W. A. Coiner, and Coiner Estate

Federal Land Bank Association
of Twin Falls
Twin Falls, Idaho

Your reference: Loan #116331 - Wolverton

Attention Mr. W. R. Nutting

Dear Mr. Nutting:

In replying to your letter of August 27 it is first necessary to explain that our research is based on the deduction that you referred to licensed permits filed on or owned by Mr. W.A. Coiner. However, after a permit has matured to a license this office does not as a rule record any other matter, ownership or otherwise. Hence, our records do not show any permits under the name of Coiner Land & Livestock Co.

Therefore, our search was limited to eight licensed permits enumerated on the attached exhibit "A". At present there is no well defined trend indicated in regards to water level in this area. No doubt great changes have taken place since licenses were issued which could have changed the amount of water available.

Schedule "A" refers to the list of 10 questions in your letter.

The cost of this research is \$10 for which you may send a check to this office at your earliest convenience.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28827
PERMIT No. 21161
DISTRICT No.

1. Name of Applicant: W. A. COINER

Postoffice address: Hansen

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:
- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: Two (2) cubic feet per second.

3. Source of water supply: Subterranean flow from a well which is a tributary of

4. Location of point of diversion: 50 ft. East and 250 ft. North feet distant from the Southwest
of NE $\frac{1}{4}$ SE $\frac{1}{4}$
corner of Section 36, T. 11 S., R. 18 E., B.M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$
of Section 36, T. 11 S., R. 18 E., B.M., County of Twin Falls

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the
of Section, T., R., B.M.

7. Estimated cost of works: \$ 10,000

8. Kind of works: Well, pump and ditches. Well 474 feet deep, 12 inch casing, and electric pump

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Works are complete ^{water being used} years.

13. The time required for the complete application of the water to the proposed use is six months additional years.

Can make proof of beneficial use in fall of 1949.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

Re: Permit No. 21161

Mr. W. A. Coiner
Hansen, Idaho

Dear Mr. Coiner:

The report of our Field Engineer on examination for beneficial use under Permit No. 21161 shows that your well located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Township 11 South, Range 18 East, B.M. will deliver 103.5 inches of water.

However, the Permit only calls for 100 inches, and License will be issued for that amount for use on the E $\frac{1}{2}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, upon receipt of the statutory fee of \$6.00.

Since your well produces an additional 3.5 inches, we might suggest that you include this in your pending application for 3 second feet of water from a well in Lot 4 $\frac{1}{2}$, Section 30, Township 11 South, Range 19 East, B.M., and which is to be used on 290 acres in Lots 3 and 4 of Section 30, Township 11 South, Range 19 East, B.M., S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 24, N $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ and E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 18 East, B.M.

If you will advise us as to your wishes in this matter, we will be glad to make an amended application to include these two wells and the additional amount of water.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

Permit No. 21161

Examination for Beneficial use

County Twin Falls

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 21161

Mr. W. A. Coiner
Hansen, Idaho

Dear Mr. Coiner:

Since talking with you in Twin Falls on January 19, I have rechecked Permits Nos. 20101, 20230, 20231, 21161, License No. 18265 and your latest application.

I am not going to try to explain things in detail, but will state that you have all the water permissible on a small portion of your land and you are very close to that on a goodly portion more of your land, and that you cannot get all of the water asked for under your new application without making some transfers of water.

All of the engineering reports have been passed on for completion of processing, and I have recommended that the application be approved. However, before time for publication of Beneficial Use Proof on it, you should transfer enough waters from your land to the North to the regions to the South in order to be able to make the water in the application appurtenant to your fields.

It will be best for you to call at this office and make a thorough check regarding these so that you understand the situation.

It will be best for you to write to me at least a week in advance of your intended visit here so that I may make certain to be in the office to go over these in detail with you. Anyone here could do this, but inasmuch as I have done all of the checking, it would be faster and easier if you contacted me personally in regard to this matter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Boise, Idaho

Dear Mr. Kulp:

Re: Permit No. 21161
W. A. Coiner

When your field engineer was at Hansen recently he made an investigation on the well, beneficial use etc. on the above numbered permit. The examination revealed that by error the point of diversion - that is the location of the well - had been incorrectly described in the above numbered Permit and in all of the papers and proofs submitted since the issuance of the Permit. The Engineer advised that a showing should be made to have the point of diversion changed in the records in your office. I have prepared a Petition for such change which Mr. Coiner has signed and verified and I am enclosing the same herewith in duplicate.

Section 42-222 Idaho Code provides the procedure for changing point of diversion after license has been issued, and I am wondering if the change may be made without publication since the license has not yet issued? I will appreciate your advice on this matter.

Very truly yours,

Frank L. Stephan

21161

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21161

PETITION FOR CHANGE IN POINT OF DIVERSION

TO THE HONORABLE MARK R. KULP, STATE RECLAMATION ENGINEER
OF THE STATE OF IDAHO:

THE PETITION of W. A. COINER of Hansen, Idaho, respectfully
shows:

That he is the owner and holder of the above numbered Permit No. 21161 issued by the Department of Reclamation to Petitioner on or about July 30, 1949. That Certificate of Completion of Works under said Permit was issued by the Honorable Mark R. Kulp, State Reclamation Engineer to your Petitioner on the 26th day of August, 1949; and Proof of Beneficial Use under said Permit above numbered was submitted by your Petitioner on or about December 1, 1949, said Proof having been made on November 29, 1949 pursuant to the laws of the State of Idaho after publication of Notice as required by law.

That by inadvertence and mistake the point of diversion - that is the location of the well covered by said Permit - described in said Permit, Certificate of Completion of Works and in Proof of Completion of Works, as well as in Proof of Beneficial use was described as being located:

Approximately 50 feet East and 250 feet North from the Southwest corner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M. and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

That as a matter of fact said well was drilled and is located and said point of diversion is as follows:

1058 feet north and 963 feet west from the Southeast corner of Section 36, Township 11 South, Range 18 E. B. M. and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 36.

That the water produced from said well was used during the crop season of 1949 and has been used during all the crop season of 1950.

21161

That this Petition is filed for the purpose of having the point of diversion shown in Permit No. 21161 changed to the point of diversion last hereinabove described, and also that such point of diversion be so shown in all papers, certificates and the License to be issued subsequent to the date of said Permit.

That such change in point of diversion will not and does not injure the rights of any persons and such change does not work a forfeiture or an abandonment of such rights as are granted under the above numbered Permit.

W A Coiner
Petitioner.

STATE OF IDAHO,
COUNTY OF TWIN FALLS, SS.

W. A. COINER, being first duly sworn, deposes and says:

That he is the Petitioner named in the foregoing Petition; that he has read the foregoing Petition, knows the contents thereof and that the statements therein contained are true as he verily believes.

W A Coiner

SUBSCRIBED and SWORN to before me this 25th day of August, 1950.

PERMIT NO. 21161

PETITION FOR CHANGE IN POINT OF DIVERSION

TO THE HONORABLE MARK R. KULP, STATE RECLAMATION ENGINEER
OF THE STATE OF IDAHO:

THE PETITION of W. A. COINER of Hansen, Idaho, respectfully
shows:

That he is the owner and holder of the above numbered Permit No. 21161 issued by the Department of Reclamation to Petitioner on or about July 30, 1949. That Certificate of Completion of Works under said Permit was issued by the Honorable Mark R. Kulp, State Reclamation Engineer to your Petitioner on the 26th day of August, 1949; and Proof of Beneficial Use under said Permit above numbered was submitted by your Petitioner on or about December 1, 1949, said Proof having been made on November 29, 1949 pursuant to the laws of the State of Idaho after publication of Notice as required by law.

That by inadvertence and mistake the point of diversion - that is the location of the well covered by said Permit - described in said Permit, Certificate of Completion of Works and in Proof of Completion of Works, as well as in Proof of Beneficial use was described as being located:

Approximately 50 feet East and 250 feet North from the Southwest corner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M. and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

That as a matter of fact said well was drilled and is located and said point of diversion is as follows:

1056 feet north and 963 feet west from the Southeast corner of Section 36, Township 11 South, Range 18 E. B. M. and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 36.

That the water produced from said well was used during the crop season of 1949 and has been used during all the crop season of 1950.

21161

That this Petition is filed for the purpose of having the point of diversion shown in Permit No. 21161 changed to the point of diversion last hereinabove described, and also that such point of diversion be so shown in all papers, certificates and the License to be issued subsequent to the date of said Permit.

That such change in point of diversion will not and does not injure the rights of any persons and such change does not work a forfeiture or an abandonment of such rights as are granted under the above numbered Permit.

W A Coiner
Petitioner.

Re: Permit No. 21161

Mr. Frank L. Stephan
Bank & Trust Co. Building
Twin Falls, Idaho

Dear Mr. Stephan:

We acknowledge receipt of your letter of December 1, 1949, enclosing the depositions of W. A. Coiner and two witnesses; also Affidavit of Publication in the Twin Falls Times-News, all in Proof of Beneficial Use under Permit No. 21161.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact Mr. Coiner at the time he makes the examination in order that he may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

21161

Affidavit of Publication

STATE OF IDAHO,
COUNTY OF TWIN FALLS

ss.

Nº 3056

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 28th day of November, 1949, at Twin Falls, County of Twin Falls, State of Idaho, before Frank L. Stephan, proof will be submitted of the application to beneficial use of two cubic feet per second of the waters of subterranean flow in accordance with the terms and conditions of Permit No. 21161 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are: W. A. Colner, Hansen, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is two cubic feet per second.

The place where said water is used East Half of the Northeast Quarter (E½NE¼) and Northeast Quarter of the Southeast quarter (NE¼SE¼) of Section Thirty-six (36), Township Eleven (11) South, Range Eighteen (18), E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is privately owned ditch.

The right to take water from such works is based upon Permit No. 21161.

The source of supply from which such water is diverted is a well located approximately 50 feet East and 250 feet North from the Southwest corner of the Northeast Quarter of the Southeast Quarter of Section 36, Township 11 South, Range 18, E. B. M., and is in the NE¼SE¼ of said Section 36-11-18.

The date of priority which said user is prepared to establish is July 18, 1949.

MARK R. KULP,
State Reclamation Engineer
Publish: Oct. 21, 28, Nov. 4, 11, 1949.

I, Lisa Mulony, being first duly sworn upon

oath depose and say that I am principal clerk of the TIMES-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

7 consecutive Fridays, commencing with the issue dated October 21, 1949, and ending with the issue dated November 11, 1949.

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-News, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 58-108 I. C. A., 1932, as added thereto by Chapter 154, Idaho 1933 Session Laws, Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 16th day of

November, 1949.

Lisa Mulony
Essie Selaya

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21161

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE.

DEPOSITION OF HOLDER

- - - - -

Ques. 1. State your name, residence, occupation and post-office address:

Ans. W. A. Coiner, residence and post office address, Hansen, Idaho; occupation - farmer, and stockgrower.

Question 2. --

Ques. 3. State number and date of permit, and date of priority you ^{pro}pose to establish under the permit.

Permit No. 21161, dated July 18, 1949 - priority July 18, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water is subterranean water produced from a well located 50 feet east and 250 feet north of the southwest corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M., Twin Falls County, Idaho. The well is the point of diversion.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Works consist of said well above described which is a 474 foot well with a 12-inch casing and is equipped with an electrically driven turbine pump. The water is conveyed from the well in open, privately-owned ditches to the place of use.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and was used during the entire irrigation season of 1949 on 38 acres of NE $\frac{1}{4}$ NE $\frac{1}{4}$, 38 acres of SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 38 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M., Twin Falls County, Idaho. Said land so irrigated is all cultivated land - none is natural meadow land. Improvements made as a result consist of well, pump and electric motor above described and system of ditches which are capable of conducting to place of use eight second feet of water. The water produced from well under this permit, to-wit, two second feet of water, and water from other wells and Rock Creek is all conveyed through said system of works.

Ques. 7 - -

21161

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Land irrigated is of a gravelly texture and requires $1\frac{1}{2}$ inches per acre of water for profitable cultivation and production of crops.

Ques. 9 --

Question 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. As stated above water from said well was used during entire irrigation season of 1949 on the land above described.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water is appurtenant to the above described premises.

W. A. Coe

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 29th day of November, A. D. 1949.

James L. Stephen
Notary Public for Idaho,
Residing at Twin Falls, Idaho.

My commission expires

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21161

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank Lundy, age 44 years, residence and postoffice address
Hansen, Idaho; occupation water master for Rock Creek.

Ques. 2. Are you acquainted with W. A. Coiner, the holder of Permit No. 21161? How long have you known him and where does he reside?

Ans. Yes, I am acquainted with Mr. Coiner. I have known him for
about twenty years.

Ques. 3. Have you read or heard read said Permit No. 21161, and are you familiar with its provisions and conditions?

Ans. Yes I have read said Permit and am familiar with its contents.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is subterranean water produced from a well
474 feet deep located 50 feet east and 250 feet north of the Southwest cor-
ner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Twp. 11 South, Range 18 E.B.M. Said well
has a 12 inch casing and is equipped with an electric turbine pump. The
well produces 2 second feet of water which is conveyed from the well
through privately owned ditches to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will conduct eight second feet to place of use. Water
from this well and other wells and Rock Creek water is all conducted in said

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give ditches each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on 38 acres of NE $\frac{1}{4}$ NE $\frac{1}{4}$, 38 acres of
SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 38 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ in Sec. 36, Twp. 11 South, Range 18 E.B.M.
Twin Falls County, Idaho. All land is cultivated - none is natural meadow
land. Improvements consist of a well above described equipped with pump
and electric motor and irrigation ditches. Works are estimated to have
cost in the neighborhood of \$10,000.00.

21161

1777

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is of gravelly texture and requires 1½ inches of water to the acre for profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or lands above described.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen water used during the whole of the crop season of 1949 on the land above described for the production of farm crops. I have inspected the entire irrigation system of Mr. Coiner and am familiar with it which is used to irrigate the above described land and land adjacent to it from other wells and Rock Creek Water.

(Signed) Frank Jundy

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 29 day of November, A. D. 19 49.

James L. Stephens

Notary Public.

My commission expires May 15, 1953.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21161

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mack Gray, age 43 years, residence and postoffice address Hansen, Idaho; occupation farmer.

Ques. 2. Are you acquainted with W. A. Coiner, the holder of Permit No. 21161? How long have you known him and where does he reside?

Ans. Yes, I am acquainted with Mr. Coiner, I have known him for about twenty years.

Ques. 3. Have you read or heard read said Permit No. 21161, and are you familiar with its provisions and conditions?

Ans. Yes, I have read the Permit #21161 and am familiar with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is subterranean water produced from a 474 foot well located 50 feet east and 250 feet north of the SW corner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Twp. 11 South, Range 18 E. B. M. Said well has a 12 inch casing and is equipped with an electric turbine pump. Said water is conveyed from the well through privately owned ditches to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Eight second feet of water can be conducted through ditches as water from this well producing 2 second feet, and water from other wells and water from Rock Creek is all conducted through said ditches.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on 38 acres of NE $\frac{1}{4}$ NE $\frac{1}{4}$, 38 acres of SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 38 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ in Section 36, Township 11 South, Range 18 E. B. M., Twin Falls County, Idaho. All land is cultivated. There is no natural meadow land. Improvements consist of well above described which probably cost in the neighborhood of \$10,000.00 including pump and motor, and system of irrigation ditches.

21161

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is of gravelly texture and requires 1½ inches of water to the acre for profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or lands above mentioned.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen water used during whole of the crop season of 1949 on the land above described for the production of farm crops. I have inspected the complete system of Mr. Coiner for irrigation of the above described land and other land adjacent thereto which is irrigated from other wells and from Rock Creek water.

(Signed) Mack A. Gray

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 29th day of November, 1949,
at Twin Falls, County of Twin Falls, State of Idaho, before
Frank L. Stephan, proof will be submitted of the
application to beneficial use of two cubic feet per second of the waters of subterranean
flow in accordance with the terms and conditions of Permit No. 21161
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

W. A. Coiner, Hansen, Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is two cubic feet per second

The place where said water is used (~~if for irrigation, give full and accurate description of the~~
~~lands irrigated~~) East Half of the Northeast Quarter (E $\frac{1}{2}$ NE $\frac{1}{2}$) and Northeast
Quarter of the Southeast Quarter (NE $\frac{1}{2}$ SE $\frac{1}{2}$) of Section Thirty-six
(36), Township Eleven (11) South, Range Eighteen (18), E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is privately owned ditch

The right to take water from such works is based upon Permit No. 21161

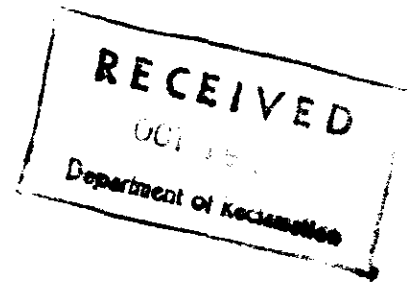

The source of supply from which such water is diverted is a well located approximately
50 feet East and 250 feet North from the Southwest corner of the North-
East Quarter of the Southeast Quarter of Section 36, Township 11 South,
Range 18, E.B.M. and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 36-11-18.
The date of priority which said user is prepared to establish is July 18, 1949.

MARK R. KULP
State Reclamation Engineer.

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Times-News of Twin Falls, Idaho published in
the county in which the works are situated.

W A Coomer

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Re: Permit No. 21161

Mr. Frank L. Stephan
Bank & Trust Company Building
Twin Falls, Idaho

Dear Mr. Stephan:

We enclose Certificate of Completion of Works issued under Permit No. 21161 in the name of W. A. Coiner for the diversion of two (2) second feet of waters from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Township 11 South, Range 18 East B.M. for the irrigation of land in the E $\frac{1}{2}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Township 11 South, Range 18 East, B.M.

We also enclose Departmental Receipt No. 21760 for the \$5.00 fee paid in connection with this proof.

Very truly yours,

MARK R. KULP

Permit No. 21161

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Twin Falls

ss.

W. A. COINER

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 21161, and that his postoffice address is Hansen, State of Idaho.

Second: That the name of the stream which said water is to be directed is Subterranean waters.

Third: That the point of diversion of said water is Approximately 50 feet east and 250 feet north from the southwest corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M., Twin Falls County, Idaho.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by October 30, 1949.

Fifth: That the use for which said water is intended is irrigation.

Sixth: That on this date ~~the date above mentioned~~, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: Well, pump and ditches. (Well 474 feet deep, 12" casing and electric pump. (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line (State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use two second feet of water.

Eighth: That water appropriated under said permit is available for acres of land described as follows: 38 acres of NE $\frac{1}{4}$ NE $\frac{1}{4}$, 38 acres of SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 38 acres of NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Twp. 11 S., Range 18 E. B. M. Twin Falls County, Idaho

Ninth: Remarks: That said works are complete and water is being applied to irrigation of crops planted and growing upon the above described premises.

Re: Permit No. 21161

Mr. Frank L. Stephen
Bank & Trust Company Building
Twin Falls, Idaho

Dear Mr. Stephen:

We enclose Permit No. 21161 in the name of W. A. Coiner, together with Departmental Receipt No. 21666 for the \$5.25 filing fee.

As the Application states that the works are completed, we have allowed three months, or until October 30, 1949, within which to make Proof of Completion of Works and we enclose Form 6 herewith, to be used in making this proof.

As you know, this must be executed before a Notary Public and returned with the statutory fee of \$5.00.

Since the application asks for six additional months for making Proof of Beneficial Use, we have allowed until January 30, 1950, but of course this proof can be made at any time and we enclose Forms 10 and 11 in connection with Proof of Beneficial Use.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Stephen:

We acknowledge receipt of your letter of July 16, 1949, enclosing application of W. A. Coiner to appropriate two (2) second feet of subterranean water, accompanied by your check for the \$5.25 filing fee.

This application will be processed in regular course and meanwhile, we are sending you, under separate cover, several forms of applications for Permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

FRANK L. STEPHAN
ATTORNEY AT LAW
TWIN FALLS BANK AND TRUST CO. BUILDING
TWIN FALLS, IDAHO

July 16, 1949

DEPARTMENT OF RECLAMATION
Capital Building
Boise, Idaho

Gentlemen:

I am enclosing herewith Application of W. A. Coiner to appropriate 100 inches of subterranean waters through a well located on NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 11 South, Range 18 E. B. M., Twin Falls County, Idaho, together with my check for \$5.25 for filing the application.

As stated in the Application Proof of completion of works may be made promptly as the well is now operating and Mr. Coiner is using the water for irrigation of the land described in the Application.

Please return Permit to me.

Very truly yours,

Frank L. Stephan
