**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMO

TO: Kay Walker
FROM: Amanda Folsom
DATE: June 23, 2000

Regarding: Field Exam for 47-08273

This memo is to confirm my telephone conversation with Kay Walker this afternoon, and the need to correct the point of diversion for this file. Steve Davis from the BLM called me after he received a letter from Kay to amend this permit's point of diversion. I had misinterpreted the point of diversion on the quad map that had been provided by Steve. The point of diversion for this file should be in the SENESW 1/4 as the permit stated it to be. I am changing my recommendation to show that there is no need to change the point of diversion from the original location as described on the permit, so no amendment is needed.

I contacted Steve Davis after our conversation, and he was glad to hear that the fee would be waived and the correction made. I also apologized for any inconvenience. I would also like to thank Kay for her help.

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = \underline{\hspace{2cm}}$$

E. NARRATIVE/REMARKS/COMMENTS

FILE: 47-08273
FROM: AMANDA FOLSOM
DATE: June 14, 2000

I performed this exam along with four others at the BLM office in Burley on June 9, 2000. Mr. Steve Davis along with his assistant met with me and gathered the information from files and documents there at the office.

The BLM constructed two ponds in the SW of Sec 23, Twn 12S, Rng 18E. Both ponds are triangular. The pond pertaining to this permit is located in the NENESW according to the quad map that Steve Davis provided for me.

Steve also gave me a copy of the project report on file for these two permits. It does not distinguish which dimensions are for which pond, so I took an educated guess. The project report mentions that the ponds could not be dug very deep because of the large rocks in the area. The pond was constructed with a dam at the widest point and then narrows off like a triangle. The average depth is four feet. This pond is 25' wide by 40' long. Steve also confirmed that 125 range cattle and approximately 200 deer, etc, are still using the pond.

My recommendation is as follows:

Stockwater Storage	0.02afa
Wildlife Storage	0.02afa
Total	0.02afa

RE: WATER RIGHT NO. 47-08273

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms that a water right has been established in compliance with the terms of the permit. The examiner who verified your water use reported that the point(s) of diversion developed is in a location other than what was described on your permit. Therefore, before a license can be issued, your permit must be amended to depict your water right as it was actually developed.

The enclosed Application for Amendment form depicts the point(s) of diversion and other information as it will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 60 days.

Also, please note that some of the proposed conditions of approval and remarks may be modified upon further administrative review.

If you do not concur, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208) 327-7944.

Sincerely,

KAY WALKER

MEMORANDUM

DATE: October 28, 1996
TO: Allen Merritt, Southern Region Office
THRU: Shelley Keen *SK*
FROM: Cindy Zimmerman *CZ*
SUBJECT: Review of B/U Field Report on Permit Nos. 36-08326, 47-08273,
47-08275, & 47-08077 (USDI-BLM Stockwater use)

During the review of the above field examinations, I noted that "as-built" construction records were not noted as being used for verification of development as required in Supplement to Permit Processing Memo No. 8 dated 11/7/95 (see attached).

I am returning these exams so that the stockwater use developed under each permit may be verified according to Permit Processing Memo No. 8.

Thanks,

Cindy

Due to a problem in the statewide advertising of Application for Permit No. 47-08271, (J.M. Miller Enterprises Inc.), the publication scheduled for publication on 8/8/91 was cancelled at the Times News.

HOWEVER, since it was grouped with other applications for permit in the name of the USDI-BLM, the entire group was mistakenly cancelled by the Times News but was re-advertised on 8/15 & 8/22/91.

Re: Applications for Permit Nos. 47-08273 thru 47-08276

Dear Applicant (s):

The Department of Water Resources acknowledges receipt of your water right applications for permit. The applications have been assigned the above referenced identification numbers. Please refer to these numbers in all further correspondence.

This office will be advertising the applications in the Times News on 8/1 & 8/8/91. A period of ten days following the second publication will be allowed for the submittal of protests.

If an application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the applications are not protested, they will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,
