Dear Water Right Holder:

We acknowledge receipt of the correspondence changing the name of your company to Darling International, Inc. We have modified our computer records to reflect this change in company name.

Just a reminder, because of the new law that went into effect July 1, 1996, water right owners are required to report any change of address or ownership to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee.

If you have any questions regarding this matter, please feel free to contact us.

Enclosed, a Certificate of Ownership changing name to "Darling International Inc."
2. ADDITION OF SECOND WELL TO THE EXISTING WATER RIGHTS PERMIT:
As per your request, Dana Young of Darling International Inc. has recently submitted evidence to show that the second well was added to the water rights(#63-7980) previous to November 19, 1987. Consequently, the second well can be added to the water right on the Snake River Basis Adjudication(SRBA).
3. APPLICATION TO RENT WATER FOR IRRIGATION:
Darling International Inc.(Darling) has recently filed an application with Water Supply Bank to rent 230 acre feet of water per year to irrigate wastewater land application site.

If you need additional information, please feel free to contact me at:
208-344-8318.

Cordially,

RE: Water Right No. 47-08151

Dear Water Right Holder:

I have enclosed your copy of Water Right License No. 47-08151, which was issued on July 29, 1996. I have also enclosed a copy of your approved Application for Amendment and your receipt for the filing fee.

There is some information in the water right file which suggests that the ownership of this right may have changed. Please note that as of July 1, 1996, water right owners are required to record changes of water right ownership and changes of mailing address with IDWR. If you acquired a water right or changed your mailing address prior to July 1, 1996, you have until July 30, 1998, to notify IDWR. If you acquire a water right or change your mailing address after July 1, 1996, you must notify IDWR within 120 days of the change. Failure to comply with these requirements could result in a \$100 late filing fee. For your convenience, I have enclosed a form you can use to notify IDWR of a change.

If you have any questions, please contact me at 208-327-7946.

Respectfully,

**Shelley Walter Keen

RE: WATER RIGHT NO. 47-08151

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to depict your water right as it has actually been developed.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. The amendment reflects a change in the location of the point(s) of diversion and the place(s) of use description. Please review carefully and if you concur, sign the amendment and return with the \$50.00 filing fee within 14 days.

The last page of the Application for Amendment form contains a list of Conditions of Approval and Remarks proposed for the license when it is issued. These conditions of approval and remarks may be modified upon further administrative review.

If you do not concur, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208) 327-7946.

Sincerely,

DATE: JULY 31, 1992 139384
TO: WATER RIGHT HOLDERS AND APPLICANTS IN TWIN FALLS
LOW-TEMPERATURE GEOTHERMAL MORATORIUM AREA
FROM: NORM YOUNG
RE: EXTENSION OF MORATORIUM

Enclosed is a copy of an order extending the order designating the Twin Falls Low-Temperature Geothermal Moratorium Area. I appreciated the attendance of many of the users at the public information meeting on this matter held in Twin Falls last week. I understood those in attendance favored an extension of the moratorium, and some of the users were encouraging that the size of the area be increased and that additional actions be taken to protect artesian pressures. I indicated at the meeting that the moratorium would be extended without modification to keep its continuity and that IDWR will schedule as time and resources permit a review of the following matters:

- Expansion of the area.
- The need for repair or reconstruction of wells in and adjacent to the area.
- Evaluate the adequacy of the agreement to manage pumpage to prevent withdrawal in excess of the average rate of recharge or to maintain artesian pressures in the public interest.
- Review need for and adequacy of monitoring programs.

With respect to monitoring, the data recorded by the USGS from the well at the Nazarene Church is an important part of the information now being collected. The Church will soon be finished and will be using water from the well. Data from an unused well is more reliable for evaluating aquifer conditions. USGS and IDWR are evaluating alternatives for replacing this source of data. If you are aware of a well that is finished into the low-temperature geothermal aquifer and is not being used, please call Loren Holmes, IDWR Regional Manager at Twin Falls, a call at 736-3033.

RE: PERMIT NO. 47-08151

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the SOUTHERN Regional Office in Twin Falls at (208)734-3578.

RE: PERMIT NO. 47-08151

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.

Sincerely,

GARY SPACKMAN, Supervisor

Re: Application for Permit No. 47-08151

Dear Applicant (s):

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned the above referenced identification number. Please refer to this number in all further correspondence.

This office will be advertising the application in the Times News on 3/16 & 3/23/89. A period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Douglas Jones, E. I. T.
Water Resources Engineer

Mr. Harnes will return the amendment app.
However, he informed me that the name
has changed. I had suggested that he
strike through the present name and replace
it with the current name, assuming it was
a simple renaming of the co. I later found
out this was not the case. I explained to Mr. Harnes
that we would license in old name and why.
That was ok with him.
