C. HASKELL YADON, Being first duly sworn on oath,
deposes and says:

That he presently resides at 822 North Georgia Street,
Caldwell, Idaho 83605 and is 75 years of age and of sound mind.

That though I did not permanently live with my father
and mother, Frank E. and Harriet Yadon, I did frequently visit,
temporarily reside with, and assist with activities on their
real property, between the time they purchased it in 1934 and
the death of my father in November 1959, and subsequently with
my brother Emmett Yadon, until he moved from the property in the
1960's, said real property more particularly described as follows:

That part of the East Half of the Northwest Quarter
of Section 7, Township 11 South, Range 18 East of the
Boise Meridian, which lies in Rock Creek Canyon, from
rimrock to rimrock, with no water rights, in Twin Falls
County, Idaho.

That I observed farm animals, horses, milkcows, beef
cattle, pigs, ducks and geese that belonged to my father utilize
the pasture land on the aforementioned real property. That his
land extended to the fence lines and was utilized for pasture and
it was common knowledge by neighbors that ground inside the fences
to be Yadon property.

MICROFILMED

JUN 29 1988

That I do remember discussing with my father the occasion when James Keegan, a property owner to the Southeast and adjoining my fathers property, did move an existing fence one Sunday morning while the family was at church, confiscating approximately three acres of ground. At that time my father protested the incident to Mr. Keegan and reported it to the Twin Falls County Sheriff's Office. The Sheriff's Office took no action to have the fence relocated back to its original position. The matter was not pursued through the courts due to the costs involved and the ground was not physically reclaimed at that time due to the risk of personnal injury to both parties involved, however the ground confiscated by Mr. Keegan continued in fact to belong to my father regardless of relocation of that fence.

That evidence of the original fence locations still exist today as I knew them from 1934 to the 1960's, and have walked the fence lines on two occasions within the last three years, and I have outlined them on the Enlarged Portion of Aerial Photo YR 3G 130A as provided by the United States Department of Agriculture at Exhibit A and further specifically located by Survey at Exhibit B. Significant locations are identified by number, counter-clockwise 1 through 17.
