Jenkins...
and sworn to before me this 9th day of June, 1914.

Notary Public
....., Register, do hereby notice, a printed copy of which is hereto by me posted in a conspicuous place in my period of thirty days, I having posted said day of, 1914.

2. The post office is at the principal place of business of such corporation is Milner, County of Twin Falls, in State of Idaho.

3. The numbers of such permits are 4731, 4732, 4733, 4734 and 4735, and the date set for the completion of such work is June 7th, 1914.

4. Said water to be used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permits, is 2100 cubic feet per second.

6. The amount of lands for which said water is available is 45,816.17 acres, particularly described as follows:

F. P. KING,
STATE ENGINEER

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise Idaho,

Dear Mr. Hayes, Lawyer,
Boise, Idaho.

March 3, 1914.

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No.

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which it is to be submitted, which proof **MUST** be made on or before

Upon receipt of this blank properly filled out, notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a Notary Public or other officer authorized to administer oaths.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

F. P. KING,
State Engineer

BOND No.

The Title Guaranty & Surety Company.

HOME OFFICE: SCRANTON, PENNSYLVANIA.

Know all Men by these Presents:

That -----S. H. HAYS-----

(hereinafter called the principal), and **THE TITLE GUARANTY & SURETY COMPANY**, a corporation created and existing under the laws of the Commonwealth of Pennsylvania, and whose principal office is located in the City of Scranton, Commonwealth of Pennsylvania, (hereinafter called the Surety), are held and firmly bound unto the State of Idaho,

(hereinafter called the obligee), in the full and just sum of One Thousand -----
(\$1000.00) Dollars, lawful money of the United States, to the payment of which sum, well and truly to be made, the said Principal binds himself, his heirs, executors and administrators, and the said Surety binds itself, its successors and assigns jointly and severally, firmly by these presents, signed and delivered this 5th day of August, A. D., 1909.

Whereas, said Principal has entered into a certain written contract with the Obligee.

the terms of which obligation are such that, whereas, the above named principal on the 10th day of March, 1909, filed in the Office of the State Engineer in Boise, Idaho, a certain application for Permit to appropriate the public waters of the State of Idaho, the said application being thereupon numbered No. 6320, in accordance with which said application the State Engineer granted and issued to the said principal herein a certain permit numbered No. 4734, a full, true, and complete copy of which application No. 6320, and Permit No. 4734, is of record in the office of the State Engineer, in Book 13 of Permits at page 4734.

Now, Therefore, The condition of the foregoing obligation is such that if the said Principal shall well and truly indemnify and save harmless the said Obligee from any pecuniary loss resulting from the breach of any of the terms, covenants and conditions of the said contract on the part of the said Principal to be performed, then this obligation shall be void; otherwise to remain in full force and effect in law; PROVIDED, however, that this bond is issued subject to the following conditions and provisions:

First—That no liability shall attach to the Surety hereunder unless, in the event of any default on the part of the Principal in the performance of any of the terms, covenants or conditions of the said contract, the Obligee shall promptly and immediately upon knowledge thereof, and in any event not later than thirty days after the occurrence of such default, deliver to the Surety at its office in the City of Scranton, Penna., written notice thereof with a statement of the principal facts showing such default and the date thereof; nor unless the said Obligee shall deliver written notice to the Surety at its office aforesaid before making to the Principal the final payment provided for under the contract herein referred to.

Second—That in case of such default on the part of the Principal, the Surety shall have the right, if it so desire, to assume and complete or procure the completion of said contract; and in case of such default, the Surety shall be subrogated and entitled to all the rights and properties of the Principal arising out of the said contract and otherwise, including all securities and indemnities therefor received by the Obligee, and all deferred payments, retained percentages and credits, due to the Principal at the time of such default, or to become due thereafter by the terms and dates of the contract.

Third—That in no event shall the Surety be liable for a greater sum than the penalty of this bond, or subject to any suit, action or other proceedings thereon that is instituted later than six months from the date stipulated in said contract for its completion.

Fourth—That the said Obligee shall retain the last payment and reserve due said principal until the complete performance by said principal of all the terms, covenants, conditions and stipulations of the contract on said principal's part to be performed, and until the expiration of the time within which liens or notices of liens may be filed, by reason of anything done in or towards the performance of said contract, and until the cancellations and discharge of such liens, if any.

Fifth—That in no event shall the Surety be liable for any damage resulting from, or for the construction or repair of any work damaged or destroyed by, an act of God, or the public enemies, or mobs, or riots, or civil commotion, or by employees leaving the work being done under said contract, on account of so-called "strikes" or labor difficulties.

In Testimony Whereof, the said Principal ha hereunto set his hand and seal , and the said surety has caused these presents to be sealed with its corporate seal, duly attest- ed by the signature of its Attorney-in-Fact the day and year first above written.

Signed, sealed and delivered
