NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 26th day of December, 1951, at Twin Falls, County of Twin Falls, State of Idaho, before O. P. Duvall, Notary Public, proof will be submitted of the application to beneficial use of two second feet of the waters of two wells in accordance with the terms and conditions of Permit No. 20718 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are H. O. Fortner, Box 689, Twin Falls, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is two second feet.

The place where said water is used is the entire Northeast fourth of Section 18, Township 11 South, Range 19, East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is no named privately constructed.

The right to take water from such works is based upon Permit No. 20718.

The source of supply from which such water is diverted is underground water, from two wells in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 18, Township 11 South, Range 19 East, East Boise Meridian.

The date of priority which said user is prepared to establish is October 25, 1948.

MARK R. KULP
State Reclamation
Engineer.

20718
Pub. Dec. 2, 9, 16, 23, 1951.

I, Lisa Molony, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

4 consecutive Sundays, commencing with the issue dated December 2, 1951, and ending with the issue dated December 23, 1951.

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE
THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 20718

Comes now H. O. Fortner and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20718.

That the point of diversion is described in said Permit as being located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 18, Township 11 S., Range 19 East, B.M.

That he now requests that an additional point of diversion be added at a point located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 18, Twp. 11 S., Range 19 E., B.M.

That his reasons for desiring to make such change are as follows: It is necessary, and also more practical and economical, to get water from both wells, especially on account of the topography of the land where the water is to be used.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Dear Mr. Bulcher:

The report of our Field Engineer on examination for beneficial use under Permit No. 20718 shows that you have irrigated 60 acres of land from your well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18, Twp. 11 South, Range 19 East, B.M. and 86 $\frac{1}{2}$ acres from your well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of said section.

Therefore upon receipt of the statutory fee of \$8.00, which is at the rate of \$2.00 for each 40-acre subdivision in which the land is located, a license can be issued for two second feet of water from said wells, as applied for.

Very truly yours,

RE: Permit No. 20718

Mr. Harley M. McDowell
Idaho Building
Boise, Idaho

Dear Mr. McDowell:

We enclose H. O. Fortner's application for amendment to Permit No. 20718 which has been approved by the State Reclamation Engineer and recorded in this department.

We also enclose the assignment of this permit from H. O. Fortner and wife to Harold I. Bulcher which has also been recorded in this department.

We also enclose two certified copies of the assignment together with department receipt No. 24068 for \$1.50 which includes 50 cents recording fee and \$1.00 for the two copies of the assignment.

This completes the proof of beneficial use under Permit No. 20718 but before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact Mr. Bulcher at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

Ans. No. 20718; October 29th, 1948; October 29th, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Two Deep wells, one located in Northeast corner of the NE $\frac{1}{4}$ of NE $\frac{1}{4}$
of Section 18, Township 11 S. Range 19 EBM, Twin Falls County, Idaho,
and one in the Southeast corner of the SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of said section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Irrigation ditches about a half mile long, two feet wide by one and a half
feet deep, wells about 260 feet deep, no casing but well pipe is six inch.
two pumps, the northeast pump about 70 inches, and southeast pump about
about 40 inches, northeast pump by estimate and beneficial use, and the
southeast pump by actual measurement and beneficial use. Total carrying
capacity about 3 feet., Private ditches and headgates. Capacity of pumps
enough to irrigate about 175 acres.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of crops, each subdivision used in
full except about 15 acres out of the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of said Sec. 18; all
cultivated land, ditches and cross ditches, also house of four rooms,
and a domestic well in use. Concrete headgates and dike and some pipe
used in irrigation. Each forty is under some cultivation. 160 acres in
all, about 145 acres cultivated out of the 160. The land has been cleared,
plowed, and cultivated, raising crops during years 1950 and 1951.

20718

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Hof
Ans. None of the NE ~~1/4~~ ^{EBM, Twin Falls County, Idaho} of Sec. 18, Township 11S. Range 19 used for other than irrigation purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. none

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original holder

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During crop seasons of 1950 and 1951, by gravity flow of ditches and cross ditches from Pumps in Wells, in the amount of about 2 second feet or more, raising good potatoes, beans and grain in years 1950 and 51.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. no other waters used or diverted under above permit.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 26th day of December, A. Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Darrell Harper, age 28, Residence, Kimberly, Idaho, Post office Kimberly, Idaho, c/o P. L. Lawrence.

Ques. 2. Are you acquainted with Harley O. Fortner, the holder of Permit No. 20718? How long have you known him and where does he reside?

Ans. Yes, Two years, he resides at Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20718, and are you familiar with its provisions and conditions?

Ans. Yes, it covers land in the NE $\frac{1}{4}$ of Sec. 18, Township 11 S. Range 19 EB Twin Falls County, Idaho

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two deep wells, with pumps in them, one well in the northeast corner of the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sec. 18, Township 11 S. Range 19 EBM, and one well in southeast corner of the SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of same section 18, regular irrigation gravity ditches, about a half mile long, 2 feet wide by 1 $\frac{1}{2}$ feet deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditches will carry about three (3) second feet, have seen about 2.2 second feet being conveyed thru the ditches and used.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump in the Northeast corner of the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ carries about 70 inches or pumps about that much and the one in the southeast corner carries about 40 inches. They have been used jointly to water about 175 acres of ground, which was in crop, and which was sufficient to mature good crops. some of this water was used on land outside of the above permit, about 30 acres for neighbor joining the above land. At least 145 miners inches used on the above land.

20718

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

being the NE-NE, NW-NE, SW-NE & SE-NE of Sec. 18-Tp 11S. R. 19 EBM

Ans. Water used on this land for irrigation purposes/for potatoes, beans and grain, on all four subdivisions, except about 15 acres /out of the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of said sec. 18; all cultivated land, by ditches and cross ditches, and two crops have been produced and harvested.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. none for power or other purposes than irrigation

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Page brush land, reclaimed, has good deep soil of volcanic ash--lays fairly well to irrigate, with north part having a west slope and south part a north slope. would require about 2 second feet for profitable use for irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. About May 1950 started irrigation of said land using about two second feet or water thru ditches and cross ditches until about Sept. 15th 1950, using said irrigation water from the pumps in said wells for about 145 acres of said land in said sec. 18, 11S. Range 19 EBM, and also for year of 1951, about 175 acres of crops were irrigated from said wells.

RE: Permit No. 20718

Mr. Harley M. McDowell
Idaho Building
Boise, Idaho

Dear Mr. McDowell:

We return the depositions of H. O. Fortner and two witnesses offered in proof of beneficial use under Permit No. 20718 for the following corrections:

First, Question 4 describes the location of these two wells as in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18, Township 11 South, Range 19 East, B.M., whereas the amended permit shows the second well as in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ instead of SE $\frac{1}{4}$ NE $\frac{1}{4}$, and this same description is given in Mr. Fortner's proof of completion of works.

Possibly that is an error, as the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of the section is not on the list of lands irrigated. If so, an amendment to the permit will have to be made.

None of these depositions give the legal description of the land irrigated as called for in Question 6 of the deposition of the permit holder and Question 7 of the depositions of the two witnesses.

We suggest that you return these depositions to Mr. Fortner or Mr. Bulcher, his assignee, in order that the corrections may be made. The affidavit of publication is also a necessary part of this proof. The Twin Falls Times News was instructed to send the affidavit to Mr. Fortner and if he has not received it, we suggest the matter be taken up with them promptly.

RE: Permit No. 20718

Mr. Harold Bulcher
Route 1
Kimberly, Idaho

Dear Mr. Bulcher:

We enclose a certified copy of Permit No. 20718 in the name of H. O. Fortner, as you requested.

For your information, will state that two amendments have been made to this permit as follows:

The point of diversion has been changed to show two points, one located in the SE $\frac{1}{4}$ SE $\frac{1}{2}$ and the other in the NE $\frac{1}{4}$ NE $\frac{1}{2}$ Section 18, Township 11 South, Range 19 East, B.M.

Proof of completion of works has been made on this permit and certificate of completion of works issued on September 6, 1951, and sent to Mr. Fortner.

As you know, the final or beneficial use proof is scheduled to be made on December 26, 1951, which will complete the statutory proofs required to perfect the water right. All that then remains will be a field inspection by an engineer from this department, following which a license can be issued in accordance with the conditions existing at that time.

Twin Falls, Idaho

Dear Mr. Fortner:

We enclose your application for amendment to Permit No. 20718 which has been approved by the State Reclamation Engineer and duly recorded in this Department.

You will note that Paragraph 4 of this application locates the point of diversion merely in the SE $\frac{1}{4}$ of Section 18. As you will note from our letter of December 7, 1948, this location should be in a forty acre subdivision. As your sketch map would indicate that it is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of this section, we have corrected your application for amendment accordingly.

Please Amend Permit #
20718 to include a well on
the SE $\frac{1}{4}$ Sec. 18 T. 11 N. R. 19 E. B.M.
Survey reveals the slope
to the W. as well as S. and
drilling is as cheap as pipe
or ditches.
