Dear Mr. Keenan:

We acknowledge receipt of your letter of January 2, 1951, in correction of the proofs previously submitted under the above numbered Permits in the name of C. O. Baker.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mr. Baker at the time the examination is made so that arrangements may be made to show him over the grounds.

Dear Mr. Keenan:

We acknowledge receipt of your letter of December 26, 1950, enclosing Proofs of Beneficial Use under Permits Nos. 19896 and 19897 in the name of Charles C. Baker.

In checking these proofs, we note that they all describe land in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 24, which is not included in the Permits themselves or in the published notice.

If it is the intention to apply the water on this land as well as the other land described in the Permits, it will be necessary to amend the Permits, re-publish and make new proofs, as these proofs can only be accepted on the lands originally described.

Re: Permits Nos. 19896 and 19897

Mr. J. R. Keenan
Fidelity Bank Building
Twin Falls, Idaho

Dear Mr. Keenan:

We acknowledge receipt of your letter of October 31, 1950, enclosing Notice of Beneficial Use Proof to be made on December 8, 1950, on Permits Nos. 19896 and 19897 in the name of Charles O. Baker.

It is all right to combine this into one notice, but we have had to make a correction as to the priority to be established under these Permits. Beneficial Use Proof was due on or before August 9, 1950, and since it will be four months past due when the proof is made, the priority date will be November 30, 1946 instead of the original priority of August 1, 1946.

A copy of this notice will be sent to the Twin Falls Times-News with instructions to publish it once a week for four consecutive weeks prior to December 8, 1950, and to send you duplicate Affidavits of Publication.

However, you failed to enclose Mr. Baker's authority to have the notice published in the Twin Falls Times-News. No doubt this was overlooked and we enclose other forms herewith for Mr. Baker's signature, which kindly forward promptly in order to complete our records.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Charles O. Baker

Boise, Idaho **June 1, 1948**

Hansen, Idaho

Dear Sir:-

Under the terms of your permit No. 19397-----you are required to complete your diversion works on or before August 9, 1948----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK E. KUTP
