Re: Permits No. 21737; G-26055; G-27953
J. Woodson Creed and Noma M. Creed

Mrs. Noma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

Enclosed are approved amendments to point of diversion for Permits G-26055 and G-27953, and the amendment to place of use of the water under Permit No. 21737. Photo-copies are in our file and the changes have been recorded. Two photo-copies of the change in point of diversion for Permit G-27953 and the amendment to the land list under Permit 21737 are being sent to the Bureau of Land Management with a copy of this letter.

You have four irrigation wells:

Well No. 7, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., R. 19 E., produces 200 inches of which 25" goes to SW $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E., 11/25 or 88" goes to NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5 and 87" remains in NE $\frac{1}{4}$, Sec. 6.

Well No. 9, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, produces 80" to irrigate the land in Sec. 6.

Well No. 8, SE $\frac{1}{4}$ SE $\frac{1}{4}$, said Sec. 6 produces 90" of which 2/9 or 20" goes to W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 5 and 70" remains on Sec. 6 and 7.

Well No. 10, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5, produces 75" for Sec. 5, under Permit No. G-27953

Total inches from four wells 445.

Permit G-26055, 130 acres in SW $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E. will have 25" from well in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., R. 19 E. plus your waste water, about 75", from Sec. 5 and Sec. 6.

Permit No. 21737, 260 acres in NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 7, will have 237" from wells #7, 8, and 9, plus waste water.

Permit No. G-27953, 190 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 5, will have 183" from wells No. 7, 8 and 9.

Nona M. Creed

Feb. 27, 1961

There is a fee of \$1.00 for two photo-copies of amendment to point of diversion Permit G-27953, and \$1.50 for two photo-copies of land amendment Permit No. 21737, total \$2.50 which you may remit to this office. The four photo-copies will be sent to the Bureau of Land Management for their file. We enclose departmental receipt No. 30473 in the amount of \$1.00 for amendment to the land list on Permit No. 21737 and Receipt No. G-5732 in the amount of \$2.00 for Permits G-26055 and G-27953 for amendments to the point of diversion which is the fee for the recording.

Regarding your inquiry on using or re-using waste water, you have a right without further filing to use and re-use waste water on your own property.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

45-2506

Application No. G- 33939
 Permit No. G- 26055
 District No.

Creed Con Cern, Inc
550 Cindy Dr. Twin Falls
Ida

1. Name of Applicant: J. WOODSON CREED and NOMA M. CREED
 Postoffice address: Twin Falls County: Twin Falls State: Idaho
2. Quantity of water claimed: 3.2 cubic feet per second
 - (a) Rate of withdrawal in cubic feet per second. 3.2 or Idaho
 Miners' inches 160 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Wells to be drilled
4. Location of point of diversion or well is in the See ^{Remarks} $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 32
 Twp. 11 S. , Rge. 19 E. , B.M., County of Twin Falls
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled wells and ditches
8. Estimated cost of works: \$10,000.00
9. (a) Is reservoir to be used?
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five (5) years.
- 11-A. Ditch: Width at bottom 2 feet; width at water line 5 feet; depth of water 1 foot; dimensions of flume:--;
11. If applicant is a corporation, give: diameter of pipe inches; length of conduit One mile. Average grade per mile 5.28 feet.
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

SCANNED
 JAN 23 2002

The wells are to be drilled to the depth of 250 - 1000 feet. The amount of water to each well is yet undetermined. We want to develop three and two tenths (3.2) second feet altogether. If we are lucky one or two wells might suffice. Points of diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 11 South, Range 19 East, B.M.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

J. WOODSON CREED & NOMA M. CREED Applicant.
By NOMA M. CREED Agent.

Date of first receipt at Department of Reclamation: 2:00 P.M. Nov. 7, 1955

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G-26055

Recorded in Book 92 Page 26055 Approved Nov. 15, 1955

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before January 15, 1956 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before May 15, 1958

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before November 15, 1960

Witness my hand this 15th day of November, 1955

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, ROBERT E. SMYLLIE, Governor of the State of Idaho, and IRA H. MASTERS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 15th day of November, 1955

Creed ConCern, Inc.

Noma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

Our record of Water License No. G-26055 showed the point of diversion as being in Twin Falls County. That has been corrected to Cassia County.

Probably the license we sent to you shows the same. You may correct it or return the license and we will make the correction.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

Re: Permits No. 21737; G-26055; G-27953
J. Woodson Creed and Norma R. Creed

Mrs. Norma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

We have the report of the field engineer on Permit No. G-26055, Well No. 7, in SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 6, Twp. 12 S., Rge. 19 E., S. R., drilled under Permit No. 21737. One-eighth of the production of this well was assigned to land under Permit No. G-26055, 11/25 to land under Permit No. G-27953, with the balance to land in Section 6, under Permit No. 21737.

The report shows all of the water from this well is pumped through a 10" pipe to the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 5, T. 12 S., R. 19 E., S. R. to irrigate land under Permit No. G-27953 and to the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 32, T. 11 S., Rge. 19 E. to irrigate land under Permit No. G-26055. None going to the NE $\frac{1}{4}$, Section 6 under Permit No. 21737. This well was measured at 2.7 cubic feet per second, or 135 miners inches.

Well No. 10, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 5, drilled under Permit No. G-27953 irrigates land in Section 5; also land in Section 6 under Permit No. 21737. This well is not shown under Permit No. 21737. The flow from the well was measured at 70 miners inches. This well was measured due to a misunderstanding that the proofs were to be made in the near future.

This leaves our records on these three permits in a wonderful state of confusion.

We suggest that you should make the necessary proofs under Permits No. 21737 and G-27953 as soon as possible. We should be able to arrive at some solution with the three reports of the water and lands under the three permits

This report will be filed to wait for the other reports, if we do not hear otherwise from you.

Very truly yours,

W. C. CAMPBELL
State Reclamation Engineer

Re: Permit No. G-26055

J. Woodson Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mr. Creed:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26055 shows the well is (~~2500~~) capable of conveying 17 miner's inches, or 0.34 c.f.s. of water for the irrigation of 109 acres.

Upon receipt of the statutory fees, totaling \$ 13.00 , which consists of a Completion of Works fee of \$ 5.00 and License and Certificate of Water Right fee of \$ 8.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of November 7, 1955 to the use of 0.34 second feet of subterranean water with the point of diversion in the SE¹/₄NE¹/₄, Sec. 6, T. 12 S., R. 19 E., B.M. for irrigation of 109 acres in the SW¹/₄, Sec. 32, T. 11 S., R. 19 E., B.M. Well water is supplemented by waste water.

Very truly yours,

RALPH W. THOMAS

1. Name of applicant Dr. J. Woodson & Noma M. Creed

2. Source of water supply: wells

3. Location of point of diversion: Is in the _____ of Section 32
12 S 19 E.B.M.
11 S 19 E.B.M. County of CASSIA Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: 125 HP U.S. Motor
(Halls shaft) # 1198006, Layne-Bowler Pump # 27104 600 GPM @ 410' @ 1770 RPM
10" casing 12" Baffle # 1300' 12" discharge (Doesn't know any thing about
well or pump.) Sump - 15 HP Motor Layne-Bowler pump w/ 3100' x 8" steel pipe
to east.

5. Water is used for: irrigation

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW 1/4 Sec. 32., Twp. 11 S., Rge. 19 E.B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Mr. Van Nebeker Farm mgr. along
well in SE 1/4 SW 1/4 Sec. 32. is used for domestic purposes only. was drilled
for irrigation but only installed domestic pump.

Measured by Spurling Meter

This examination was made on the 24 day of May, 1961

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 26055

Mrs. Noma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

The water was measured twice at the outlet of the pipe with practically the same checked each time. The larger amount of 135 inches was allowed.

We do not know the cause of the decrease of amount from 213 miners inches measured during the test, your estimate of 200 inches last year and only 135 miners inches by measurement through a meter. The friction in the pipe should not cause the difference. Possibly there is some place where there is a high place in the pipe where air collects. An air pocket would reduce the amount of water.

Your operation of irrigation is really simple, the only fly in the ointment is that you have three different permits and the water should be divided so it is equitable.

We can issue the Certificate of Completion of Works (\$5.00) and the License and Certificate of Water License (\$8.00), total \$13.00 for 0.34 second feet or 17 miners inches of water from the well in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., for the irrigation of 109 acres in the SW $\frac{1}{4}$, Section 32, T. 11 S., R. 19 E., B.M.

We can take care of the other permits after you make the proofs of beneficial use of the water. The proofs on both permits should be made at the same time, if possible. Water from a well to irrigate certain lands cannot be allowed unless construction provides a method of getting the water to the land.

Very truly yours,

DEO. N. CARTER
State Reclamation Engineer

June 2 1961

RECEIVED

JUN 5 1961

Mr Ralph Thomas

Dear Sir;

We agree with your letter of May 31, that as soon as possible all proofs should be completed on our Water Permits. We have received today your Form 10A on # 21680

We are most concerned over difference of measuring for your report and the inches we assumed Well #7 was pumping. Layne Bowler tested it at 213" - we judged from last years acres in Crop that it was producing 200". Should we have offered to disconnect pipe and prepare a ditch so your test could be made at the well? Surely we dont lose that much from friction within the pipe.

You question why no water from Well 7 is on Section 6. The land west of Lot 4 Sec 5 is prepared only in part for Crop. It lacks leveling. The plan was to put it in Crop next year if water & money permits and it would be a Continuation of present ditch. Thus to us it was necessary to allot it a share of Well # 7. Need we correct that before final proof?

Truly Wells #8, 9 and 10 mangle their waters to water as needed our acres, whether in Sec 5 or Sec 6. Will try to demonstrate by color how versatile our watering plan is. Recall, too, that one family farm all land watered by permits #26055, 21737 and 27953.

Sincerely
Norma M Creed

826055

P.S. Last year's plan of watering did not send water from Well 10 to field South of pond. This year, tenant and farm manager chose to do so. They take great pride in using only what water need be pumped - Have unusual advantage of getting water high enough by pipe from Wells 7, 8, and 10 to choose direction.

Re: Permit No. G-26055

Mrs. Norma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Kimberly Advertiser, all submitted in proof of completion of works and beneficial use on Permit No. G-26055.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Permit No. G-26055

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Noma M. Creed 550 Cindy Drive Twin Falls, Idaho (wife)
J. Woodson Creed 550 Cindy Drive - Twin Falls - Pathologist

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Creed Concern, 550 Cindy Drive, Secty and President, owners of
99% stock

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit # G-26055 11-15-55 Nov 7, 1955 date of priority

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. 1/8 of water from well #7, located in SE 1/4 NE 1/4 Sec 6 Twp 12 S 19 E BM
Assigned to SW 1/4 Section 32 Twp 11 S 19 E BM under Permit # 260-25"

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well #7 in SE 1/4 NE 1/4 Sec 6 Twp 12 S 19 E BM, 800 Feet deep, 200 feet of
16" casing, depth to water 160'; 200" discharge tested by Layne Bowler
Water is piped 1200', then by open ditch gravity flow, by culvert
pipe under County road, then distributed by usual ditches
planned for 125" but Capable of Carrying more.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation only. SW 1/4 SW 1/4 - 40A NW 1/4 SW 1/4 - 40A
N 1/4 SW 1/4 30A, 20A SE 1/4 SW 1/4, all Section 32 Twp 11 S 19 E BM
All listed above is cultivated, no natural meadow land
2 Tennant houses, sheds, Corrals

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. George Gailey, Murtaugh, Idaho

G26055

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Same

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Under #26055 (and permit held prior) SW 1/4 Sec 32 was farmed '53, '54, '55 and '56 with limited water from well on place. Farming in '59 and '60 used present source of water plus waste.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Controlled waste water - minimum 75" - has been used in 1960, Pond, constructed in NW corner of Lot 2 Sec 6 - 11S - 19E, ditch across N boundary of same 40A - to Sump pump in Lot 1, by pipe to Lot 3, Section 5, 11S, 19E, crosses under road with pump water to complete irrigation of 130A

AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M., on the 31st day of March 1961, at Twin Falls, County of Twin Falls, State of Idaho, before John Martin, Notary Public, at 246 3rd Ave. East, Twin Falls, Idaho, proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26055, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is J. Woodson Creed and Noma M. Creed, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 0.5 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 6, T. 12 S., R. 19 E.B.M. SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E.B.M.

5. The place where said water is used is SW $\frac{1}{4}$ Section 32, Twp. 11 S., Range 19 E.B.M.

6. The date of priority which said user is prepared to establish is Nov. 7, 1955.

Re: Permits No. 21737; G-26055; G-27953
J. Woodson Creed and Noma M. Creed

Mrs. Noma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mrs. Creed:

Enclosed are approved amendments to point of diversion for Permits G-26055 and G-27953, and the amendment to place of use of the water under Permit No. 21737. Photo-copies are in our file and the changes have been recorded. Two photo-copies of the change in point of diversion for Permit G-27953 and the amendment to the land list under Permit 21737 are being sent to the Bureau of Land Management with a copy of this letter.

You have four irrigation wells:

Well No. 7, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., R. 19 E., produces 200 inches of which 25" goes to SW $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E., 11/25 or 88" goes to NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5 and 87" remains in NE $\frac{1}{4}$, Sec. 6.

Well No. 9, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, produces 80" to irrigate the land in Sec. 6.

Well No. 8, SE $\frac{1}{4}$ SE $\frac{1}{4}$, said Sec. 6 produces 90" of which 2/9 or 20" goes to NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5 and 70" remains on Sec. 6 and 7.

Well No. 10, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5, produces 75" for Sec. 5, under Permit No. G-27953

Total inches from four wells 445.

Permit G-26055, 130 acres in SW $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E. will have 25" from well in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., R. 19 E. plus your waste water, about 75", from Sec. 5 and Sec. 6.

Permit No. 21737, 260 acres in NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 7, will have 237" from wells #7, 8, and 9, plus waste water.

Permit No. G-27953, 190 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5, will have 183" from wells No. 7, 8 and 9.

G26055

Page Two

Nolan M. Creed

Feb. 27, 1961

There is a fee of \$1.00 for two photo-copies of amendment to point of diversion Permit G-27953, and \$1.50 for two photo-copies of land amendment Permit No. 21737, total \$2.50 which you may remit to this office. The four photo-copies will be sent to the Bureau of Land Management for their file. We enclose departmental receipt No. 30473 in the amount of \$1.00 for amendment to the land list on Permit No. 21737 and Receipt No. G-5732 in the amount of \$2.00 for Permits G-26055 and G-27953 for amendments to the point of diversion which is the fee for the recording.

Regarding your inquiry on using or re-using waste water, you have a right without further filing to use and re-use waste water on your own property.

Very truly yours,

Nolan M. Creed
State Reclamation Engineer

Application for Amendment

POINT OF DIVERSION

Permit No. G-26055

Comes now J. Woodson Creed And Norma M Creed and represent to the State Reclamation Engineer of the State of Idaho:

That ~~They~~ we (are) the owners and holder ~~of~~ Permit to Appropriate the Public Waters of the State of Idaho, No. G-26055.

That the point of diversion is described in said Permit as being located:

one well in each "40" of SW $\frac{1}{4}$ of Section 32, Twp 11S, R. 19E

That he now requests that the point of diversion be changed to a point located: SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 6 Twp 12S, R. 19E

(domestic well is in SE $\frac{1}{4}$ of SW $\frac{1}{4}$ of section 32 - THIS R. 19E "used")

That the reason for desiring to make such change is as follows:

better distribution of water

That no one will be injured by such , and that change will be made at Permit Holder's own risk

Signed at February 23, 1961 day of 23 1961

J. Woodson Creed

APPROVAL OF STATE RECLAMATION ENGINEER

I, GEO. H. CARTER, State Reclamation Engineer of the State of Idaho, HEREBY APPROVE the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-26055. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re: Permit No. 0-26055

J. Woodson & Noma M. Creed,
194 Tyler St.,
Twin Falls, Idaho.

Dear Mr. & Mrs. Creed:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 0-26055. The proofs are to be made at 10:00 o'clock A.M., on the 31st day of March, 1961, ~~1960~~ before John Martin, 246 3rd Ave., East, Twin Falls, Notary Public.

As of this date we have mailed the Notice to the Kimberly Advertiser with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

FEB 24 1961

Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a. M., on the 31st day of March, 1961, at Twin Falls, County of Twin Falls, State of Idaho, before John Martin, Notary Public, at (address) 246 3rd Ave East Twin Falls, Idaho, proof will be submitted of the completion of works for the diversion of ~~25~~ 3.2 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G 26055, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is J. Woodson Creed and Norma M. Creed Twin Falls Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is ~~125~~ 2.5 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is ~~25~~ 0.5 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 6 Twp 12 S, R 19 E BM
SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 32 T 11 S, R 19 E

5. The place where said water is used is SW $\frac{1}{4}$ Section 32 Twp 11 S, Range 19 E BM

6. The date of priority which said user is prepared to establish is May, 1953
Nov. 7, 1955.

Re: Permits No. 21680; 21737; G-26055
G-27953

Mrs. Noma M. Creed
194 Tyler Street
Twin Falls, Idaho

Dear Mrs. Creed:

You relinquished Permit No. 21681 on July 31, 1959.

Permit 21737 is for 6.4 c.f.s. to irrigate your land in Sections 6 and 7. Points of diversion on your permit checks the wells shown on your map. Production from the three wells, Nos. 7, 8 and 9, will total 370 inches according to your plan. From Well No. 7 you will use 25 inches to land under Permit No. G-26055 and 88 inches to land under Permit No. G-27953, which will also get 20 inches from Well No. 8. A total of 133 inches will be used on other land, leaving 237 inches under Permit No. 21737.

Permit G-26055 will have only 25 inches from Well No. 7 plus waste water from higher land for land in Section 32.

Permit G-27953 will have 75 inches from Well No. 10, 88 inches from Well No. 7 and 20 inches from Well No. 8 or a total of 183 inches for land in Section 5.

Permit No. 21680 will have the water from the well in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 33, for which you have a Certificate of Completion of Works for 1.5 c.f.s., plus your waste water from Section 5. Beneficial use of the water is due August 31, 1961.

The above checks your summary of the water.

To accomplish this our records must be amended.

Permit No. G-26055 amend the points of diversion to show well you drilled and 0.5 c.f.s. from well in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T. 12 S., R. 19 E.

Permit No. G-27953 amend the points of diversion to show NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5; 1.76 c.f.s. from SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 0.4 c.f.s. from SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7, T. 12 S., R. 19 E.

D26055

February 10, 1961

Noma H. Creed

Permits 21680 and 21737 will not have to be amended.

The amendment forms are simple. The existing points of diversion are the points shown on your permit, if they have not been changed by prior amendments. The points you wish to use go on the next blank line as indicated on the form. Reason for the amendment could be "better distribution of water".

This plan will work very satisfactory as long as these lands are operated as a unit. If later sold to different parties, there may be an argument about the water from Wells No. 7 and 8 if the production does not remain at the quantities you have proposed. Instead of the definite amount of water it might be better to show $2/9$ of the water from well No. 8 to Section 5, $1/8$ of the water from Well No. 7 to Section 32 and $11/25$ to Section 5.

Kindly complete the amendments to Permit G-26055 and enclose with the completed Forms 36 and 11 at your earliest convenience before that permit is cancelled. Forms 36 and 11 relate to the legal notice of intention to make proof of completion of works and beneficial use of the water.

Very truly yours,

GEO. H. CARTER
State Reclamation Engineer

Re: Permits No. G-26055
21737

J. Woodsen and Norma H. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mr. Creed:

Your letter of October 12 shows you have a well in the SW¹/₄SW¹/₄, Section 32, T. 11 S., R. 19 E. which you want to use under this permit for domestic use in an amount of 1 cubic foot per second.

Your permit shows only irrigation as the use of the water. That much water is an excessive amount for domestic use as the usual amount allowed is one miner inch or one fiftieth of a second foot of water. Are you actually using one cubic foot per second of water for only domestic use?

You are irrigating the SW¹/₄, Sec 32 from across the road. We assume that must be wells under Permit No. 21737. The wells being in SE¹/₄NE¹/₄, NW¹/₄SE¹/₄, SE¹/₄SE¹/₄, Sec. 6, T. 12 S., R. 19 E. A Certificate of Completion of Works was issued October 21, 1957 for 6.4 cubic feet per second from those wells to irrigation 320 acres in Sections 6 and 7. If those wells produce over 6.4 cubic feet per second you can amend Permit No. G-26055 point of diversion to include one of the wells in Section 6. Permit No. 21737 can be amended to include irrigation of the land in SW¹/₄, Section 32, which is probably the method you should follow. We cannot advise without knowing how much water is produced from your wells and what land can be irrigated.

You have Permits G-27953 in Section 5 and 21737 in Section 6, T. 12 S., R. 19 E.; G-26055 in Section 32 and 21680 in Section 33, T. 11 S., R. 19 E. besides two other isolated 160 acre tracts.

Kindly advise at your earliest convenience and the forms will be sent to you.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. G-26055

To J. Woodson & Norma M. Creed
194 Tyler Street
Twin Falls, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G- G-26055 to appropriate the Public Waters of the State of Idaho, have not been complied with as to _____
Completion of Works & Beneficial Use Proofs which were due November 15, 1960

YOU ARE HEREBY notified in compliance with Sec. 42-234, Idaho Code that said Permit No. G- 26055 is hereby held for cancellation.

YOU ARE HEREBY required to show cause before the State Reclamation Engineer on or before sixty days from date of this notice why said Permit should not be cancelled.

SAID PERMIT NO. G- 26055 claims the use of 3.2 cubic feet per second of the Subterranean Waters 4 wells with point of diversion located NE 1/4 SW 1/4, NW 1/4 SW 1/4, SW 1/4 SW 1/4, SE 1/4 SW 1/4 Sec. 32., Twp. 11 S., Rge. 19 E.B.M. and was approved November 15, 1955.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of my office at Boise, Idaho, the 22nd day of December, 19 60.

David Martin
State Reclamation Engineer

G26055

Mr George Carter

OCT 14 1960

October 12 1960

Department of the Interior

Dear Sir,

We were away when your letter came. Have hesitated to answer because well is now being used as domestic and we seek to prove only one cubic foot.

In order to prove beneficial use must the water come from that same land?

The ^{water for} 135 A in Crop on SW 1/4 of Section 32 T11S, Range 19E BM comes from across the road and is a combination of well and waste water. We are pumping 440 inches of water and re using 60 to 70⁴/₅ inches to water desirable areas of a total of 750 A - Should we submit a 'plan' for that entire area to you now as we will soon do to Land Management to make Final Proof on a filing?

Please advise - Sincerely,

Noma M and J Woodson Creed

26055

RE: Permit No. G-26055

J. Woodson Creed and Noma M. Creed
550 Cindy Drive
Twin Falls, Idaho

Dear Mr. Creed:

Returned herewith are the two Forms 36 and 11 you submitted to this office.

Kindly show on Form 36 under 2 the amount of water your works are capable of conveying, and under 3 the amount of water you have used beneficially. Under 4 show the point of diversion. The permit record information has been shown in pencil.

Complete the Form and return to this office at your earliest convenience. Probably the date for making the proofs will have to be advanced.

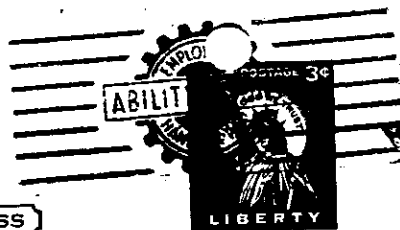

Very truly yours,

Re: Permit No. G- 26055

Date: Sept. 1, 1960

J. Woodson Creed & Norma M. Creed
194 Tyler St.
Twin Falls, Idaho

Dear Sirs:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G-26055 are due not later than November 15, 1960.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
