INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 4th day of November, 1950, at the office of Ray D. Agee, in the Twin Falls Bank & Trust Company Bldg., at Twin Falls, County of Twin Falls, State of Idaho, before Ray Agee, a Notary Public for the State of Idaho, proof will be submitted of the application to beneficial use of 0.8 cubic feet per second of the waters of an unnamed deep well in accordance with the terms and conditions of Permit No. 21689 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Cassie E. Larsen, Route 2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.8 cubic feet per second.

The place where said water is used: Southwest quarter of the Northeast quarter of section twenty-five, township eleven south, range eighteen East of the Boise Meridian, in Twin Falls County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch on permittee's own property. No name.

The right to take water from such works is based upon Permit No. 21689.

The source of supply from which such water is diverted is deep well approximately 10 feet North and 28 feet West from the Southeast corner of the Southwest quarter of the Northeast quarter of section 25, township 11 south, range 18 East of the Boise Meridian.

The date of priority which said user is prepared to establish is August 31, 1950.

MARK R. KULP,
State Reclamation Engineer
Publish: Oct. 5, 12, 19, 26, Nov. 2, 1950.

I, Lisa Molony, being first duly sworn upon

oath depose and say that I am principal clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

5 consecutive Thursdays, commencing with the issue dated October 5, 1950, and ending with the issue dated November 5, 1950.

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 58-108 I. C. A., 1932, as added thereto by Chapter 154, Idaho 1933 Session Laws, Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 4th day of

November, 1950.

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29398
PERMIT No. 21689
DISTRICT No.

1. Name of Applicant: CASSIE E. LARSEN

Postoffice address: Route 2, Hansen

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 0.8

cubic feet per second.

in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Twp. 11 S., Range 18 E., B.M.

3. Source of water supply: Deep well, which has been drilled/ which is a tributary of

4. Location of point of diversion: 10 ft. N. and 23 ft. W. ~~feet~~ distant from the Southeast
of the SW $\frac{1}{4}$ NE $\frac{1}{4}$
corner of Section 25, T. 11 S., R. 18 E., B.M., and is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$
of Section 25, T. 11 S., R. 18 E., B.M., County of Twin Falls

5. Water is to be used for Irrigation and domestic purposes.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 4,000.00

8. Kind of works: Deep well, electric pump and ditches.

9. Height of dam None feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width 10 inches feet; height feet.

11. Ditch: Width at bottom 3 feet; width at water line 4 feet; depth of water 2 feet;
dimensions of flume: None

Diameter of pipe 10 inches; length of conduit 3/4 miles.

Average grade per mile 6 feet.

SCANNED

JAN 22 2002

12. The time required for the completion of such work is Works are completed and in use

13. The time required for the complete application of the water to the proposed use is Water has already been ~~applied to beneficial use~~ / ~~additional years~~.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: No permit. A very little early
flood water from Rock Creek, which is of comparatively no benefit.

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

REMARKS: A ten inch deep well has been drilled on said lands, which are owned by applicant. It is 150 feet deep and has been cased down 96 feet. Well was drilled August 15, 1948, and an electric pump immediately placed thereon. In spring of 1949, well deepened and cased. This later work was completed April 11, 1949. Water has been and will be pumped directly from the well into the ditches on said lands. The works are all completed and cost \$4,000.00. (continued below)

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
11 S.	18 E.	25	40																40

REMARKS (Continued)

Water was applied to beneficial use on said lands for agricultural and domestic purposes on August 15, 1948, by irrigating them therewith and also using the same for domestic purposes thereon and applicant claims a priority as of August 15, 1948. This water has been continuously used at all times since said date for irrigating said lands and for domestic purposes thereon.

This water is only pumped at intervals. Continuous pumping would cause waste thereof and unnecessary and exorbitant expenses. Applicant requires one and one-half cubic feet per second of this water in order to make the project practicable. A lesser amount would require continuous pumping.

Permit No. 21689
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that CASSIE E. LARSEN of Route 2, Hensen, County of Twin Falls, and State of Idaho, the holder of Permit No. 21689, issued upon Application No. 29398 bearing date of priority of August 31, 1950, authorizing the diversion of 0.8 second foot of the waters of subterranean flow from a deep well, County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 0.8 second foot of the waters of said well; that the point of diversion of said waters is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 11 South, Range 18 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 11 South, Range 18 East, B.M.

Witness my hand this 25th day of September, A. D. 1950.

THIS IS TO CERTIFY that CASSIE E. LARSEN
of Route 2, Hansen, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 31, 1950; that Permit No. 21689
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.8 second foot, was issued thereunder on September 13, 1950, showing that said works
were completed on the 20th day of September, 1950; and that on the 4th
day of November, 1950,

CASSIE E. LARSEN

of Hansen, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~subterranean~~ (subterranean flow) for the purpose of irrigation and
domestic use, under Use Permit No. 21689 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4739, on the 10th day of July, 1951;

The right hereby confirmed dates from August 31, 1950;

The Point of Diversion is located

in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 25, Twp. 11 S., R. 18 E., B. M. Twin Falls County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.8 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	18 E.	25	SW $\frac{1}{4}$ NE $\frac{1}{4}$	40	40

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

10th day of July, 1951.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21689.....

This proof is for Beneficial use..... In Water District No.

1. Name of applicant Cassie E. Larsen, Route 2, Hansen, Idaho.....
2. Source of water supply: Subterranean flow from a well.....
3. Location of point of diversion: Is in the S. E. corner of SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 25
T. 11 S. R. 18 E. County of Twin Falls.....
4. Describe works as they exist, giving dimensions and capacities of same: There is no protection nor curbing for this system. Well is 150' deep by 10" in diameter, cased down 96' with 10" casing. Pump sets at 77'. 3 stage, 8" bowl and an 8" column. H. equals 35 feet and the drawdown is unknown. Delivery is to the East through an 8" by 34" steel pipe, into a concrete lined ditch. Delivery from the ditch is to the North and West. The motor is a General Electric 15 h.p., 220 v., 39.6 amps, 3 ph., 60 cy., Serial #6562465 ZB. The pump is a Fairbanks Morse Pomona Turbine, #PE7405. Switches and Controls are Trumbull and Westinghouse. Meter is a General Electric, 240 v., #28314104. Demand is 1 kw. times 10......
5. Water is used for: Irrigation and domestic purposes......
6. State whether or not water has been turned into works of diversion: Yes.....
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 11 South, Range 18 East, B. M......

(See Map).....

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?.....

Remarks: Temp. of the water is 55° F. Water measured .38 of a foot over an 18" Cipolletti weir, equals 1.18 c.f.s. Allow 4 inches for bank sub and leakage. Allow total of 64 inches delivery......

This examination was made on the 26th day of June, 1951.....

(Signed) E. M. Humphrey Examiner.

21689

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 21689

Mr. Ray D. Agee
Bank & Trust Bldg.
Twin Falls, Idaho

Dear Mr. Agee:

We acknowledge receipt of your letter of November 7, 1950, enclosing depositions of Cassie E. Larsen and two witnesses, also Affidavit of Publication in the Twin Falls Times-News; all submitted in Proof of Beneficial Use under your Permit No. 21689.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mrs. Larsen at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21689
Cassie E. Larsen.

Gentlemen:

In connection with proof of application of this water right to beneficial use, I am enclosing the following documents:

1. Affidavit of Publication.
2. Deposition of Cassie E. Larsen, holder of the permit.
3. Deposition of Donald E. Larsen.
4. Deposition of Frank Lundy.

If there are any further requirements in this connection, please call them to my attention.

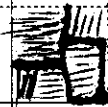

Very truly yours,

Ray D. Agee

Permit No. 21689.

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Cassie E. Larsen. I live on a farm near Hansen, Idaho. Retired rancher and farmer. Route 2, Hansen, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21689, dated August 31, 1950. August 31, 1950. Can establish actual use as of August 15, 1948.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Deep well on my own lands. It is located 10 ft. North and 23 ft. West from the Southeast corner of the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of sec. 25, twp. 11 S., range 18 E.B.M. Water is taken from mouth of well.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Deep well, which I had drilled. It is 150 feet deep. Electric Pump and ditches on my own lands from well to place of use. Ditches will convey over three cubic feet of water per second. No name to ditches. Casing is down to 96 feet and is ten inch casing. Depth to water is 35 feet. Pump will discharge one cubic foot of water per second. It was measured with a cippoletti weir.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Substantially all used for irrigation. A little for domestic purposes. All used on the SW $\frac{1}{4}$ NE $\frac{1}{4}$, sec. 25, twp. 11 S., range 18 E.B.M. of said lands 40 acres have actually been irrigated with said water. Cultivated land. No improvements, except said well, pump, and ditches, and land has been generally improved.

21689

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. all for irrigation purposes, excepting a little for stock.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.8 of a cubic foot per second continuous flow.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person to whom the above permit was originally issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. It was all used during the entire year 1950, both before and after the permit was issued, in irrigating said lands and the crops growing thereon. Over 0.8 of a cubic foot per second was used during said entire time. This water was also used during part of 1948 and all of 1949 in irrigating these lands and the crops thereon.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. A little early flood water from Rock Creek. The amount of this flood water is very indefinite, and such water right is not dependable. This water right has a late date of appropriation as compared with the other appropriations. All of this flood water is usually cut off by the 15th of May. Sometimes earlier.

(Sign) *Cassie E. Larsen*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls,, County of Twin Falls,, State of Idaho, on this 4th day of November, A. D. 1950.,

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21689. _____

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank Lundy. I am 45 years old. I reside in the country near Hansen, Idaho. I am watermaster over the Rock Creek waters, District No. 30. My post office address is Route 2, Hansen, Idaho.

Ques. 2. Are you acquainted with Cassie E. Larsen, the holder of Permit No. 21689? How long have you known him and where does he reside?

Ans. I have known her over 35 years. She resides on a farm near Hansen, Idaho. Her post office address is Route 2, Hansen, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21689, and are you familiar with its provisions and conditions?

Ans. I have read said permit and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use, which is about

Ans. Deep well in SW $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 25, twp. 11 So., R. 18 E.B.M../10 ft. North and 23 ft. West from the Southeast quarter of said lands. Well approximately 150 feet deep, electric pump, and ditches on said above described lands. Water diverted from mouth of well, and conveyed out on lands through the ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Two second feet of water. I have seen one second foot of water being so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen one cubic foot of water per second being delivered by this pump. I measured it with a cippoletti weir.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and domestic purposes on the SW $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 25, twp. 11 S., range 18 E.B.M. All cultivated land. The water is used primarily for irrigation purposes. No improvements have been made on said lands, except the drilling of said well, installation of said pump, and said lands cultivated. 40 acres are irrigated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good, fairly level, farm land. I estimate that the amount of water required for the profitable cultivation of said lands is .8 of a cubic foot per second continuous flow.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in either the works, water or lands above mentioned.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. About Aug. 1, 1950. One cubic foot per second. I also saw this water being used several times before that date. I went to the well for the purpose of measuring the water.

(Signed) Frank Lundy

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 4th day of November, A. D. 1950.

Permit No. 21689

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Donald E. Larsen. 31 years. On farm near Hansen, Idaho.

I am a farmer. My post office address is route 2, Hansen, Idaho.

Ques. 2. Are you acquainted with Cassie E. Larsen, the holder of Permit No. 21689? How long have you known him and where does he reside?

Ans. I have known her for over 29 years. She resides on a farm near Hansen, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21689, and are you familiar with its provisions and conditions?

Ans. I have read said permit and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well on these lands. Well is 10 ft. North and 23 ft. West from the Southeast corner of the SW-NE-1/4 sec. 25, twp. 11 S., Range 18 E.B.M. Water is taken from mouth of well. Electric pump on well and ditches over said lands to place of use. Well is 150 feet deep. Water is conveyed through these ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Over three second feet. I have seen over one second foot of water being so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver one cubic foot of water per second. I saw it measured with a cippoletti weir.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Mostly for irrigation. A little for domestic use. It is all used on the SW¹/₄NE¹/₄ sec. 25, twp. 11 S., range 18 E.B.M. 40 acres of said lands have been irrigated. All cultivated lands. No improvements, except said well, pumps and ditches, and said lands have been cultivated, and otherwise generally improved.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good land. Fairly level. Produces well. Over .8 of a cubic foot per second continuous flow.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or lands above mentioned, excepting that I am farming them as a tenant.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I farmed this land all during the year 1950, and actually used this water in irrigating it. All of this water was used during said entire year in irrigating this land and the crops thereon.

(Signed) Donald E. Larsen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 4th day of November, A. NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 4th day of November, 1950, at the office of Ray D. Agee in the Twin Falls Bank & Trust Company Bldg., at Twin Falls, County of Twin Falls, State of Idaho, before

Ray Agee, a Notary Public for the State of Idaho, proof will be submitted of the application to beneficial use of 0.8 cubic feet per second of the waters of an unnamed deep well in accordance with the terms and conditions of Permit No. 21689 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Cassie E. Larsen, Route #2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.8 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Southwest quarter of the Northeast quarter of section twenty-five, township eleven South, range eighteen East of the Boise Meridian, in Twin Falls County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch on permittee's own property. No name.

The right to take water from such works is based upon Permit No. 21689.

The source of supply from which such water is diverted is deep well approximately 10 feet North and 23 feet West from the Southeast corner of the Southwest quarter of the Northeast quarter of section 25, township 11 South, range 18 East of the Boise Meridian.

The date of priority which said user is prepared to establish is August 31, 1950.

MARK R. KULP

State Reclamation Engineer.

Permit No. 21689

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Twin Falls,

SS.

Cassie E. Larsen

her

being first duly sworn, upon ~~his~~ oath deposes and says:

First: That she is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 21689, and that ^{er} ~~his~~ postoffice address is Route #2, Hansen, State of Idaho.

Second: That the name of the stream ^{FROM} which said water is to be ^{DIVERTED} ~~directed~~ is a deep well, which has been drilled by affiant. No name.

Third: That the point of diversion of said water is 10 ft. North and 23 ft. West from the Southeast corner of the SW¹/₄ of the NE¹/₄ of sec. 25, twp. 11 S., range 18 East of the Boise Meridian.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by December 11, 1950. Works were completed April 11, 1949.

Fifth: That the use for which said water is intended is irrigation and domestic purposes.

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: Well; 150 ft. deep, drilled by permittee, and ditches and electric pump. (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: 10 inch well.

(a) Height of dam none feet, length of dam at top none feet, length of dam at bottom none feet. Material used in construction none.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir none acre feet.

(c) Size of headgate: Width well feet, height feet.

(d) Conduit ditch width at bottom three feet, width at water line four feet, depth of water two feet; diameter of pipe none inches, average grade per mile is six feet. Length of conduit is 3/4 miles.

Seventh: That said works are capable of conducting to the place of intended use one and one-half second feet of water.

Eighth: That water appropriated under said permit is available for forty acres of land described as follows: Southwest quarter of the Northeast quarter of section twenty-five, township eleven South, range eighteen East of the Boise Meridian.

Ninth: Remarks: That said water is pumped from said well into said ditches with an electric pump. That said works cost approximately \$4,000.00.

Re: Permit No. 21689

Mr. Ray D. Agee
Bank & Trust Bldg.
Twin Falls, Idaho

Dear Mr. Agee:

We enclose Permit No. 21689 in the name of Cassie E. Larsen together with Departmental Receipt No. 22634 for the \$5.00 filing fee.

Since the application states that the works are completed and that the water has already been applied to beneficial use, we have allowed three months, or until December 11, 1950, within which to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, Mrs. Larsen should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

Very truly yours,

Re: Application No. 29398

Mr. Ray D. Agee
Bank and Trust Bldg.
Twin Falls, Idaho

Dear Mr. Agee:

We acknowledge receipt of your letter of August 29, 1950, enclosing duplicate applications of Cassie E. Larsen to appropriate one and one-half second feet of water from a well, accompanied by her check for \$5.50 to pay the filing fee.

We note your statement as to why this amount is applied for, but the application can only be approved for the statutory maximum of one inch per acre, or 40 inches. The filing fee for 40 inches is only \$5.00, so we return Mrs. Larsen's check for \$5.50 and request that you substitute one for the correct amount.

So far as pumping a larger amount is concerned, unless it interferes with someone else's right, there would be no objection to pumping a larger amount for a portion of the time.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

State of Idaho,
Commissioner of Reclamation,
State House,
Boise, Idaho.

Dear Sir:

I am enclosing herein the application, in duplicate, of Cassie E. Larsen for a permit to appropriate one and one-half second feet of water in this county, together with her check in the amount of \$5.50 to cover your fees.

I have had this application executed in duplicate, as I have forgotten whether you require duplicate copies or only one. There are also enclosed two maps of the proposed irrigation project.

In case, for any reason, this application is not sufficient, please call it to my attention.

Very truly yours,

Ray D. Agee

RDA:p
Encls.

21689

**NOTICE OF PROOF APPLICATION ON
WATER TO BENEFICIAL USE**

Notice is hereby given that at 9:00 A. M. on the 4th day of November, 1950, at the office of Ray D. Agee, in the Twin Falls Bank & Trust Company Bldg., at Twin Falls, County of Twin Falls, State of Idaho, before Ray Agee, a Notary Public for the State of Idaho, proof will be submitted of the application to beneficial use of 0.8 cubic feet per second of the waters of an unnamed deep well in accordance with the terms and conditions of Permit No. 21689 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Cassie E. Larsen, Route 2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.8 cubic feet per second.

The place where said water is used: Southwest quarter of the Northeast quarter of section twenty-five, township eleven south, range eighteen East of the Boise Meridian, in Twin Falls County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch on permittee's own property. No name.

The right to take water from such works is based upon Permit No. 21689.

The source of supply from which such water is diverted is deep well approximately 10 feet North and 23 feet West from the Southeast corner of the Southwest quarter of the Northeast quarter of section 25, township 11 south, range 18 East of the Boise Meridian.

The date of priority which said user is prepared to establish is August 21, 1950.

MARK R. KULP,

State Reclamation Engineer.
