TRANSFER NO. 3623
WATER RIGHT NO(S). 47-02257/47-02468

CONDITIONS/REMARKS:

1. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.0 afa per acre for the lands above.
2. Approval of this transfer in no way grants any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.
3. The change authorized by this transfer shall be accomplished within one (1) year of the date of this approval.
4. Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
5. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
6. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
7. The total instantaneous diversion of water from all points of diversion under Transfer No. 3623 shall not exceed 3.28 cfs, nor total combined annual volume of 1,385.8 af.
8. The right holder shall use the full allotment of appurtenant surface water rights, to the extent they are available, in conjunction with groundwater diverted pursuant to this right.
9. Right Nos. 47-02257 and 47-02468 to divert groundwater shall not be used if the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use without the approval of the Department.
- * 10. Right Nos. 47-02257 and 47-02468 are limited to the combined irrigation of 573 total acres in the place of use described above in a single irrigation season.

TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-25926

RECEIVED
NOV 14 1958
Department of Reclamation

Comes now W. B. Savage Ranches, Inc. and
represent to the State Reclamation Engineer of the State of Idaho:

That he is (are) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25926.

That the point of diversion is described in said permit as being located;
NE 1/4 SE 1/4 of Section 8, Township 11 South, Range 18 East, B.M.

That he now requests that the point of diversion be changed to a point
located SE 1/4 NE 1/4 of Section 8, Township 11 South, Range 18 East, B.M.

That the reason for desiring to make such change is as follows:

To conform to field engineer's report.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Attention: J. R. Keenan

Gentlemen:

Our field engineer's reports on his inspection of the beneficial use of the water under the terms of Permit No. 21660 and the completion of works and beneficial use of the water under the terms of Permit No. G-25926 shows the well located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 8, Township 11 South, Range 18 East, B.M., and that it is capable of conveying 164 miners inches of water, of which 40 inches (.8 c.f.s.) has been put to beneficial use under the terms of Permit No. G-21660 and 124 inches (2.48 c.f.s.) under Permit No. G-25926.

The point of diversion as described on record of the permits is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 8, Township 11 South, Range 18 East, B.M. It is therefore necessary that the permits be amended to show correct location of the well. We enclose Applications for Amendment to Point of diversion, for this purpose.

Upon receipt of the statutory fees, totaling \$37.00, we will issue the License and Certificate of Water Right under Permit No. 21660 and the Certificate of Completion of Works and License and Certificate of Water Right under Permit No. G-25926, confirming the rights as follows:

Permit No. 21660 - with priority of August 16, 1950, to the use of .8 second foot of water, with point of diversion in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 8, for irrigation of 640 acres in the N $\frac{1}{4}$, SW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8 and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 7, Township 11 South, Range 18 East, B.M.

Permit No. G-25926 - with priority of September 2, 1955 to the use of 2.48 second feet of water, with point of diversion and land irrigated same as described above.

The fees are five dollars for the Certificate of Completion of Works and thirty-two dollars for the licenses (fee based at the rate of two dollars for each 40-acre subdivision).

Dear Mr. Keenan:

In reply to your letter of October 1, 1957 in connection with the two above captioned permits in the name of W. B. Savage Ranches, Inc.

In regard to our office letter of September 26, 1957, we wish to state that this letter was an error on our part. The depositions of the two permits became separated in this office and at the time we were unable to locate the depositions in connection with Permit No. G-25926.

We regret our error and hope you will overlook same.

We now have both sets of depositions for Permit No. 21660 and Permit No. G-25926.

Gentlemen:

We are returning the papers sent us with your letter of September 26, 1957, regarding Permits No. 21660 and G-25926, held by W. B. Savage Ranches, Inc., as it seems to us that there is a misunderstanding somewhere.

Our files show an independant final proof made on Permit 21660 and an independant proof of Completion of Works and of Beneficial Use under Permit G-25926 and our letter of transmittal of September 6, sending the papers to your office reads the same way. Mrs. Rutledge's form letter of September 11 acknowledges receipt of the deposition of holder and of two witnesses on Permit G-25926.

We do not know what requirement you might have made if you had received proofs under both permits.

Please check your office files, as I am sure that you have independant proofs on both permits, then let us know what might be necessary to put the two proofs in good shape.

Very truly yours,

Attention: Mr. J. R. Keenan

Dear Mr. Keenan:

In checking over the proofs of completion of works and beneficial use in connection with the above captioned permits, we find some irregularities that should be corrected. Therefore we are returning said depositions for correction and additional information.

The proofs indicated that you have joined both permits into one set of depositions for the reason perhaps that the place of use is the same and the water filed on under both permits is from the same point of diversion.

We can accept the one set of depositions covering both permits providing it is shown on said depositions that they include both permits. You will observe on the enclosed depositions that you only give the number of one permit, No. 21660 and that you do not any place show on the depositions the number of Permit No. G-25926. It will be necessary to insert both permit numbers in the caption on said depositions. Also in your answer under question 3, both permit numbers should be shown, showing a date of priority and date of permit, the amount in second feet should also be shown for each individual permit. The answers to the questions in the depositions as stated, will suffice. The depositions of the two witnesses should also be corrected accordingly, giving numbers of both permits.

We are sending these depositions back to you, assuming that you are taking care of same, if not, will request that you forward same to W. B. Savage at Kimberly, with our letter.

Dear Mr. Savage:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Times-News, all submitted in proof of completion of works and beneficial use on Permit No. G-25926.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. G25926

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W. B. Savage, residence Kimberly, Idaho, occupation farming, p.o. address, Kimberly, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. W. B. Savage Ranches, Inc., Kimberly, Idaho. I am its president.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G 25926, dated September 2, 1955, priority under permit September 2, 1955, for 3.2 second feet of water.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground water diverted by pump in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8, Twp 11 S., Range 18 East, Boise Meridian, specifically in Lot 20 of U.C.Co. subdivision of said Section 8.
Twin Falls Co

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well, 20" diameter hole, 290 ft. deep, cased 20 ft. surface to rock, with deep well turbine pump driven by 75 HP electric motor; 60 ft. to water; pump delivers into 150 ft. of 10" pipe line, then into existing farm ditches built to handle 541 shares Twin Falls Canal Company water; pump produces a strong 200 inches; this is estimate of quantity based on knowledge of quantity delivered by other pumps and years experience with irrigation water. Present pump was installed in 1953.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation as a supplement to Twin Falls Canal Company shares, for the times of peak demand during the summer; it is in effect used on 40 acres of SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 7, and 501 acres of Sec. 8, Twp 11 South, Range 18 East, Boise Meridian north of T.F.C.Co. low line canal; for number of acres in each legal subdivision see statement in permit; all this land for many years past has produced regular commercial crops; no meadow land included. Actual use of water began in 1953 when present capacity pump was installed.

G25926

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used for irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Water at the rate of 4 second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. W. B. Savage Ranches, Inc. is original holder of permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since 1953, each season, at the rate of 200" (4 second feet), as supplement to the Twin Falls Canal Company water during peak summer demand, according to crop needs. Water under this permit G25926 and under Permit No. 21660 is produced from the one well whose location is given in answer to Question 4.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The land has appurtenant to it 541.31 shares of Twin Falls Canal Company water.

Deposition of Witness *and Completion of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Floyd Lilly, 49, Twin Falls, Idaho, rancher, 130 Morningside Drive, Twin Falls, Idaho.

Ques. 2. Are you acquainted with W. B. Savage, president of W. B. Savage Ranches, Inc., the holder of Permit No. G 25926? How long have you known him and where does he reside?

Ans. Yes; I have known him 18 years. He resides at Kimberly, Idaho.

Ques. 3. Have you read or heard read said Permit No. G 25926, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water, diverted in Lot 20 of U.C.Co. subdivision of Section 8, Township 11 South, Range 18 East, Boise Meridian; works are deep well equipped with deep well turbine pump with 75 H.P. electric motor delivering through some 150 ft. of 10" pipe line into existing farm ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. See answer to question 6.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 4 second feet or 200 inches; estimated from 20 years experience with wells and pumps of that character.

G 25926

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for the irrigation of ~~SE $\frac{1}{4}$ NE $\frac{1}{4}$~~ of Sec. 7 and the 501 acres of Sec. 8 which lies north of the low line canal of Twin Falls Canal Company in Township 11 South, Range 18 East, Boise Meridian; entire acreage has been irrigated now and for many past years; no natural or cultivated meadow land is included in this acreage. Land produces the regular commercial crops of Twin Falls County.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used only for irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is the type of irrigated land common to Twin Falls County; and can profitably use during times of peak demand in summer at least 1/135 second ft. per acre supply furnished by Twin Falls Canal Company.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None at all.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. About August 21, 1957, I saw the 4 second ft. output of pump used for the irrigation of the land before mentioned, and I have seen the pump operated for that purpose in the several years preceding.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of ~~SE $\frac{1}{4}$ NE $\frac{1}{4}$~~ of Section 7 and the 501 acres of Section 8 lying north of low line canal of Twin Falls Canal Company, both in Township 11 South, Range 18 East, Boise Meridian; no natural or cultivated meadow is included in this acreage; land grows the regular commercial crops common to Twin Falls County land under Twin Falls Canal Company system.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used only for irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is the general type of land under Twin Falls Canal Company system; it can use profitably at least 1/135 second feet per acre over supply furnished by Twin Falls Canal Company during times of peak summer demand.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest at all.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Saw the pump operating this morning for irrigation of the lands above described and have also seen it operating several times in the past several years, and its full output used for irrigation of these lands.

I, Mable L. Clark, being first duly sworn upon

oath depose and say that I am Principal Clerk of the TIMES-NEWS, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice of advertisement, as per clipping attached, was published in the regular and entire

issue of said newspaper, and not in any supplement thereof, for four

consecutive Wednesdays, commencing with the issue dated

August 7, 1957, and ending with the issue dated

August 28, 1957.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily newspaper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each week has been designated as the day on which legal notice by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 4th day of

September, 1957.

Clint Ingram
Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

Gentlemen:

We have your form notice of July 1, 1957, enclosing blank notice for proof of completion of works and application of water to beneficial use under Permit No. G25926 issued to W. B. Savage Ranches, Inc., Kimberly, Idaho.

As Permit No. 21660 is an appropriation from the same well as is mentioned in Permit G25926, and time was running short, we took the liberty of consolidating Permits No. 21660 and G25926 into one notice of proof, and to hand the notice direct to the newspaper for publication. However, an error was made in the notices so far appearing in the papers and we were obliged to get a correction and also to set the date back by two weeks.

We enclose original notice of proof as the same will appear in the issues of the paper from August 7 on. If you will furnish two sets of the proof blanks, we will have them executed separately as to each permit and also supply you an extra copy of the newspaper affidavit of publication with notice attached so that your record on both permit numbers may be complete.

We hope that the foregoing has not been too presumptuous an action on our part.

Very truly yours,

J. R. KEENAN
