Hansen, Idaho

Dear Mr. Bankhead:

Water License No. 20238 was issued June 4, 1953 to S.A., Richard S. and Robert S. High, priority December 19, 1947, for 2.10 c.f.s. from a well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32, to irrigate the SE $\frac{1}{4}$ of Section 32, Township 11 South, Range 19 East. This water right is appurtenant to the land and passes in ownership to new owners of the land unless it has been transferred to other lands. We do not find a record of such a transfer.

We can send you a copy of the Water License for a fee of \$1.50, or a certified copy for \$2.50.

The F.H.A. State Office notified me that this letter should be sufficient to close your loan.

Very truly yours,

Gentlemen:

On December 30, 1947, George R. Henry was given a permit to appropriate public waters of the State of Idaho in the amount of 3.2 cubic feet per second for the irrigation of the SE¹₄ of Section 32, Township 11 South, Range 19 East of the Boise Meridian.

I am the owner of the above property and applied for a loan from the Farmers Home Administration. The check is in the County Office awaiting the status of the license. It appears there has never been a license issued. The Farmers Home Administration Attorney's closing instructions are as follows:

"If the borrower has not perfected the permit by making the proofs necessary to obtain the license, he must furnish the status of this water right prior to closing the loan".

I must furnish the above by Friday the 24th in order to close the loan.

S. A. High & Sons
1760 Kimberly Road
Twin Falls, Idaho

Gentlemen:

You have three permits ready for license. State law requires an inspection by a member of this department before license can be granted.

I hope to make inspection on all three permits on Monday, May 25, 1953, if possible. Please be prepared to accompany me on the inspection.

I will plan to leave Boise Monday morning and so will not be there before 10 or 11 O'clock.

I will try to contact you by phone as soon as I am in Twin Falls.

Very truly yours,

RE: Permit No. 20238

Mr. Richard S. High
1760 Kimberly Road
Twin Falls, Idaho

Dear Mr. High:

We have received from Mr. Harry Povey, the depositions of yourself and two witnesses, also affidavit of publication in the Twin Falls Times News, submitted in proof of completion of works and beneficial use under Permit No. 20238, together with your check for \$13.00, to cover completion of works and license fees.

The depositions have been placed on file, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Meanwhile, we return your check as these fees are not due until after the field inspection has been made, at which time we shall advise you as to the correct amount. We also return your receipted bill for the cost of publication.

Very truly yours,

MARK H. KULP

Permit No. 20238

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Richard S. High (partner of S.A. High and Robert G. High)
Twin Falls, Idaho, pump consultant and farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 20238 December 30¹⁹, 1947. December 30, 1947

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water from drilled well. Point of diversion in
SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E.B.M. about 50 feet from southeast
corner of said subdivision.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Well 1150 feet, casing 860' to 920' 12", 980' to 1030' 10" casing,
1030' to 1150' no casing. Depth to water 135' from surface. Motor driven
turbine 75 H.P. pump. 3 second feet. Estimated.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic use. Water has been used from this well
in 1950-1951 the east half of SE $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E.B.M. was
irrigated. In 1952 all of SE $\frac{1}{4}$, Sec. 32, T. 11 S., R. 19 E.B.M. except north 20 acres
of NW $\frac{1}{4}$ SE $\frac{1}{4}$ and west 20 acres of SW $\frac{1}{4}$ SE $\frac{1}{4}$ were irrigated from said well.
Well was 1036 ft. deep until about Oct. 1st, 1952 and produced about 50
inches. Well was deepened to 1150 feet and new pump installed between
Oct. 1 and Nov. 11, 1952. All of 160 acres has been cleared and ditches
and laterals installed. Cultivated land. Crops of potatoes, peas, beans
and hay have been grown on said land.

20238

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 3 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. See statement at bottom of page.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 50 inches of water from said well was used for irrigation of said land in 1950, 1951 and 1952 during irrigation season. Completion of deepening well on Nov. 11 and pump produced approximately 3 second feet when tested. Pump ran all day Nov. 15, 1952 and produced continuous flow of 3 second feet.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other appropriations for said land.

(Sign) Richard S. High

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 19th day of December, A. In re Permit No. 20238--S.A.High et al.

Attention Mrs. Jeanne L. Anderson, Chief Clerk.

Dear Mr. Kulp:

I wish to thank you for your letter of November 17th and for your suggestions and advice with reference to making proof of completion of works and of beneficial use under the above permit. However, there is herewith enclosed assignment of Permit No. 20238 by Lee E. Carney and Donna W. Carney, his wife, to S.A.High, Richard S. High and Robert G. High, duly acknowledged, which simplifies matters. Will you kindly record the same in your office. I am enclosing check for 50 cents to cover your fees. I assume it will be returned to me as soon as it has been filed and recorded.

I am also enclosing herewith, in duplicate, notice of proof of completion of works and application of water to beneficial use, together with authorization from S.A.High and sons to publish the same in the Times-News at their expense. I have specified the time for submitting proof as December 19, 1952 at 10 a.m. As the Times-News publishes legal notices on Thursday, this will permit publication on Nov. 27, Dec. 4, 11 and 18, 1952.

Will you kindly forward to me a set of the necessary affidavits and depositions for proof of completion of works and beneficial use. I will appreciate receiving an extra set so that I may make copies for my files. I believe the fees on these proofs are paid when the same are filed and wish you would kindly advise me the amounts.

Thanking you and with kind regards, I remain,

RE: Permit No. 20238

Mr. Harry Povey
Idaho Dep't. Store Building
Twin Falls, Idaho

Dear Mr. Povey:

We are in receipt of your letter of November 16, 1952, enclosing copy of an agreement of sale from Lee Carney and wife to S. A. High, Richard S. High, and Robert G. High, including Permit No. 20238.

Since title will not be passed until completion of the terms of the agreement of sale, possibly Mr. Carney would not care to execute an assignment of his interest at the present time.

In that case the proofs can be made either by Mr. Carney himself or by Mr. High, acting for Mr. Carney. If the sale has been completed by the time field inspection has been made and license ready to be issued, an assignment can then be made and the license issued to Messrs. High.

On the other hand, if no assignment has been made, the license can be issued to Mr. Carney and then later included in the deed to Messrs. High.

We enclose additional forms of assignment as requested.

Very truly yours,

MARK R. RULP

In re S. A. High. Permit No. 20238

Dear Mr. Kulp:

I am writing with reference to Permit No. 20238 which was originally issued to George R. Henry. It was subsequently assigned by Henry and wife to R.R. Sonner and Lucy E. Sonner, and thereafter assigned by the Sonners to Lee Carney.

On February 29, 1952 Lee Carney and wife entered into an agreement of sale with S.A. High, Richard S. High and Robert G. High covering the sale of the land on which this water is used and I am herewith enclosing copy of said agreement of sale. You will note in the agreement of sale that I recited these various assignments and also the extensions of time for completion of works. I also provided that ^{Henry} should carry out and perform the requirements of Permit No. 20238 and extensions including proof of completion of works and of beneficial use. It is also provided that assignment of the permit and any water license that may be issued thereunder shall be given by the sellers to the buyers upon performance of the agreement of sale.

S. A. High and his sons are ready to make proof of completion of works and of beneficial use. December 30, 1952 is the date on or before which this is required to be done under the last extension. The records of your office show that Lee Carney, by assignment, is the owner and holder of this permit.

I am wondering if proof of completion of works and of beneficial use can be made by S.A. High and sons under the above circumstances or whether it should be made by Lee Carney, in view of the provision in the agreement of sale that the permit and rights thereunder shall be assigned by Carney to the Highs on performance of the agreement of sale. If you think it is advisable I will endeavor to secure assignment of the permit at this time and forward to you for recording.

I believe Mr. High stopped at your office last week and discussed some of these matters with you, and obtained the necessary blanks which he delivered to me. Will you please send me another set so that I will have copies for my files.

Thanking you for your suggestions in this matter,
I remain,

Very truly yours,

Harry Povey

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Lee Carney

Boise, Idaho

October 1, 1952

Twin Falls, Idaho

Dear Sir:-

Under the terms of your Permit No. 20238 you are required to complete your diversion works on or before December 30, 1952. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Gentlemen:

We are in receipt of your letter of February 21, 1952, enclosing application to appropriate $1\frac{1}{2}$ second feet additional water from your well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 33, Township 11 South, Range 19 East, B.M. accompanied by your check for the \$5.25 filing fee. This application has been placed on file and will be given consideration in regular course.

Meanwhile, we are sending you, under separate cover, several copies of Form 3 as requested.

In reply to your inquiry in regard to water rights from a well in the SE $\frac{1}{4}$ Section 32, Township 11 South, Range 19 East, B.M., the records in this department show the following:

Permit No. 20238 with priority of December 19, 1947; original filing by George R. Henry, assigned by him to R. R. Sonner and wife and later assigned by R. R. Sonner to Lee Carney.

This permit is for 3.2 second feet (or 160 inches) of water from two wells in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 11 South, Range 19 East, B.M., for irrigation and domestic use on the whole SE $\frac{1}{4}$ of said section.

The date for making proof of completion of works has been extended to December 30, 1952.

Very truly yours,

Permit No. 20238

Application for Extension of Time FOR COMPLETION OF WORKS

LEE CARNEY, of Twin Falls city and county,
State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. 20238

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by December 30, 1951.

That he has heretofore performed the following work described under said permit.....
One well has been drilled, and one well has been installed.
Ditches and laterals have been constructed. The land itself
has been in cultivation and crops irrigated from the one
well. A 40 H.P. motor runs the pump.

costing \$ 9,000.00, appromiately, as far as is known.

That he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

The present permit holder, purchased the land in question in
the early summer, 1951. He himself has constructed ditches,
but the well and pump were drilled and installed before he
purchased the same. The well presently has a 10" hole, and
450' deep with and additional 300' at 6". The hole will have
to be widened and must go deeper. I will need more time in
order to complete the above and to drill the other well and
install the pump.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the comple-
tion of works under said permit to December 30, 1952.

Subscribed and sworn to before me this 21st day of December, 1951.

My commission expires May 15, 1952.

Dear Mr. Quinn:

We return the Assignment of Permit No. 20238 from George R. Henry and wife to R. R. Sonner and Lucy E. Sonner, which has been duly recorded in this Department.

There is a fifty (.50) cent fee for recording, which you may send us at your convenience.

We also return Application for Extension of Time for Completion of Works under this Permit which has been duly approved by the State Reclamation Engineer.

It is not our custom to record these extensions on the original Permit. All that is required is to attach the approved application to the Permit, as same is recorded in this Department.

Since the application requests one year additional time for making Beneficial Use Proof after Completion of Works Proof has been made, this extension automatically extends the time for making Proof of Beneficial Use to December 30, 1952.

Dear Sir:

I am herewith enclosing assignment of permit No. 20238 originally issued to George R. Henry, together with an application for extension of time for completion of works and proof of application to beneficial use, which I believe is meritorious and should receive favorable consideration.

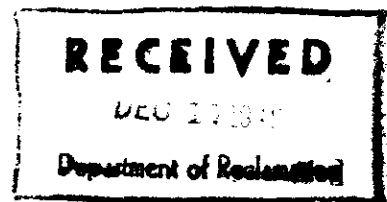

In as much as the work was to be completed on or before December 30, 1949, I would appreciate being advised promptly as to whether the application is allowed.

I am likewise enclosing the application for permit for the purpose of having endorsed thereon the extension granted in the event that you feel that the extension should be granted.
