State of Idaho
License and Certificate of Water Right

Water License No. 11799

Amount 2 sec. ft.

Water District No. 30

Priority Nov. 6, 1915.

THIS IS TO CERTIFY that Utah Construction Company
of 421 Eccles Building, Ogden, Utah, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 6, 1915; that Permit No. 11799
was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2
second feet, was issued thereunder on November 10, 1916, showing that said works
were completed on the 25th day of October, 1916; and that on the 1st
day of July, 1918,

Utah Construction Company
of Ogden, State of Utah, made proof to the satisfaction of the
~~Commissioner of Reclamation~~ ~~State Engineer~~ of Idaho, of a right to the use of the waters of unnamed drainage coulee,
a tributary of Rock Creek, for the purpose of irrigation and domestic uses
under Use Permit No. 11799 of the ~~State Engineer~~ ~~Commissioner of Reclamation~~ and that said right to the use of said
waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the ~~State~~
~~Commissioner of Reclamation~~ ~~Engineer~~ of Idaho and entered of record in Volume 5 of Licenses, at page 2477, on the 10th
day of October, 1919;

The right hereby confirmed dates from November 6, 1915;

The Point of Diversion is located
in the SW $\frac{1}{4}$ $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, Twp. 11 S., R. 18 E., B. M.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
exceed 2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	18 E.	23	SE $\frac{1}{4}$ SE $\frac{1}{4}$	40	25
			SW $\frac{1}{4}$ SE $\frac{1}{4}$	40	30
			NE $\frac{1}{4}$ SE $\frac{1}{4}$	40	30
			NW $\frac{1}{4}$ SE $\frac{1}{4}$	40	40
			SW $\frac{1}{4}$ NE $\frac{1}{4}$	40	<u>40</u>
Total area irrigated					165 acres

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the ~~State Engineer~~ ~~Commissioner of Reclamation~~, affixed at Boise, Idaho, this 10th
day of October, 1919.

W. G. SWENDSEN,
Commissioner of Reclamation. ~~State Engineer~~

No. 17039.

APPLICATION FOR PERMIT 45-2156

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

1. Name of applicant: Utah Construction Company.
 Postoffice address: 421 Eccles Bldg., / ^{Ogden} County: Weber State: Utah.
 I. If applicant is a corporation, give
 (a) Date and place of incorporation: January 1900, Ogden, Utah.
 (b) The amount of capital stock:
 (c) The amount paid in:
 (d) Names and addresses of directors:

 II. The financial resources of the applicant are: (a) Cash on hand:
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
2. The quantity of water claimed is Two cubic feet per second.
3. Source of water supply: An unnamed drainage coulee, which is tributary to Rock Creek,
4. Location of point of diversion: In the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Sec. 23, T. 11 S. R. 18 E. B. M.
 County of Twin Falls.
5. To be used for: Irrigation, Stock and domestic purposes
 I. Irrigation and domestic use: (a) Amount of land to be irrigated: 75 acres.
 (b) In the following legal subdivisions: SE $\frac{1}{4}$ of SE $\frac{1}{4}$, SW $\frac{1}{4}$ of SE $\frac{1}{4}$, NE $\frac{1}{4}$ of SE $\frac{1}{4}$, NW $\frac{1}{4}$ of SE $\frac{1}{4}$
 and the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sec. 23, T. 11 S. R. 18 E. B. M.
 II. Mining, milling, power, manufacturing, transportation or other purposes:
 (a) At what point:

 (b) Amount of power to be generated: H. P. under ft. head
 (c) Is water to be returned to any stream? (d) If so, name stream and locate
 point of return:
6. Estimated cost of works: \$600.00
7. Description of works for diversion:
 I. Kind of works: Dam and Ditch
 II. Dimensions of works:
 (a) Height of dam 8 feet, length of dam at top 50 feet,
 length of dam at bottom 40 feet. Material used in construction: Timber and
 earth
 (b) Capacity of reservoir acres feet. (c) Size of headgate, width 2 feet,
 Height 2 feet. (d) Conduit Ditch width at bottom 2 feet,
 width at water line 3 feet, depth of water 0.75 feet; diameter of pipe
inches; average grade per mile is 15.8 feet. Length of conduit is 0.75 miles,
and it crosses the following quarter sections: SE $\frac{1}{4}$ and NE $\frac{1}{4}$ of Sec. 23, T. 11 S. R.
18 E. B. M.
8. The time required for the completion of the construction of such work is 1 years.
9. Time required for the complete application of the water to the proposed use is 2
 additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

The Utah Construction Co.

Applicant.

By W. L. Wattis.

Agent.

Date of first receipt at office of State Engineer 9.00 a.m. November 6, 1915.

Returned to applicant for correction November 10, 1915.

Corrected application received November 17, 1915.

APPROVAL OF STATE ENGINEER

The number of this permit is 11799

Recorded in Book 40 Page 11799 Approved November 30, 1915.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before

Work to begin on or before January 29, 1916 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before May 30, 1916.

The whole of said work to be completed on or before November 30, 1916.

Beneficial use of water appropriated in accordance herewith, to be made on or before November 30, 1918.

Witness my hand this 30th day of November, 1915.

J. H. Smith,
State Engineer.

Remarks:

Water to be diverted is waste from farms lying on each side of coulee.

STATE OF IDAHO,)
 : SS.
County of Weber.)

W. L. Wattis, being first duly sworn, upon his oath deposes and says:

That The Utah Construction Co.. is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 11799.

That he intends to change the point of diversion, as described in said permit, to the following described point: SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 24, Twp. 11, South, R. 18 East, B. M.

That such change will be made for the following reasons, to-wit: To secure additional fall and to prevent backing water up past county road, and to prevent loss of water through fissures in lava bottom of coulee.

That no one will be injured by such change and that deponent will make such change at his own risk. Affiant makes this affidavit as an officer and by the authority of the said The Utah Construction Company.

And further deponent saith not.

W. L. Wattis.

Subscribed and sworn to before me this 23rd day of September, 1916.

Fred F. Bond,
Notary Public.

My commission expires August 30th, 1918.

Received and filed for record in the office of the State Engineer, at Boise, Idaho, at 9.00 A. M. Sept. 25, 1916.

J. H. Smith,
State Engineer.

Proof of completion of works made Oct.25, 1916.
Certificate issued Nov.10, 1916.

PERMIT NO. 11799.

CERTIFICATE OF COMPLETION OF WORKS.

TO ALL WHOM IT MAY CONCERN:

This is to certify that Utah Construction Company, of Ogden, County of Weber, and State of Utah, the holder of Permit No. 11799, issued upon Application No. 17039, bearing date of priority of November 6, 1915, authorizing the diversion of two (2) second feet of the waters of an unnamed coulee, tributary to Rock Creek, County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use two (2) second feet of the waters of an unnamed coulee, tributary to Rock Creek; that the point of diversion of said waters is in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec.24, T.11 S. R. 18 E., B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Parts of SE $\frac{1}{4}$ of SE $\frac{1}{4}$, SW $\frac{1}{4}$ of SE $\frac{1}{4}$, NE $\frac{1}{4}$ of SE $\frac{1}{4}$ and NW $\frac{1}{4}$ of S E $\frac{1}{4}$ and the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sec.23, T. 11 S., R. 18 E., B.M., containing 85 acres.

Witness my hand this 10th day of November, A.D. 1916.

J.H. Smith,

State Engineer of the State of Idaho.

October 3, 1919.

In re: Permit 11799.

Utah Construction Company,
Ogden, Utah.

Gentlemen:

Reference is had to the proof of beneficial use submitted under the above numbered permit, which permit appropriated two cubic feet of an unnamed coulee.

Before license can issue under the above numbered permit, the final proof, it will be necessary for you to submit to us the statutory fee of \$2.00 for each 40, or fraction thereof, served by the permit.

The report of our Examining Engineer shows five 40s are served, consequently the fee due this office amounts to \$10.

I am returning to you, herewith, a draft in the sum of \$4, which was sent to us as a fee by Mr. George Herriott, Attorney at Law, before whom the proof was submitted by your Mr. Wattis. This being a draft we have no means of knowing whether or not it should be returned to your Company or to Mr. Herriott. No doubt your records will show to whom it belongs.

Yours very truly,

W. G. SWENDESEN,
Commissioner of Reclamation,

By

Chief Clerk.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 11 a. m. on the first day of July, 1918, at Twin Falls, County of Twin Falls, State of Idaho, before George Herriott, notary public, proof will be submitted of the application to beneficial use of two (2) cubic feet per second of the waters of an unnamed drainage coulee, in accordance with the terms and conditions of Permit No. 11799, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are, Utah Construction Company, 421 Eccles Bldg., Ogden, Utah.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is two (2) cu. ft. per second.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SE $\frac{1}{4}$ of SE $\frac{1}{4}$, NE 1-4 of SE 1-4, NW 1-4 of SE 1-4, SW 1-4 of SE 1-4 and SW 1-4 of NE 1-4, Sec. 23, T. 11 S., R. 18 E., B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is —.

6. The right to take water from such works is based upon Permit No. 11799

7. The source of supply from which such water is diverted is an unnamed coulee into which drainage and seepage from adjacent irrigated lands flows.

8. The date of the priority which said user is prepared to establish is November 6, 1915.

FRED A. WILKIE,
State Engineer.

11799

PERMIT NO. 11799**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. L. Wattis, 52, Ogden, Utah, Sec. Utah Construction Co.,
Ogden, Utah.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Utah Construction Company, Ogden, Utah, Statutory Agent I. N.
Corey of Rexburg, Idaho. I am Secretary of the Utah Construction
Company. I am appearing for the Utah Construction under direction
of the Board of Directors of said corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 11799 dated November 30, 1915 priority November 30, 1915

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. An unnamed drainage coulee tributary to Peck Creek in Twin Falls
County, Idaho. Point of diversion is in SE4 of SE4 Sec. 23, Tp. 11
S. R. 18 E. B. H.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dam about 50 ft long, 8 ft high in middle built of rock and earth.
Unnamed canal or ditch about two ft wide on bottom and 3 ft at
water line and half mile long with grade of about 15.8 ft to mile,
which will carry about 500 inches

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and is used upon W $\frac{1}{2}$ NE $\frac{1}{4}$ of SE $\frac{1}{4}$; the east 30 acres of
NW $\frac{1}{4}$ of SE $\frac{1}{4}$; the north 10 acres of SW $\frac{1}{4}$ of SE $\frac{1}{4}$ and north 15 acres of
SE $\frac{1}{4}$ of SE $\frac{1}{4}$, all in section 23 Tp. 11 S. R. 18 E. B. H. in said Twin
Falls County, State of Idaho. About 60 acres in alfalfa and 15
acres in natural meadow.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. *****

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 75 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. This permit was issued to the Utah Construction Company, the
present owner and holder, the application for said permit being
signed by me on behalf of said corporation.

11799

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water above mentioned to the extent of 75 inches was first diverted in the Spring of 1916 and has been used at all times since during each irrigation season to water the grain and alfalfa which has been grown upon the land above described and upon the natural meadow to the extent of about 15 acres.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water has been used upon the land above described.

(Sign)

W. L. Mathis

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in ~~Twin Falls~~ ~~in Twin Falls~~ Twin Falls, County of ~~Twin Falls~~ State of Idaho, on this first day of July

Notary Public

11799

Permit No. 11799

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. W. Summit, age 34, residence, Rock Creek, Postoffice
address, Hansen, Idaho.

Ques. 2. Are you acquainted with Utah Construction Co. and W. L. Wattis, the holder of Permit No. 11799? How long have you known him and where does he reside?

Ans. Utah Construction Co. is an Utah corporation but does business in
Idaho. The principal office of U. C. Co. and the address of said
W. L. Wattis, is Ogden, Utah.

Ques. 3. Have you read or heard read said Permit No. 11799, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed drainage coulee. Diversion is in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 23
Tp. 11 S. R. 18 E. B. M. Works, dam about 50 ft long, about 6 ft high
in kiddle and built of rock and earth. A ditch from dam to place of
use, about half mile long, about 2 ft wide at bottom, about 3 ft wide at
water line, having a fall of about 15 ft to mile.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about 500 inches. Have seen as much as 500 inches.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and for the irrigation of the W $\frac{1}{2}$ of NE $\frac{1}{4}$ of SE $\frac{1}{4}$; the
east 30 acres of NW $\frac{1}{4}$ of SE $\frac{1}{4}$; the north 10 acres of SW $\frac{1}{4}$ of SE $\frac{1}{4}$; and
the north 15 acres of SE $\frac{1}{4}$ of SE $\frac{1}{4}$, all in section 23, Tp. 11 S. R.
18 E. B. M. About 60 acres in alfalfa and about 15 acres in
natural meadow.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. *****

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert sage brush land and will require one inch to the
acre.

11799

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the irrigation season for the past two or three years
I have seen almost constant application of 75 inches of water to
the land above described for the raising of alfalfa and grain and
natural meadow, in the proportions hereinbefore mentioned.

(Sign) H. H. Summit.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this first day of July A. D. 1918.

RECEIVED

JUL 3 1918

OFFICE OF STATE ENGINEER

Permit No. 11799

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Bernard Sticker, 35, residence Rock Creek, Idaho, farmer,
postoffice, Rock Creek, Idaho.

Ques. 2. Are you acquainted with Utah Construction Company and W. L. Wattis

holder of Permit No. 11799? How long have you known him and where does he reside?

Ans. I am acquainted with the Utah Construction Company and it is
Secretary W. L. Wattis, for several years. The company is a Utah
corporation and does business in Idaho. Its address is Ogden, Utah,
and the address of W. L. Wattis is the same.

Ques. 3. Have you read or heard read said Permit No. 11799, and are you familiar with its provisions and conditions?

Yes

Ans.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed drainage coulee, diversion is in SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 23, Tp.
11 S. R. 18 E. B. M. Works, dam about 50 ft long, about 6 ft high in
middle built of rock and earth. A ditch from dam to place of use
about half mile long, 3 ft wide at bottom, about 3 ft at water line,
having a fall of about 15 ft to mile

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Will carry about 500 inches and have seen 100 inches or more

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used on W $\frac{1}{2}$ of NE $\frac{1}{4}$ of SE $\frac{1}{4}$, 30 acres off east side of
NW $\frac{1}{4}$ of SE $\frac{1}{4}$; north 10 acres of SW $\frac{1}{4}$ of SE $\frac{1}{4}$; and north 15 acres of
SE $\frac{1}{4}$ of SE $\frac{1}{4}$ all in Sec. 23, Tp. 11 S. R. 18 E. B. M. and is used for
irrigation of about 60 acres of alfalfa and 15 acres of natural meadow
on said land

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert sage brush land and requires one inch to acre
for the 75 acres above described.

11799

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No, I do not have any interest.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live adjoining this land and have had a chance to and have watched this improve ment for the past two or three years, almost daily and have seen the ~~constant~~ almost constant use of the 75 inches of water used upon the land aforesaid for each irrigation season

INSTRUCTIONS

PROOF OF BENEFICIAL USE

Utah Construction Co.,
c/o George Herriett, N.P.,
Twin Falls, Idaho.
DEAR SIR:

BOISE, IDAHO,

June 25, 1918.

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No.

DEPOSITION OF **11799** PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On....., the date set for the proof of application of water to beneficial use, the **July 1st, 1918** enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

F. P. KING,

FRED A. WILKIE, XXXXXXXXX State Engineer.

Permit No. _____

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

UTAH
STATE OF ~~IDAHO~~ } ss.
County of Weber

W. L. WATTIS

, being first duly sworn upon his oath deposes and says:

First: That ~~he is~~ THE UTAH CONSTRUCTION CO. of OGDEN, UTAH
of Idaho, No. 11799 and that his postoffice address is OGDEN,
State of UTAH.

Second: That the name of the stream from which said water is to be diverted is
an unnamed drainage coulee tributary to Rock Creek, Twin Falls County.

Third: That the point of diversion of said water is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 24,
Township 11 So., Range 18 East, Boise Meridian.

Fourth: That under the terms and conditions of said permit, construction thereunder was re-
quired to be completed by Nov. 30th, 1916.

Fifth: That the use for which said water is intended is irrigation and stock.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were
not) fully completed and consisted of the following:

1. Kind of works: Dam and conduit.

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: _____

(a) Height of dam 5 $\frac{1}{2}$ feet, length of dam at top 104 feet, length of dam at
bottom 100 feet. Material used in construction Rock and earth.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit ditch width at bottom 4 $\frac{1}{2}$ feet, width at water
(State whether ditch, flume or pipe)
line 3 $\frac{1}{2}$ feet, depth of water 3 feet; diameter of pipe _____ inches;
average grade per mile is 20 feet. Length of conduit is 1/8 miles.

Seventh: That said works are capable of conducting to the place of intended use
100 second feet of water.

Eighth: That water appropriated under said permit is available for 85 acres of land
described as follows: Parts of the following Legal Subdivisions: SE $\frac{1}{4}$ SE $\frac{1}{4}$,
SW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, and the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 23, Twp. 11 So.,
Range 18 East, Boise Meridian.

Ninth: Remarks: That affiant is a director and the Secretary of The
Utah Construction Company and has been authorized and instructed by
the directors of said Company to make this proof for and in its be-
half and the same is made as the act of said corporation.

Re Permit 11799.

Mr. W. L. Wattis,
Ogden, Utah.

Sir:--

In checking the affidavit for proof of completion of works under above permit, just received, I note that the description of the lands to be irrigated does not agree with the description in the permit. The permit gives the lands as follows:

WSE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ & SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 23,
T. 11 S., R. 18 E., B.M."

If the description above is not correct, the permit should be corrected by filing application for amendment upon the enclosed form, accompanied by maps in duplicate. If the permit is correct, the affidavit should be corrected accordingly. The same is herewith returned, with check for fees in the sum of \$5.00.

Very truly yours,

J. H. SMITH,

State Engineer.

Mr. J. H. Smith,
State Engineer,
Boise, Idaho.

Dear Sir:

With reference to permit No. 11799 and your letter of instructions bearing date June 1st concerning same, I enclose affidavit of intention to change point of diversion.

I found it necessary to alter the blank form supplied by you in order to make it fit my affidavit as an individual acting in behalf of the corporation holding the permit. I trust, however, that this affidavit will be sufficient and if not, request that you advise as to any other showing that is required.

The works have been completed and I am ready to make proof to that effect. Can also make proof at this time of beneficial use as affecting probably 60% of the land to be served from the ditch, but I find that the distributive system was not used this season on entire amount of land, but will be next year. Will this make any difference in regard to beneficial use proof. If not, I would like to submit it at the same time as proof of completion is submitted.

Yours truly,

WLW/s

Received at
of the State Engineer, Salt Lake City, at
9⁰⁰ A. M. Sept. 25 1916
J. H. Smith

STATE ENGINEER'S OFFICE

REGULATIONS AS TO CHANGE OF POINT OF DIVERSION

Section 3247 of the Revised Codes provides that a person entitled to the use of water, may change the place of diversion if others are not injured by such change. The Board of Irrigation has adopted the following regulations as to procedure under said section.

The person desiring to change point of diversion must file with the State Engineer an affidavit describing his water right, setting forth his intent to change point of diversion and the reasons for such change, together with an averment that no one will be injured thereby and that deponent will make such change at his own risk.

The point to which it is desired to change the place of diversion must be described as follows:

When the amount claimed does not exceed 25 cubic feet per second and point of diversion will be on surveyed land, locate same by giving the legal description of the 40 acre tract in which it will be situated. If upon unsurveyed land, give approximate distance to mouth of stream from which water is claimed or to the mouth of some creek flowing into said stream. Where there is more than one point of diversion, describe each separately and specify the amount claimed from each.

Where the water claimed exceeds 25 cubic feet per second, locate the point to which it is desired to change the place of diversion as follows:

If upon or near surveyed land, tie point of diversion by course and distance to section or quarter section corner. If said point will be more than two miles from the corner of a public survey, the tie may be made to the mouth of the stream from which the water is claimed or to the mouth of some creek flowing into said stream.

The affidavit must be accompanied by maps in duplicate, showing the following details:

1. If for irrigation and domestic use:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the lands to be irrigated.
 - (f) Lands to be irrigated to be shown by crosshatching, outlining, or coloring.
2. If for other than irrigation and domestic purposes:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches.
 - (f) Points or points of use.
 - (g) Point or points of return to stream after use.

If application is for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by the engineer in charge of survey, in the following form:

I hereby certify that this map was prepared from an actual survey made by me 191..... and correctly shows position of points indicated thereon.

.....

F. P. KING,
STATE ENGINEER

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Aug 15 1916

Utah Construction Co.,

421 Eccles Building,

BOISE, IDAHO,

DEAR SIR:

Ogden, Utah.

Under the terms of your permit No. **11799**....., you are required to complete your diversion works on or before..... **Nov 30 1916**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH

F. P. KING
~~XXXXXXXX~~
State Engineer.

11799

June 1st, 1916.

Re: Permit No. 11799.

Utah Construction Company,
Ogden, Utah.

Gentlemen:-

Replying to your letter of the 29th ult., regarding proof under the above permit, I beg to advise that this proof may be made at any time to suit your convenience so long as proof of completion is not delayed later than November 1916.

We enclose herewith blank affidavit of proof of completion of works which may be submitted at any time and which is all that is necessary for the first proof, the proof of completion of works.

There is also enclosed two blank notices for publication to be used in connection with proof of beneficial use. These are to be filled out and returned to this office. We will have the notice published for a period of four weeks in the County in which the land is situated, the time and place and the Notary are to be selected to suit the convenience of the permit holder; the only requirement being that Notary be within the State. This allows the permit holder an opportunity to select the place for proof which will be convenient both to the holder and to the two witnesses that are required.

On the date stated by permit holder in the advertised notice, the permit holder with two witnesses should appear before the Notary named, to submit the deposition of proof. All necessary blanks will be forwarded to the Notary by this office.

In regard to change of point of diversion; in order that the permit may be technically correct, affidavit of such change should be filed in this office

11799

on the blank which is enclosed. Full information
in regard to the preparation of this blank will be
found on the reverse side of same.

Very truly yours,

J. A. SMITH,

State Engineer.

Dear Sir:

With reference to our permit No. 11799
issued by you under date Nov. 30th, 1915, covering the appro-
priation of certain waste water from an unnamed coulee in
Twin Falls County, Idaho:

We have completed diversion dam and canal
and are making use of the water this season. We are there-
fore ready to make final proof of beneficial use any time
that it can be properly received by you. In this connec-
tion, wish to say that in constructing ditch, we found it
advantageous to move diversion point a short distance up
stream which carries it into another section than the one
shown in our application and map. Will you kindly advise
us what your requirements are in making proof under these
conditions and when it is proper for us to submit it.

Yours truly,

Mr. J. H. Smith, State Engineer,

Boise, Idaho.

Dear Sir:

Enclosed find application for permit to divert a small amount of water for irrigation, stock and domestic purposes from the waste coulee in Twin Falls County, Idaho.

Also find our check for \$2.00 to cover filing fee. We are not just sure whether this is the correct amount, but will be very much obliged if you will put this application on file and advise us if the fee is insufficient or if any corrections or amendments are necessary for the perfection of the application.

Yours truly,

WEN:G
