**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 6th day of November, 1951, at the office of Blandford & Blandford, Municipal Building, Kimberly, County of Twin Falls, State of Idaho, before A. L. Blandford, a Notary Public in and for the State of Idaho, proof will be submitted of the application to beneficial use of 2.6 cubic feet per second of the waters of a subterranean well in accordance with the terms and conditions of Permit No. 22005 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person holding said permit are Malcolm Sawyer, Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 2.6 cubic feet per second.

The place where said water is used is for the irrigation of the following described property situated in the County of Twin Falls, State of Idaho, to-wit:

40 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$: 40 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$: 40 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$: 40 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, all in Section 32, Township 11 South, Range 19 East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is ditches running to the above described land, carrying water from subterranean well and pumped by electric motor.

The right to take water from such works is based upon Permit No. 22005.

The source of supply from which such water is diverted is a well located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32, Township 11 South, Range 19 East Boise Meridian, Twin Falls County, Idaho.

The date of priority which said user is prepared to establish is March 30, 1951.

RE: Permit No. G-22005

Dr. Malcolm Sawyer
Medical Arts Building
Twin Falls, Idaho

Dear Dr. Sawyer:

The report of our field engineer on examination for beneficial use on your Permit No. G-22005 shows that your well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 32, Township 11 South, Range 19 East, B.M., will deliver approximately 2.6 second feet of water which has been used to irrigate 160 acres in the S $\frac{1}{2}$ NE $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$ of said section.

Therefore, upon receipt of the statutory fee of \$8.00 which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a license will be issued for 2.6 second feet of water from said well.

Dear Mr. Blandford:

We acknowledge receipt of the affidavit of publication in the Twin Falls Times News which completes proof of beneficial use under Permit No. G-22005 in the name of Malcolm Sawyer.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the state.

However, he will try to contact Mr. Sawyer at the time the examination is made so that arrangements may be made to show him over the grounds.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 6th day of November, 1951, at the office of Blandford & Blandford, Municipal Building, Kimberly, County of Twin Falls, State of Idaho, before A. L. Blandford, a Notary Public in and for the State of Idaho, proof will be submitted of the application to beneficial use of 2.6 cubic feet per second of the waters of a subterranean well in accordance with the terms and conditions of Permit No. 22905 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person holding said permit are Malcolm Sawyer, Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 2.6 cubic feet per second.

The place where said water is used is for the irrigation of the following described property situated in the County of Twin Falls, State of Idaho, to-wit:

40 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, all in Section 32, Township 11 South, Range 19 East Boise Meridian.

The name of this canal or ditch or other works by which said water is conducted to such place of use is ditches running to the above described land, carrying water from subterranean well and pumped by electric motor.

The right to take water from such works is based upon Permit No. 22905.

The source of supply from which such water is diverted is a well located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32, Township 11 South, Range 19 East Boise Meridian, Twin Falls County, Idaho.

The date of priority which said user is supposed to establish is March 30, 1951.

MARK E. KULP,
State Reclamation Engineer
Expires Oct. 12, 19, 26, Nov. 2, 1951.

I, Lisa Molony, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for 4 consecutive Friday, commencing with the issue dated October 12, 1951, and ending with the issue dated November 2, 1951.

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. --

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22005, dated March 30, 1951; Date of priority March 30, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean from one well located 150 feet West and 80 feet North of the SE corner of NW $\frac{1}{4}$ of Sec. 32, Tp 11 S., Range 19 E.B.M., and in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Depth of well is 800 feet; no casing; depth to water is 157 feet; water is pumped by 75 H.P. Pomona pump, discharging 130 inches (2.6 cubic feet per second), and measured by 6 inch orifice.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes for SW $\frac{1}{4}$ NE $\frac{1}{4}$ - 40 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$ - 40 acres; SW $\frac{1}{4}$ NW $\frac{1}{4}$ - 40 acres; SE $\frac{1}{4}$ NW $\frac{1}{4}$ - 40 acres, making a total of 160 acres actually under cultivation, all in Section 32, Tp 11 S., R. 19 E.B.M. Improvements consist of clearing the land, drilling the well, installing pump, and actual cultivation of land.

22005

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. --

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. All of the water, 130 inches (or 2.6 second feet) is required.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. --

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All of the water diverted (2.6 cubic feet per second) used for irrigation and cultivation of said 160 acres of land, commencing in May, 1951.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

Permit No. 22005

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mack Gray; 45; Rock Creek, Idaho; farmer; Route 2, Hansen, Idaho.

Ques. 2. Are you acquainted with Malcolm Sawyer, M.D., the holder of Permit No. 22005? How long have you known him and where does he reside?

Ans. Yes. I've known him for 3 years. He resides in Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22005, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is one subterranean well, located 150 feet West and 80 feet North of SE corner of NW $\frac{1}{4}$ of Sec. 32, Tp 11 S., Range 19 E.B.M., in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said section. Water is pumped by electric motor from well into ditches and conveyed directly to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will conduct 160 inches (3.2 second feet) to place of use, but the amount of water so conveyed is 130 inches (2.6 second feet).

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump delivers 130 inches (2.6 cubic feet per second). I was present when the well was tested and saw the water measured by 6 inch orifice.

22005

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes for SW $\frac{1}{4}$ NE $\frac{1}{4}$ - 40 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$ - 40 acres; SW $\frac{1}{4}$ NW $\frac{1}{4}$ - 40 acres; SE $\frac{1}{4}$ NW $\frac{1}{4}$ - 40 acres, all in Section 32, Tp. 11 S., R. 19 E.B.M., making a total of 160 acres actually under cultivation. Improvements consist of clearing said land, drilling well, installing pump, and actual cultivation of land, and irrigation of crops.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

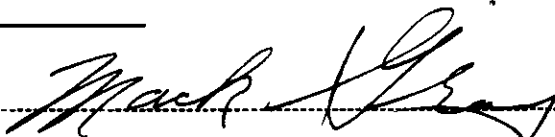

Ans. The land reclaimed was recently cleared and was irrigated for the first time in 1951. The average grade per mile is about 10.56 feet. I estimate that at least 2.6 second feet of water is required.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

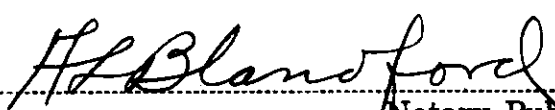

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The water was applied to beneficial use in May, 1951, to irrigate all 160 acres. The total 130 inches (or 2.6 cubic feet per second), pumped by a Pomona 75 H.P. electric motor, is being utilized.

RE: Permit No. 22005

Mr. A. L. Blandford
Municipal Building
Kimberly, Idaho

Dear Mr. Blandford:

We enclose certificate of completion of works issued under Permit No. 22005 of Malcolm Sawyer, for the diversion of 3.2 second feet of water from a well in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 32, Township 11 South, Range 19 East, B.M., for irrigation and domestic use on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said section.

We also enclose departmental receipt No. 23840 for the \$5.00 fee paid in connection with this proof.

We have sent to the Twin Falls Times-News notice of beneficial use proof to be made under this permit on November 6, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date and to send Dr. Sawyer the affidavit of publication together with statement of costs.

We enclose the necessary forms to be used for making this proof consisting of one for the permit holder and one for each of two witnesses and at the time set, he should appear before you together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 6th day of November, 1951,
at the office of Blandford & Blandford, Municipal Building,
~~xx~~ Kimberly, County of Twin Falls, State of Idaho, before
A. L. Blandford, a Notary Public in and for the State of Idaho, proof will be submitted of the
application to beneficial use of 2.6 cubic feet per second of the waters of a subterranean
well in accordance with the terms and conditions of Permit No. 22005
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person ~~XXXXXXXXXX~~ holding said permit are Malcolm
Sawyer, Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 2.6 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
is for the irrigation of the following described property situated in
the County of Twin Falls, State of Idaho, to-wit:

40 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in the
SW $\frac{1}{4}$ NE $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, all in Section 32, Township 11
South, Range 19 East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is ditches
running to the above described land, carrying water from subterranean well
and pumped by electric motor.

The right to take water from such works is based upon Permit No. 22005

The source of supply from which such water is diverted is a well located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of
Section 32, Township 11 South, Range 19 East Boise Meridian, Twin Falls
County, Idaho.

The date of priority which said user is prepared to establish is March 30, 1951

Re: Permit No. 22005

Gentlemen:

This is in reply to your letter of October 6, 1951, regarding the above permit.

As requested, I have completed, under remarks, the additional information which you desired for proof of completion of works.

You have noted that the application for permit and proof of completion of works calls for 3.2 second feet of water, while the proof of application to beneficial use calls for only 2.6 second feet of water. This is not an error in the beneficial use proof, for the reason that, while application was made for 3.2 second feet, it was not known at the time of filing the application for permit what the well would produce, since it had not been tested.

As stated in the proof of completion of works, said works are capable of conducting to place of intended use 3.2 second feet of water. However, the only quantity of water produced at this time by the well is 2.6 second feet.

Therefore, the notice for proof of beneficial use is not in error and should be 2.6 second feet, as that is all that the well produces. I assume that, under the statutes, we can make proof only on the amount of water actually produced, even though future development of the well might result in an increase of the amount of water produced.

I enclose the fee of \$5.00 required for proof of completion of works.

Very truly yours,

RE: Permit No. 22005

Mr. A. L. Blandford
Municipal Building
Kimberly, Idaho

Dear Mr. Blandford:

We acknowledge receipt of your letter of October 3, 1951, enclosing affidavit of Malcolm Sawyer, in proof of completion of works on Permit No. 22005, and notice of beneficial use proof to be made under this permit on November 6, 1951.

We note that the notice for proof of beneficial use only describes 2.6 second feet of water, whereas the permit and proof of completion of works call for 3.2 second feet.

Please advise if this is an error in the beneficial use proof notice, and if it should be 3.2 a reply by return mail will reach us in time to still get the notice to the paper in time for publication October 12, 1951.

The proof of completion of works is returned in order that, under remarks, Mr. Sawyer may state the depth of the well, size and depth of the casing, and kind and power of the electric motor. There is a fee of \$2.00 required in connection with proof of completion of works.

In reply to your question in regard to lower inspection fees on this and the several permits in the name of Mack Gray, you will note that Section 42-221, Idaho Code states, "that in the case of water used for irrigation where two or more users whose lands join **** join in the publication of the notice of their intention to make such proof of application, a fee of \$1.00 for each legal subdivision **** shall be paid." In this case the two water users have not joined in the publication of the notice so the regular fee of \$2.00 for each 40 acres irrigated will be required after field inspection has been made.

Re: Permit No. 22005.

Gentlemen:

I enclose Proof of Completion of Works for Permit No. 22005, and also the proposed Notice for Publication for Proof of Application of Water to Beneficial Use for the same permit.

It will be noted that the date for the latter proof is Nov. 6, 1951, the same date that proof will be made before me on Permits 21688, 20982, and G-22309 in the name of Mack Gray. If this date for proof under Permit No. 22005 is not satisfactory for your department, please feel free to change it, as any date is agreeable to me.

It will also be noted that Mr. Sawyer's land and Mr. Gray's land are in adjoining sections, which may allow lower inspection fees under the statute, though the lands are not actually adjoining.

Application under Permit No. 22005 was made for 3.2 second feet of water. The application was filed before the well was tested. After the test it was determined that the well produces only 2.6 second feet. I assume that no amendment to the original application need be made so long as proof is made on only the actual amount of water produced (2.6 second feet).

Thank you for the forms which you forwarded. I do not need additional forms for proof on this permit.

Very truly yours,

Gentlemen:

A few days ago I forwarded to you an Application for Permit to Appropriate the Public Waters of the State of Idaho. The name of the applicant was Malcolm Sawyer, the application number assigned was 29731, and the Permit No. assigned was 22005. I subsequently received the application back, together with a receipt for \$5.75, the amount of the check which I enclosed.

The check which I enclosed was my personal check in the above amount, and was written on the Twin Falls Bank & Trust Co. Last month this bank established a branch bank in Kimberly, Idaho, and by error on the Bank's part, my account was transferred to the Kimberly Branch without my consent or knowledge.

The Twin Falls Bank & Trust Co. informs me that they returned to you the check for \$5.75, marked not sufficient funds. I am therefore enclosing another check in the same amount, written on the Kimberly Branch of said bank. If you have not sent the first check back for payment, please return it to me and send the enclosed check through the bank.

If you have sent the first check back for payment, then please return the enclosed check, as I have notified the bank to honor the first check if you returned it.

I am sorry to inconvenience you in this manner.

I would also appreciate your forwarding to me four copies of the form used to show proof of completion of works.
