Re: Permit No. 9920

Mr. C. Iven Price,
Twin Falls, Idaho.

Dear Sir:

On the 29th of August, the depositions of yourself and one witness in the matter of proof of use of water under the above numbered permit were received but, as yet, the deposition of the other witness has not been filed. As no action can be taken on the proof until the depositions of yourself and two witnesses are in, the deposition of the other witness should be sent in as soon as possible.

The affidavit of publication from the Twin Falls Weekly News should also be sent to us for filing with this proof.

The approved application for amendment to the permit is returned to you herewith for your own files, record of same having been made under the permit in this office.

PROOF OF COMPLETION OF WORKS

Carl E. Hoag
Twin Falls, Idaho

Boise, Idaho, **October 14, 1916**

Dear Sir:

Under the terms of your Permit No. **9920** ----, you are required to complete your diversion works on or before ---- **January 20, 1917** ----. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Twin Falls, Idaho

October 14, 1916

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. **9920**-----, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J.H.SMITH

Dear Sir

Please find inclosed
check for \$1.00 recording fee for
assignment
recording of Permit 3503 and 9920
which is inclosed

Now in the matter of Permit No
9920 it says in discription of
works that the ditch is to be
enlarged and dam strengthened
as I have bought an interest
in the Smith Norton ditch and
find it amply large to carry
water for this permit I ask
that the clause enlarge and dam
strengthened be strecken out
