INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Nº 5270

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 o'clock A. M., on the 14th day of May, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before Leonard H. Jacob, Notary Public, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of subterranean source from wells in the SE¼NW¼ and NE¼NW¼ Sec. 28, Twp. 11 S., Rge. 19 E., B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21318 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Martin H. Reinke, Gen. Del., Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is two (2) cubic feet per second.

4. The place where said water is used is the Northwest Quarter (NW¼) of Section Twenty-eight (28), Township Eleven (11) South, Range Nineteen (19) East of the Boise Meridian, Twin Falls County.

5. The date of priority which said user is prepared to establish is December 19, 1948.

MARK R. KULP,
State Reclamation Engineer

Publish: April 20, 27, May 4, 11, 1954

21318

I, Mable F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Thursdays commencing with the issue dated April 20, 1954, and ending with the issue dated May 11, 1954.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

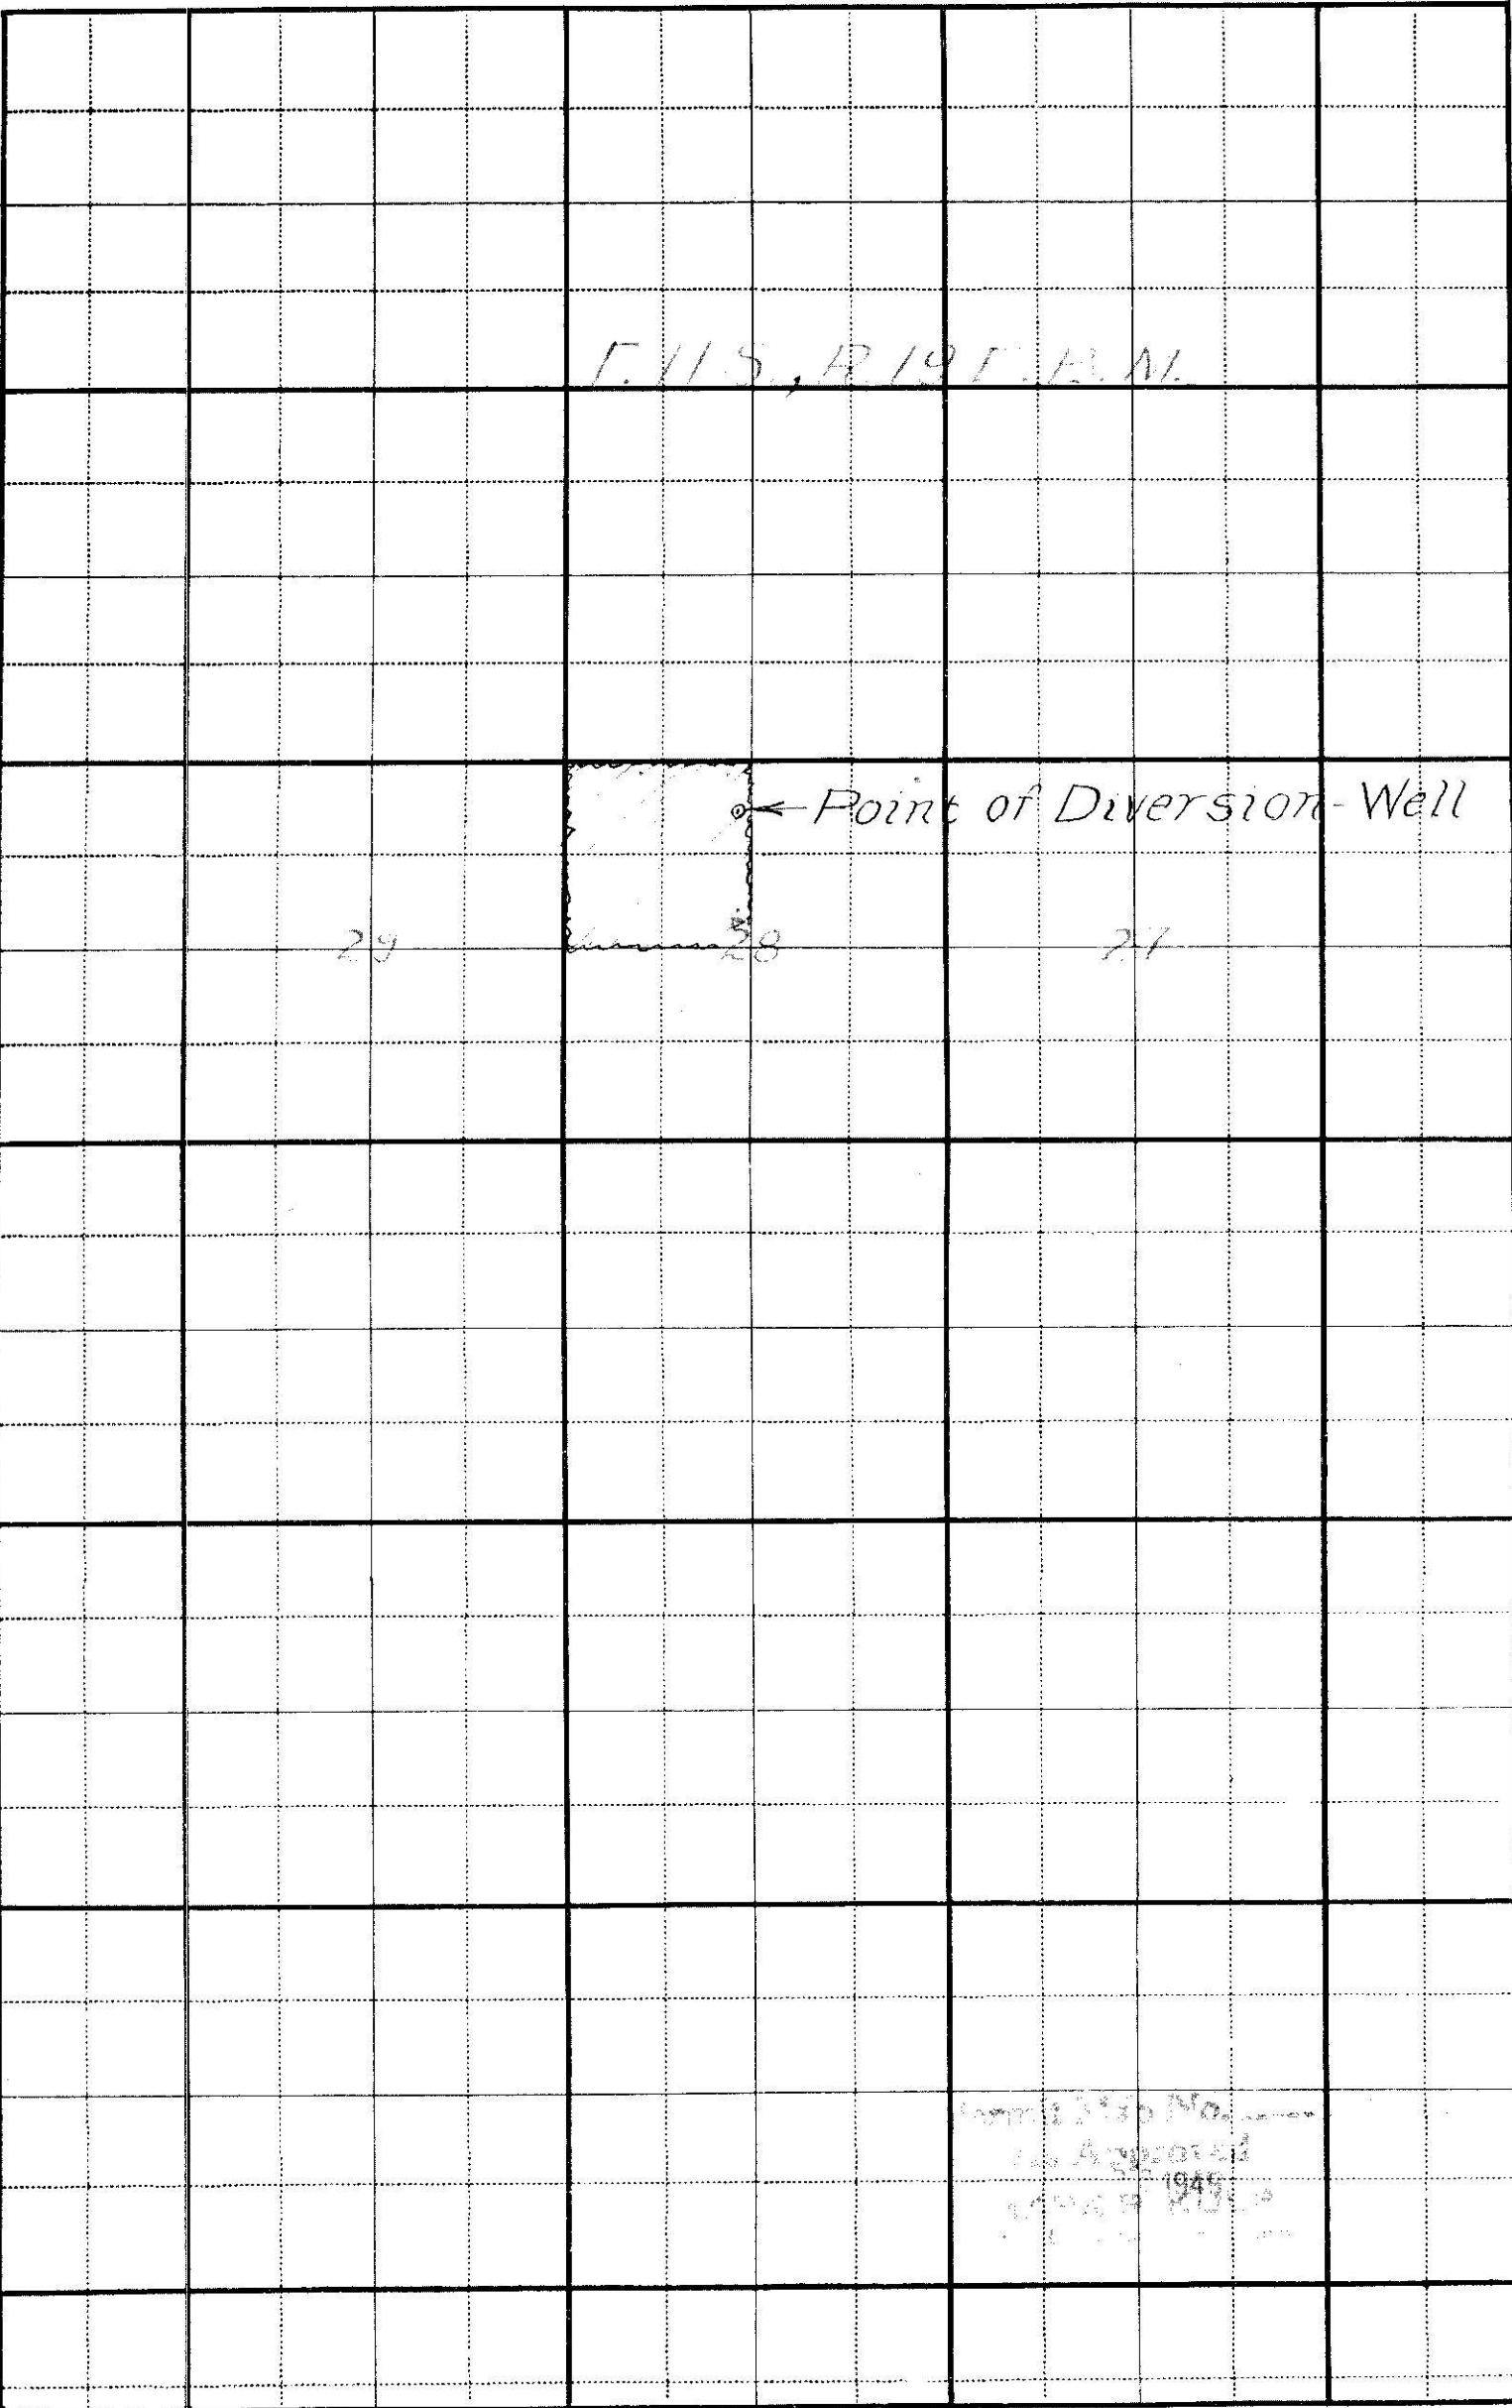

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

45-2314

APPLICATION No. 29005
 PERMIT No. 21318
 DISTRICT No.

1. Name of Applicant: MARTIN H. REINKE

Postoffice address: Gen. Delivery, Twin Falls

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (c) Bonds to be issued:
- (b) Treasury stock:
- (d) Other resources:

2. Quantity of water claimed: 100" or 2

cubic feet per second.

3. Source of water supply: Well on premises

which is a tributary of

4. Location of point of diversion: 2440 ft. East and 1000 ft. South ~~feet distant~~ from the Northwest

corner of Section 28, T. 11 S., R. 19 E., B.M., and is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$

of Section 28, T. 11 S., R. 19 E., B.M., County of Twin Falls

5. Water is to be used for Domestic and irrigation purposes.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the
 of Section, T., R., B.M.

7. Estimated cost of works: \$5,000.00

8. Kind of works: Well, pump and ditches.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

MARTIN REINKE

APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 21318																			
Comes now Martin H. Reinke and represents to the State Reclamation Engineer of the State of Idaho:																			
That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 21318																			
Range 19	That the point of diversion is described in said permit as being located NE¼ NW¼ Section 28, Township 11 South East E. M.																		
11 South,	That he now requests that an additional point of diversion be added at a point located SE¼ NW¼ Section 28, Township Range 19 East. B. M.																		
That his reasons for desiring to make such change are as follows: A sufficient amount of water was not developed from the original well.																			
That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.																			
Signed at Boise, Idaho, this 15th day of March, 1954.																			
MARTIN H. REINKE																			
Date of receipt at Department of Reclamation.....March 15, 1954																			
APPROVAL OF STATE RECLAMATION ENGINEER																			
I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 21318. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.																			
MARK R. KULP																			
State Reclamation Engineer																			

Permit No. 21318
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that MARTIN H. REINKE of Twin Falls, County of Twin Falls, and State of Idaho, the holder of Permit No. 21318, issued upon Application No. 29005 bearing date of priority of December 19, 1949, authorizing the diversion of Two (2) second feet of the waters of 2 wells (subterranean flow) County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.2 second feet of the waters of two wells; that the points of diversion of said waters are in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 28, T.11S., R.19E., B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Northwest Quarter Section 28, Township 11 South, Range 19 East, B. M.

Witness my hand this 21st day of October, A. D. 1955.

RE: Permit No. 21318

Mr. Martin H. Reinke
Route 2
Twin Falls, Idaho

Dear Mr. Reinke:

The report of our field engineer on examination for completion of works and beneficial use on your Permit No. 21318 is now on file. This report shows that your two wells will each deliver 30 inches of water or a total of 60 inches which has been used to irrigate 150 acres in the NW¹/₄ Section 28, Township 11 South, Range 19 East, B.M.

A Certificate of Completion of Works and License can be issued for 60 inches or 1.2 second feet upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$8.00 license fee or a total of \$13.00.

However, as we wrote you on July 22, if you still wish a reinspection, you need not send any fees at the present time but our field engineer will make another inspection during the next irrigation season.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

Ashll

21318

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21318

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Martin H. Reinke, Route 2, Twin Falls, Idaho

2. Source of water supply: Two wells (subterranean)

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 28

T. 11 S. R. 19 E. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: North Well: 12" by 540' deep, cased 490'. 5 stage 10" bowls. 6" by 250' column. H= 140', draw down 250'. 30-hp, 220 V., 1750-RPM 76-A., No. 595275. Fairbanks Morse Pump No. PL 1417. Delivery is to the North through a 6" pipe into a trough, thence East and West. Delivery by gravity. South Well: 12" by 500', cased 390'. H=136', draw down 260'. 40 hp Fairbanks Morse Motor 440 V., 49.5 A., No. 585051. 6' square curb, no protection. Delivery is to the East through a 6" O.D. pipe into an 8" by 160' long concrete pipe line to the high point in the field to the south.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Northwest Quarter Section 28, Twp. 11 South, Range 19 East, B. M.

See the map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

The south well came very close to being drilled on the neighbors land. The pipe line is on the neighbor's land and will be changed this fall.

Both of these wells were down in their yield at present and Mr. Reinke intends to clean them out and remeasure them after the irrigation season is finished so he can turn the water off.

This examination was made on the 12 day of July, 19 54

BOISE, IDAHO

Permit No. 21318.

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Martin H. Reinke, Route 2, Twin Falls, Idaho.

I am a farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean source through two (2) wells, one located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and other in SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 28, Twp 11 S, R 19 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Two electricity driven Fairbanks-Morse Pumps. Depth of north well is 540' with 490' of 10" casing. 140' to water with approx. 50 inches pumped. Depth of south well is 500' with 400' of 10" casing on top with 8" casing near bottom. Pumps approx. 50 inches. Determined by area irrigated. Water is spread over 160 acres and is conveyed by means of ditches and laterals by means of gravity.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes over the entire 160 acres. Grain, peas and row crops are grown this season. A house has been built, which is located in the northwest corner of said 160 acres. In addition to the house and pumps, ditches have been constructed. Entire 160 acres have been cleared by deponent, prior to use of land. A ditch runs through the middle. About 20 acres are consumed by the yard area, ditch with a little pasture.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation purposes only.

✓ Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original permit holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. North well has been irrigating crops (80 acres) ever since 1950 season.

This is the second season for the south well which also irrigates 80 acres. Both well have been used continually during the growing season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have been farming this place since 1950. There is some waste water coming onto the place from the south, This is also well water and the amount and time when it is received varies. All the water from both wells and the waste water are needed in order to properly irrigate the 160 acres.

(Sign) Martin T. Reinhold

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 14th day of May, A. D. 1954.,

My commission expires 5-15-56.

Reinhold

Residing at Twin Falls.

21318

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21318

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Merrill L. Tversen, age 36 of 1875 Sigrid Ave. Twin Falls,
Idaho. Occupation: Mgr. Rogers Bros. Farm Store of Twin Falls, Ida.

Ques. 2. Are you acquainted with Martin H. Reinke, the
holder of Permit No. 21318? How long have you known him and where does
he reside?

Ans. I am acquainted with Martin H. Reinke and have known him
for three years. He resides at Route 2, Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21318, and are you
familiar with its provisions and conditions?

Ans. I have read Permit No. 21318 and am acquainted with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. One well located near east line of NE $\frac{1}{4}$ NW $\frac{1}{4}$ and other near east
boundary of SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 28, twp 11 S, R 19 E.B.M, each have an
electric motor driven pump which surfaces the water. Water is conveyed
to land by means of ditches and feeder ditches.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 2 cubic feet per second of water, which I have seen conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 2 cubic feet per second of water. I am in the retail pump
business and from my experience, I estimate that the pumps are
producing this amount of water.

21318

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes on most of the 160 acres. Cultivated crops such as grain, peas and beans are or have been grown on the farm, with some alfalfa. A house has been constructed in the northwest corner of the farm with some out buildings. In addition to the two wells and pumps, ditches have been built to carry the water.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land reclaimed is arid in character and more than the 2 cubic feet per second of water is necessary to properly irrigate the farm. Some waste water is used on the place.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or lands mentioned.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on this farm during all phases of the farming season, and have watched the water being applied to the premises. I have been on the place many times during the past three years, at which time I observed the application of the water to the place.

(Signed) ✓ Merrill L. Jensen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 14th day of May, A. D. 1954...

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21318.

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. U.E. Couberly, age 57, 109 Main Ave. East, Twin Falls, Idaho.

Occupation: Real estate agent, and farmer and rancher.

Ques. 2. Are you acquainted with Martin H. Reinke, the holder of Permit No. 21318? How long have you known him and where does he reside?

Ans. I have known Mr. Reinke for at least 5 years and he lives south east of Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21318, and are you familiar with its provisions and conditions?

Ans. yes to both questions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two wells supply water from subterranean source, with one well located near east line of NE $\frac{1}{2}$ NW $\frac{1}{4}$ and other near east line of SE $\frac{1}{4}$ NW $\frac{1}{4}$ of section 28, two 11 S, R 19 E.B.M. Each well is used to pump water which is spread over the surface by gravity by means of ditches and feeder ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The wells will pump at least 2 cubic feet per second of water, all of which will be utilized for irrigation purposes.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The two pumps will deliver 2 cubic feet per second of water. I have estimated this in relation to a well I have on my farm, which is located a short distance from the Martin H. Reinke farm.

21318

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes and is used over the entire 160 acres. A farms place including a house and some out-buildings are ~~situated in the extreme northwest corner of the farms. Most of the land is cultivated with about 20 acres being utelized for pasture and the farm place itself. In addition to the two pumps, wells, house with outbuildings and ditchings and leveling have been done.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is arrid in character, which has been leveled in places. More than 2 cubic feet per second of water is needed ~~to properly irrigate the place. Some waste water is used.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no interest in the workd, water or lands above mentioned.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Martin Reinke has been farming this land since 1950. He first irrigated the north half with water from the north wells, and dry farmed the balance. He now irrigates the entire tract from these two wells and waste water. I have seen his farm during all drowing and harvesting seasons during this entire time.

RE: Permit No. 21318

Messrs. Smith, Jacob & Lloyd
P. O. Box 426
Twin Falls, Idaho

ATTENTION: Mr. Leonard H. Jacob

Dear Mr. Jacob:

We acknowledge receipt of your letter of June 2 enclosing depositions of Martin H. Reinke and two witnesses also affidavit of publication in the Twin Falls Times-News, all submitted in proof of completion of works and beneficial use on Permit No. 21318.

However there seems to be some confusion in these depositions as to the location of the wells. Mr. Reinke's deposition describes their location as in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 28, Township 11 South, Range 19 East B.M., which is as shown in the published notice.

Mr. U. E. Couberly's deposition describes the wells as near the east line of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and near the east line of the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 28; and Mr. Merrill L. Iversen describes the wells as near the east line of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and near the east line of the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 28.

Obviously, they cannot all be right and we are returning the depositions for the necessary corrections.

Very truly yours,

MARK R. KULP

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO,
COUNTY OF TWIN FALLS } ss.

Nº 5270

CERTIFICATE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 o'clock A. M., on the 14th day of May, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before Leonard H. Jacob, Notary Public, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of subterranean source from wells in the SE¼NW¼ and NE¼NW¼ Sec. 28, Twp. 11 N., Rge. 19 E., S. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 11818 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Martin H. Reinke, Gen. Del., Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is two (2) cubic feet per second.

4. The place where said water is used is the Northwest Quarter (NW¼) of Section Twenty-eight (28), Township Eleven (11) South, Range Nineteen (19) East of the Boise Meridian, Twin Falls County.

5. The date of priority which said user is permitted to establish is December 18, 1944.

MARK E. KULP,

State Reclamation Engineer

Published: April 20, 27, May 4, 11, 1954

I, Mable F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Tuesdays commencing with the issue dated April 20, 1954, and ending with the issue dated May 11, 1954.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 11th day of

May, 1954.

ATTENTION: Mr. Leonard H. Jacob

Dear Mr. Jacob:

We have your letter of April 14th, enclosing notice for Completion of Works and Beneficial Use proof on Permit No. 21318 in the name of Martin H. Reinke with his authorization to publish same in the Twin Falls Times-News.

We have sent a copy of the notice to the Twin Falls Times-News with instructions to publish once a week for four weeks prior to May 14th, commencing with their issue of April 20th, and to send the affidavit of publication to Mr. Reinke together with statement of costs.

We enclose Mr. Reinke's application for amendment to the points of diversion described in said permit which has been approved by the State Reclamation Engineer and recorded in this Department.

The notice has been made to include the two wells described in said amendment.

We enclose the forms of deposition to be used in making these proofs consisting of one for the permit holder and one for each of two disinterested witnesses.

No fee is due until the proofs have been submitted and a field inspection made by an engineer from this Department, so we return your check for \$5.00 which was enclosed in your letter.
