RE: WATER RIGHT NO. 47-08387

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

FILED
MAR 26 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

LR 107-1142
MAR 26 1987

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sincerely,

Well, submersible motor & pump, lines to home, large lawn. Front lawn is 35,000 square feet. Back yard is about 0.7 acres. Has 10 sets of buried sprinklers (80-90 heads total). Lawn & trees appear to be well established and in place for some time. Property is fully landscaped & developed (no bare dirt ready to grow something).

SRPA claim covers domestic use & 1/2 acre of lawn. This permit covers the additional 1 acre of lawn. System was developed by a previous owner of the property according to Mr. Josqitis.

System capacity is 80 gpm = 0.11 cfs. Full capacity is probably not used due to the automatic sprinkler system.

SUBJECT: App. 47-08387, Bob Josaitis

Today the applicant was in my office. He brought an SCS NAPP photo dated 6-22-1987 that showed his property in a state of irrigation. He also had an ASCS slide dated 6-15-1986 that showed green vegetation all over his property. This appears to be convincing evidence that the system was developed before the SRBA started. As such, the application can be processed outside the moratorium. I returned the slide to Mr. Josaitis. A copy of the NAPP photo is attached.

Re: Application for Permit No. 47-08387

Dear Applicants:

Preliminary review by our State Office indicates processing of the above referenced application may qualify for an exception to the May 15, 1992 Snake River Basin Moratorium.

Because your application claims development prior to the start of the Snake River Basin Adjudication, we need additional information. Evidence of development prior to November, 1987 such as ASCS area photos pre-dating 1987 with a signed statement from an ASCS agent, power bills pre-dated November, 1987 for meter specifically servicing pump, pump records, various receipts, ASCS crop records and/or any other supportive documentation may be submitted.

This office has scheduled advertising the application in the Times News for 7/6 & 7/13/95. A period of ten days following the second publication will be allowed for the submittal of protests. However, the application cannot be forwarded to our state office for complete review until the requested information is received.

If you have any questions regarding this procedure, please feel free to contact us.

Very truly yours,

Mel Schulte
Sr. Water Resource Agent
