APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29397
PERMIT No. 21688
DISTRICT No.

1. Name of Applicant: MACK GRAY

Postoffice address: Hansen - Route 2

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 100 inches or 2

cubic feet per second.

3. Source of water supply: Subterranean from a well

which is a tributary of

4. Location of point of diversion: 775 ft. North and 70 ft. East ~~feet distant~~ from the Southwest corner of Section 31, T. 11 S., R. 19 E., B.M., and is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 31, T. 11 S., R. 19 E., B.M., County of Twin Falls.

5. Water is to be used for Irrigation purposes.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 8,200.00

8. Kind of works: Digging a well and installing an electric pump/

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; Using water ditches which are now on farm. dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Completed years.

13. The time required for the complete application of the water to the proposed use is One additional years.

SCANNED
Jan 22 2002

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Decreed Rock Creek flood water right 240 inches, which is exhausted by June 1st each year.

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

MACK GRAY Applicant.

By Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. August 31, 1950

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 21688

Recorded in Book 77 Page 21688 Approved September 11, 1950

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before Completed and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before -

The whole of said work to be completed on or before December 11, 1950

Beneficial use of water appropriated in accordance herewith, to be made on or before December 11, 1951

WITNESS My hand this 11th day of September, 1950

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho,

and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 11th

day of September, 1950

STATE OF IDAHO

Countersigned:

(SEAL)

By C. A. ROBINS

By J. D. "CY" PRICE

Governor.

Secretary of State.

REMARKS: The well before mentioned has already been constructed. The electric pump has been installed. The ditches are already in and the water is being used.

14. This water is to be a supplementary water supply, as the present decreed water right is not sufficient for maximum irrigation of crops.

SEARCHED

JAN 7 2002

September 2, 1952

RE: Permits Nos. 20982, 21688, and G-22309

Mr. Mack Gray
Route 2
Hansen, Idaho

Dear Mr. Gray:

We enclose License and Certificate of Water Right issued under Permit No. 20982, confirming your right to the use of one second foot of water from a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B.M., with priority of March 17, 1949, for irrigation and domestic use on Lots 1, 2, 3, 4, and the E $\frac{1}{2}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$ of said Section 31.

We also enclose Certificate of Completion of Works, and License and Certificate of Water Right issued under Permit No. G-22309, confirming your right to the use of 1.25 second feet of water from the same well with priority of August 13, 1951, for irrigation and domestic use on the same land.

Also License and Certificate of Water Right issued under Permit No. 21688, confirming your right to the use of 1.48 second feet of water from a well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B.M., with priority of August 31, 1950, for irrigation and domestic use on the same land.

We have withheld issuance of these several instruments awaiting a decision from the Attorney General in regard to fees for Certificate of Completion of Works on Permit No. G-22309, concerning which Mr. Blandford raised the question as to whether an additional fee was due for said certificate where both proofs were made at the same time.

The opinion from the Attorney General is to the effect that both fees are due and we therefore enclose departmental receipt No. 24827 for the \$5.00 fee for Certificate of Completion of Works under Permit No. G-22309 and departmental receipt No. 24632 for \$16.00 license fees.

Very truly yours,

June 27, 1952

RE: Permit No. 21688

Mr. Mack Gray
Route 2
Hansen, Idaho

Dear Mr. Gray:

The report of our field engineer on examination for beneficial use under Permit No. 21688, shows that your well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 4) Section 31, Township 11 South, Range 19 East, B.M., will deliver 1.48 second feet of water, or 74 inches.

There will be no fee in connection with this proof as the land in the W $\frac{1}{2}$ of Section 31 is included in Permits Nos. 20982 and G-22309, and a license will be issued for the above amount.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21688This proof is for Beneficial use In Water District No. _____

1. Name of applicant Mack Gray, Route 2, Hansen, Idaho
2. Source of water supply: Subterranean from a well
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 4) of Section 31
T. 11 S. R. 19 E. County of Twin Falls
4. Describe works as they exist, giving dimensions and capacities of same: Drilled well 585'. Cased down 100' x 12". Static water level 86'. Draw down 100' approx. Depth of pump 200'. Water column 8". Discharge pipe 8" dia. flows toward east into 4' x 5' concrete dividing box with 2 outlets. Ditches and laterals are complete and sufficient to carry the 74 miners inches of water measured at this inspection. Fairbanks Morse pump #PL9811 turbine pump powered by Fairbanks Morse motor #F93006 40 HP 1755 rpm 440 V. 49.5 amp. 60 cycle. G.E. meter # 30246546 Demand 4.1 x 10. Pump is covered with house 7' x 7' and concrete floor.
5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):
Lots 1, 2, 3, 4, E $\frac{1}{2}$ NW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 31, Twp. 11 South, Range 19 East, B. M.
See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?
General farm crops are produced.

Remarks: _____

This examination was made on the 18th day of June, 1952

(Signed) _____

Examiner.

21688

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit Nos. 20982, 21688 and C-22309

Mr. J. L. Blanford
Municipal Building
Kimberly, Idaho

Dear Mr. Blanford:

We are now in receipt of the affidavit of publication in the Twin Falls Times News, in connection with the above numbered permits.

This completes the proofs but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try contact Mr. Gray at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULT
State Reclamation Engineer

November 8, 1951

RE: Permit Nos. E1688, 20982 and Q-22309

Mr. W. L. Blanford
Municipal Building
Kimberly, Idaho

Dear Mr. Blanford:

We acknowledge receipt of your letter of November 7, 1951, enclosing depositions of Mack Gray and two witnesses submitted in beneficial use proof of the above numbered permits.

However, the affidavit of publication is a necessary part of the proofs and if Mr. Gray has not received this affidavit from the Twin Falls Times News, we suggest he take the matter up with them at once.

In regard to the fees in connection with beneficial use proof, no fees are required until after a field inspection has been made and report filed. These fees will be at the rate of \$2.00 for each 40 acre subdivision in which the land is located, and the permit holder will be notified upon the receipt of the field engineer's report.

Since all of Mr. Gray's permits are for use on the same land, one fee will cover it and will probably amount to \$16.00, as the land is located in 8 subdivisions.

Very truly yours,

MARK H. KULP

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21688

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Mack Gray; Rock Creek, Idaho; farmer; Route 2, Hansen, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21688, dated Aug. 31, 1950; date of priority Aug. 31, 1950.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean from one well located 775 feet North and 70 feet East from the SW corner of Sec. 31, Tp. 11 S., R. 19 E.B.M., and in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Depth of well is 535 feet; 100 feet of 12" casing; depth to water is 64 feet; water is pumped by 40 H.P. pump, discharging 100 inches (2 cubic feet per second), and was measured by 6" orifice.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes for Lots 1, 2, 3, 4, and E $\frac{1}{2}$ NW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 31, Tp. 11 S., R. 19 E.B.M., a total of 240 acres which have actually been irrigated. The land is cultivated. Improvements consist of clearing the land, drilling well, installing pump, irrigation of land and actual cultivation of crops.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. --

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. At least 4.4 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. --

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All of the water under this permit (2 cubic feet per second) used for irrigation and cultivation of said 240 acres of land, commencing in May, 1950.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. One cubic foot per second under Permit No. 20982, 1.4 cubic feet per second under Permit No. G-22309, and Rock Creek flood water right of 240 inches which is exhausted by June 1st of each year, are all used upon the lands herein described. Water under Permits 20982 and G-22309 is derived from another subterranean well on said property. (Sign) Mark E. Gray

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Kimberly, County of Twin Falls, State of Idaho, on this 6th day of November, A. D. 1951,

My commission expires 11/19/53.

Notary Public for Idaho,
Residing at Kimberly, Idaho.

BOISE, IDAHO

Permit No. 21688

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Clell McDowell; 38; Rock Creek, Idaho; farmer, Route 2, Hansen, Idaho.

Ques. 2. Are you acquainted with Mack Gray, the holder of Permit No. 21688? How long have you known him and where does he reside?

Ans. Yes. I have known him for 20 years. He resides at Rock Creek, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21688, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean from one well located 775 feet North and 70 feet East from the SW corner of Sec. 31, Tp. 11 S., R. 19 E.B.M., and in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section. Water is pumped by electric motor from well and released into ditches for conveyance to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will conduct, and I have seen conveyed from this well, 2 cubic feet per second (100 inches) to place of use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 2 cubic feet per second (100 inches). I was present when the well was tested and saw the water measured by 6" orifice.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes for Lots 1, 2, 3, 4, and E $\frac{1}{2}$ NW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 31, Tp. 11 S., R. 19 E.B.M., a total of 240 acres which are being irrigated. The land is cultivated. Improvements consist of land being cleared, well drilled, pump installed, and actual irrigation of land and cultivation of crops.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land has a slight slope and grade and is of a gravel texture. I estimate that at least 4.4 cubic feet per second of water is required.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The water was first applied to beneficial use in 1950, to irrigate all 240 acres. The total 2 cubic feet per second (100 inches), pumped by a 40 H.P. pump, is being utilized.

(Signed) Cliff M. Dawell

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Kimberly, County of Twin Falls, State of Idaho, on this 6th day of November, A. D. 1951.

RE: Permit Nos. 21688, 20982 and G-22309

Mr. A..L. Blandford
Municipal Building
Ketchikan, Idaho

Dear Mr. Blandford:

We have sent to the Times News of Twin Falls, notice of beneficial use proof to be made on the above numbered permits in the name of Mack Gray, on November 6, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send Mr. Gray the affidavit of publication together with statement of costs.

Separate proofs must be made on each of these permits, and we enclose three sets of forms herewith, consisting of one deposition for the permit holder and one for each of two witnesses.

At the time set, Mr. Gray should appear before you together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP

NOTICE OF PROOF OF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 6th of November, 1951, at the office of Blandford & Blandford, Municipal Building, Kimberly, Idaho, before A. L. Blandford, Notary Public, proof will be submitted of the application to beneficial use of 4.4 cubic feet per second of the waters of two wells, in accordance with the terms and conditions of the following permits issued by the Department of Reclamation of the State of Idaho.

Permit No. 20982, for one cubic foot per second, priority March 17, 1949.
Permit No. 21688, for two cubic feet per second, priority Aug. 31, 1950.
Permit No. G-22309, for 1.4 cubic feet per second, priority Aug. 13, 1951.

The name and postoffice address of the person holding said permits is Mack Gray, Route 2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 4.4 cubic feet per second.

The place where said water is used is Lots 1, 2, 3, 4, E $\frac{1}{2}$ NW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B. M.

The right to take the water from said wells is based upon Permits Nos. 20982, 21688 and G-22309.

The source of supply from which such water is diverted is two wells, one located in Lot 4 (or the SW $\frac{1}{4}$ SW $\frac{1}{4}$), and one in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B. M.

The dates of priority which said user is prepared to establish are stated above.

MARK R. KULP

State Reclamation Engineer

21688

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 6th day of November, 1951, at the office of Blandford & Blandford, Municipal Building, ~~at~~ Kimberly, County of Twin Falls, State of Idaho, before A. L. Blandford, a Notary Public in and for the State of Idaho, proof will be submitted of the application to beneficial use of $4\frac{2}{5}$ cubic feet per second of the waters of two subterranean wells in accordance with the terms and conditions of Permits No. 21688, 20982, and G-22309, heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person ~~XXXXXX~~ holding said permits ~~XXXXXX~~ are: Mack Gray, Route 2, Hansen, Idaho

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is four and two-fifths ($4\frac{2}{5}$) cubic feet per second.

The place where said water is used ~~XXXXXX~~ is for the irrigation of the following described property situated in the County of Twin Falls, State of Idaho, to-wit:

19.81 acres in Lot 1; 19.92 acres in Lot 2; 20.03 acres in Lot 3;
20.14 acres in Lot 4; 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$;
40 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$; 40 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$; all in Section 31, Township 11 South, Range 19 East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is ditches running to the above described land, carrying water from two subterranean wells located on said land and pumped by electric motor.

The right to take water from such works is based upon Permits No. 21688, 20982, and G-22309.

The source of supply from which such water is diverted is a well located in Lot 4, and a well located in SE $\frac{1}{4}$ SW $\frac{1}{4}$, all in Section 31, Township 11 South, Range 19 East Boise Meridian.

The date of priority which said user is prepared to establish is March 17, 1949, under Permit No. 20982; August 31, 1950, under Permit No. 21688; and August 13, 1951, under Permit No. G-22309.

State Reclamation Engineer.

Dear Jeanne,

Re: Incomplete document Permit No. 21688.

I apologize for causing you this extra work. I will have to place the blame on my secretary, she is becoming very lax. Never sits on my lap anymore. Of course the fact that she has been married to me for fifteen years may explain that.

Evidently my credit is none to good at the State House, which hurts me deeply. But one hesitates now days in sending money to Boise for the reason that a large percentage of it seems to get misplaced.

Under question 7. If you will read it more carefully you will see the word Two at the end of the line. Maybe I should have put the figure 2 there. If so you may do that for me.

I have enjoyed corresponding with you this summer and am looking forward to meeting you the next time I am in Boise. I will make it a point to call at the office.

I hope everything is O.K. this time.

Yours truly,

Mack Gray.

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Twin Falls

ss.

Mack Gray, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 21688, and that his postoffice address is Hansen, R.F.D. #2, State of Idaho.

Second: That the name of the stream which said water is to be directed is Subterranean.

Third: That the point of diversion of said water is 775 ft. North & 70 ft. East from the S.W. Corner of Section 31, T. 11 S., R. 19 E.B.M. County of Twin Falls, State of Idaho.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by December 11, 1950.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (~~not~~ not) fully completed and consisted of the following:

I. Kind of works: Deep well, turbine electric pump, 10 inch, 60 HP.
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: 12" well, 535 ft. deep.

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line
(State whether ditch, flume or pipe)

 feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use two second feet of water.

Eighth: That water appropriated under said permit is available for 240 acres of land described as follows: East 1/2 of S.W. 1/4 Lots 3 & 4. E. 1/2 of N.W. 1/4 Lots 1 & 2. All in section 31, T. 11s, R. 19 E.B.M.

Ninth: Remarks: That Water is diverted directly from pump onto lands to be irrigated. This water will be used to supplement existing flood water rights decreed from Rock Creek which are exhausted by the first of June. This well has been in constant use from June 1st, 1950 until September 15th, 1950. Pumping two second ft. of water.

Dear Mr. Gray:

We return your proof of completion of works
under Permit No. 21688, for the following corrections:

1. Under Question 7, state the amount of water
the works are capable of conducting to the place of use.
2. Under Question 8, complete the legal description
of the land, by giving Section, township and range.
3. Please also state the size of the pump, as to
horse power, This can be under Question 6 or 9.

There is also a statutory fee of \$5.00 required with
this proof.

**NOTICE OF PROOF OF APPLICATION
OF WATER FOR BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 6th of November, 1951, at the office of Blandford & Blandford, Municipal Building, Kimberly, Idaho, before A. L. Blandford, Notary Public, proof will be submitted of the application to beneficial use of 4.4 cubic feet per second of the waters of two wells, in accordance with the terms and conditions of the following permits issued by the Department of Reclamation of the State of Idaho.

Permit No. 20982, for one cubic foot per second, priority March 17, 1949.

Permit No. 21688, for two cubic feet per second, priority Aug. 31, 1950.

Permit No. G-22309, for 1.4 cubic feet per second, priority Aug. 13, 1951.

The name and postoffice address of the person holding said permits is Mack Gray, Route 2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 4.4 cubic feet per second.

The place where said water is used is Lots 1, 2, 3, 4, E $\frac{1}{2}$ NW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B. M.

The right to take the water from said wells is based upon Permits Nos. 20982, 21688 and G-22309.

The source of supply from which such water is diverted is two wells, one located in Lot 4 (or the SW $\frac{1}{4}$ SW $\frac{1}{4}$), and one in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 31, Township 11 South, Range 19 East, B. M.

The dates of priority which said user is prepared to establish are stated above.
