The above-mentioned obligations and duties of the Trustee to maintain said water system and to supply water to the said lots on that part of Adams Subdivision above described shall be limited by the amount of money paid to said Trustee by the Grantors or their successors in interest, less the amount to be paid to the Trustee as herein provided.

(3) The owners or their successors in interest of all the rights in each of the above-described lots of Adams Subdivision, Twin Falls County, Idaho, shall pay to the Trustee the sum of \$9.00 every three months commencing on the 1st day of July, 1959, and a like sum on the 1st day of every third month thereafter until this Trust is terminated, or until said Grantors have accumulated a total sum of \$700.00 with the Trustee, and in such event said payments shall be discontinued until such time as the Grantor's accumulated payments fall below \$600.00, at which latter time the quarterly payments shall again be continued.

(5) The Trustee shall be entitled to a Trustee's fee payable from the income of the water system at a rate of not to exceed two and one-half per cent (2½%) of the gross charges collected by said Trustee.

MICROFILMED

This conveyance is upon the trusts and for the purposes following, to-wit:

(1) This grant is for the benefit of the present and future owners of all and each of the lots in that portion of Adams Subdivision above described as belonging to the Grantors, as well as the holders of mortgages covering each of the lots, and Trustee shall hold the title to the property granted by this Indenture until either (a) the said water plant and the water system connected therewith are taken over by a government authority for maintenance and operation thereof; (b) other adequate water supply system is provided by governmental authority through means other than by operation of the well, plant and facilities now transferred to the Trustee herein, and upon the happening of either of these conditions this Indenture shall be of no further effect and the Trustee shall immediately reconvey to the Grantors, their successors or assigns, owning the remaining portion of Lot Four (4) Adams Subdivision, Twin Falls County, Idaho.

(2) The Trustee shall maintain said well, plant and distribution facilities at all times in good order and repair so that satisfactory water may be supplied to each of said lots in an amount equal to 1/10 of the flow from said water system. Satisfactory water shall be of the quality and purity as shall meet the standards recommended by the "Public Health Service and Drinking Water Standards," promulgated by the United States Public Health Service, Federal Security Agency, February 5, 1946, and the water shall be treated in the manner necessary to assure it's being of the quality and purity recommended in the above-mentioned standards and also so as to produce water without excessive hardness, corrosive properties, or other objectionable characteristics making it unsafe or unsuitable for domestic use or harmful to any or all pipes within and/or without the dwellings. Records of any and all chemical tests conducted in connection with said system shall be kept as permanent records by the Trustee and said records shall be open to inspection by the State Board of Health of the State of Idaho and the owners of the said lots in that portion of Adams Subdivision above described. Said Board of Health and/or its agents shall at all times have access to the water system to conduct any and all tests as said Board shall determine necessary to determine compliance with said standards and characteristics. In any event, the Trustee shall have said Board make such analysis at least quarterly and shall pay all costs in connection therewith. In the event the Board shall determine that the purity of the water does not meet the said standards, the Trustee shall immediately make any adjustment, repair, insulation or improvement that shall be necessary or required by said Board to bring the purity of the water up to said standards. The above-mentioned obligations and duties of the Trustee to maintain said water system and to supply water to the said lots on that part of Adams Subdivision above described shall be limited by the amount of money paid to said Trustee by the Grantors or their successors in interest, less the amount to be paid to the Trustee as herein provided.

(3) The owners or their successors in interest of all the rights in each of the above-described lots of Adams Subdivision, Twin Falls County, Idaho, shall pay to the Trustee the sum of \$9.00 every three months commencing on the 1st day of July, 1950, and a like sum on the 1st day of every third month thereafter until this Trust is terminated, or until said Grantors have accumulated a total sum of \$700.00 with the Trustee, and in such event said payments shall be discontinued until such time as the Grantor's accumulated payments fall below \$500.00, at which latter time the quarterly payments shall again be continued.

MICROFILMED

Provided further, that in the event that the Trustee shall find that it is unable to maintain said water system without additional funds it shall increase said quarter-annual payments by an amount necessary to meet the needs of said water system by giving the said owners or their successors in interest notice of the increased payments at least fifteen (15) days before the due date thereof. The Trustee is further authorized to discontinue to supply water to any of the said owners or their successors in interest at any time the payments due hereunder shall become delinquent for a period of time in excess of thirty (30) days

(4) The Trustee is hereby authorized to collect the required funds from the said owners and to expend all funds necessary in its opinion to maintain said water system, and for that purpose may employ one or more of the said owners to perform services in connection with said water system or matters incidental thereto, or may employ such other laborers or independent contractors or purchase equipment or supplies which it deems necessary.

(5) The Trustee shall be entitled to a Trustee's fee payable from the income of the water system at a rate of not to exceed two and one-half per cent (2½%) of the gross charges collected by said Trustee.

(6) The terms and conditions of this Trust shall exist as a covenant running with each of the above-described portions of Adams Subdivision, Twin Falls County, Idaho, belonging to each of the Grantors, and shall be binding upon all their successors in interest.

IN WITNESS WHEREOF, each of the Grantors has set his hand the day and year first above written; and Twin Falls Title and Trust Company, the Trustee herein named, has caused these presents to be executed by Gordon Gray, its president, and its corporate seal to be affixed, and attested by R.
