

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32318
Permit No. G- 24519
District No.

1. Name of Applicant: ROBERT W. STEPHAN, TRUSTEE
Postoffice address: Box 1127, Twin Falls County: Twin Falls State: Idaho
2. Quantity of water claimed: 2 cubic feet per second
 - (a) Rate of withdrawal in cubic feet per second. two or Idaho
Miners' inches 100 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean water from well located 2645 feet west and 1835 feet south of the Northeast corner of Section 23, Twp. 11 South, Range 18 E.B.M., Twin Falls County, Idaho
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 23
Twp. 11 S. , Rge. 18 E. , B.M., County of Twin Falls
5. Water is to be used for: irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well, no casing, barrel at surface, pump and motor.
8. Estimated cost of works: \$ 7885.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is one years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 470 inches of waters of Rock Creek with priorities: 20 inches priority 4-15-1882; 20 inches priority 4-1-1883; 30 inches priority 4-15-1883; and 400 inches priority 4-30-1885; prior rights to said stream water in other persons is 738 inches. Permit 22368 for 2 c.f.s.
 - (a) 2 (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Attention: Mr. Ralph W. Thomas

Dear Mr. Thomas:

I would like to obtain a copy of the water licenses issued for all irrigation wells located on any part of the following described lands in Twin Falls County:

West Half of Section 14, Township 11 South,
Range 18 E.B.M.

East Half of Section 15, except the NW $\frac{1}{4}$ NE $\frac{1}{4}$
thereof, same Township and Range.

NE $\frac{1}{4}$ and the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 22, same Town-
ship and Range.

NW $\frac{1}{4}$ of Section 23, same Township and Range.

If you have the same on file, I would also like to obtain a copy of any logs existing on such wells.

Do you have any information on file there concern-
ing surface water rights of Rock Creek appurtenant to
the above described lands or any portion thereof?

Thank you for your assistance. I will pay all fees
for the above copies if you will send me a statement
therefor.

Yours very truly,

RE: Permits Nos. G-22368 - G-24519

Mr. Robert W. Stephan
Bank & Trust Building
Twin Falls, Idaho

Dear Mr. Stephan:

We enclose Certificate of Completion of Works and License and Certificate of Water Right issued on Permit No. G-22368 confirming your right as Trustee of the Estate of Lucie Stricker, deceased, to the use of 1.2 second feet of water from a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Township 11 South, Range 18 East, B. M., with priority of September 5, 1951, for irrigation of land in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 15, Township 11 South, Range 18 East, B. M.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under Permit No. G-24519 confirming your right as Trustee of the Estate of Lucie Stricker, deceased, to the use of 2 second feet of water from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Township 11 South, Range 18 East, B. M., with priority of October 7, 1953, for irrigation of the same land as described in Permit No. G-22368.

We also enclose departmental receipt No. 27655 for the \$19.00 fees paid in connection with these proofs, on Permit G-22368 and G-1520 for the \$5.00 fee on Permit No. G-24519.

RE: Permits Nos. G-22368 - G-24519

Mr. Robert W. Stephan
Bank & Trust Building
Twin Falls, Idaho

Dear Mr. Stephan:

We now have on file the Report of our Field Engineer on examination for Completion of Works and Beneficial Use on the above numbered Permits in the name of yourself as Trustee of the Estate of Lucie Stricker, deceased.

This Report shows that the well in the NE¹/₄NE¹/₄NW¹/₄ Section 23, Township 11 South, Range 18 East, B. M., will deliver 60 inches of water which has been used to irrigate 250 acres in the NE¹/₄NE¹/₄, S¹/₂NE¹/₄ and SE¹/₄ of Section 15, Township 11 South, Range 18 East, B. M.

A Certificate of Completion of Works and License can therefore be issued under this Permit for 60 inches or 1.2 second feet of water. The statutory fee for Certificate of Completion of Works is \$5.00 and License fee \$14.00. The latter being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

The Reports further show that the well in the NE¹/₄SE¹/₄NW¹/₄ Section 23 will deliver 100 inches of water which has been used to irrigate the same land as described in Permit No. G-22368.

A Certificate of Completion of Works and License can therefore be issued for that amount. The fee for Certificate of Completion of Works amounting to \$5.00. There will be no additional License fee as this is the same land described in the other Permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Twin Falls, Idaho

Dear Mr. Stephan:

As required by law, inspection must be made in connection with the above numbered Permits before they can be brought to license.

I intend to make this inspection Wednesday morning, July 27 between 8:00 and 9:00. It will be necessary that someone familiar with the works accompany me on this inspection.

I will try to contact you by phone the evening before but in case I do not, I shall drive to the Stricker place sometime between 8:00 and 9:00, in the morning.

Very truly yours,

WILLIAM R. KULP

RE: Permits Nos. G-22368, G-24519

Messrs. Stephan, Stephan and Heap
Twin Falls Bank and Trust Co. Building
Twin Falls, Idaho

ATTENTION: Dorothy Dolling

Dear Madam:

In accordance with your letter of October 8 we have corrected Mr. Stephan's depositions in proof of completion of works and beneficial use on Permits Nos. G-22368 and G-24519, to include the NE¹NE¹ Section 15, Township 11 South, Range 18 East B.M.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Stephan at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK H. KULP
State Reclamation Engineer

October 7, 1954

RE: Permits No. G-22368
No. G-24519 ✓

Messrs. Stephan, Stephan & Heap
Bank and Trust Co. Building
Twin Falls, Idaho

ATTENTION: Mr. Edward H. Heap

Dear Mr. Heap:

We have your letter of October 5th with enclosures as stated in connection with the above numbered permits.

We note, however, that Mr. Stephan's depositions on both permits fail to include the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 15 which is included in the permits and also in the published notices.

We think this is an oversight because the witnesses all describe 280 acres in Section 15 which would include the NE $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, and SE $\frac{1}{4}$ of the Section.

Upon your authorization we shall be glad to correct these depositions to include this additional 40.

Very truly yours,

G-24519

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24519

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert W. Stephan, Trustee, residence Twin Falls, Idaho, occupation Lawyer, postoffice address: Box 1127, Twin Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-24519, dated October 9, 1953, date of priority October 7, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean WATER from a well - place of diversion - well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 23-11-18. Works consist of well, pump and open ditches to convey water to place of use. Well is 2645 feet west and 1835 ft. south of Northeast corner of Sec. 23-11-18.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works consist of a drilled well 350 feet deep, 16" hole to 260 feet, 12" hole 260' to 350', no casing, depth to water approximately five feet; equipped with a Layne & Bowler 40 H.P. electrically driven pump, 240' of column 6" educt-ion pipe, 10 feet of 8" suction pipe, 200 feet of air line with gauge and fitt-ings; together with open ditches for conveying water to place of use. Ditch is privately owned. Pump discharges 103 inches of water tested by Layne and Bowler of Twin Falls, Idaho.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improve-ments which have been made as a direct result of said use.

Ans. Water is used for irrigation of cultivated land - 160 acres of NW $\frac{1}{4}$, 160 acres of SW $\frac{1}{4}$ of Section 14, 80 acres of S $\frac{1}{2}$ NE $\frac{1}{4}$, 160 acres of SE $\frac{1}{4}$ of Sec. 15, all in Twp. 11 S., Rge. 18 E.B.M. None of said land is natural meadow land, all is cultivated land. Water has been used to improve production of crops on said land.

G-24519

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One inch to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All of the water produced from said well has been used during all of the crop season of 1952, 1953 and 1954 for irrigation of crops growing upon the above described land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

The above lands have appurtenant a water right consisting of 470 inches of waters of Rock Creek: 20 inches priority 4-15-1882; 20 inches priority 4-1-1883; 30 inches priority 4-15-1883; and 400 inches priority 4-30-1886; prior rights to said stream water in other persons is 738 inches. When flow of Rock Creek is 738 inches or less, no water is available from Rock Creek for said Stricker lands - Water from Rock Creek is generally not available for Stricker land after July 1st of each year.

(Sign)

Robert W. Stephan

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls,

State of Idaho, on this 4th day of October, A. D. 1954.

124519

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24519

Proof of Application of Water to Beneficial Use

Deposition of Witness

and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Bert Callen, age 44, residence Twin Falls, Idaho. Occupation farming and livestock raising. Post office address: Twin Falls, Idaho

Ques. 2. Are you acquainted with Robert W. Stephan, Trustee, the holder of Permit No. G-24519? How long have you known him and where does he reside?

Ans. I have been acquainted with Mr. Stephan since 1949. He resides at Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24519, and are you familiar with its provisions and conditions?

Ans. Yes, I have heard the Permit read and am familiar with its terms.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water from a well - place of diversion - well in the NE 1/4 SE 1/4 NW 1/4 of Section 23-11-18. Works consist of well, pump and open ditches to convey water to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will convey in excess of 100 inches. I have seen a little better than that amount being so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver a little more than 100 inches of water. I have estimated that amount from an estimate of the amount of water in the ditches. I have had experience in judging amounts of water from my experience of about 25 years using irrigation water.

f 24519

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water from said well is used for irrigation on 320 acres of
cultivated land in Section 14-11-18 and 280 acres in Section 15-11-18.
All of the land on which water is used is cultivated land - none is nat-
ural meadow land. Water has been used to improve the production of row
crops and hay on said land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is ashy-loam soil and requires one inch to the acre for
profitable production of crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all of the water produced from said well being used
for irrigation of crops during the crop seasons of 1952, 1953 and 1954.

(Signed) Ben Callen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls,
County of Twin Falls, State of Idaho, on this 4th day of October,

HONORABLE MARK R. KULP
State Reclamation Engineer
Capitol Building
Boise, Idaho

Dear Sir:

Re: Permits Nos. G-24519
G-22368

Robert W. Stephan, Trustee
Att.: Mrs. Jeanne L. Anderson

You will recall that we published the notice for proof of completion of works and application to beneficial use on the above numbered permits and set the hearing for July 28, 1954. Our witnesses appeared at that time but we did not take the proof because it appeared that the pumps were not delivering as much water as we had believed they were delivering. Later we had a letter from your department advising that we should have taken the proof on that day but that it might be possible for us to make an affidavit of postponement of the hearing and take the proof at a later date under the same publication.

We had some further investigation made on the wells and we are now ready to submit our proof.

Will you please advise whether we may still submit our proof under the publication above referred to or whether we must republish the notice of hearing. If, in your opinion, we should republish the notice will you please send the necessary notices to be filled out for such new publication.

With kind regards, we are

Very truly yours,

STEPHAN, STEPHAN AND HEAP

RE: Permits Nos. G-24519 & G-22368

Messrs. Stephan, Stephan and Heap
Bank and Trust Co. Building
Twin Falls, Idaho

ATTENTION: Mr. Edward H. Heap

Dear Mr. Heap:

In reply to your letter of July 28th, in reference to the above numbered permits in the name of Robert W. Stephan, Trustee, if the wells have ever produced the water and it was put to Beneficial Use, you should have taken the depositions.

Depositions should be taken for the greatest amount of water put to use under the permit, even though it is greater than the amount filed upon.

Under state statutes there is a check required in regard to any permit being brought to license. An inspection and report is required to be made by this Department on all such permits. This report serves as a basis for ironing out any irregularities.

If the permit holder and witnesses can truthfully say that the water has been produced and used beneficially the proof will be accepted, but the depositions should be accompanied by your affidavit stating that your office was open at the time set for proof in the published notice, that no protests were filed and that the taking of the proofs was postponed until the later date.

Otherwise it may be necessary to republish and take the proof at a later date.

Very truly yours,

MARK R. KUL
State Reclamation Engineer

MRS. JEANNE L. ANDERSON
Chief Clerk
Department of Reclamation
Capitol Building
Boise, Idaho

Dear Mrs. Anderson:

Re: Permits G-24519
and G-22368
Robert W. Stephan,
Trustee

We completed the publication for Proof of Completion of Works and Application to Beneficial Use on the above numbered Permits and our witnesses appeared at the office this morning at ten A. M. for the hearing and taking of depositions. No one appeared in opposition thereto. However, we did not take the depositions because it appeared from a discussion of the matters before we commenced the depositions that this year we are having trouble with one of the wells - the witnesses agreeing that in all probability the trouble is because of pumping problems and not that there is an actual reduction in the water to be produced from the well. In view of that fact we thought it advisable to wait until we have had an opportunity to have the well and pumping equipment tested again before putting in our proof.

We are wondering whether your department will allow us to take our depositions under the notice just finished and giving the date of proof July 28, 1954, or whether it will be necessary for us to republish the notice, or get an extension of time on our permit.

Will you please advise us. Thanking you, we are

Very truly yours,

STEPHAN, STEPHAN AND HEAP

1954

Remarks:

Applicant is Trustee under testamentary trust created by Lucy G. Stricker, deceased. Decedent left something over 900 acres of farm land. Production of crops is limited because of present limited water right. When flow of Rock Creek is 738 inches or less, no water is available from Rock Creek for said Stricker Lands. Soil to be irrigated is good, deep and fertile and when water is sufficient will produce crops in abundance. Frank L. Stephan, prior trustee received authority from District Court to borrow money to finance wells for supplemental water. One well was drilled under Permit No. G-22368. Well under this Permit makes additional water.

Average water from Rock Creek rights 250 inches.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Department of Reclamation
9 AM

HONORABLE MARK R. KULP
State Reclamation Engineer
Capitol Building
Boise, Idaho

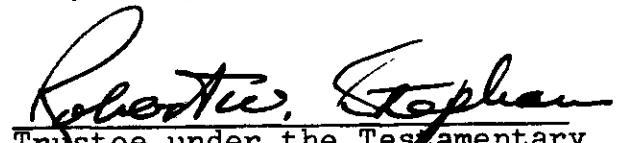

Dear Mr. Kulp:

I am enclosing herewith Application for Permit in duplicate for a well on the Stricker land. I am filing the same as Trustee of the Testamentary Trust created by Lucy G. Stricker, deceased, under authority of the District Court of Twin Falls County, Idaho. I am also enclosing herewith check for \$5.25 to cover filing fees. It will be appreciated if you will approve the application and return Permit etc. to me.

I might advise that the well has already been drilled and the works are complete and we have already used the well in the seasons of 1952 and 1953. My father, formerly Trustee filed one Application in the fall of 1951. Soon after he filed the same he became ill and the matter of filing the application on the other well which was completed in October of 1951 was overlooked. On Application G-22368 covering the first well drilled you have set September 14, 1954 as the time for filing completion of works and proof of beneficial use. If the same date could be set in this Permit, then we can make proof on the two wells at the same time.

Thanking you for your consideration of the above matter, we are

Very truly yours,

Trustee under the Testamentary
Trust created by Lucy G.
Stricker, deceased.
