Nº 5089

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 12th day of January, 1954, at Twin Falls, County of Twin Falls, State of Idaho, before Edward H. Heap, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of well from subterranean waters in accordance with the terms and conditions of Permit No. 21077 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are George D. Crockett, R.F.D. 2, Hansen, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 1.6 cubic feet per second.

The place where said water is used Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Nineteen (19), and Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section Thirty (30), all in Township Eleven (11) South, Range Nineteen (19) East Boise Meridian, Twin Falls County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch.

The right to take water from such works is based upon Permit No. 21077.

The source of supply from which such water is diverted is a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Twp. 11 S., Rge. 19 E.B.M., Twin Falls County, Idaho.

The date of priority which said user is prepared to establish is May 25, 1949.

21077 MARK R. KULP,

State Reclamation Engineer
Publish: Dec. 17, 24, 31, 1953, Jan. 7, 1954

I, Mark F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Thursdays, commencing with the issue dated December 17, 1953, and ending with the issue dated January 7, 1954.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-News, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 7th day of

January, 1954.

W. W. Winters
Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

THIS IS TO CERTIFY that **GEORGE D. CROCKETT**
of **Hansen, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **May 25**, 19**49**; that Permit No. 21077
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on **September 18**, 19**50**, showing that said works
were completed on the **14th** day of **September**, 19**50**; and that on the **12th**
day of **January**, 19**54**,

GEORGE D. CROCKETT
of **Hansen**, State of **Idaho**, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~on the surface~~ (subterranean flow), for the purpose of irrigation and dom-
estic use, under Use Permit No. 21077 of the **Department of Reclamation**
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the **State Reclamation Engineer** of Idaho and entered of record in Volume

9 of Licenses at page **5276**, on the **11th** day of **June**, 19**54**;

The right hereby confirmed dates from **May 25**, 19**49**;

The Point of Diversion is located

in the NW **14** NE **14** Sec. **30**, Tp. **11 S.** R. **19 E.**, B. M. **County Twin Falls**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed **1.1** cubic feet per second.

Description and location of use:

Twp.	Rang.	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	19 E.	19	SW $\frac{1}{4}$ SE $\frac{1}{4}$	40	40

MARK R. KULP, RECLAMATION ENGINEER

BOISE

June 1, 1954

RE: Permits Nos. 21077, 21078

RECEIVED
JUN 8 1954
Department of Reclamation

Mr. George D. Crockett
Route 2
Hansen, Idaho

Dear Mr. Crockett:

We now have on file the report of our field engineer on examination for beneficial use on the above numbered permits.

This report shows that your well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, Township 11 South, Range 19 East B.M. will deliver 55 inches of water which has been used to irrigate the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19 and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30 Township 11 South, Range 19 East B.M.

A license can, therefore, be issued for 55 inches or 1.1 second feet of water from said well, the license fee for which will amount to \$4.00.

A license can also be issued for 25 inches of supplementary water from an un-named stream (drain ditch) for use on the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19, Township 11 South, Range 19 East B.M.

Since this 40 is also included in Permit No. 21077, there will be no additional license fee in connection with Permit No. 21078.

Very truly yours,

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21077

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant George D. Crockett, Route 2, Hansen, Idaho
2. Source of water supply: Subterranean from a well
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30
T. 11 S. R. 19 E. County of Twin Falls
4. Describe works as they exist, giving dimensions and capacities of same: Well = 12" x 150' cgd. 100'
No well house, no protection. Fairbanks Morse Pomona Pump PJ 1732
30 h.p. Fairbanks Morse Motor. Delivery to south into ditch.

5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: yes.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19;NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30;Twp. 11 South, Range 19 East, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: This pump is down - claims it was about 70 inches

also says there is no water come down the draw
(natural drain for quite a territory to the East) this spring
is pumping his pump water up on the high ground
with the sump pump.

See Permit 21078This examination was made on the 27 day of May, 1954(Signed) E. M. Humphrey Examiner.

21077

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

I, Maule F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

_____ consecutive _____, commencing with the issue dated December 17, 1953, and ending with the issue dated January 7, 1954.

And I do further certify that said newspaper is a consolidation, effective February 18, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper, except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this _____ day of _____

1954

Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

21077

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21077

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. GEORGE D. CROCKETT, Route 2, Hansen, Idaho, occupation farmer and livestock raiser, post office address: Route 2, Hansen, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21077 dated May 27, 1949; date of priority May 25, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water from a well located about 300 feet west of the east boundary and about 10 feet north of the south boundary of Northwest Quarter of the Northeast Quarter Sec. 30, Twp. 11 South, Range 19 E.B.M. Twin Falls County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. The well is 150 feet deep with a 12 inch casing; water stands 50 feet from surface. Well is equipped with an electric turbine 12 inch pump with a 10 inch column. Well produces 80 inches of water measured by a weir.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of 40 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Twp. 11 S., Rge. 19 E.B.M. and 40 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 19, Twp. 11 S., Rge. 19 E.B.M. All land is cultivated, and none is natural meadow. Land has been converted from short irrigation season raising hay and some grain, to well cultivated land capable of producing row crops. I have also put in three quarters of a mile of new fence.

21077

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All water from said well was used during the crop season of 1949 and during the crop seasons of every year since then including the crop season of 1953. Water was diverted from said well and conveyed through ditches owned by me to place of use. 55 acres were irrigated in 1949 and 80 acres has been irrigated during all crop seasons since 1950 including 1953.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Said land has appurtenant to it approximately 50 inches of flood water from Rock Creek, which water is available at flood stages only and is not available for use after June 15th of each year. The length of time said flood water is available for said land varies from year to year depending upon winter conditions and spring moisture - some years it is not available after May.

Permit No. 21077

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. PETE M. RARICK, age 39 years, residence - south of Hansen, Idaho.
occupation farming; post office address: R. F. D. 2, Hansen, Idaho.

Ques. 2. Are you acquainted with George D. Crockett, the holder of Permit No. 21077? How long have you known him and where does he reside?

Ans. Yes. I have known him about 8 years. He resides south of Hansen.

Ques. 3. Have you read or heard read said Permit No. 21077, and are you familiar with its provisions and conditions?

Ans. Yes I have heard the permit read and am familiar with its provisions

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water from a well located approximately 300 feet west of the east boundary line and about 10 feet north of the south boundary line of NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 30, Twp. 11 South, Rge 19 E.B.M. Water is conveyed from said well through privately owned ditches to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately 80 inches to the place of use and I have actually seen 80 inches of water being conveyed from said well to place of use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver approximately 80 inches of water. I estimated the amount from my experience in measuring various other wells in that locality.

21077

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate approximately 40 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 30, Twp. 11 S., Rge. 19 E.B.M. and approximately 40 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 19, Twp. 11 S., Rge. 19 E.B.M. All of said lands are cultivated and none are natural meadow lands. The land has been improved to the point that it will produce row crops, and fences have been placed around the said lands.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is of ash and clay formation and requires at least one inch per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

I have farmed land adjacent to the Crockett land for seven years and

Ans. I have witnessed the application to beneficial use of the water diverted under said permit since the crop season of 1949 and have noticed approximately 80 inches of water being used during that time - 55 acres were cultivated in the crop season of 1949, and 80 acres since that time up to and including the crop season of 1953.

(Signed)

Pete M. Gurnik

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls
County of Twin Falls, State of Idaho, on this 12th day of January
A. D. 1954.

Edward H. Hoag

Notary Public.

21077

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21077

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. LARS P. LARSEN, age 71 years, residence R.F.D. 2 Kimberly, Idaho,
occupation farmer and stockman, post office address R.F.D. 2, Kimberly, Idaho.

Ques. 2. Are you acquainted with George D. Crockett, the
holder of Permit No. 21077? How long have you known him and where does
he reside?

Ans. I am. I have known him since he was a baby - about 39 years. He
resides south of Hansen, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21077, and are you
familiar with its provisions and conditions?

Ans. Yes, I have heard the permit read, and I am familiar with its
provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Water is produced from a subterranean well, place of diversion is
about 300 feet west of the east boundary line and about 10 feet north of
the south boundary line in NW 1/4 NE 1/4 of Sec. 30, Twp. 11 South, Range 18
E. B. M. which is the location of the well. Water is pumped from said
well by an electric turbine pump and conveyed to place of use through
ditches which I have seen used conveying said water to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Works will convey 75 or 80 inches of water and I have seen that
much water being conveyed to place of use through said works.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen the pump deliver approximately 80 inches of water. I
did not measure the flow but I estimated the flow. I have been experienced
with measuring water for about fifty years.

21077

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Water is used for irrigation on approximately 40 acres of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 30, Twp. 11 South, Rge. 19 E.B.M. and approximately 40 acres of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 19, Twp. 11 South, Rge. 19 E.B.M. All land is cultivated and none is natural meadow land. The land has been improved so that it can produce row crops, and fences have been built about said land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is of an ash and clay formation and requires at least one inch of water per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

I have witnessed the application to beneficial use of water diverted from said well during the crop season of 1949 on about 55 acres of said ground, and during the crop seasons of 1950 to 1953 inclusive on about 80 acres of said land, and during that period of time have seen approximately 80 inches of water from said well being used on said land. Probably not all of the 80 inches was used in 1949, since about 25 acres was not cultivated that year.

Honorable Mark R. Kulp
State Reclamation Engineer
State Capitol Building
Boise, Idaho

Dear Mr. Kulp:

Re: Permits Nos. 21077 and 21078
Att. Mrs. Jeanne L. Anderson

We are enclosing herewith Notice for Publication of Proof of Application of Water to Beneficial Use in duplicate and letter instructing your department to publish said notice for each of the above numbered permits. You will notice we have set the time for January 12th, 1954 and I presume you will instruct the Times-News to publish the notices in the issues dated December 17th, December 24th, December 31st, 1953 and January 7th, 1954. When sending the notices to the paper please instruct it to forward the Affidavits of Publication to our office.

With kind regards, we are

Very truly yours,

STEPHAN, STEPHAN AND HEAP

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) December 5, 1953

(P. O.) R. F. D. 2, Hansen, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Times-News of Twin Falls, Idaho published in
the county in which the works are situated.

George H. Cochran

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

21077

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) December 5, 1953

(P. O.) R. F. D. 2, Hansen, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Times-News of Twin Falls, Idaho published in
the county in which the works are situated.

George W. Archers

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

21077

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 12th day of January, 1954,
at Twin Falls, County of Twin Falls, State of Idaho, before
Edward H. Heap, proof will be submitted of the
application to beneficial use of 1.6 cubic feet per second of the waters of well from subter-
ranean waters in accordance with the terms and conditions of Permit No. 21077
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
GEORGE D. CROCKETT, R. F. D. 2, Hansen, Idaho

The use to which said water has been applied is irrigation and domestic

The amount applied to beneficial use is 1.6 cubic feet per second

The place where said water is used (if ~~for irrigation, give full and accurate description of the lands irrigated~~)
Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Nineteen
(19), and Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section
Thirty (30), all in Township Eleven (11) South, Range Nineteen (19) East
Boise Meridian, Twin Falls County, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of use is
Private ditch

The right to take water from such works is based upon Permit No. 21077

The source of supply from which such water is diverted is a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$
of Section 30, Twp. 11 S., Rge. 19 E.B.M., Twin Falls County, Idaho

The date of priority which said user is prepared to establish is May 26, 1949

MARK R. KULP

State Reclamation Engineer.

21077

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:30 A. M. on the 12th day of January, 1954,
at Twin Falls, County of Twin Falls, State of Idaho, before
Edward H. Heap, proof will be submitted of the
application to beneficial use of .50 cubic feet per second of the waters of surface water from
drain ditch in accordance with the terms and conditions of Permit No. 21078
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
GEORGE D. CROCKETT, R. F. D. 2, Hansen, Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is 0.50 second feet

The place where said water is used (~~if for irrigation, give full and accurate description of the lands irrigated~~)
Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Nineteen
(19), Township Eleven South, Range Nineteen (19) E.B.M., Twin Falls
County, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of use is
4 ft. earth dam across drain ditch, electric pump and pipe, and private
ditch.

The right to take water from such works is based upon Permit No. 21078

The source of supply from which such water is diverted is surface water from drain ditch

The date of priority which said user is prepared to establish is May ²⁵ 27, 1949

September 1, 1951

Mr. George D. Crockett
Route 2
Hansen, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 21077. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than November 27, 1951, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

Re: Permits Nos. 21077 and 21078

Mr. George D. Crockett
Route 2
Hansen, Idaho

Dear Mr. Crockett:

We enclose Certificate of Completion of Works issued under Permit No. 21077 for the diversion of 1.6 second feet of water from a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, Township 11 South, Range 19 East, B.M. for irrigation and domestic use on the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19 and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, same Township and Range.

We also enclose Certificate of Completion of Works issued under Permit No. 21078 for the diversion of 0.50 second foot of water from a drain ditch in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19, Township 11 South, Range 19 East, B.M. for the irrigation of land in the same subdivision.

We also enclose Departmental Receipt No. 22662 for the \$10.00 fees in connection with these two proofs.

Very truly yours,

MARK R. KULP

Re: Permit No. 21077

Mr. George D. Crockett
Route 2
Hansen, Idaho

Dear Mr. Crockett:

We acknowledge receipt of your Proof of Completion of Works on Permit No. 21077, accompanied by your check for the \$5.00 fee.

In checking this affidavit with the Permit records, it would seem that you have confused the descriptions in your two Permits, Numbers 21077 and 21078.

Permit No. 21077 calls for 1.6 second foot of water from a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, Township 11 South, Range 19 East, B.M. and describes the works as a 150 foot well, 12 inch casing, electric pump, 30 horsepower and open ditches; for the irrigation of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19, and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, Township 11 South, Range 19 East, B.M.

Proof on this Permit was due August 27, 1950.

Permit No. 21078 calls for Completion of Works Proof on or before November 27, 1950, as per notice mailed you this morning, and the description in this Permit more nearly coincides with the proof which you have submitted for Permit No. 21077. This calls for 0.5 of a second foot of water from a drain ditch (surface water), with point of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 19, Township 11 South, Range 19 East, B.M. to irrigate 25 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19. The works described in this Permit consist of a four foot earth dam across the drain ditch, an electric pump, and pipe.

We return the affidavit submitted in Proof of Completion of Works on Permit No. 21077 and two additional forms on which you may make corrected Proofs of Completion of Works on the two Permits. Meanwhile, we hold to your credit, your check for \$5.00 to apply on Permit No. 21077.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. George D. Crockett
Route 2
Hansen, Idaho

Boise, Idaho **June 1, 1950**

Dear Sir:-

Under the terms of your permit No. ~~21077~~-----you are required to complete your diversion works on or before ~~August 27, 1950~~----. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

21077

Permit No. 21077

STATE OF IDAHO

DEPARTMENT OF RECLAMATION
AFFIDAVIT FOR EXTENSION OF TIME TO FILE
PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER.

STATE OF IDAHO,)
) SS.
COUNTY OF TWIN FALLS,)

GEORGE D. CROCKETT, being first duly sworn, upon his oath deposes and says:

That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho numbered 21077 and that his Post Office Address is R.F.D. 2, Hansen, Idaho.

That on the 27th day of May, 1949, Honorable Mark R. Kulp, State Reclamation Engineer, issued Permit numbered 21077 to affiant which covered 1.6 cubic feet per second of the subterranean waters produced from a well located on the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section Thirty (30), Township Eleven (11) South, Range Nineteen (19) E.B.M., Twin Falls County, Idaho, which said Permit required affiant to complete the works on said project by August 27, 1949.

That said well has been completed and a pump installed thereon, and affiant is now pumping from said well water for irrigation of 55 acres of the land covered in said Permit, to-wit: 40 acres in the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section Thirty (30), Township Eleven South, Range Nineteen (19) E.B.M., and 15 acres in the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Nineteen (19), Township Eleven (11) South, Range Nineteen (19) E.B.M. That affiant intends to construct a dam in a certain waste ditch which crosses said Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) and to install a pump therein for the purpose of raising water from said waste ditch to the high point on the north boundary of said Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) and to thus irrigate the 25 acres of said 40 acre tract lying north of said waste ditch. That the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of said Section Thirty (30) and the South 15 acres of the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of said Section Nineteen (19) slope toward said waste ditch above described and the water produced from the well covered by the above numbered Permit and used for the irrigation of the 55 acres last hereinabove described flows by gravity into said waste ditch, and after the construction of said dam and the installation of said pump in said waste ditch, may be used for irrigating the 25 acres lying North of said waste ditch in said Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of said Section Nineteen (19). That the construction of said dam and installation of the pump in said waste ditch will constitute a part of the distribution system for irrigation of the 80 acres covered by the above numbered Permit, and affiant respectfully

21077

represents that it is his intention to commence the construction of said dam by July 27, 1949, but that said dam, which will be an earth dam, should settle for several months before the pump is installed in said waste ditch, and it is affiant's belief that the pump in said waste ditch should not be installed until the spring of 1950.

WHEREFORE, Affiant requests an extension of time for completion of said irrigation works until August 27, 1950.

George D. Crocker

SUBSCRIBED and SWORN to before me this 26th day of July, 1949.

Irving L. Stephenson
Notary Public for Idaho,
Residing at Twin Falls, Idaho.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 21077, to August 27, 1950.

Witness my hand this 2nd day of August, 1949.

Mark R. Kulp

State Reclamation Engineer

21077

ATTORNEY AT LAW
TWIN FALLS BANK AND TRUST CO. BUILDING
TWIN FALLS, IDAHO

August 1, 1949

HONORABLE MARK R. KULP
State Reclamation Engineer
State Capitol Building
Boise, Idaho

Dear Sir:

Re: Permit No. 21077.

On or about May 27, 1949 you issued to George D. Crockett, R.F.D. #2, Hansen, Idaho, Permit numbered 21077 and 21078. The Permit numbered 21077 covered a well located in the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section Thirty (30), Township Eleven (11) South, Range Nineteen (19), E.B.M. for irrigation of that forty-acre tract and the Southwest Quarter of the Southeast Quarter of Section Nineteen (19), Township Eleven (11) South, Range Nineteen (19), E.B.M.

At the time the Application for Permits were filed with your office Mr. Crockett explained to me that the well in question had already been completed and the pump installed and that he would be in a position to use the water during the crop season of 1949 on the 80 acres covered by the Permits. The Permit numbered 21078 was filed for 25 inches of water from a drain ditch for irrigation of 25 acres in the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 19-11-19. You set August 27, 1949 as the time for proof of completion of works on Permit numbered 21077.

Mr. Crockett called at the office the latter part of last week for the purpose of making proof of completion of works on Permit numbered 21077 and in going over the matter with him he advised me that in reality the dam to be constructed in the waste ditch in the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of 19-11-19 would actually be a part of the distribution system of the irrigation works covered by Permit numbered 21077. The waste ditch runs from the east boundary of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19 in a northwesterly direction through said forty-acre tract and the 25 acres in said forty-acre tract which lies north of said waste ditch is higher than the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 30 and the balance of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19. Mr. Crockett, by construction of the dam in said waste ditch and the installation of a pump, will be able to pick up a waste ditch from the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30 and approximately 15 acres of the

21077

HONORABLE MRK R. KULP #2

SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19, pump it to the high spot in said 25 acres and then irrigate said 25 acres toward said waste ditch. It is my opinion now that Permit numbered 21078 need not have been issued inasmuch as the dam and pump to be installed in the waste ditch is actually a part of the distribution system for the 80 acres and in order to protect Mr. Crockett on proof of use of the 1.6 cubic feet per second from said well for the 80 acre tract in question I believe it advisable to apply for an extension of time for completion of works under Permit numbered 21077. I have prepared an Affidavit for Extension and I am enclosing the same in duplicate.

Mr. Crockett advises me that he intended to commence work on the construction of the dam and said waste ditch on July 26th last and that the dam would be completed this fall but that he thought it should settle before installing the pump in the waste ditch which pump will be installed next spring. In the event he should run into difficulty on construction of the dam and installation of the pump I have asked for an extension until August 27, 1950.

It will be appreciated if you will make the extension of the time on Permit numbered 21077 to file proof of completion of works and advise me of the extension.

With kind personal regards, I am

Very truly yours,

Frank L. Stephan

Re: Applications Nos. 28746 and 28747

Mr. Frank L. Stephan
Bank & Trust Company Bldg.
Twin Falls, Idaho

Dear Mr. Stephan:

We acknowledge receipt of your letter of May 24th, enclosing two applications of George D. Crockett for water permit, accompanied by his check for the \$10.25 filing fees.

The amount will have to be reduced on both applications, to conform to the statutory limitation of one ~~per~~ inch to the acre. The filing on the well, for the irrigation of 80 acres will be approved for 80 inches, or 1.6 second foot instead of two second feet; and the one from the drain ditch, for use on 25 acres, will be approved for 25 inches, or 0.5second foot, instead of 50 inches.

Please advise whether these approved permits should be sent to you or direct to Mr. Crockett.

Very truly yours,

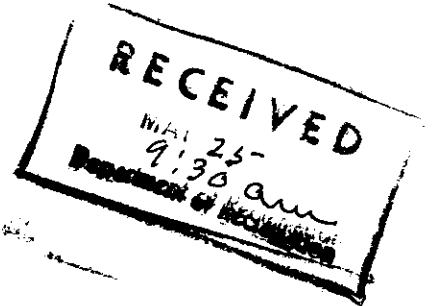

MARK D. KUIP
State Reclamation Engineer
