RE: App. for Permit No. 47-4357  
Names: Floyd Miller, Jr.

RECEIVED

JUN 18 1983

Department of Water Resources

Gentlemen:

The Twin Falls Canal Company after researching filed water right permit has concluded that water sought to be appropriated is waste water. However, we are advised that others may hold prior rights to this waste water and of course the holder has a right to cease wasting water.

The Canal Company will continue to make deliveries to their shareholders to the extent possible, but makes no effort to put additional water in the ditches so as to insure that waste water would be available for permits such as this one.

The Twin Falls Canal Company has in the past used aquatic weed chemicals in the water system, and will continue to do so. It is understood that the water permittee shall not claim the Twin Falls Canal Company liable for any water quality standards during the use of these chemicals. It is further understood that the Twin Falls Canal Company does not, and will not, guarantee water quality to any waste waters being filed upon.

Respectfully submitted,

  
C.W. Travis  
General Manager
