APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29379
PERMIT No. 21669
DISTRICT No.

1. Name of Applicant: **FLOYD V. STANGER and MERLEN STANGER**

Postoffice address: **Hansen**

County: **Twin Falls**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources: **Real Estate \$28,900**

(a) Cash on hand: **\$10,000 approximately**

(c) Bonds to be issued:

2. Quantity of water claimed: **1.6**

cubic feet per second.

3. Source of water supply: **Subterranean waters (two wells)**

which is a tributary of

4. Location of point of diversion: **See Remarks**

feet distant from the

corner of Section , T. , R. , B. M., and is in the **N $\frac{1}{2}$ SE $\frac{1}{4}$**

of Section **18** , T. **11 S.** , R. **19 E.** , B.M., County of **Twin Falls**

5. Water is to be used for **Irrigation and domestic purposes.**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the

of Section , T. , R. , B.M.

7. Estimated cost of works: \$ **10,000.00**

8. Kind of works: **Two wells, pumps and open irrigation ditches**

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom **3** feet; width at water line **3** feet; depth of water **1** feet;

dimensions of flume;

Diameter of pipe inches; length of conduit miles.

Average grade per mile **gentle slope** feet.

12. The time required for the completion of such work is **Three(3)** years.

13. The time required for the complete application of the water to the proposed use is **Two (2)** additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None. Land was originally covered with sage brush- has been cleared.**

RE: Permits Nos. 21668 & 21669

Messrs. Floyd V. & Marlen Stanger
Hansen
Idaho

Gentlemen:

We enclose License and Certificate of Water Right issued on Permit No. 21668 confirming your right to the use of 2.52 second feet of water from three wells in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 28, Township 11 South, Range 19 East, B.M., with priority of August 19, 1950 for irrigation and domestic use on the SW $\frac{1}{4}$ of said Section 28.

We also enclose License and Certificate of Water Right issued on Permit No. 21669 confirming your right to the use of 0.7 second foot of water from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 18, Township 11 South, Range 19 East, B.M. with priority of August 19, 1950, for irrigation and domestic use on the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 18.

We also enclose departmental receipt No. 27667 for the \$12.00 license fees on these two permits.

Very truly yours,

MARK R. WULF

RE: Permit No. 21669

Messrs. Floyd V. & Merlen Stanger
Hansen,
Idaho

Gentlemen:

The report of our field engineer on examination for beneficial use on Permit No. 21669 shows that your well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 18, Township 11 South, Range 19 East, B.M. will deliver 35 inches of water which has been used to irrigate 80 acres in the N $\frac{1}{2}$ SE $\frac{1}{4}$ of said Section.

A License can, therefore, be issued for 35 inches or .7 second foot of water upon receipt of the statutory fee amounting to \$4.00 for the license.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21669

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant Floyd V. and Merlen Stanger, Hansen, Idaho
2. Source of water supply: Subterranean from two wells
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18
T. 11 S. R. 19 E. County of Twin Falls
4. Describe works as they exist, giving dimensions and capacities of same: Well is 470'
deep by 12" diameter, cased to 12'. Pump sets at 270'. H= 180'. Lift is 250'
6 stage 8" bowls. 40 Hp G. E. Motor, Serial No. XE 6820780. Layne-Bowler Turbin
Pump serial no. 16085. Water was measured at 35".

5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 18, Twp. 11 South, Range 19 East, B. M.
See the map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: measured three sparkling meters.

Floyd Stanger along

This examination was made on the 20 day of July, 19 55

(Signed) E. H. Humphrey Examiner.

21669

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permits Nos. 21668 and 21669

Messrs. Stephan, Stephan and Heap
Bank and Trust Building
Twin Falls, Idaho

ATTENTION: Mr. Edward H. Heap

Dear Mr. Heap:

We have your letter of February 19 enclosing depositions of Floyd V. Stanger and Merlen Stanger, also two witnesses and affidavit of publication in the Twin Falls Times News all in proof of beneficial use on the above numbered Permits.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact Messrs. Stanger at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

affidavit in file 21668

21669

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21669

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. ^{EVERA} L. MORGAN, age 55, residence and post office address R. F. D. 2, Kimberly, Idaho. Occupation farmer.

Ques. 2. Are you acquainted with Floyd V. Stanger and Merlen Stanger, the holders of Permit No. 21669? How long have you known him and where does he reside?

Ans. Yes. I have known them for about 30 years. They reside at Hansen, Idaho

Ques. 3. Have you read or heard read said Permit No. 21669, and are you familiar with its provisions and conditions?

Ans. Yes, and I am familiar with its conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water from two wells. Well #1 is 60 rods west and 20 rods north of SE corner & Well #2 is 50 feet west and 20 rods north of SE corner of N¹/₄ SE¹/₄ Sec. 18, Twp. 11 S., Rge. 19 E.B.M., Twin Falls County, Idaho. Place of diversion is each well. Well No. 1 has electric pump, about 53 rods of 8" steel pipe leading from well and open ditches. Well No. 2 has hand pump at present. Was equipped with electric pump in 1951. Water is conveyed from wells in pipe and open ditches to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? Works will safely conduct more than 80 inches of water. I have seen 53 inches of water from Well No. 1 ~~Ans.~~ & 10 inches from Well No. 2 conducted thru said works.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount? I have seen Well No. 1 deliver approximately 53 inches of water and Well No. 2 deliver approximately 10 inches of water. I have estimated the amount of water from my experience in handling water and measuring water for irrigation. I have used irrigation water for about 40 years.

21669

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. I have seen all the water produced by both pumps used for irrigation on 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ and 40 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 18-11-19. None of the ~~land is natural meadow land -- all is cultivated land. Land was converted from~~ sagebrush land to cultivated land. There will probably be a residence constructed on the 80 acres this coming spring.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water from Well No. 2 is available for domestic use but I have not seen it used for domestic use - only irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is deep lava ash soil and would require at least one inch per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all of the water from Well No. 1 used for irrigation of the 80 acres above described during 1952 and each irrigation season thereafter ~~including irrigation season of 1954. I have also seen all water produced~~ from Well No. 2 used on said land in 1951 and thereafter.

(Signed) _____

Evans Morgan

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in _____ Twin Falls _____, County of _____ Twin Falls _____, State of Idaho, on this 15 day of February _____, A. BOISE, IDAHO

Permit No. 21669

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. H. PEARSON, age 29 years, residence and postoffice address -
R. F. D. 2, Hansen, Idaho - occupation - irrigator.

Ques. 2. Are you acquainted with Floyd V. Stanger and Merlen Stanger, the holder of Permit No. 21669? How long have you known him and where does he reside?

Ans. Yes, I have known them for about 7 or 8 years. They reside at
Hansen, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21669, and are you familiar with its provisions and conditions?

Ans. Yes, and I am familiar with its conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water from two wells. Well #1 is 60 rods west and 20
rods north of SE corner & Well #2 is 50 feet west and 20 rods north of SE corner
of N. SE. Sec. 18, Twp. 11 S., Rge. 19 E.B.M., Twin Falls County, Idaho. Place
of diversion is each well. Well No. 1 has electric pump, about 53 rods of 8"
steel pipe leading from well and open ditches. Well No. 2 has hand pump at
present. It was equipped with electric pump in 1951. Water is conveyed from
wells in pipe and open ditches to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? Works will safely conduct more than 80 inches of water. I have seen 53 inches of water from Well #1 ~~x Ans~~ & 10 inches from Well #2 conducted through said works.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount? I have seen Well No. 1 deliver approx. 53 inches of water and Well #2 deliver approximately 10 inches of water. I have estimated the flow from
Ans. my experience in irrigating and measuring irrigation water.

21669

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. I have seen all the water produced by both pumps used for irrigation on 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ and 40 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 18-11-19. None of the land is natural meadow land. All is cultivated land. Land was converted from sagebrush land to cultivated land. There will be a residence constructed on the 80 acres soon I am advised.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water from Well #2 is available for domestic use but I have not seen it used for domestic use - only for irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is deep lava ash soil with very little rock and would and does require one inch per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all of the water from Well #1 used for irrigation of the 80 acres above described during 1952 and each irrigation season thereafter including irrigation season of 1954. I have also seen all water produced from Well No. 2 used on said land in 1951 and thereafter.

(Signed)

W. H. Pearson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 15th day of February, A. 21669

RECEIVED
FEB 21 1955

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO.

Department of Reclamation

PERMIT No. 21669

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE.

DEPOSITION OF HOLDERS

Ques. 1. State your names, residences, occupations and postoffice addresses:

Ans. FLOYD V. STANGER and MERLEN STANGER; residence - Hansen, Idaho; occupation - farmers - postoffice addresses - Hansen, Idaho.

Quest. 2. - Does not apply.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #21669 dated August 21, 1950, date of priority - August 19, 1950.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply is subterranean flow of water from two wells. Water is diverted at location of wells. Well #1 is located 60 rods west and 20 rods north of the southeast corner, and Well #2 is located 50 feet west and 20 rods north of the southeast corner of the North Half of the Southeast Quarter of 18-11-19, Twin Falls County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works of diversion consist of two wells, above described, pumps, 53 rods of 8 inch steel pipe and open ditches privately owned. Well #1 is 430 feet deep, has 60 feet of steel casing, 260 feet of 6 inch pump column, 7 stages of bowls, depth to water 210 feet. Pump discharges 53 inches of water measured by an orifice. Well #2 is 785 feet deep, equipped with 20 feet of 15" steel casing and a hand pump at the present time, although it was equipped with an electrically driven pump when well was first drilled. Depth to water 210 feet. Pump discharges approximately 10 inches of water measured by an orifice. This well will be used for domestic purposes when residence is built on said 80-acre tract.

21669

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Well #1 is used strictly for irrigation of 40 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ and 40 acres of NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18-11-19. None of said land is natural meadow land. All land is cultivated land converted from sagebrush covered land to production of crops. Well #2 was used for irrigation in crop season of 1951 on above described land, but will be used for domestic well when residence is constructed on 80 acres above described.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Well #2 will be used for domestic purposes and pumping water for livestock.

Ques. 8. What is the minimum amount of water required for the purpose specified above.

Ans. Well #1 53 inches. Well #2 10 inches.

Ques. 9. If you are not the person - etc. Does not apply

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Well #1 use for irrigation seasons since the summer of 1952. 53 inches produced from said well used during all of each irrigation season 1952 to 1954 inclusive on the lands above described. Well #2 was first used for irrigation on above lands irrigation season of 1951 and thereafter. Will be used for domestic well when residence is constructed.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water available.

Lloyd V. Stanger
Merlen Stanger

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 15th day of February, A. D. 1955.

RE: Permits Nos. 21668 - 21669

Messrs. Stephan, Stephan and Heap
Twin Falls Bank and Trust Co. Bldg.
Twin Falls, Idaho

ATTENTION: Mr. Edward H. Heap

Dear Mr. Heap:

Reference is made to your letter of January 12 enclosing notice for Beneficial Use on the above numbered permits in the names of Floyd V. and Merlen Stanger.

It will be all right to combine the notices for both permits and we are sending a copy of same to the Twin Falls Times News with instructions to publish it once a week for four weeks prior to February 15 and to send the applicants the affidavit of publication together with statement of costs.

It will be necessary to submit separate proof on each of these permits and we enclose the forms herewith to be executed by the permit holders and two witnesses for each permit.

We have corrected the location of Well No. 1 in the Certificate of Completion of Works on Permit No. 21668 and have also corrected our record and we return the certificate of Completion of Works herewith.

Very truly yours, .

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) January 7, 1955

(P. O.) Hansen, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Times-News of Twin Falls, Idaho published in
the county in which the works are situated.

Merless Stanger
Lloyd V. Stanger

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

21669

NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN that at ten o'clock A. M. on the 15th day of February, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Edward H. Heap, Notary Public, proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of subterranean flow from three wells in accordance with the terms and conditions of Permit No. 21668 heretofore issued by the State Reclamation Engineer of the State of Idaho; and of the application to beneficial use of 1.6 cubic feet per second of the subterranean waters from two wells in accordance with the terms and conditions of Permit No. 21669 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The names and post office addresses of the persons holding said permits are: Floyd V. Stanger and Merlen Stanger, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use under Permit No. 21668 is 3.2 cubic feet per second and the amount applied to beneficial use under Permit No. 21669 is 1.6 cubic feet per second.

The places where said water is used is: Under Permit No. 21668 - Southwest Quarter (SW $\frac{1}{4}$) of Section 28, Township 11 South, Range 19 E. B. M.; Under Permit No. 21669 - North Half of the Southeast Quarter (N $\frac{1}{2}$ SE $\frac{1}{4}$) of Section 18, Township 11 South, Range 19 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such places of use is: Privately owned ditches and pipe lines.

21669

The right to take water from such works is based upon Permits numbered 21668 and 21669.

The Source of supply from which such water is diverted is: Under Permit numbered 21668 three wells: Well No. 1 - 50 feet north and 80 rods east from the SW corner SW $\frac{1}{4}$ Section 28; Well No. 2 - 50 feet north and 50 feet west from the SE corner SW $\frac{1}{4}$ Section 28; and Well No. 3 - 50 feet west and 60 rods north from SE corner SW $\frac{1}{4}$ Section 28; all in Township 11 South, Range 19 East, B.M. Under Permit numbered 21669: Well No. 1 - 60 rods west and 20 rods north of the SE corner of N $\frac{1}{2}$ SE $\frac{1}{4}$; Well No. 2 - 50 feet west and 20 rods north of the SE corner of N $\frac{1}{2}$ SE $\frac{1}{4}$; all in Section 18, Township 11 South, Range 19 East, B. M.

The date of priority which said users are prepared to establish is: August 19, 1950.

RE: Permit Nos. 21668 and 21669

Messrs. Stephen, Stephan and Heap
Twin Falls Bank and Trust Co. Building
Twin Falls, Idaho

Attn: Mr. Edward H. Heap

Dear Mr. Heap:

We enclose Certificate of Completion of Works issued on Permit No. 21669 in the name of Floyd V. and Merlen Stenger for the diversion of one and six-tenths (1.6) second feet of water from two wells in the N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 18, Township 11 South, Range 19 East, B.M. for irrigation and domestic use on the same subdivisions.

We also enclose Departmental Receipt No. 26151 for the \$5.00 fee paid in connection with Completion of Works proof.

We also enclose Approval of the State Reclamation Engineer of the application of Floyd V. and Merlen Stenger for Extension of Time for Completion of Works on Permit No. 21668 to August 21, 1954.

This should be attached to the original permit of which it now forms a part.

Very truly yours,

MARK R. KULP

AFFIDAVIT OF HOLDERS

STATE OF IDAHO,)
) SS.
COUNTY OF TWIN FALLS,)

FLOYD V. STANGER and MERLEN STANGER , being each duly
se verally sworn, upon their oath, depose and say:

First: That they are the holders and owners of Permit to
Appropriate the Public Waters of the State of Idaho No. 21669,
and that their post office address is Hansen, Idaho.

Second: That the name of the stream from which said water is
to be diverted is underground water lying below the surface of the
lands described in the Application for Permit numbered 21669.

Third: That the point of diversion of said water is:
Well #1 60 rods west and 20 rods north of the Southeast corner;
and Well #2 50 feet west and 20 rods north of the Southeast
corner of the North Half of the Southeast Quarter (N $\frac{1}{2}$ SE $\frac{1}{4}$) of
Section 18, Township 11 South, Range 19 E. B. M., Twin Falls
County, Idaho.

Fourth: That under the terms and conditions of said permit
construction thereunder was required to be completed by August
21, 1953.

Fifth: That the use for which said water is intended is
irrigation and domestic - well No. 1 for irrigation and Well No.
2 for domestic.

Sixth: That Well No. 2 was completed on May 17, 1951 and
Well No. 1 was completed June 24, 1952. That the works consisted
of the following:

Well No. 2 is 785 feet deep and is equipped with 20 feet of
15 inch steel casing and a hand pump. Said well produces approx-
imately 10 inches of water.

Well No. 1 is 430 feet deep, has 60 feet of steel casing and
is equipped with a 40 H.P. Electric Layne and Bowler Pump (cen-
trifugal) - has 260 feet of 6 inch pump column and 7 stages of
bowls. Said Well is also equipped with 53 rods of 8inch steel pipe
to convey water from pump to place of use.

Seventh: That said works are capable of conducting to the
place of intended use more than 1.6 cubic feet per second of
water. Said works cost affiants \$12,385.00.

21669

Eighth: That water appropriated under said permit is available for irrigation of 80 acres of North Half of the Southeast Quarter (N $\frac{1}{2}$ SE $\frac{1}{4}$) of Section Eighteen (18), Township Eleven (11) South, Range Nineteen (19) E. B. M., Twin Falls County, Idaho and for domestic use on said premises.

Ninth: That the wells hereinabove described, located and constructed in accordance with Permit No. 21669, have been thoroughly tested and it has been determined by the undersigned owners that said wells will deliver a constant flow of water for irrigation and domestic purposes as hereinabove stated.

INSTRUCTIONS

Floyd V. & Merlin Stanger
Hansen
Idaho

PROOF OF COMPLETION OF WORKS

Boise, Idaho

Dear Sir:-

Under the terms of your Permit No. 21669 you are required to complete your diversion works on or before August 21, 1953. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

**NOTICE OF PROOF APPLICATION OF
WATER TO BENEFICIAL USE**

NOTICE IS HEREBY GIVEN that at ten o'clock A. M. on the 15th day of February, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Edward H. Heap, Notary Public, proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of subterranean flow from three wells in accordance with the terms and conditions of Permit No. 21668 heretofore issued by the State Reclamation Engineer of the State of Idaho; and of the application to beneficial use of 1.6 cubic feet per second of the subterranean waters from two wells in accordance with the terms and conditions of Permit No. 21669 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The names and post office addresses of the persons holding said permits are: Floyd V. Stanger and Merien Stanger, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use under Permit No. 21668 is 3.2 cubic feet per second and the amount applied to beneficial use under Permit No. 21669 is 1.6 cubic feet per second.

The places where said water is used is: Under Permit No. 21668—Southwest Quarter (SW $\frac{1}{4}$) of Section 28, Township 11 South, Range 19 E. B. M.; Under Permit No. 21669—North Half of the Southeast Quarter (N $\frac{1}{2}$ SE $\frac{1}{4}$) of Section 18, Township 11 South, Range 19 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such places of use is: Privately owned ditches and pipe lines.

The right to take water from such works is based upon Permits numbered 21668 and 21669.

The source of supply from which such water is diverted is: Under Permit numbered 21668 three wells: Well No. 1—50 feet north and 80 rods east from the SW corner SW $\frac{1}{4}$ Section 28; Well No. 2—50 feet north and 50 feet west from the SE corner SW $\frac{1}{4}$ Section 28; and Well No. 3—50 feet west and 60 rods north from SE corner SW $\frac{1}{4}$ Section 28; all in Township 11 South, Range 19 East, B. M. Under Permit numbered 21669: Well No. 1—60 rods west and 20 rods north of the SE corner of N $\frac{1}{2}$ SE $\frac{1}{4}$; Well No. 2—50 feet west and 20 rods north of the SE corner of N $\frac{1}{2}$ SE $\frac{1}{4}$; all in Section 18, Township 11 South, Range 19 East, B. M.

The date of priority which said users are prepared to establish is: August 18, 1950.

MARK R. KULP,

State Reclamation Engineer

Publish: Jan. 19, 1955
