NOTICE OF PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

NOTICE IS HEREBY GIVEN that at two o'clock P. M. on the 22nd day of December, 1928, at Buhl, County of Twin Falls, State of Idaho, before W. Lee Howard, a Notary Public, proof will be submitted of the application to beneficial use of the amount of water hereinafter specified in accordance with the terms and conditions of permit Nos. 11195 and 11920 heretofore issued by the State Engineer of the State of Idaho. The name and post office address of the person and corporation holding said permits is Idaho Farm Development Company, Buhl, Idaho.

The use to which said water has been applied is irrigation. The amount applied to beneficial use is as follows:

Under permit No. 11195—Of the waters of Deadwood Creek 6,000 acre feet; of the waters of Devil Creek, 4,000 acre feet; of the waters of Cedar Creek 20,000 acre feet.

Under permit No. 11920—Of waters of Deadwood Creek, 3,000 acre feet; of the waters of Devil Creek, 2,000 acre feet; of the waters of Cedar Creek 10,000 acre feet.

The place where said water is used is upon approximately 7,994.41 acres of land in Sections 34, and 35. Township 11 South, Range 12 East Boise Meridian, and Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 22, 23, 24, 25, 26, 27 and 35, Township 12 South, Range 13 East Boise Meridian, in Twin Falls County, Idaho.

The name of the canal or other works by which said water is conducted to such place of use is Idaho Farm Development Company's irrigation works.

The right to take water from such works is based upon permit Nos. 11195 and 11920.

The source of supply from which such water is diverted is Cedar Creek and Devil Creek in Twin Falls County, Idaho, and Deadwood Creek in Owyhee County, Idaho.

The dates of priority which said user is prepared to establish is February 8, 1923 as to permit No. 11195 and October 9, 1918 as to permit No. 11920.

GEO. N. CARTER,
Commissioner of Reclamation.

AFFIDAVIT OF PUBLICATION

**STATE OF IDAHO } ss.
County of Twin Falls }**

I, A. W. McCallum, do solemnly swear that I am the publisher of THE BUHL HERALD, a weekly newspaper of general circulation, published once each week at Buhl, Idaho; that the notice attached hereto was published in said newspaper four consecutive weeks, the first publication having been made on the 29th day of

November, 1928, and the last publication having been made on the 20th day of December, 1928; that said

notice was published in the regular and entire issue of every number of the paper during the period and time of publication, and that the said notice was published in the newspaper proper, and not in the supplement thereof.

That said newspaper has been printed and published continuously in Buhl, Twin Falls County, Idaho, for a period of more than 78 weeks prior to the first publication of the attached notice.

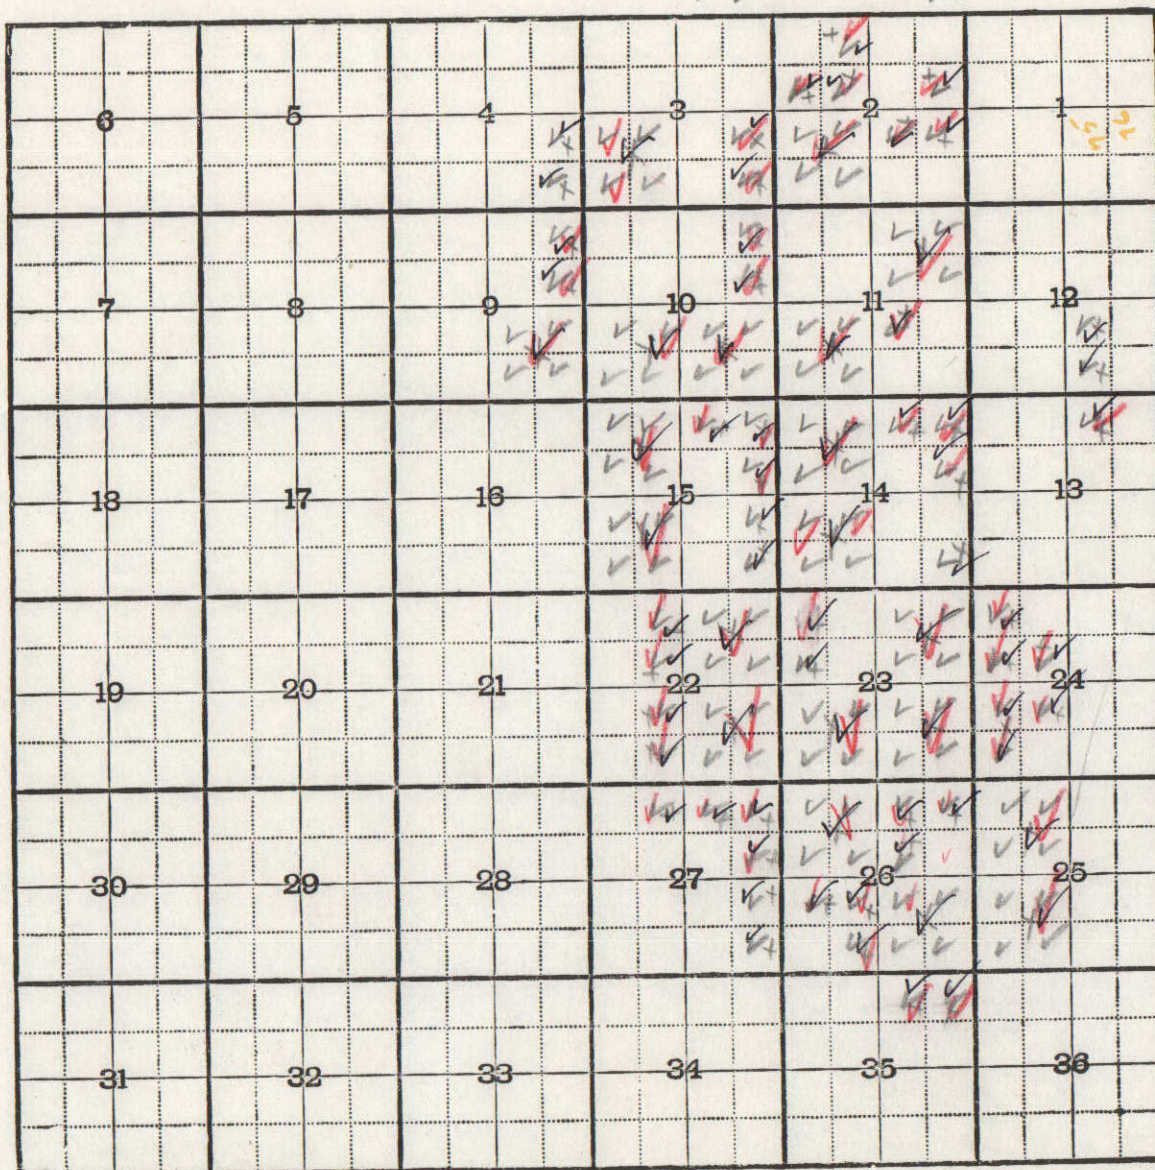

Subscribed and sworn to before me this
20th day of December, 1928

Notary Public for the State of Idaho, residing at
Buhl, Idaho. My commission expires March 12th 1929.

DEPARTMENT OF RECLAMATION

In the Matter of the Application of)
CEDAR MESA, INC., an Idaho corporation,) ORDER GRANTING TRANSFER
of Twin Falls, Idaho)
No. 706
For a Transfer of Water Right, in Water)
District No. 48, County of Twin Falls)

WHEREAS, On the 10th day of January, 1947, at the Department of Reclamation of the State of Idaho, at Boise, Idaho, this matter of an application of Cedar Mesa, Inc., an Idaho corporation, of Twin Falls, Idaho, for a Transfer of Water Right, came on regularly for hearing, pursuant to the published notice, in due and statutory form; and,

WHEREAS, No protest has been filed against the application, and the evidence filed by the applicant, with the application, shows that such transfer will consolidate the water rights to lands owned by said applicant, and that no one will be injured thereby:

NOW, THEREFORE, IT IS HEREBY ORDERED That the said application be, and the same is hereby GRANTED, and that a Certificate of Transfer be issued to the applicant herein, as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed, at Boise, Idaho, this 10th day of February, A. D. 1947.

S T A T E O F I D A H O
DEPARTMENT OF RECLAMATION
Certificate of Water Right
Transferred Right No. 706

THIS IS TO CERTIFY THAT CEDAR MESA, INC., an Idaho corporation, of Twin Falls, Idaho, is the owner of and using a certain water right in Cedar Creek, Devil Creek and Deadwood Creek, in the amount of 41,000 acre feet per annum, said water right being evidenced by the following licenses and certificates of water right issued by the Commissioner of Reclamation of the State of Idaho, to-wit:

License and Certificate of Water Right No. 11195, issued to the Utah Construction Company, on March 30, 1931, for 26,000 acre feet per annum of the waters of Deadwood Creek, Devil Creek and Cedar Creek, tributaries of Snake River, consisting of 3,000 acre feet from Deadwood Creek, 3,000 acre feet from Devil Creek and 20,000 acre feet from Cedar Creek, with priority of February 17, 1919; said license and certificate of water right being of record in the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at Page 3655;

License and Certificate of Water Right No. 11920, issued to the Utah Construction Company, on March 30, 1931, for 15,000 acre feet per annum of the waters of Deadwood Creek, Devil Creek and Cedar Creek, tributaries of Snake River, consisting of 3,000 acre feet from Deadwood Creek, 2,000 acre feet from Devil Creek and 10,000 acre feet from Cedar Creek, with priority of October 8, 1919; said license and certificate of water right being of record in the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at Page 3656.

That the water right confirmed under the above described licenses and certificates of water right are appurtenant to the following described lands, to-wit:

South Half of the Southeast Quarter ($S\frac{1}{2}$ SE $\frac{1}{4}$),
of Section Thirty-four (34).

All in Township Twelve (12) South of Range Thirteen (13)
East of the Boise Meridian, and situate in Twin Falls
County, Idaho.

That the said water is to be limited at any given time to an amount
actually needed and beneficially used for such purposes, and shall not exceed
the following amount, to-wit:

3,000 acre feet from Deadwood Creek, priority date of February 17, 1919;
3,000 acre feet from Devil Creek, priority date of February 17, 1919;
20,000 acre feet from Cedar Creek, priority date of February 17, 1919;
3,000 acre feet from Deadwood Creek, priority date of October 8, 1919;
2,000 acre feet from Devil Creek, priority date of October 8, 1919;
10,000 acre feet from Cedar Creek, priority date of October 8, 1919.

That the water right hereby transferred will hereafter be conducted
to the last above described lands through the same ditches and with the same
point of diversion as heretofore to the first above described lands.

That the right to the use of the water aforesaid, hereby confirmed,
is restricted to the lands or place of use last above described, as provided
by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the
official seal of the Department of Reclamation of the State of Idaho to be
hereunto affixed, at Boise, Idaho, this 10th day of February, A. D. 1947.

3655

STATE OF IDAHO
LICENSE AND CERTIFICATE OF WATER RIGHT

Water License No. 11195

Priority - 2-17-1919

Amount - 26,000 a.c.ft.

THIS IS TO CERTIFY that West End Twin Falls Irrigation Company, of Des Moines, Iowa, made application for a permit to appropriate the public waters of the State of Idaho, dated January 29, 1915; that Permit No. 11195 was issued under said application; that certificate of completion of works, with a carrying capacity of 28,500 acre-feet was issued thereunder on March 3, 1922, showing that said works were completed on the 3rd day of December, 1920; and that on the 22nd day of December, 1928, IDAHO FARM DEVELOPMENT COMPANY, of Buhl, State of Idaho, made proof to the satisfaction of the Commissioner of Reclamation of Idaho of a right to the use of the waters of Deadwood Creek, Devil Creek and Cedar Creek, tributaries of Snake River, for the purpose of irrigation and domestic use under Use Permit No. 11195, of the State Engineer of Idaho, and that said right to the use of said waters has been perfected in accordance with the laws of the State of Idaho and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7 of Licenses, at page 3655, on the 30th day of March, 1931;

The right hereby confirmed dates from February 17, 1919;

The points of diversion of said waters are located as follows:
Water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion S. 60°35' E. 1537 feet from the W $\frac{1}{2}$ corner of Sec. 28, T. 15 S., R. 12 E., B.M. This ditch discharges its water into Devil Creek at a point N. 88° 30' W. 1562 feet from the SE corner of Sec. 15, T. 15 S., R. 12 E., B.M., and at this point the combined waters of Deadwood and Devil Creeks are diverted into House Creek. These waters then flow down the natural channel of House Creek and Cedar Creek to the reservoir. The waters impounded in the reservoir, as well as the normal flow of the above named streams, after flowing down the natural channel of Cedar Creek, are diverted upon the lands to be irrigated at a point from which the N $\frac{1}{2}$ corner of Sec. 29, T. 13 S., R. 14 E., B.M., bears N. 14°0' E. 1608 feet.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed the following amounts, to-wit:

3,000 acre-feet from Deadwood Creek;
3,000 acre-feet from Devil Creek;
20,000 acre-feet from Cedar Creek;

The lands to be irrigated by the use of said waters are described as follows, to-wit:

Twp. 11 S., R. 13 E., B.M.

Sec. 34 - S $\frac{1}{2}$ SE $\frac{1}{4}$

Date of first receipt at office of State Engineer 10: 00 A. M. Jan. 29, 1915.

Returned to applicant for correction Feb. 28, 1915.

Corrected application received Apr. 28, 1915.

APPROVAL OF STATE ENGINEER

The number of this permit is 11195

Recorded in Book 38 Page 11195 Approved June 3, 1915.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of 1,000.00 to be filed on or before August 2, 1915.

Work to begin on or before and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 3, 1917.

The whole of said work to be completed on or before June 3, 1920.

Beneficial use of water appropriated in accordance herewith, to be made on or before June 3, 1924

Witness my hand this 3rd day of June, 1915.

J. H. Smith

State Engineer.

 (d) Other resources:

2. The quantity of water claimed is 75,000 acre feet of flood, normal cubic feet per second

and winter flow see remarks #1

3. Source of water supply:

See remarks #1

4. Location of point of diversion: See remarks #1

County of Twin Falls and Owyhee

5. To be used for:

- I. Irrigation and domestic use: (a) Amount of land to be irrigated: See appended list 5-I-b 40,664.17 acres.
 (b) In the following legal subdivisions:

See appended list 5-I-b

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under

ft. head

(c) Is water to be returned to any stream?
return:

(d) If so, name stream and locate point of

6. Estimated cost of works: \$600,000.00

7. Description of works for diversion:

I. Kind of works: Dam ditch and pipe and reservoir

II. Dimensions of works:

(a) Height of dam 110 feet, length of dam at top 520 feet,
 length of dam at bottom 170 feet. Material used in construction: Earth & concrete

(b) Capacity of reservoir 81,000 acre feet. (c) Size of headgate, width 6 feet,

Height 6 feet. (d) Conduit ditch width at bottom 32 feet,

width at water line 52 feet, depth of water 5 feet; diameter of pipe

84 inches; average grade per mile is 2.5 feet. Length of conduit is 18 miles,
 and it crosses the following quarter sections:

See appended list 7-II-d

8. The time required for the completion of the construction of such work is 5 years.

9. Time required for the complete application of the water to the proposed use is 4 additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters
 of the State of Idaho as herein set forth.

West End Twin Falls Irrigation Co.

Applicant.

By W. N. Gibb

Agent.

KNOW ALL MEN BY THESE PRESENTS, That in consideration of the sum of \$1.00 cash in hand paid, the receipt of which is hereby acknowledged, and other good and valuable considerations, the undersigned West End Twin Falls Irrigation Company does hereby set over and assign unto Idaho Farm Development Company, a Delaware corporation, duly qualified to do business in the State of Idaho, all its water rights and water right permits of every kind and character, or any interest therein acquired or intended to be used by it, in connection with what is known as the West End Twin Falls Irrigation Project in Twin Falls County, Idaho, a portion of said water rights and water right permits being more particularly described as follows:

(a) Permit No. 11,195, approved by the State Engineer of Idaho on June 3, 1915, with a priority dating from January 29, 1925, covering 75,000 acre feet in all of the waters of certain streams in Twin Falls and Owyhee Counties, State of Idaho, including 30,000 acre feet of the waters of Cedar Creek, 3,000 acre feet of the waters of Devil Creek, and 6,000 acre feet of the waters of Deadwood Creek, said permit being recorded among the records in the office of the State Engineer of Idaho in volume 38 of Permits at page 11,195.

(b) Permit No. 11,920, approved by the State Engineer of Idaho on January 22, 1916, with a priority dating from November 9, 1915, covering 50,000 acre feet in all of the waters of certain streams in Twin Falls and Owyhee Counties, State of Idaho, including 20,000 acre feet of the waters of Cedar Creek, 2,000 acre feet of the waters of Devil Creek, and 3,000 acre feet of the waters of Deadwood Creek, said permit being recorded among the records in the office of the State Engineer of Idaho in volume 41 of Permits at page 11,920.

This assignment is executed to correct an error in a certain assignment between the same parties covering the same property, and dated April 21st, 1919.

IN WITNESS WHEREOF, the said West End Twin Falls Irrigation Company has, by its proper officers, thereunto duly authorized by its Board of Directors, caused its corporate name to be hereunto subscribed and its corporate seal to be affixed this 23 day of December, 1919.

Meredith known to me to be respectively the President and Secretary of the West End Twin Falls Irrigation Company, a corporation, whose name is subscribed to the within instrument and acknowledged to me that such corporation executed the same.

WITNESS MY HAND and notarial seal this 23 day of December, 1919.

Mae Gustafson
Notary Public for Iowa, residing
at Polk County, Iowa.

(SEAL)

My commission expires July 4, 1921.

Received and filed for record in the Department of Reclamation at Boise, Idaho, at 3:00 P. M. December 29, 1919.

W. G. Swendsen
Commissioner of Reclamation.

DEPARTMENT OF RECLAMATION
STATE OF IDAHO

IN THE MATTER OF EXTENSION OF TIME FOR :
COMPLETION OF WORKS UNDER WATER PERMIT : ORDER FOR EXTENSION OF TIME
NO. 11195. :

The Idaho Farm Development Company, the owner and holder of water Permit No. 11195, having filed its application for an extension of time for each and every action hereafter required to be done under said water permit, upon the ground that said applicant has been and now is, prevented from proceeding with its work under said permit by reason of the matter within the jurisdiction of the United States and also by reason of litigation calling its water rights in question, and proper showing having been made of the existence of such conditions, and it appearing that said applicant is and has been proceeding diligently and in good faith under said permit, it is hereby ordered that an extension of time be and it is hereby granted with respect to the matters and things to be done under said permit, and that the time occasioned by such delay is hereby added to the time given in the original permit for each and every action hereafter required to be done under the terms of such permit, and that the time for the completion of the works under said permit and the submission of proof thereof is hereby extended to December 3, 1920.

Witness my hand this 2d day of June, 1920.

W. G. SWENDSEN,

COMMISSIONER OF RECLAMATION

1119.
STATE OF IDAHO,)
COUNTY OF ADA,) SS:

Edwin Snow, being first duly sworn, upon his oath deposes and says:
That he is the attorney and agent of Idaho Farm Development Company, a corporation, the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 11195, and makes this affidavit and application on its behalf.
That said corporation intends to change the points of diversion, as described in said permit, to the following points: Deadwood Creek: South 60 degrees 35 minutes E. 1537 ft. from the West Quarter corner Sec. 28, Twp. 15 S., R. 12 E. B. M.-6000 acre feet.

Devil Creek: North 88 degrees 30 minutes West 1562 ft. from the S. E. corner Sec. 15, Twp. 15 S. R. 12 E. B. M.-3000 acre feet.

Cedar Creek: at a point from which the N. quarter corner Sec. 29, Twp. 13 S., R. 14 E. B. M., bears N. 14 degrees no minutes East 1608 ft.-34,000 acre feet.

That such change will be made for the following reasons:

That the routes of canals are more practicable from said points than from the original points of diversion there being only slight variation.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

Edwin Snow.

Subscribed and sworn to before me this 3rd day of Dec. 1920.

S. T. Baer.
Notary Public.

(SEAL) My commission expires 4/17/23

Received and filed for record in the Department of Reclamation, at Boise, Idaho, at 9:00 A. M. Dec. 3, 1920.

W. G. Swendsen,
Commissioner of Reclamation.

IN THE MATTER OF CONTEST FOR THE
CANCELLATION OF PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE
STATE OF IDAHO, NO. 11195, UNDER
THE PROVISIONS OF SEC. 5584, COMPILED STATUTES OF IDAHO.

O R D E R

WHEREAS, under date of January 10, 1921, James H. Wise, acting for and on behalf of J. T. McCormick, C.E. McCormick, J. C. McCormick, E. B. Fletcher, Bessie B. Cordell and A. E. McCormick, filed in the Department of Reclamation a petition praying for the cancellation of Permit No. 11195, owned, according to the records of the Department of Reclamation, by the Idaho Farm Development Company, successors to the West End Twin Falls Irrigation Company, and claiming 75,000 acre feet of the waters of Big Flat Creek, Cherry Creek, Three Creek, Deer Creek, Deadwood Creek, Devil Creek and Cedar Creek, for the purposes of irrigation; and,

WHEREAS upon an examination of the said petition for cancellation, the same was found to be in proper form and accordingly a notice of hearing was duly adopted and forwarded by registered mail as required, to the respective parties in interest, under date of April 29, 1921, the said notice of hearing setting the hour of 10 o'clock A. M. Pacific Time, June 29, 1921, at the Capitol Building, Boise Idaho, as the time and place of hearing in such contest; and,

WHEREAS, pursuant to the said notice, a hearing was held at which James H. Wise, attorney for contestants herein and Edwin Snow, attorney for the contestee, Idaho Farm Development Company, successor to the West End Twin Falls Irrigation Company, made an appearance; and,

WHEREAS at the said hearing a stipulation, duly signed by the said attorneys for and on behalf of their respective clients was filed wherein the contestee waived any and all right under said permit in or to the water of Big Flat Creek, which stipulation is on file in the Department of Reclamation;

NOW, THEREFORE, in view of the foregoing conditions, facts adduced at the hearing, the records of the Department and other available information, it is found that the said permit is valid and in good standing except as to the development contemplated on Big Flat Creek, and it is hereby ordered that the said permit be and the same is hereby retained in good standing except as to the water of Big Flat Creek, and is hereby cancelled and held for naught with respect to any right, claim, or interest in or to the waters of Big Flat Creek.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho, this 29th day of June, 1921.

(SEAL)

W. G. SWENDSEN,
Commissioner of Reclamation.

Proof of Completion of Works made December 3, 1920.
Certificate issued March 3, 1922.

Permit No. 11195

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that Idaho Farm Development Company of Buhl, County of Twin Falls and State of Idaho, the holder of Permit No. 11195, issued upon Application No. 15075, bearing date of priority of January 29, 1915, authorizing the diversion of 75,000 acre feet of the flood, normal and winter flow of the waters of Big Flat Creek, Cherry Creek, Three Creek, Deer Creek, Deadwood Creek, Devil Creek and Cedar Creek, Counties of Owyhee and Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 28,500 acre feet of the waters of Deadwood Creek, Devil Creek and Cedar Creek; that the points of diversion of said waters are as follows:

Deadwood Creek: South 60 degrees 35 minutes E. 1537 feet from the West Quarter Corner of Section 28, Township 15 South, Range 12 East, B. M. Devil Creek: North 88 degrees 30 minutes West 1552 feet from the Southeast corner of Section 15, Township 15 South, Range 12 East, B. M., Cedar Creek: at a point from which the North quarter corner of Section 29, Township 13 South, Range 14 East, B. M., bears North 14 degrees no minutes East 1608 feet; and that the lands proposed to be irrigated by the use of said water are described as follows:

TO PERMIT TO APPROPRIATE THE PUBLIC WATERS

OF THE STATE OF IDAHO, NO. 11195

Comes now Idaho Farm Development Company, and represents to the Commissioner of Reclamation of the State of Idaho,

That it is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 11195, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

See Exhibit "A" attached hereto and made a part hereof

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

IDAHO FARM DEVELOPMENT COMPANY

By D. Morey, Secretary

Date of receipt at office of Department of Reclamation September 26, 1923.

APPROVAL OF COMMISSIONER OF RECLAMATION

I, W. G. SWENDSEN, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 11195. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part and said application is approved only insofar as the rights of others will not be adversely affected thereby

W. G. SWENDSEN,
Commissioner of Reclamation

Township 11 South, Range 13 East, Boise Meridian.

D E E D.

THIS INDENTURE, made this 24th day of November, 1928, between IDAHO FARM DEVELOPMENT COMPANY, a Delaware corporation, duly qualified and authorized to do business in the State of Idaho, party of the first part, and UTAH CONSTRUCTION COMPANY, a Utah Corporation, duly qualified and authorized to do business in the State of Idaho, party of the second part, WITNESSETH:

That in consideration of the sum of Seventy-five Thousand and no/100 (\$75,000.00) Dollars cash in hand paid, the receipt of which is hereby acknowledged, the party of the first part has granted, bargained, sold and conveyed, and by these presents does grant, bargain, sell, convey and confirm unto the party of the second part, its successors and assigns forever, that certain irrigation system situate in Twin Falls County, Idaho and in Owyhee County, Idaho, constructed by party of the first part under the terms of a certain Carey Act contract with the State of Idaho, a portion of which irrigation system is more specifically described as follows:

That certain water permit No. 11195 covering the waters of Deadwood Creek, Devil Creek and Cedar Creek, approved by the State Engineer of Idaho June 3, 1915, and recorded in Book 2 of Water Permits, page 11195, among the records of the office of the Department of Reclamation of the State of Idaho.

That certain water permit No. 11920 covering the waters of Deadwood Creek, Devil Creek and Cedar Creek, approved by the State Engineer of Idaho, January 26, 1916, and recorded in Book 41 of Water Permits, page 11920, among the records in the office of the Department of Reclamation of the State of Idaho.

That certain water right amounting to 8.8 cubic feet per second of the waters of Cedar Creek covered by that certain certificate of transfer dated April 26, 1921, issued by the Commissioner of Reclamation of the State of Idaho to Idaho Farm Development Company, recorded in Book 6 of miscellaneous records, page 340; records of Twin Falls County, Idaho, and transferring said water right for use upon the land susceptible of irrigation through the irrigation works covered by this conveyance.

That certain diversion dam on Deadwood Creek located approximately at a point from which the west quarter corner of Section 28, Township 15 South, Range 12 East Boise Meridian bears north 60°35' west 1527 feet, and that certain feeder canal known as the Deadwood Creek canal leading from said dam to the reservoir used in connection with said irrigation works where the waters of said Deadwood Creek are diverted into said reservoir, said canal traversing in a northerly direction the following legal subdivisions: Northeast quarter of the southwest quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$), Northwest quarter of the southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$), southwest quarter of the northwest quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$), northwest quarter of the northwest quarter (NW $\frac{1}{4}$ NW $\frac{1}{4}$) of Township 15 South, Range 12 East Boise Meridian, in Owyhee County, Idaho; thence running in a northerly direction through the southwest quarter of the southwest quarter (SW $\frac{1}{4}$ SW $\frac{1}{4}$), northwest quarter of the southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$) and the southwest quarter of the northwest quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 21, Township 15 South, Range 12 East Boise Meridian, Owyhee County; thence in a southeasterly direction through the southeast quarter of the northwest quarter (SE $\frac{1}{4}$ NW $\frac{1}{4}$) and the northeast quarter of the southwest quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$) of said Section 21; thence generally in a northeasterly direction through the northwest quarter of the southeast quarter (NW $\frac{1}{4}$ SE $\frac{1}{4}$) of said Section 21; thence generally in an easterly direction through the northeast quarter of the southeast quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$) of said Section 21; thence generally in a northeasterly direction through the northwest quarter of the southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$), southwest quarter of the northwest quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$), northeast quarter of the northwest quarter (NE $\frac{1}{4}$ NW $\frac{1}{4}$) and the northwest quarter of the northeast quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 15, Township 15 South, Range 12 East Boise Meridian; thence easterly along the south boundary line of the southwest quarter of the southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 15, Township 15 South, Range 12 East Boise Meridian to a point on Devil Creek approximately 1562 feet west of the southeast corner of said Section 15;

That certain diversion dam in Devil Creek located at said last mentioned point whereby the combined waters of Deadwood Creek and Devil Creek are diverted to the reservoir used in connection with said works.

That certain feeder canal known as the Devil Creek feeder canal whereby said waters are diverted into said reservoir, said canal running from said last mentioned diversion point in a generally northerly direction through the southwest quarter of the southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$), northwest quarter of the southeast quarter (NW $\frac{1}{4}$ SE $\frac{1}{4}$), northeast quarter of the southeast quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$), Southeast quarter of the northeast quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$), northeast quarter of the northeast quarter (NE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 15; southeast quarter of the southeast quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$), northeast quarter of the southeast quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 10, Township 15 South, Range 12 East Boise Meridian; thence generally in a northeasterly direction through the northwest quarter of the southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$), southwest quarter of the northwest quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$), northwest quarter of the northwest quarter (NW $\frac{1}{4}$ NW $\frac{1}{4}$), and the northeast quarter of the northwest quarter (NE $\frac{1}{4}$ NW $\frac{1}{4}$), of Section 11, and the southeast quarter of the southwest quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section 2, Township 15 South, Range 12 East Boise Meridian; thence generally in a southeasterly direction through the southwest quarter of the southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) and southeast quarter of the southeast quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$) of said Section 2, and the northeast quarter of the northeast quarter (NE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 11, all in Township 15 South, Range 12 East Boise Meridian; thence in a generally northeasterly direction to a point from which the northwest corner of Section 12, Township 15 South, Range 12 East Boise Meridian bears north 63°14' west 358 feet at which last mentioned point said feeder canal discharges its waters into a natural channel running into House Creek, said waters discharging through said House Creek and Cedar Creek into the storage reservoir hereinafter mentioned.

That certain reservoir dam located in the southwest quarter of the northeast quarter (SW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 12, Township 14 South, Range 13 East and the lands embraced in said reservoir located in Sections Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Twenty-two (22), Twenty-three (23) and Twenty-four (24), Township 14 South, Range 13 East Boise Meridian, and Sections Eighteen (18) and Nineteen (19), Township 14 South, Range 14 East Boise Meridian.

A portion of that land comprising said reservoir and hereby conveyed is as follows:

(a) East half of the southwest quarter (E $\frac{1}{2}$ SW $\frac{1}{4}$) and the southeast quarter (SE $\frac{1}{4}$) of Section 13; southeast quarter of the northeast quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 24, Township 14 South, Range 13 East Boise Meridian; Lots Three (3), Four (4), Five (5), and Six (6) of Section 18; Lots One (1), Two (2), Three (3), Six (6), Seven (7) and Eight (8) of Section 19, Township 14 South, Range 14 East Boise Meridian, being the land formerly known as the Fred J. Walters ranch and now belonging to party of the first part.

(b) Southeast quarter of the Northwest quarter (SE $\frac{1}{4}$ NW $\frac{1}{4}$), West half of the northwest quarter (W $\frac{1}{2}$ NW $\frac{1}{4}$) of Section 13; southeast quarter of the northeast quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 14, all in Township 14 South, Range 13 East Boise Meridian.

Also a tract beginning at a point 1108 feet west of the south quarter corner of Section 14, Township 14 South, Range 13 East Boise Meridian.

thence east 1226 feet;
thence north 76° 00' east 566 feet;
thence north 50° 48' east 390 feet;
thence north 73° 29' east 370 feet;
thence north 27° 11' east 800 feet;
thence north 58° 19' east 660 feet;
thence south 74° 30' east 405 feet;
thence north along section line 1191 feet;
thence west 1320 feet;
thence south 1320 feet;
thence west 2032 feet;
thence south 13° 40' west 1158 feet;

thence in a southerly direction to the point of beginning, containing 102.1 acres, more or less, all in the East Half of the Southeast Quarter (E $\frac{1}{2}$ SE $\frac{1}{4}$), Southwest quarter of the Southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) and Southeast quarter of the Southwest quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section Fourteen (14), Township 14 South, Range 13 East Boise Meridian, in Twin Falls County, Idaho, said lands being part of what was formerly known as the Ira Brackett ranch and now belonging to party of the first part.

(c) Beginning at a point 27 feet south of the north quarter corner of Section 23, Township 14 South, Range 13 East Boise Meridian; thence North 27 feet; thence west along section line 1108 feet; thence south 37° 42' west 457 feet; thence south 20° 18' west 578 feet; thence south 32° 08' east 311 feet; thence south 59° 25' west 288 feet; thence south 84° 16' west 647 feet; thence north 86° 31' west 573 feet; thence south 66° 23' west 481 feet; thence south 57° 51' west 329 feet; thence south 61° 41' west 38 feet; thence south 159 feet; thence north 67° 35' east 409 feet; thence south 77° 51' east 106 feet; thence south 71° 30' east 149 feet; thence south 55° 00' east 29 feet; thence south 30° 00' east 256 feet; thence south 52° 46' east 127 feet; thence south 3° 01' east 132 feet; thence south 41° 40' east 97 feet; thence south 1° 52' east 423 feet; thence south 18° 03' west 1012 feet; thence south 15° 22' west 302 feet; thence south 6° 07' west 300 feet; thence south 5° 40' east 490 feet; thence north 67° 43' east 122 feet; thence north 44° 01' east 27 feet; thence north 32° 49' east 183 feet; thence north 43° 30' east 366 feet; thence north 6° 55' east 500 feet; thence north 11° 10' east 390 feet; thence north 0° 32' east 476 feet; thence north 24° 27' east 316 feet; thence north 24° 08' east 544 feet; thence north 59° 40' east 179 feet; thence north 35° 28' east 735 feet; thence north 84° 02' east 222 feet; thence north 35° 55' west 82 feet; thence north 22° 30' east 771 feet; thence north 67° 44' east 500 feet; thence in a northeasterly direction to the point beginning, containing 108.8 acres, more or less, all in the Northwest Quarter; the West Half of the Southwest Quarter, Section 23, the Southeast Quarter of the Northeast Quarter, and the East Half of the Southeast Quarter, Section 22, Township 14 South, Range 13 East Boise Meridian, in Twin Falls County, Idaho.

(d) All rights granted by the United States and now owned by first party under and by virtue of that certain reservoir right-of-way application, serial No. 0570, filed in the United States Land Office at Hailey, Idaho, July 1, 1907, by Edith Perkins, pursuant to the Act of Congress of March 3, 1891, said application being approved by the Secretary of the Interior of the United States on September 5, 1908.

A certain diversion dam and headgates located in Cedar Creek in the southeast quarter of the northwest quarter (SE $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 29, Township 13 South, Range 14 East Boise Meridian, and a main canal whereby the natural flow waters and storage waters belonging to said irrigation project are diverted from Cedar Creek upon the lands irrigated thereby, said canal way running in a generally northeasterly direction through Sections Twenty-nine (29), Twenty (20) and Twenty-one (21), Township 13 South, Range 14 East Boise Meridian to a point on the north line of said Section 21 approximately 108 feet west of the northeast corner of said Section 21; thence in a generally northwesterly direction through Sections Sixteen (16), Nine (9), Eight (8), and Five (5), Township 13 South, Range 14 East Boise Meridian to a point approximately 214 feet north of the southwest corner of said Section 5; thence in a generally westerly direction across Section Six (6) and Seven (7), Township 13 South, Range 14 East Boise Meridian, to a point in the northeast quarter of the northwest quarter (NE $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 7, Township 13 South, Range 14 East Boise Meridian known as the head of Cedar Draw, said canal way from the diversion point on Cedar Creek to said head of Cedar Draw being used and owned in common by first party and Cedar Canal Company, an Idaho corporation; thence generally down Cedar Draw traversing in a northerly direction the northeast quarter of the northwest quarter (NE $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 7, and the east half of the west half (E $\frac{1}{2}$ W $\frac{1}{2}$) of Section 6, Township 13 South, Range 14 East Boise Meridian to a point on the south line of Section 31, Township 12 South, Range 14 East Boise Meridian, 1340 feet east of the southwest corner of said Section 31; thence generally

in a northwesterly direction through the west half of the southwest quarter ($W\frac{1}{2}SW\frac{1}{4}$) of Section 31, Township 12 South, Range 14 East Boise Meridian; thence generally in a northwesterly direction through Sections Thirty-six (36), Twenty-five (25), Twenty-six (26), Twenty-three (23), Twenty-two (22), Fifteen (15), Sixteen (16), and Nine (9), Township 12 South, Range 13 East Boise Meridian; thence in a northerly direction across the west half of the east half ($W\frac{1}{2}E\frac{1}{2}$) of Section 4, Township 12 South, Range 13 East Boise Meridian, to a point in the northeast quarter ($NE\frac{1}{4}$) of said Section 4, Township 12 South, Range 13 East Boise Meridian, where said canal is reduced in size, forming lateral No. 5 of said irrigation system.

All those certain laterals and sub-laterals belonging to said irrigation system whereby at various points along the course of the main canal through Township 12 South, Range 13 East Boise Meridian the waters of said main canal are distributed over and upon the lands irrigated by said irrigation system.

It is the intent of this conveyance to convey to second party the said irrigation system in its entirety subject only to the reservations herein set forth, but including all lands and their appurtenances, water rights, rights-of-way, easements, privileges, ditches, dams, flumes, headgates, weirs and structures of every kind and nature belonging to party of the first part and used in connection with said irrigation works and system, notwithstanding the fact that only certain portions of said irrigation system are herein particularly described; but subject likewise to the burdens and conditions under which said property rights, franchises, and easements were constructed or acquired by said party of the first part.

This conveyance is made subject to the terms of that certain contract between the Idaho Development Company and the State of Idaho, dated March 27, 1919, providing for the construct of said irrigation works and the sale of water rights therein to settlers, which contract is hereby referred to and made a part hereof and which contract, to the extent of first party's rights therein, is hereby duly sold, transferred, conveyed and assigned to party of the second part, and said party of the second part hereby covenants and agrees to carry out and fulfill any obligations of said Idaho Farm Development Company now remaining unfulfilled under the terms of said state contract; that is to say, those covenants to be performed by first party under the provisions of said state contract relating to the sale of water rights in said irrigation system and the operation and maintenance thereof and finally the conveyance of said irrigation system to the Roseworth Water Company, said party of the first part hereby representing and warranting, however, that on or about the 26th day of March, 1923, said irrigation project in its entirety was duly accepted by the Department of Reclamation of the State of Idaho as fully completed in accordance with the terms of said state contract.

Said party of the first part also hereby sells, assigns, transfers and set over unto the party of the second part, its successors and assigns forever, all the unissued capital stock of the Roseworth Water Company, an Idaho corporation, being that certain Carey Act operating company organized pursuant to the terms of the state contract aforesaid for the purpose of taking over, owning and operating said irrigation system after its completion, said party of the first part hereby expressly warranting to the party of the second part that there are issued and outstanding only 2,440 shares of the capital stock of said Roseworth Water Company representing water rights for and appurtenant to 2,440 acres of land, and no more, being land susceptible of irrigation from said project, and which land with appurtenant water rights represented by said 2,440 shares of said capital stock is contemporaneously with this conveyance being conveyed to party of the second part.

IN WITNESS WHEREOF, the said party of the first part has caused its corporate name to be hereunto subscribed by its proper officers thereunto duly authorized by its board of directors and its corporate seal to be affixed the day and year first above written.

ATTEST:

Edwin Snow
Secretary.

IDAHO FARM DEVELOPMENT COMPANY

By P. C. Meredith
President.

STATE OF IDAHO)
County of Twin Falls) ss.

On this 4th day of January, 1929, before me, Fern B. Jones, a Notary Public in and for said county and state, personally appeared P. C. MEREDITH, known to me to be the President of Idaho Farm Development Company whose name is subscribed to the foregoing instrument, and acknowledged to me that such corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

Idaho Farm Development Company

March 15, 1924.

**Mr. Edwin Snow,
Attorney at Law,
Boise, Idaho.**

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. **11195**....., which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and date it is submitted.

Yours truly,

W. G. SWENDSEN.
Commissioner of Reclamation.

Re: Permits 11195 and 11920

MR. EDWIN SNOW
Attorney at Law
Boise, Idaho

Dear Mr. Snow:

Further consideration has been given to the pending proof of application of water to beneficial use under the two permits of the Idaho Farm Development Company, appropriating waters of Cedar, Deadwood, and Devil creeks.

It appears that 136 forty-acre legal subdivisions should be described in the licenses which are to issue. The fee therefor will be \$136.00, it only be required that such fee be paid once.

With respect to the priorities you have calculated for the two permits: This office checks each date with the exception of one day, which is apparently merely due to counting or not counting the day upon which the proof was made.

Said licenses will be prepared in accordance with your direction as to apportionment of the water appropriated as between the three stream sources of supply in the case of each permit.

Yours very truly,

Commissioner of Reclamation

GNC/eq

January 22, 1931

Re: Permits Nos. 11195 and 11920

MR. EDWIN SNOW
Attorney at Law
Idaho Building
Boise, Idaho

Dear Mr. Snow:

On December 22, 1928 the Idaho Farm Development Company made proof of application of water to beneficial use under two permits, as follows:

Under Permit No. 11195:

6,000 acre feet from Deadwood Creek
4,000 acre feet from Devil Creek
20,000 acre feet from Cedar Creek

claiming as date of priority February 8, 1923.

Under Permit No. 11920:

3,000 acre feet from Deadwood Creek
2,000 acre feet from Devil Creek
10,000 acre feet from Cedar Creek

claiming as date of priority October 9, 1918.

The water thus claimed from both permits was to be applied to approximately 7994.41 acres of land in Township 11 South, Range 12 East and Township 12 South, Range 13 East, presumably being the Idaho Farm Development Company project.

11195

MR. EDWIN SNOW, #2,

January 22, 1931

Due to one delay and another, the report of the examining engineer for this department is just filed. It discloses an existing reservoir capacity of 26,000 acre feet, and canals and laterals of sufficient capacity to irrigate 5,000 acres of land. Said lands as found to be have been actually reclaimed and irrigated are shown on a plat accompanying field examiner's report.

It occurs to me that inasmuch as there have likely been some changes in the irrigation operations since the depositions were made in 1928 and a change in ownership of the project, that the present owner might be interested in examining the proof and findings of field examiner before the permit goes to license. Such license will designate, by forty-acre legal subdivision, the lands to which water is to become appurtenant by terms of said license.

Under the proof and report, as it stands, the fee for license will be \$109.00.

In view of all of the foregoing, it occurs to me that you may be desirous of examining the proof and recommendation for license before the matter is finally closed. The various papers in connection with the permit can be readily examined in this office some time at your convenience; in the meantime, and until advice from you, the matter will be held in abeyance.

Yours very truly,

Commissioner of Reclamation

GNC/eq

Hon. Geo. N. Carter,
Commissioner of Reclamation,
Boise, Idaho.

Dear Mr. Carter: Re: Permits Nos. 11195 and 11920.

I acknowledge your letter of January 22d on this subject, of which I have today forwarded copy to the Utah Construction Company requesting a land list showing the 40-acre subdivisions embraced within their present and prospective operations. Upon getting this desired information, I will call and discuss this matter with you, and in the meantime I would appreciate it being held in abeyance, as you suggest.

Very truly yours,

Edwin Snow

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 11195

This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant: Idaho Farm Development Co.2. Source of water supply: Deadwood Creek, Devil Creek, Cedar Creek3. Location of point of diversion: Is in the (See Remarks) of Section _____T. _____ R. _____ County of Twin Falls4. Describe works as they exist, giving dimensions and capacities of same: Earth fill dam72 ft high, 300 ft. long, 16 ft top width, concrete core wall
up stream face rock rip rapped.Capacity of reservoir 26,000 acre feet.Completed laterals of sufficient capacity to irrigate
5000 acres5. Water is used for: Irrigation6. State whether or not water has been turned into works of diversion: yes7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): (See List Attached)Present irrigated area 4091 acresPreviously " " 1349 "(Total) 5440 "

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River

Remarks: _____

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point N. 82°50' E. 2976 ft. from the west quarter corner Sec. 12, T. 14 S., R. 13 E., B.M.

Water is conducted from Deadwood creek into Devil creek by a ditch having its point of diversion from Deadwood creek at a point S. 60°35' E. 1537 ft. from the W $\frac{1}{4}$ corner of Sec. 28, T. 15 S., R. 12 E., B.M. This ditch discharges its waters into Devil creek at a point N. 88°30' W. 1562 ft. from the SE corner of Sec. 15, T. 15 S., R. 12 E., B.M. At the point last above described the combined waters of Deadwood and Devil creek are diverted into House creek. These waters then flow down the natural channel of House creek and Cedar creek to the reservoir. The winter flow and surplus flood water of Cedar creek, Deadwood creek and Devil creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar creek are diverted upon the land to be irrigated at a point from which the N $\frac{1}{4}$ corner of Sec. 29, T. 13 S., R. 14 E., B.M. bears N. 14°0' E. 1608 feet.

Examination for BEN. USE

County Twin Falls

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion, and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

NOTICE OF PROOF OF APPLICATION FOR WATER TO BENEFICIAL USE

NOTICE IS HEREBY GIVEN that at two o'clock P. M. on the 22nd day of December, 1928, at Buhl, County of Twin Falls, State of Idaho, before W. Lee Howard, a Notary Public, proof will be submitted of the application to beneficial use of the amount of water hereinafter specified in accordance with the terms and conditions of permit Nos. 11195 and 11920 heretofore issued by the State Engineer of the State of Idaho. The name and post office address of the person and corporation holding said permits is Idaho Farm Development Company, Buhl, Idaho.

The use to which said water has been applied is irrigation. The amount applied to beneficial use is as follows:

Under permit No. 11195—Of the waters of Deadwood Creek 6,000 acre feet; of the waters of Devil Creek, 4,000 acre feet; of the waters of Cedar Creek 20,000 acre feet.

Under permit No. 11920—Of waters of Deadwood Creek, 3,000 acre feet; of the waters of Devil Creek, 2,000 acre feet; of the waters of Cedar Creek 10,000 acre feet.

The place where said water is used is upon approximately 7,994.41 acres of land in Sections 34, and 35, Township 11 South, Range 12 East Boise Meridian, and Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 22, 23, 24, 25, 26, 27 and 35, Township 12 South, Range 13 East Boise Meridian, in Twin Falls County, Idaho.

The name of the canal or other works by which said water is conducted to such place of use is Idaho Farm Development Company's irrigation works.

The right to take water from such works is based upon permit Nos. 11195 and 11920.

The source of supply from which such water is diverted is Cedar Creek and Devil Creek in Twin Falls County, Idaho, and Deadwood Creek in Owyhee County, Idaho.

The dates of priority which said user is prepared to establish is February 8, 1923 as to permit No. 11195 and October 9, 1918 as to permit No. 11920.

GEO. N. CARTER,
Commissioner of Reclamation.

PERMIT NO. 11195

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. P. C. Meredith, age 49, Residence and P.O. Address, Buhl, Idaho
Occupation: Pres. and General Manager, Idaho Farm Development Co.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for Idaho Farm Development Co., Principal place of
business, Buhl, Idaho, of which I am President

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit. priority.

Ans. Permit No. 11195, January 29, 1915, date of permit and date of/

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cedar Creek, Devil Creek and Deadwood Creek

Points of diversion, See Schedule I attached.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. See Schedule I attached

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation on cultivated land. See list shown in
Schedule II attached. General farm improvements.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One second foot for each fifty acres

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By assignment from original holder on record in Dept. of Reclamation

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Each year since 1921 water has been diverted upon the lands shown in Schedule II to the full amount available in the streams from which water is claimed. See also Schedule I attached.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Permit No. 11920 upon which proof of beneficial use is being submitted at the same time as this proof.

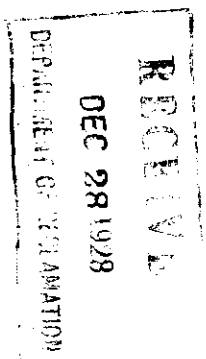

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Buhl, County of Timber Falls State of Idaho, on this 22nd day of December A. D. 19 28

W. L. Howard
Notary Public Residing at Buhl, Idaho

My commission expires July 30 - 1932

11195

SCHEDULE I.

Answers to questions No.'s 5 + 10

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point North 82 degrees 50' East 2976 feet from the west quarter corner, Section 12, Township 14 South Range 13 East. This dam is 88 feet high, width at top 387 feet, width at bottom 180 feet, constructed of earth and rock, with concrete core. This dam will impound 28,500 acre feet. The reservoir, in addition to impounding the waters of Cedar Creek and its tributaries, including House Creek, impounds also the waters of Deadwood Creek and Devil Creek. The water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion from Deadwood Creek at a point South 60 degrees 35' East 1537 feet from the west quarter corner, Section 28, Township 15 South Range 12 E. B. M. This ditch is eight feet wide on the bottom with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 72 second feet.

This ditch discharges its waters into Devil Creek at a point North 88 degrees 30' West 1562 feet from the Southeast corner, Section 15, Township 15 South Range 12 East. At the point last above described, the combined waters of Deadwood and Devil Creek are diverted into House Creek by a ditch ten feet wide on the bottom, with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 120 second feet.

The waters of Deadwood and Devil Creek, being thus diverted into House Creek, a tributary of Cedar Creek, flow down the natural channel of House Creek and Cedar Creek to the reservoir.

The winter flow and surplus flood water of Cedar Creek, Deadwood Creek and Devil Creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar Creek are diverted upon the land to be irrigated thereby at a point from which the North quarter corner of Section 29, Township 13 South Range 14 E. B. M. bears North fourteen degrees no minutes East 1608 feet. The upper section of this diversion canal (8400 feet in length), in the canyon of Cedar Creek, consists of steel flume and concrete lined conduit, having a capacity of 212 second feet. The earth section is 16 feet wide on the bottom, two to one slope on the sides, gradient 5.3 feet to the mile, with banks $4\frac{1}{2}$ feet high. The earth section likewise has a capacity of 212 second feet. The main canal is about twelve miles in length. Six main laterals and four subordinate laterals distribute the water over the lands shown in the accompanying list, within at least one mile of each quarter section of such land.

The above irrigation works were completed in the late fall of 1920 and proof of completion of works made before the Department of Reclamation and certificate of completion of works issued March 5, 1922.

Irrigation of the lands under said system began in 1921, and has continued each year up to and including the irrigation season of 1928, the said works diverting and beneficial use being made of all the water available from Cedar Creek,

Devil Creek, and Deadwood Creek, being the streams from which water was appropriated under said permit. The maximum flow of these streams varies from year to year. The maximum quantity of water in any irrigation season diverted and applied to beneficial use in the irrigation of the lands shown in the accompany list (Schedule II) is as follows:

Deadwood Creek	<u>1,840</u>	acre feet
Devil Creek	<u>2,250</u>	acre feet
Cedar Creek	<u>18,410</u>	acre feet

The crops raised have consisted of alfalfa hay, alfalfa seed, wheat, barley, and oats, and other farm crops.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO.

PERMIT NO. 11195

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. R. J. MacFarlane Age 47 - Stockman
Residence and P.O. address: Butte Idaho

Ques. 2. Are you acquainted with Idaho Farm Development Company, the holder of Permit No. 11195? How long have you known him and where does he reside?

Ans. yes - 10 yrs - Butte Idaho

Ques. 3. Have you read or heard read said Permit No. 11195, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. See schedule I attached

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. See Schedule I attached

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on cultivated land. See list in Schedule II
attached. General farm improvements.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Lava ash soil, 1 second foot for each 40 acres.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since 1921. See Schedule I attached.

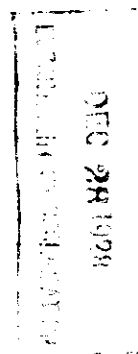

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Buhl, County of Twin Falls, State of Idaho, on this 22nd day of December, A. D. 1928.

W. L. Howard
Notary Public.

My commission expires July 30 - 1932

11195

SCHEDULE I.

Answers to questions Re.'s 4 + 5

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point North 82 degrees 50' East 2976 feet from the west quarter corner, Section 12, Township 14 South Range 13 East. This dam is 88 feet high, width at top 387 feet, width at bottom 180 feet, constructed of earth and rock, with concrete core. This dam will impound 28,500 acre feet. The reservoir, in addition to impounding the waters of Cedar Creek and its tributaries, including House Creek, impounds also the waters of Deadwood Creek and Devil Creek. The water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion from Deadwood Creek at a point South 60 degrees 35' East 1537 feet from the west quarter corner, Section 28, Township 15 South Range 12 E. B. M. This ditch is eight feet wide on the bottom with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 72 second feet.

This ditch discharges its waters into Devil Creek at a point North 88 degrees 30' West 1562 feet from the Southeast corner, Section 15, Township 15 South Range 12 East. At the point last above described, the combined waters of Deadwood and Devil Creek are diverted into House Creek by a ditch ten feet wide on the bottom, with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 120 second feet.

The waters of Deadwood and Devil Creek, being thus diverted into House Creek, a tributary of Cedar Creek, flow down the natural channel of House Creek and Cedar Creek to the reservoir.

The winter flow and surplus flood water of Cedar Creek, Deadwood Creek and Devil Creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar Creek are diverted upon the land to be irrigated thereby at a point from which the North quarter corner of Section 29, Township 13 South Range 14 E. B. M. bears North fourteen degrees no minutes East 1608 feet. The upper section of this diversion canal (8400 feet in length), in the canyon of Cedar Creek, consists of steel flume and concrete lined conduit, having a capacity of 212 second feet. The earth section is 16 feet wide on the bottom, two to one slope on the sides, gradient 5.3 feet to the mile, with banks 4½ feet high. The earth section likewise has a capacity of 212 second feet. The main canal is about twelve miles in length. Six main laterals and four subordinate laterals distribute the water over the lands shown in the accompanying list, within at least one mile of each quarter section of such land.

The above irrigation works were completed in the late fall of 1920 and proof of completion of works made before the Department of Reclamation and certificate of completion of works issued March 5, 1922.

Irrigation of the lands under said system began in 1921, and has continued each year up to and including the irrigation season of 1928, the said works diverting and beneficial use being made of all the water available from Cedar Creek.

Devil Creek, and Deadwood Creek, being the streams from which water was appropriated under said permit. The maximum flow of these streams varies from year to year. The maximum quantity of water in any irrigation season diverted and applied to beneficial use in the irrigation of the lands shown in the accompany list (Schedule II) is as follows:

Deadwood Creek	<u>1,640</u>	acre feet
Devil Creek	<u>2,250</u>	acre feet
Cedar Creek	<u>18,410</u>	acre feet

The crops raised have consisted of alfalfa hay, alfalfa seed, wheat, barley, and oats, and other farm crops.

PERMIT NO. 11195

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. N. Gibb , age 46, civil engineer

Residence and P.O. address: Roseworth, Idaho

Ques. 2. Are you acquainted with Idaho Farm Development Company, the holder of Permit No. 11195? How long have you known him and where does he reside?

Ans. Yes, have been in employ of that corporation for 10 years

Ques. 3. Have you read or heard read said Permit No. 11195, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. See schedule I attached

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. See Schedule I attached

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on cultivated land. See list in Schedule II
attached, general farm improvements.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Lava ash soil. 1 second foot for each 50 acres.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since 1921. See Schedule I attached.

DEPARTMENT OF IRRIGATION

SCHEDULE I.

Answers to questions No.'s 4 & 5

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point North 82 degrees 50' East 2976 feet from the west quarter corner, Section 12, Township 14 South Range 13 East. This dam is 88 feet high, width at top 387 feet, width at bottom 180 feet, constructed of earth and rock, with concrete core. This dam will impound 28,500 acre feet. The reservoir, in addition to impounding the waters of Cedar Creek and its tributaries, including House Creek, impounds also the waters of Deadwood Creek and Devil Creek. The water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion from Deadwood Creek at a point South 60 degrees 35' East 1537 feet from the west quarter corner, Section 28, Township 15 South Range 12 E. B. M. This ditch is eight feet wide on the bottom with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 72 second feet.

This ditch discharges its waters into Devil Creek at a point North 88 degrees 30' West 1562 feet from the Southeast corner, Section 15, Township 15 South Range 12 East. At the point last above described, the combined waters of Deadwood and Devil Creek are diverted into House Creek by a ditch ten feet wide on the bottom, with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 120 second feet.

The waters of Deadwood and Devil Creek, being thus diverted into House Creek, a tributary of Cedar Creek, flow down the natural channel of House Creek and Cedar Creek to the reservoir.

The winter flow and surplus flood water of Cedar Creek, Deadwood Creek and Devil Creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar Creek are diverted upon the land to be irrigated thereby at a point from which the North quarter corner of Section 29, Township 13 South Range 14 E. B. M. bears North fourteen degrees no minutes East 1608 feet. The upper section of this diversion canal (8400 feet in length), in the canyon of Cedar Creek, consists of steel flume and concrete lined conduit, having a capacity of 212 second feet. The earth section is 16 feet wide on the bottom, two to one slope on the sides, gradient 5.3 feet to the mile, with banks 4½ feet high. The earth section likewise has a capacity of 212 second feet. The main canal is about twelve miles in length. Six main laterals and four subordinate laterals distribute the water over the lands shown in the accompanying list, within at least one mile of each quarter section of such land.

The above irrigation works were completed in the late fall of 1920 and proof of completion of works made before the Department of Reclamation and certificate of completion of works issued March 3, 1922.

Irrigation of the lands under said system began in 1921, and has continued each year up to and including the irrigation season of 1928, the said works diverting and beneficial use being made of all the water available from Cedar Creek,

Devil Creek, and Deadwood Creek, being the streams from which water was appropriated under said permit. The maximum flow of these streams varies from year to year. The maximum quantity of water in any irrigation season diverted and applied to beneficial use in the irrigation of the lands shown in the accompany list (Schedule II) is as follows:

Deadwood Creek	<u>1,840</u>	acre feet
Devil Creek	<u>2,250</u>	acre feet
Cedar Creek	<u>18,410</u>	acre feet

The crops raised have consisted of alfalfa hay, alfalfa seed, wheat, barley, and oats, and other farm crops.

DEPARTMENT OF RECLAMATION

BOISE

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, Dec. 8, 1928.

Idaho Farm Development Co.

c/o W. LEE HOWARD

Buhl, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 11195

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 12, 1928, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at

Buhl before W. Lee Howard, notary public.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

GEO. N. CARTER,

Commissioner of Reclamation.

11195

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Date **Nov. 17, 1928**

PUBLISHER THE HERALD

Boise, Idaho

DEAR SIR:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to **December 22, 1928**, the date set for proof, the expense of the publication to be paid by the applicant, **Edwin Snow, Attorney, Boise, Idaho,** to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy of the first publication.

Very truly yours,

GEO. H. CARTER,

Commissioner of Reclamation.

11195

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Boise, Idaho, November 16, 1928

(P. O.) _____

TO THE STATE ENGINEER:

Boise, Idaho.

DEAR SIR:

You are hereby authorized to have the attached notice published at my expense in the _____

HERALD of Buhl, Idaho, published
in the county in which the works are situated.

IDAHO FARM DEVELOPMENT CO.

By Edwin Snow, Attorney.

~~(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well known and competent engineer.)~~

~~I hereby certify that the facts set forth in the attached notice are true~~

Engineer.

11195

NOTICE OF PROOF OF APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN that at two o'clock P.M. on the 22d day of December, 1928, at Buhl, County of Twin Falls, State of Idaho, before W. Lee Howard, a Notary Public, proof will be submitted of the application to beneficial use of the amount of water hereinafter specified in accordance with the terms and conditions of permits Nos. 11195 and 11920 heretofore issued by the State Engineer of the State of Idaho. The name and postoffice address of the person and corporation holding said permits is Idaho Farm Development Company, Buhl, Idaho.

The use to which said water has been applied is irrigation. The amount applied to beneficial use is as follows:

Under permit No. 11195 - Of the waters of Deadwood Creek, 6,000 acre feet; of the waters of Devil Creek, 4,000 acre feet; of the waters of Cedar Creek 20,000 acre feet.

Under permit No. 11920 - Of the waters of Deadwood Creek, 3,000 acre feet; of the waters of Devil Creek, 2,000 acre feet; of the waters of Cedar Creek 10,000 acre feet.

The place where said water is used is upon approximately 7,994.41 acres of land in Sections 34, and 35, Township 11 South, Range 12 East Boise Meridian, and Sections 1, 2, 3, 4, 9, 10, 11, 12, 13, 14, 15, 22, 23, 24, 25, 26, 27 and 35, Township 12 South, Range 13 East Boise Meridian, in Twin Falls County, Idaho.

The name of the canal or other works by which said water is conducted to such place of use is Idaho Farm Development Company's irrigation works.

The right to take water from such works is based upon permits Nos. 11195 and 11920.

The source of supply from which such water is diverted is Cedar Creek and Devil Creek in Twin Falls County, Idaho, and Deadwood Creek in Owyhee County, Idaho.

The dates of priority which said user is prepared to establish is ^{February 8, 1923} ~~January 29, 1915~~ as to permit No. 11195
^{October 9, 1918} ~~and November 9, 1915~~ as to permit No. 11920.

Geo. N. Carter
Commissioner of Reclamation.

October 16, 1923.

Re: Permits Nos. 11195-11920.

Mr. Edwin Snow,
Attorney at law,
Boise, Idaho.

Dear Sir:-

The applications for amendment to the above permits have been duly approved and recorded under the permits in this office. The originals are, therefore, herewith returned to you.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

By _____
Chief Clerk.

Re: Permits 11195-11920-Ida. Farm Devel. Co.

Messrs. Ensign & Ensign,
General Agents,
National Surety Company,
Boise, Idaho.

Gentlemen:

Replying to your letter of the 23rd inst.,
would say that proof of completion of works, has
been made under the above numbered Permits and the
certificates issued. The bonding company is there-
fore, released from any further liability under the
bonds filed in connection with these permits.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

By

Chief Clerk.

CB:E

Permit No. 11195

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that Idaho Farm Development Company of Buhl, County of Twin Falls and State of Idaho, the holder of Permit No. 11195, issued upon Application No. 16075, bearing date of priority of January 29, 1915, authorizing the diversion of 75,000 acre feet of the flood, normal and winter flow of the waters of Big Flat Creek, Cherry Creek, Three Creek, Deer Creek, Deadwood Creek, Devil Creek and Cedar Creek, Counties of Owyhee and Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 28,500 acre feet of the waters of Deadwood Creek, Devil Creek and Cedar Creek; that the points of diversion of said waters are as follows:

Deadwood Creek: South 60 degrees 35 minutes E. 1537 feet from the West Quarter Corner of Section 28, Township 15 South, Range 12 East, B. M., Devil Creek: North 88 degrees 30 minutes West 1562 feet from the Southeast corner of Section 15, Township 15 South, Range 12 East, B. M., Cedar Creek: at a point from which the North quarter corner of Section 29, Township

13 South, Range 14 East, B. M., bears North 14 degrees
no minutes East 1608 feet; and that the lands proposed
to be irrigated by the use of said water are described
as follows, to-wit:

Hon. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir: Proof of Completion
 Idaho Farm Development
 Co. Permits Nos. 11,195
 and 11,920.

In compliance with recent notice of Mrs. Brown, I am enclosing herewith affidavit of publication in the Buhl Republican of notice of publication of proof of completion of works on these permits, and check of Idaho Farm Development Company payable to W. G. Swendsen, Commissioner of Reclamation, in the amount of \$72.40, covering fees for certificates of completion of works.

I should be glad at your convenience now to have the certificates issued and sent to me.

Yours very truly,

Edwin Snow

11195

January 25, 1922.

Re: Permits Nos. 11195-11920.

Mr. Edwin Snow,
Attorney at law,
Boise, Idaho.

Dear Sir;

Referring to your letter of December 29, relative to proof of completion of works under the above numbered permits, would say that the certificates of completion of works will be issued upon receipt of affidavit of publication from the Buhl Republican, and fees in the sum of \$72.40, the fee for each permit being \$36.20. This is based upon a capacity of 28,500 ac.ft.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By

Chief Clerk.

Re Permit 11,195.

Mr. James H. Wise,
Attorney at law,
Twin Falls, Idaho.

Dear Sir:—

Relative to petitions for cancellation of above numbered permit enclosed in your letter of January 8th. would say that these will be placed on file in this office pending the examination and report by an engineer from this department in the spring. You will then be further notified as to what action is taken in regard to proof under this permit.

No fee is required for filing the petitions.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By _____

Edwin Snow
Attorney
Boise, Idaho

December 29, 1921.

Hon. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

Attention Mrs. Brown.

Dear Sir:

Some time ago Idaho Farm Development Company made proof of completion of works upon permits Nos. 11,195 and 11,920 - Cedar Creek and adjacent streams.

A contest was filed about the time that proof was made, the contest relating merely to the waters of Big Flat Creek. Thereafter determination was made by the Department that these permits were in full force and effect except as to Big Flat Creek, which was relinquished.

There would seem to be no reason why certificate of completion should not issue. Will you kindly advise the status of these permits. It is possible that action is suspended awaiting payment of the fees. If so, please advise what the fees are.

Very truly yours,

Edwin Snow

DEC 20 1921
DEPARTMENT OF RECLAMATION

August 1, 1921

Re: Permits 11920 and 11195.

Mr. Edwin Snow,
Attorney-at-Law,
Boise, Idaho.

Dear Sir:

In checking the proof papers in connection with completion of works under the above numbered permits, we find that the proof submitted does not check with the permit in several respects.

The point of diversion from Deadwood Creek as given in the affidavit of holder in both cases does not agree with the amended permit. The permit states the point of diversion as: "South 60 degrees 35 minutes E. 1537 feet from the West Quarter Corner Sec. 28, T. 15 S. R. 12 E." while the affidavit of holder gives it: "At a point from which the west quarter corner of Sec. 28, T. 15 S. R. 12 E. B. M. bears north 60 degrees 35 minutes west 1527 feet."

The land list as submitted by the holder contains a number of forties not included in the original permit. If you wish to amend the original permit to include these lands, application for amendment may be submitted on the enclosed forms, accompanied by maps in duplicate. We are enclosing a list of the lands included by the holder under each permit which do not appear in the original permit, for your information in case you desire to make this amendment.

Very truly yours,

W. F. SWENSON,
Commissioner of Reclamation

S T A T E O F I D A H O

DEPARTMENT OF RECLAMATION

IN THE MATTER OF CONTEST FOR THE CANCELLATION OF PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO,
NO. 11195, UNDER THE PROVISIONS OF SEC. 5584, COMPILED
STATUTES OF IDAHO.

To

P. C. Meredith, President and General Manager Idaho Farm Development Co., and
Edwin Snow, Attorney for Idaho Farm Development Company,
Contestees,

and

J. T. McCormick, C. E. McCormick, J. C. McCormick, E. B. Fletcher, Bessie B.
Cordell and A. E. McCormick, and James H. Wise, Attorney,
Contestants,

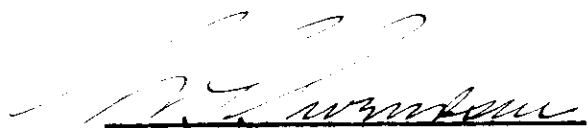

You, and each of you, are hereby notified that, on the 10th day of
January, 1921, there was filed in the Department of Reclamation at Boise,
Idaho, a petition for the cancellation of Permit No. 11195, to appropriate
the public waters of the State of Idaho, issued to the West End Twin Falls
Irrigation Company; said petition being filed by James H. Wise, Attorney
for the above named contestants;

That Contestants ask for the cancellation of said Permit No. 11195
for the following reasons, to-wit:

That the whole of said work was not completed on or before the 3rd day
of June, 1920; that the contestee, nor any of its assigns, have have not
completed any part of said work as required under said Permit, No. 11195,
within the time granted by said permit, or any extension of time therefor,
nor have they complied with the statutes requiring said work to be completed
by June 3, 1920;

That the contestee herein is required to appear at the Department of
Reclamation of the State of Idaho, at the Capitol Building, Boise, Idaho,
at 10:00 A.M., June 29, 1921, and show cause by affidavit, if any there be,
why said Permit No. 11195 should not be cancelled, and said contestee and
contestants on said date may file such affidavits in support of their
respective allegations as they may desire.

In Witness Whereof I have hereunto set my hand and affixed the official
seal of this Department, at Boise, Idaho, this 29th day of April, 1921.

Commissioner of Reclamation.

June 30, 1921.

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. See schedule hereto attached. Answer to Question No. 3

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation purposes. 13,232.36 acres. See list
attached.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes, about 50 second feet during irrigation season of
1920

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Yes, they comply with terms of permit as amended except
as set out in Schedule 2 attached

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. None

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. See schedule attached. Answer to Question No. 8

(Sign here.)

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Buhl, County of

Jersey Falls, State of Idaho, on this 3rd
December day of

A. D. 1920

 Notary Public.

SCHEDULE I (Answer to Question No. 3)

Permit No. 11, 195, filed January 29, 1915, authorized by amended permit to divert from Cedar Creek 34,000 acre feet, at a point from which the North quarter corner of Section 29, Township 13 South, Range 14 E. B. M. bears North 14 degrees no minutes East 1608 feet; authorized by amended permit to divert from Deadwood Creek 6,000 acre feet, at a point from which the West quarter corner of Section 28, Township 15 South, Range 12 E. B. M. bears ~~North~~ 60 degrees 35' West 1527 feet; authorized under amended permit to divert from Devil Creek 3,000 acre feet at a point from which the Northwest corner, Section 23, bears South 88 degrees 30' East, 1562 feet.

SCHEDULE 2 . (Answer to Question No. 8)

The plan of irrigation is as follows:

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point North 82 degrees 50' East 2976 feet from the West quarter corner, Section twelve, Township fourteen, South Range thirteen East. This dam is 88 feet high, width at top 387 feet, width at bottom 180 feet, constructed of earth and rock, with concrete core. This dam will impound 28,500 acre feet. The reservoir, in addition to impounding the waters of Cedar Creek and its tributaries, including House Creek, impounds also the waters of Deadwood Creek and Devil Creek. The water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion from Deadwood Creek at a point South 60 degrees 35' East 1537 feet from the West quarter corner, Section 28, Township 15 South Range 12, E. B. M. This ditch is eight feet wide on the bottom with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 72 second feet.

This ditch discharges its waters into Devil Creek at a point North 88 degrees 30' West 1562 feet from the Southeast corner, Section 15, Township 15 South Range 12 East. At the point last above described, the combined waters of Deadwood and Devil Creek are diverted into House Creek by a ditch ten feet wide on the bottom, with banks having a two to one slope, gradient 7.9 feet per mile, having a capacity of 120 second feet.

The waters of Deadwood and Devil Creek, being thus diverted into House Creek, a tributary of Cedar Creek, flow down the natural channel of House Creek and Cedar Creek to the reservoir.

The winter flow and surplus flood water of Cedar Creek, Deadwood Creek and Devil Creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar Creek are diverted upon the land to be irrigated

thereby at a point from which the North quarter corner of Section 29, Township 13 South Range 14 E. B. M. bears North fourteen degrees no minutes East 1608 feet. The upper section of this diversion canal (8400 feet in length), in the canyon of Cedar Creek, consists of steel flume and concrete lined conduit, having a capacity of 212 second feet. The earth section is sixteen feet wide on the bottom, two to one slope on the sides, gradient 5.3 feet to the mile, with banks $4\frac{1}{2}$ feet high. The earth section likewise has a capacity of 212 second feet. The main canal is about twelve miles in length. Six main laterals and four subordinate laterals distribute the water over the lands shown in the accompanying list, within at least one mile of each quarter section of such land.

None of the works of diversion to divert the waters of Big Flat Creek, Cherry Creek, Three Creek or Deer Creek have been constructed.

Permit No. 11195

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W.N. Gibb, age 38, residence Roseworth, Ida. P.O. address Buhl, Ida.
Occupation Civil Engineer

Ques. 2. Are you acquainted with Idaho Farm Development Company, the holder of Permit No. 11195, authorizing the diversion of 24,000 ^{acre} ~~3000~~ feet of the waters of Cedar Creek, 3000 ^{acre} ~~3000~~ feet of the waters of Deadwood Creek, 3000 ^{acre} ~~3000~~ feet of the waters of Devil Creek, at the points of diversion indicated in said permit, such corporation for irrigation purposes? How long have you known her, and where located is its principal place of business?

Ans. Have known corporation since its organization in March, 1919.
Principal place of business Wilmington, Delaware; In Idaho, Buhl, IDA.

Ques. 3. Have you read or heard read said Permit No. 11195, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes--lava ash soil, arid in character, 2 acre feet per acre.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes, in accordance with amended permit and except as shown
in Schedule I

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. See Schedule I attached hereto.

SCHEDULE I. (Answer to Question No. 6)

The plan of irrigation is as follows:

A reservoir dam has been constructed in Cedar Creek, Twin Falls County, at a point North 82 degrees 50' East 2976 feet from the West quarter corner, Section twelve, Township fourteen, South Range thirteen West. This dam is 88 feet high, width at top 387 feet, width at bottom 180 feet, constructed of earth and rock, with concrete core. This dam will impound 28,500 acre feet. The reservoir, in addition to impounding the waters of Cedar Creek and its tributaries, including House Creek, impounds also the waters of Deadwood Creek and Devil Creek. The water is conducted from Deadwood Creek into Devil Creek by a ditch having its point of diversion from Deadwood Creek at a point South 60 degrees 35' East 1837 feet from the West quarter corner, Section 28, Township 15 South Range 12, E. T. N. This ditch is eight feet wide on the bottom with banks having a two to one slope, gradient 7.9 feet per mile, and has a capacity of 72 second feet.

This ditch discharges its waters into Devil Creek at a point North 88 degrees 30' East 1562 feet from the Southeast corner, Section 15, Township 15 South Range 12 East. At the point last above described, the combined waters of Deadwood and Devil Creek are diverted into House Creek by a ditch ten feet wide on the bottom, with banks having a two to one slope, gradient 7.9 feet per mile, having a capacity of 120 second feet.

The waters of Deadwood and Devil Creek, being thus diverted into House Creek, a tributary of Cedar Creek, flow down the natural channel of House Creek and Cedar Creek to the reservoir.

The winter flow and surplus flood water of Cedar Creek, Deadwood Creek and Devil Creek, impounded in the reservoir, as well as the normal flow of these streams after flowing down the natural channel of Cedar Creek are diverted upon the land to be irrigated

thereby at a point from which the North quarter corner of Section 29, Township 13 South Range 14 E. D. M. bears North fourteen degrees no minutes East 1608 feet. The upper section of this diversion canal (8400 feet in length), in the canyon of Cedar Creek, consists of steel flume and concrete lined conduit, having a capacity of 212 second feet. The earth section is sixteen feet wide on the bottom, two to one slope on the sides, gradient 5.3 feet to the mile, with banks $4\frac{1}{2}$ feet high. The earth section likewise has a capacity of 212 second feet. The main canal is about twelve miles in length. Six main laterals and four subordinate laterals distribute the water over the lands shown in the accompanying list, within at least one mile of each quarter section of such land.

None of the works of diversion to divert the waters of Big Flat Creek, Cherry Creek, Three Creek or Deer Creek have been constructed.

BEFORE THE DEPARTMENT OF RECLAMATION
Boise, Idaho.

J. T. MCCORMICK, C. E. Mc- CORMICK, A. E. MCCORMICK, J. C. MCCORMICK, E. B. FLETCHER AND BESSIE B. CORDELL, Contestants,	}	PETITION.
vs.		
PADGHAM AND PADGHAM, Contestees.		

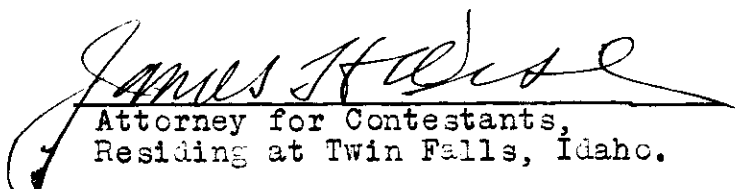

Come now contestants herein and show to the Reclamation Department:

FIRST: That the contestants herein are the owners of and in possession of Permit #R-252, District #57-D, filed by J. T. McCormick, A. E. McCormick, J. C. McCormick, E. B. Fletcher, and Ethel Fletcher, application file #R-21264, approved November 20, 1920 for 6250 acre feet of Big Flat Creek, which is tributary to Bruneau River for irrigation and domestic purposes, and to be stored in a reservoir the outlet to which is located South 68° 43' East 2755 feet distant from the North quarter corner of Section 19, Township 15 South, Range 11 East of the Boise Meridian, and is in the Southwest quarter of the NE $\frac{1}{4}$ of Section 19, Township 15 South, Range 11 E.B.M., County of Owyhee, State of Idaho. That the land to be irrigated by said permit and reservoir from NE $\frac{1}{4}$ of Section 24, NE $\frac{1}{4}$ of Section 13, SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13; SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12, Township 11 South, Range 10 E.B.M., and N $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 19, N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 19, all of Section 18; S $\frac{1}{2}$ of Section 7, W $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 7; E $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 7; SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 6; SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6; W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17; W $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 17; SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8, all in Township 15 South, Range 11 E.B.M. in Owyhee County, a more particular description will be found in application #R-21264, permit #R-252, District #57-D. That said appropriation permit is for the purpose of irrigating the aforesaid described lands and is of value to the contestants herein. That said permit is in full force and effect, and the contestants herein are now the owners of said permit and rights thereunder.

SECOND: That on October 27th 1917, contestee made application for 30,000 acre feet of Big Flat Creek for irrigation outlet of reservoir in NW¹/₄ NW¹/₄ of Section 10, Township 14 South, Range 10 E. B. M., under Permit #13,286 filed in conjunction with permit #R-86. That at the time said permit was allowed, it was ordered and directed by the Commissioners that a bond in the sum of \$1,000.00 be filed in connection with permit #13,286. That said bond has not been filed as required by law, and as ordered and directed by the Reclamation Commissioner.

THIRD: That on January 29, 1915, contestee made application for 75,000 acre feet of water on Big Flat Creek, Cherry Creek, Three Creek, Deer Creek, Deadwood Creek, Devil Creek and Cedar Creek, diversion point, as described in Permit #11,195, to irrigate 80,664 acres as described in Permit #10,740, works to be completed June 3, 1920. That notwithstanding that said Permit required that said work be completed on June 3, 1920, the said contestee, nor any of its assigns, have not completed any part of said work as required by said permit #11,195, within the time granted and permitted by said permit #11,195, or any extension of time therefor, nor have they complied with the statutes of the State of Idaho, requiring said work to be completed by June 3, 1920, and for that reason the said permit is void and of no effect, and that the contestants herein have a prior right to the waters and rights under permit #11,816.

WHEREFORE, Your petitioner prays the Reclamation Commissioner that Permit #11,195 issued to contestee, be cancelled and held for naught, for the reasons hereinbefore alleged and set out.

Attorney for Contestants,
Residing at Twin Falls, Idaho.

STATE OF IDAHO, }
COUNTY OF TWIN FALLS. } ss.

J. C. McCORMICK, being first duly sworn upon his oath, states:

That he is one of the contestants in the above protest and contest, and that he has read the foregoing petition, knows the contents thereof and believes the same to be true.

J. C. McCormick

SUBSCRIBED AND SWORN to before me this the 14th day of December, 1920.

Come now contestants herein and show to the Reclama-
tion Department:

FIRST: That the contestants herein are the owners of
and in possession of Permit #R-252, District #57-D, filed by
J. T. McCormick, A. E. McCormick, J. C. McCormick, E. B. Fletch-
er and Ethel Fletcher, application filed # R-21264, approved
November 20, 1920 for 6250 acre feet of Big Flat Creek, which
is tributary to Bruneau River for irrigation and domestic pur-
poses, and to be stored in a reservoir the outlet to which is
located South 68° 43' East 2755 feet distant from the North
quarter corner of Section 19, Township 15 South, Range 11 East
of the Boise Meridian, and is in the Southwest quarter of the
Northeast quarter of Section 19, Township 15 South, Range 11
E. B. M., County of Owyhee, State of Idaho. That the land
to be irrigated by said permit and reservoir from NE $\frac{1}{4}$ of Sec-
tion 24, NE $\frac{1}{4}$ of Section 13, SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13; SE $\frac{1}{4}$ SE $\frac{1}{4}$ of
Section 12, Township 11 South, Range 10 E. B. M., and N $\frac{1}{2}$ NE $\frac{1}{4}$
of Section 19, N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 19, all of Section 18; S $\frac{1}{2}$ of
Section 7, W $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 7; E $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 7; SW $\frac{1}{4}$ of
SE $\frac{1}{4}$ of Section 6; SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6; W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17;
W $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 17; SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 8, all in Township
15 South, Range 11 E. B. M., in Owyhee County, a more particu-
lar description will be found in application #R-21264, permit
#R-252, District #57-D. That said appropriation permit

is for the purpose of irrigating the aforesaid described lands and is of value to the contestants herein. That said permit is in full force and effect, and the contestants herein are now the owners of said permit and rights thereunder.

SECOND: That on October 27th 1917, contestees made application for 30,000 acre feet of Big Flat Creek for irrigation outlet of reservoir in NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 10, Township 14 South, Range 10 E. B. M., under Permit #13,286 filed in conjunction with permit #R-86. That at the time said permit was allowed, it was ordered and directed by the Commissioners that a bond in the sum of \$1,000.00 be filed in connection with permit #13,286. That said bond has not been filed as required by law, and as ordered and directed by the Reclamation Commissioner.

THIRD: That on January 29, 1915, contestee made application for \$5,000 acre feet of water on Big Flat Creek, Cherry Creek, Three Creek, Deer Creek, Deadwood Creek, Devil Creek and Cedar Creek, diversion point, as described in Permit #11,195, to irrigate 40,664 acres as described in Permit #10,740, works to be completed June 3, 1920. That notwithstanding that said Permit required that said work be completed on June 3, 1920, the said contestee, nor any of its assigns, have not completed any part of said work as required by said permit #11,195, within the time granted and permitted by said permit #11,195, or any extension of time therefor, nor have they complied with the statutes of the State of Idaho requiring said work to be completed by June 3, 1920, and for that reason the said permit is void and of no effect, and that the contestants herein have a prior right to the waters and rights under permit #11,816.

WHEREFORE, Your petitioner prays the Reclamation ~~Recl~~ Commissioner that Permit #11,195 issued to contestee, be cancelled and held for naught, for the reasons hereinbefore alleged and set out.

Residing at Twin Falls, Idaho.

James H. Wiser Attorney for Contestants.

STATE OF IDAHO,
COUNTY OF TWIN FALLS.

} ss.

J. C. McCORMICK, being first duly sworn upon his oath, states:

That he is one of the contestants in the above protest and contest, and that he has read the foregoing petition, knows the contents thereof, and believes the same to be true.

SUBSCRIBED AND SWORN to before me this the 14th day of
December, 1920.

Eleanor B. Taylor.
NOTARY PUBLIC,

Edwin Snow
Lawyer
Boise, Idaho

November 16, 1920.

Hon. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:

In connection with proof of completion of works upon Idaho Farm Development Company's water permits Nos. 11,195 and 11,920 on Cedar Creek, Twin Falls County, and other streams, you requested that I obtain signature by W. N. Gibb, chief engineer of the company, upon the certificate accompanying the request for publication and notice of proof. Mr. Gibb has just signed this certificate and returned it to me, and I am forwarding it herewith for your files.

Yours very truly,

ES-LHW

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Oct 27 1920
(P. O.) Boise Idaho

TO THE STATE ENGINEER:

Boise, Idaho.

DEAR SIR:

You are hereby authorized to have the attached notice published at my expense in the Republican of Buhl Idaho, published
in the county in which the works are situated. Idaho Farm Dev Co &
Edwin Low Agh.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

W. M. Libb
Engineer.

NOTICE FOR PUBLICATION.

Notice is hereby given that at 10 o'clock a. m. on the 3rd day of December, 1920, before W. R. Green, notary public, at his office at Buhl, County of Twin Falls, State of Idaho, proof will be submitted of the completion of works for the diversion of 43,000 acre feet of the waters of the following streams, to-wit: 8,000 acre feet from Deadwood Creek; 5,000 acre feet from Devil Creek, 30,000 acre feet from Cedar Creek; in accordance with the terms and conditions of certain permits issued by the State Engineer of the State of Idaho.

The name of the corporation holding such permits is the Idaho Farm Development Company.

The postoffice address of such corporation is Buhl, County of Twin Falls, State of Idaho.

The numbers of such permits are 11195 and 11920, and the dates set for the completion of such works are as follows: Permit No. 11195, December 3, 1920; Permit No. 11920, January 22, 1921.

Said water is to be used for irrigation and domestic purposes.

Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the applications for such permits, is 43,000 acre feet.

The amount of lands for which said water is available is 13,200 acres, included in the irrigation system of the Idaho Farm Development Company.

W. G. Swendsen,

Commissioner of Reclamation.

SS.

Edwin Snow

being first duly sworn, upon his

oath deposes and says:

~~That he is the owner of water right on the following described land to wit:~~

~~xx evidenced by the decree dated x~~

~~day of~~

~~in the case entitled x~~

~~Plaintiff,~~

~~vs.~~

~~Defendant brought~~

~~in the district court of the~~

~~Judicial District of the State of Idaho xx~~

the attorney and agent of Idaho Farm Development Company, a corporation

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho

No. 11,195, and makes this affidavit and application on its behalf.

said corporation

That he intends to change the points of diversion, as described in said ~~decree~~ permit, to the following

points: Deadwood Creek: South 60 degrees 35 minutes E. 1537 ft. from the West Quarter corner Sec. 28, Twp. 15 S., R. 12 E. B. M. - 6000 acre feet.

Devil Creek: North 88 degrees 30 minutes West 1562 ft. from the S. E. corner Sec. 15, Twp. 15 S. R. 12 E. B. M. - 3000 acre feet.

~~That such change will be made for the following reasons to wit:~~

Cedar Creek: at a point from which the N. quarter corner Sec. 29, Twp. 13 S., R. 14 E. B. M, bears N. 14 degrees no minutes East 1608 feet - 34,000 acre feet.

That such changes will be made for the following reasons:

That the routes of canals are more practicable from said points than from the original points of diversion there being only slight variation.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

STATE ENGINEER'S OFFICE

REGULATIONS AS TO CHANGE OF POINT OF DIVERSION

Section 3247 of the Revised Codes provides that a person entitled to the use of water, may change the place of diversion if others are not injured by such change. The Board of Irrigation has adopted the following regulations as to procedure under said section:

The person desiring to change point of diversion must file with the State Engineer an affidavit describing his water right, setting forth his intent to change point of diversion and the reasons for such change, together with an averment that no one will be injured thereby and that deponent will make such change at his own risk.

The point to which it is desired to change the place of diversion must be described as follows:

When the amount claimed does not exceed 25 cubic feet per second and point of diversion will be on surveyed land, locate same by giving the legal description of the 40 acre tract in which it will be situated. If upon unsurveyed land, give approximate distance to mouth of stream from which water is claimed or to the mouth of some creek flowing into said stream. Where there is more than one point of diversion, describe each separately and specify the amount claimed from each.

Where the water claimed exceeds 25 cubic feet per second, locate the point to which it is desired to change the place of diversion as follows:

If upon or near surveyed land, tie point of diversion by course and distance to section or quarter section corner. If said point will be more than two miles from the corner of a public survey, the tie may be made to the mouth of the stream from which the water is claimed or to the mouth of some creek flowing into said stream.

The affidavit must be accompanied by maps in duplicate, showing the following details:

1. If for irrigation and domestic use:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the lands to be irrigated.
 - (f) Lands to be irrigated to be shown by crosshatching, outlining, coloring.
2. If for other than irrigation and domestic purposes:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches.
 - (f) Point or points of use.
 - (g) Point or points of return to stream after use.

If application is for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by the engineer in charge of survey, in the following form:

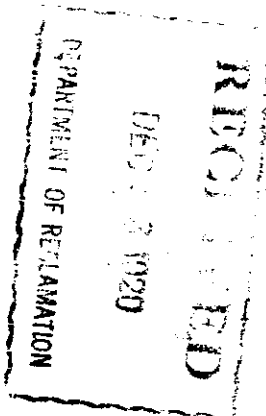

I hereby certify that this map was prepared from an actual survey made by me.....191..... and correctly shows position of points indicated thereon.

Engineer.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Idaho Farm Development Co.

c/o W. E. Green,
Buhl, Idaho.

BOISE, IDAHO, Nov. 15, 1920.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of completion of works under Permit No. 11195-----

DEPOSITION OF PERMIT HOLDER.
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On December 3, 1920-----, the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Buhl, before W. E. Green, notary public.-----

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

-----**V. G. SWENSON,**-----
Commissioner of Reclamation.
State Engineer.

DEPARTMENT OF RECLAMATION.

STATE of IDAHO.

In the matter of the application
of Idaho Farm Development Company
for extension of time for com-
pletion of works on water permit
No. 11,195.

AFFIDAVIT

STATE OF IDAHO)
) ss.
County of)

P. C. Meredith, being first duly sworn, deposes
and says that he is president of Idaho Farm Development
Company, a Delaware corporation duly qualified to transact
business in the State of Idaho, and which corporation is
the owner and holder by assignment of water permit No.
11,195; and he makes this affidavit for and on behalf of said
corporation.

Affiant states that said corporation is and has
been for more than a year last past engaged in the construction
of the diversion works specified in said permit under a
contract with the State of Idaho, entered into in pursuance
of what is commonly known as the Carey Act, the lands to be
irrigated from said works being Carey Act Lands which had
theretofore been segregated by the State of Idaho. Affiant
states that at the time the said corporation entered into
its said contract with the State of Idaho that the period
limited by the Act of Congress, under which said lands were
segregated to the State and within which the State should
reclaim said lands, to-wit, the term of ten years from the
segregation thereof, had expired and the grant of said lands
to the State of Idaho was subject to forfeiture unless extension
of time within which such lands should be reclaimed should be
granted by the Secretary of the Interior of the United States,
all as provided by the Act of Congress of March 3, 1901;

that in said contract between the State of Idaho and said company it was provided:

"Whereas, all the lands embraced in said Idaho Desert Land List No. 26 have heretofore been relinquished by the State of Idaho, and such relinquishment is pending in the Department of the Interior of the United States, the party of the first part (State of Idaho) hereby agrees forthwith to withdraw said relinquishment so far as it relates to the lands described in Exhibit B, and further agrees forthwith to make application to the United States for an extension of time of five years within which it may reclaim said lands listed in Exhibit B, as provided in Section 3 of the Act of Congress approved March 3, 1901. In case for any reason the extension of time aforesaid is not granted to the State, then the party of the second part shall be relieved of all obligations under this contract."

Affiant states in pursuance of said contract on April 5, 1919, the State of Idaho made application to the Department of the Interior of the United States for the said extension of time; that ever since said time said company has been prevented from the full completion of its works of diversion by the failure to obtain necessary consent and final approval by the Federal Government of the extension of time for the reclamation of said land, which is a matter within the jurisdiction of the United States; that said application for segregation is and has been ever since April 5, 1919, pending before the Department of the Interior of the United States; that said corporation has been active and diligent in pressing the said matter and your affiant verily believes that definite and favorable action will be taken by the Federal Government within the next six months and said application for extension of time approved.

Affiant further states that in order to fully complete the works of diversion specified in said water permit, it was necessary to acquire right of way from private parties; that said parties, among them being one S. C. Dunn

and one A. C. Reynolds over whose lands it was necessary for said corporation to construct some of its diversion ditches, gave assurance to the agents and employees of said corporation that the necessary right of way might be purchased at the price of \$ 50⁰⁰ per acre, and that said corporation, relying upon such assurances, sent teams and men into the vicinity of Devil and Deadwood Creeks where its ditches were to be constructed in order to construct such ditches, and that when said men and teams appeared on the ground, said Reynolds and said Dunn by threats and force prevented the entry upon their respective premises for such construction work, and it was thereupon necessary for said Idaho Farm Development Company to begin condemnation proceedings; that the delay incident to such condemnation proceedings made it impossible for said corporation to construct said ditches until the severe weather of the preceding winter, to-wit the winter of 1919-20, made such construction work impracticable.

Affiant further states that various suits at law and litigation of a nature bringing in question the title to the water embraced in said permit No. 11,195 is and has been pending in the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County for more than nine months, and that by reason of such litigation and the condemnation suit aforesaid, said Idaho Farm Development Company has further been prevented from the full completion of its works of diversion.

Affiant further states that said corporation has at all times proceeded and is proceeding diligently and in good faith with the construction work under said permit; that said construction work is now going on with a large force of men and teams and expensive machinery and is more than 80% completed.

Affiant states that except for the fact that said corporation was prevented from proceeding with its works by the matters and things aforesaid, and by each of them, it would have fully completed its diversion works for the diversion of the full amount of water appropriated under said permit No. 11,195, and said corporation is and has been by said matters, and each of them, delayed in the completion of its said works for a period of six months.

Wherefore, affiant prays that an extension of time be granted for the completion of the works of diversion under said permit, and the making of proof thereof, from June 3, 1920, the date specified in said permit for full completion of said works, to December 3, 1920.

P. C. Meredith

Subscribed and sworn to before me this 19 day of May, 1920.

DEPARTMENT OF RECLAMATION

STATE OF IDAHO

IN THE MATTER OF EXTENSION OF TIME :
FOR COMPLETION OF WORKS UNDER WATER : ORDER FOR EXTENSION OF TIME
PERMIT NO. 11195. :

The Idaho Farm Development Company, the owner and holder of water Permit No. 11195, having filed its application for an extension of time for each and every action hereafter required to be done under said water permit, upon the ground that said applicant has been and now is, prevented from proceeding with its work under said permit by reason of the matter within the jurisdiction of the United States and also by reason of litigation calling its water rights in question, and proper showing having been made of the existence of such conditions, and it appearing that said applicant is and has been proceeding diligently and in good faith under said permit, it is hereby ordered that an extension of time be and it is hereby granted with respect to the matters and things to be done under said permit, and that the time occasioned by such delay is hereby added to the time given in the original permit for each and every action hereafter required to be done under the terms of such permit, and that the time for the completion of the works under said permit and the submission of proof thereof is hereby extended to December 3, 1920.

Witness my hand this 2d day of June, 1920.

Commissioner of Reclamation.

June 3, 1920.

Re: Permit # 11195.

Mr. Edwin Snow,
Attorney-at-Law,
Boise, Idaho.

Dear Sir:

I am enclosing herewith a copy of the order and decision
in the matter of the extension of time for completion of works under
permit # 11195.

Yours truly,

W. G. Svendsen,
Commissioner of Reclamation,

By:

OMB:LEW

State of Idaho
DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Idaho Farm Development Co.,
Buhl, Idaho.

Boise, Idaho, February 4, 1920.

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 11195.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before June 3, 1920. Upon receipt of the blank, properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

11195

January 10, 1920.

Re: Permits 11195-11920.

Edwin Snow, Attorney,

Boise.

Dear Sir:

I am returning herewith certified copy of assignment
of the above numbered permits, together with receipt for fees;
also fees for recording the original in this office.

Yours very truly,

W. G. Swendsen,

Commissioner of
Reclamation,

By

Edwin Snow
Attorney
Boise, Idaho

January 8, 1920.

Mr. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

My dear Sir:

Some days ago I sent you for record assignment of water permits Nos. 11195 and 11920, with the request that after this assignment was recorded a certified copy thereof be sent me. I enclosed a copy of the instrument with which you could attach your certificate of true copy. Through an error the duplicate copy sent you for the above purpose was returned uncertified.

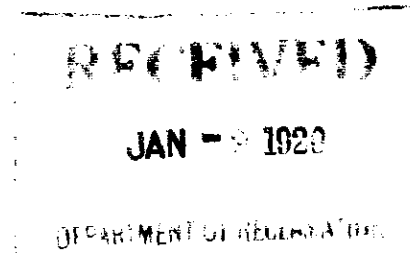

I am enclosing it herewith and will you kindly certify it as a true copy and return it to me at your early convenience? Herewith enclosed my check for \$1.50 recording fee on this assignment, in accordance with your note of January 5, 1920.

Very truly yours,

ES-LHW

Edwin Snow

Re: Permit 11195-11920.

Edwin Snow, Attorney,
Boise.

Dear Sir:

Am herewith returning you the assignments of the
above numbered permits, the same having been placed on record
in this office.

Please remit \$1.50 recording fees.

Yours very truly,

W. G. Svensen,

Commissioner of
Reclamation,

Warren G. Swendsen, Esq.,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:

I am handing you herewith for record assignment from West End Twin Falls Irrigation Company to Idaho Farm Development Company covering water permits of Cedar Creek and adjacent streams, being permits No. 11,195 and 11,920.

As soon as this is received and recorded, I would like a certified copy thereof and upon being advised of the charge for recording and for certified copy, will remit the required fee.

Very truly yours,

ES-DIM

BOND

KNOW ALL MEN BY THESE PRESENTS, That West End Twin Falls Irrigation Company,
of Dunsmuir, Idaho, as principal, and National Surety Company, a New York
of Corporation and _____

of _____ as sureties, are held and firmly bound unto the State of Idaho in the full
and just sum of One Thousand and 00/100 (\$1000.00) Dollars,
lawful money of the United States, to the payment of which sum, well and truly to be made, said principal
and sureties bind themselves, their heirs, administrators, executors and assigns, jointly and severally, un-
der the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 29th
day of January, 1915, filed in the office of the State Engineer in Boise, Idaho, a
certain application for permit to appropriate the public waters of the State of Idaho, the said application
being thereupon numbered No. 16075, in accordance with which said application the State Engineer
granted and issued to the said principal herein a certain permit numbered No. 11195, a full, true and
complete copy of which application No. 16075 and permit No. 11195, is of record in the office of
the State Engineer, in Book 58 of Permits, at page 11195

Now, if the above bounden principal shall faithfully carry to completion the said works of diversion
as specified in said application No. 16075 and permit No. 11195, in the manner and form pre-
scribed therein and within the time therein allowed, then the above obligation to be void otherwise to re-
main in full force and effect.

IN WITNESS WHEREOF, The said principal and sureties have hereunto set their hands and seals,
this 6th day of November, 1915.

WITNESSES:

Hon. J. H. Smith,
State Engineer,
Boise, Idaho.

Dear Sir:

In re: Bond - Permit 11195.

Pursuant to your request I have had the Secretary execute the enclosed bond in place of the name of W. N. Gibb, and we believe this will meet with your approval.

Will you kindly file this bond, and if there is any further question in reference to this matter, will you kindly hold same in abeyance until the writer has an opportunity to see you in person? I expect to be in Idaho within the next two or three weeks, and will, of course, call at your office.

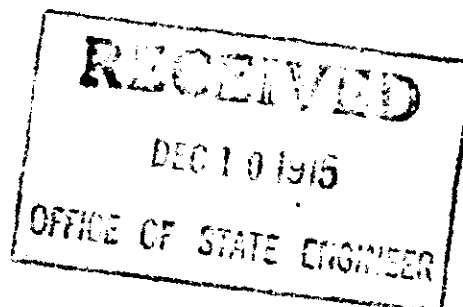

If you have occasion to write me about this matter, please address your letter to me individually at 407 Manhattan Bldg.

Thanking you for the courtesies that may be extended, I beg to remain,

Very truly yours,

SJD/MG

Re Bond - Permit 11195.

Mr. W. N. Gibb,
2415 Ada Street,
Boise, Idaho.

Dear Sir:

We return herewith bond in sum of \$1000.00
filed by you today in behalf of the West End
Twin Falls Irrigation Company, in connection
with their Permit No. 11195, and beg to advise
that it will be necessary to have the bond
signed by an officer of the Company - President
or Vice President.

Yours truly,

State Engineer.

APPLICATION FOR
CHANGE OF PLACE OF USE OF WATER RIGHT
(CEDAR MESA, INC., APPLICATION "C")

TO THE DEPARTMENT OF RECLAMATION, STATE OF IDAHO:

Cedar Mesa, Inc., an Idaho corporation, hereby applies for a certificate authorizing the change of place of use of those certain water rights herein below more fully described from the lands said water rights are now appurtenant and authorizing the use of such water on the lands also herein below described and making such water rights appurtenant to the same; and your applicant respectfully shows:

I.

That on the 30th day of March, 1931, the Commissioner of Reclamation, State of Idaho, issued a certain license and certificate #11195, authorizing and permitting the use of Twenty Six Thousand (26,000) acre feet of the waters of Cedar Creek and its tributaries, Devil Creek and its tributaries, and Deadwood Creek and its tributaries, for domestic and agricultural purposes on the land hereinbelow described; said license and certificate are recorded in the Department of Reclamation, State of Idaho, in Volume 7 of Licenses at page 3655.

II.

That on the 30th day of March, 1931, the Commissioner of Reclamation, State of Idaho, issued a certain license and certificate #11920, authorizing and permitting the use of Fifteen Thousand (15,000) acre feet of the waters of Cedar Creek and its tributaries, Devil Creek and its tributaries, and Deadwood Creek and its tributaries, for domestic and agricultural purposes on the land hereinbelow described; said license and certificate are recorded in the Department of Reclamation, State of Idaho, in Volume 7 of Licenses, at page 3656.

III.

That the licenses and certificates hereinabove mentioned authorized and permitted the waters accruing therefrom to be used on the lands described as follows, to-wit:

South Half of the Southeast Quarter ($S\frac{1}{2} SE\frac{1}{4}$),
of Section Thirty-four (34).

Southeast Quarter of the Southeast Quarter ($SE\frac{1}{4} SE\frac{1}{4}$),
of Section Thirty-five (35).

All in Township Eleven (11) South of Range Thirteen (13)
East of the Boise Meridian, and situate in Twin Falls
County, Idaho.

Southeast Quarter of the Northeast Quarter ($SE\frac{1}{4} NE\frac{1}{4}$),
North Half of the Southeast Quarter ($N\frac{1}{2} SE\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
South Half of the Northwest Quarter ($S\frac{1}{2} NW\frac{1}{4}$),
Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4} NW\frac{1}{4}$),
of Section Two (2).

Southwest Quarter ($SW\frac{1}{4}$),
East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
of Section Three (3).

East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
of Section Four (4).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Southeast Quarter ($SE\frac{1}{4}$),
of Section Nine (9).

South Half ($S\frac{1}{2}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
of Section Ten (10).

Northeast Quarter ($NE\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
Northwest Quarter of the Southeast Quarter ($NW\frac{1}{4} SE\frac{1}{4}$),
of Section Eleven (11).

West Half of the Southeast Quarter ($W\frac{1}{2} SE\frac{1}{4}$),
of Section Twelve (12).

Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
of Section Thirteen (13).

West Half ($W\frac{1}{2}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
Southeast Quarter of the Southeast Quarter ($SE\frac{1}{4} SE\frac{1}{4}$),
of Section Fourteen (14).

West Half ($W\frac{1}{2}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
of Section Fifteen (15).

East Half ($E\frac{1}{2}$),
East Half of the Northwest Quarter ($E\frac{1}{2} NW\frac{1}{4}$),
East Half of the Southwest Quarter ($E\frac{1}{2} SW\frac{1}{4}$),
of Section Twenty-two (22).

South Half ($S\frac{1}{2}$),
Northeast Quarter ($NE\frac{1}{4}$),
West Half of the Northwest Quarter ($W\frac{1}{2} NW\frac{1}{4}$),
of Section Twenty-three (23).

West Half of the Northwest Quarter ($W\frac{1}{2} NW\frac{1}{4}$),
West Half of the Southwest Quarter ($W\frac{1}{2} SW\frac{1}{4}$),
Southeast Quarter of the Northwest Quarter ($SE\frac{1}{4} NW\frac{1}{4}$),
Northeast Quarter of the Southwest Quarter ($NE\frac{1}{4} SW\frac{1}{4}$),
of Section Twenty-four (24).

West Half ($W\frac{1}{2}$),
of Section Twenty-five (25).

Northwest Quarter ($NW\frac{1}{4}$),
Southeast Quarter ($SE\frac{1}{4}$),
West Half of the Northeast Quarter ($W\frac{1}{2} NE\frac{1}{4}$),
Northeast Quarter of the Northeast Quarter ($NE\frac{1}{4} NE\frac{1}{4}$),
Northwest Quarter of the Southwest Quarter ($NW\frac{1}{4} SW\frac{1}{4}$),
East Half of the Southwest Quarter ($E\frac{1}{2} SW\frac{1}{4}$),
of Section Twenty-six (26).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4} NW\frac{1}{4}$),
of Section Twenty-seven (27).

North Half of the Northeast Quarter ($N\frac{1}{2} NE\frac{1}{4}$),
of Section Thirty-five (35).

All in Township Twelve (12) South of Range Thirteen (13)
East of the Boise Meridian, and situate in Twin Falls
County, Idaho.

IV.

That certain portions of the land hereinabove described
in paragraph III are now owned by the State of Idaho by virtue of
a conveyance made by the United States to the State of Idaho
pursuant to the Carey Act; that said certain portions of land
have never been entered by, or proved up upon, by any settler;
and that said portions of land in this paragraph referred to are
described as follows, to-wit:

South Half of the Southeast Quarter ($S\frac{1}{2} SE\frac{1}{4}$),
of Section Thirty-four (34).

Southeast Quarter of the Southeast Quarter ($SE\frac{1}{4} SE\frac{1}{4}$),
of Section Thirty-five (35).

All in Township Eleven (11), South Range Thirteen (13)
East Boise Meridian, and situate in Twin Falls County,
Idaho.

East Half of the Southwest Quarter ($E\frac{1}{2} SW\frac{1}{4}$),
Northwest Quarter of the Southwest Quarter ($NW\frac{1}{4} SW\frac{1}{4}$),
of Section Three (3).

East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
of Section Four (4).

West Half of the Southeast Quarter ($W\frac{1}{2} SE\frac{1}{4}$),
of Section Twelve (12).

Southeast Quarter of the Southeast Quarter ($SE\frac{1}{4} SE\frac{1}{4}$),
Southeast Quarter of the Southwest Quarter ($SE\frac{1}{4} SW\frac{1}{4}$),
of Section Fourteen (14).

East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
of Section Fifteen (15).

East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
of Section Twenty-seven (27).

All in Township Twelve (12), South Range Thirteen (13)
East Boise Meridian, and situate in Twin Falls County,
Idaho.

V.

That since March 30, 1931, the waters accruing by
virtue of the licenses and certificates hereinabove mentioned have
been beneficially used for domestic and agricultural purposes on
that part of the lands described in paragraph III, which are not
owned by the State of Idaho; that said water rights are really
appurtenant only to those said lands upon which said water has
been so used; and that all of the lands upon which said water has
been so used are now owned by your applicant and are described as
follows, to-wit:

Southeast Quarter of the Northeast Quarter ($SE\frac{1}{4} NE\frac{1}{4}$),
North Half of the Southeast Quarter ($N\frac{1}{2} SE\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
South Half of the Northwest Quarter ($S\frac{1}{2} NW\frac{1}{4}$),
Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4} NW\frac{1}{4}$),
of Section Two (2).

East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
Southwest Quarter of the Southwest Quarter ($SW\frac{1}{4} SW\frac{1}{4}$),
of Section Three (3).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Southeast Quarter ($SE\frac{1}{4}$),
of Section Nine (9).

T-706

South Half ($S\frac{1}{2}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
of Section Ten (10).

Northeast Quarter ($NE\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
Northwest Quarter of the Southeast Quarter ($NW\frac{1}{4} SE\frac{1}{4}$),
of Section Eleven (11).

Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
of Section Thirteen (13).

Northwest Quarter ($NW\frac{1}{4}$),
West Half of the Southwest Quarter ($W\frac{1}{2} SW\frac{1}{4}$),
Northeast Quarter of the Southwest Quarter ($NE\frac{1}{4} SW\frac{1}{4}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
of Section Fourteen (14).

West Half ($W\frac{1}{2}$),
East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
of Section Fifteen (15).

East Half ($E\frac{1}{2}$),
East Half of the Northwest Quarter ($E\frac{1}{2} NW\frac{1}{4}$),
East Half of the Southwest Quarter ($E\frac{1}{2} SW\frac{1}{4}$),
of Section Twenty-two (22).

East Half ($E\frac{1}{2}$),
Southwest Quarter ($SW\frac{1}{4}$),
East Half of the Northwest Quarter ($E\frac{1}{2} NW\frac{1}{4}$),
of Section Twenty-three (23).

West Half of the Northwest Quarter ($W\frac{1}{2} NW\frac{1}{4}$),
West Half of the Southwest Quarter ($W\frac{1}{2} SW\frac{1}{4}$),
Northeast Quarter of the Southwest Quarter ($NE\frac{1}{4} SW\frac{1}{4}$),
Southeast Quarter of the Northwest Quarter ($SE\frac{1}{4} NW\frac{1}{4}$),
of Section Twenty-four (24).

West Half ($W\frac{1}{2}$),
of Section Twenty-five (25).

East Half ($E\frac{1}{2}$),
Northwest Quarter ($NW\frac{1}{4}$),
East Half of the Southwest Quarter ($E\frac{1}{2} SW\frac{1}{4}$),
Northwest Quarter of the Southwest Quarter ($NW\frac{1}{4} SW\frac{1}{4}$),
of Section Twenty-six (26).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4} NW\frac{1}{4}$),
of Section Twenty-seven (27).

North Half of the Northeast Quarter ($N\frac{1}{2} NE\frac{1}{4}$),
of Section Thirty-five (35).

All in Township Twelve (12) South of Range Thirteen (13)
East Boise Meridian, and situate in Twin Falls County,
Idaho.

T-706

VI.

That your applicant desires and hereby makes application to use the waters accruing from the water rights mentioned in paragraphs I and II, hereinabove, upon a tract of lands which includes the lands described in Paragraph V hereinabove, which said tract of lands is now owned by your applicant and is fully set forth and described as follows, to-wit:

Southeast Quarter of the Northeast Quarter ($SE\frac{1}{4} NE\frac{1}{4}$),
Lot Three (3),
South Half of the Northwest Quarter ($S\frac{1}{2} NW\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
North Half of the Southeast Quarter ($N\frac{1}{2} SE\frac{1}{4}$),
of Section Two (2).

Southeast Quarter of the Northeast Quarter ($SE\frac{1}{4} NE\frac{1}{4}$),
East Half of the Southeast Quarter ($E\frac{1}{2} SE\frac{1}{4}$),
Southwest Quarter of the Southwest Quarter ($SW\frac{1}{4} SW\frac{1}{4}$),
of Section Three (3).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
South Half ($S\frac{1}{2}$),
of Section Ten (10).

Northeast Quarter ($NE\frac{1}{4}$),
Northwest Quarter of the Southeast Quarter ($NW\frac{1}{4} SE\frac{1}{4}$),
Southwest Quarter ($SW\frac{1}{4}$),
of Section Eleven (11).

Northeast Quarter ($NE\frac{1}{4}$),
West Half ($W\frac{1}{2}$),
of Section Fifteen (15).

North Half ($N\frac{1}{2}$),
Northwest Quarter of the Southeast Quarter ($NW\frac{1}{4} SE\frac{1}{4}$),
Northeast Quarter of the Southwest Quarter ($NE\frac{1}{4} SW\frac{1}{4}$),

North Half of the Southwest Quarter ($N\frac{1}{2} SW\frac{1}{4}$),
Southeast Quarter of the Southwest Quarter ($SE\frac{1}{4} SW\frac{1}{4}$),
of Section Twenty-six (26).

East Half of the Northeast Quarter ($E\frac{1}{2} NE\frac{1}{4}$),
Northwest Quarter of the Northeast Quarter ($NW\frac{1}{4} NE\frac{1}{4}$),
Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4} NW\frac{1}{4}$),
of Section Twenty-seven (27).

North Half of the Northeast Quarter ($N\frac{1}{2} NE\frac{1}{4}$),
of Section Thirty-five (35).

All in Township Twelve (12) South of Range Thirteen (13)
East of the Boise Meridian, and situate in Twin Falls
County, Idaho.

VII.

That the reasons for applicant's request for change of
place of use of water right herein are as follows, to-wit:

That the tract of lands described in paragraph VI here-
inabove constitutes an integrated irrigation system served by a
co-ordinated system of dams, rservoirs, canals, laterals, weirs,
flumes, pumps, and other appurtenances; that applicant has other
water rights which are appurtenant to other parts of said tract
of land described in paragraph VI; that applicant desires to trans-
fer all the water rights which are in any wise appurtenant to any
part or parts of the tract of land described in paragraph VI to
the whole of such tract of land, so that all of said water rights
and irrigation system may be equally appurtenant to all of the
parts and parcels of land lying in said tract hereinabove described
in paragraph VI; that this application has been marked for identi-
fication as Cedar Mesa, Inc., Application "C", and that other
applications are being made simultaneously, herewith identified as
Cedar Mesa, Inc., Application "A" and Cedar Mesa, Inc., Application
"B", which applications involve the water rights hereinabove men-
tioned and which applications are intended to supplement and complete

the design of this application in effecting an equal distribution of water rights over the tract of land hereinabove described in paragraph VI.

VIII.

That if and when all of the water rights mentioned in the preceding paragraph are consolidated and made equally appurtenant to the tract of land described in paragraph VI hereinabove, then applicant proposes to and represents that it will convey all of said water rights to a non-profit irrigation company to hold said rights perpetually in trust for the sole and exclusive use and benefit of said described lands and that the capital stock in said irrigation company will be made equally appurtenant to all parts of said tract of land so that the water accruing from said consolidated rights may be forever and exclusively dedicated to use thereon.

IX.

That the water proposed to be transferred by this application as supplemented by the waters proposed to be transferred in Cedar Mesa, Inc., Applications "A" and "B" will be beneficially used for domestic and agricultural purposes on the tract of land hereinabove described and will be limited at any given time to an amount actually needed and beneficially used for such purposes.

X.

That no change of point of diversion is necessary or contemplated in connection with this application for change of place of use.

XI.

That other appropriators of the waters of Cedar Creek will not be harmed or adversely affected if this application be granted for the reason that no change will take place in the place or amount of diversion and for the further reason that the actual use of water on the lands to which the same is now appurtenant will

not be greatly altered as waters used thereon will include other waters which accrue to said lands pursuant to the transfer of rights as set forth in Cedar Mesa, Inc., Applications "A" and "B".

WHEREFORE, Applicant prays that upon notice duly given and other proceedings duly had by the State Reclamation Engineer, this application may in all respects be granted and a certificate authorizing such transfer be issued.

In the Matter of the Application of	)	
	)	
CEDAR MESA, INC., an Idaho corporation,	)	ORDER GRANTING TRANSFER
of Twin Falls, Idaho	)	
	)	No. 706
For a Transfer of Water Right, in Water	)	
District No. 48, County of Twin Falls	)	

WHEREAS, On the 10th day of January, 1947, at the Department of Reclamation of the State of Idaho, at Boise, Idaho, this matter of an application of Cedar Mesa, Inc., an Idaho corporation, of Twin Falls, Idaho, for a Transfer of Water Right, came on regularly for hearing, pursuant to the published notice, in due and statutory form; and,

WHEREAS, No protest has been filed against the application, and the evidence filed by the applicant, with the application, shows that such transfer will consolidate the water rights to lands owned by said applicant, and that no one will be injured thereby:

NOW, THEREFORE, IT IS HEREBY ORDERED That the said application be, and the same is hereby GRANTED, and that a Certificate of Transfer be issued to the applicant herein, as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed, at Boise, Idaho, this 10th day of February, A. D. 1947.

S T A T E O F I D A H O
DEPARTMENT OF RECLAMATION
Certificate of Water Right
Transferred Right No. 706

THIS IS TO CERTIFY THAT CEDAR MESA, INC., an Idaho corporation, of Twin Falls, Idaho, is the owner of and using a certain water right in Cedar Creek, Devil Creek and Deadwood Creek, in the amount of 41,000 acre feet per annum, said water right being evidenced by the following licenses and certificates of water right issued by the Commissioner of Reclamation of the State of Idaho, to-wit:

License and Certificate of Water Right No. 11195, issued to the Utah Construction Company, on March 30, 1931, for 26,000 acre feet per annum of the waters of Deadwood Creek, Devil Creek and Cedar Creek, tributaries of Snake River, consisting of 3,000 acre feet from Deadwood Creek, 3,000 acre feet from Devil Creek and 20,000 acre feet from Cedar Creek, with priority of February 17, 1919; said license and certificate of water right being of record in the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at Page 3655;

License and Certificate of Water Right No. 11920, issued to the Utah Construction Company, on March 30, 1931, for 15,000 acre feet per annum of the waters of Deadwood Creek, Devil Creek and Cedar Creek, tributaries of Snake River, consisting of 3,000 acre feet from Deadwood Creek, 2,000 acre feet from Devil Creek and 10,000 acre feet from Cedar Creek, with priority of October 8, 1919; said license and certificate of water right being of record in the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at Page 3656.

That the water right confirmed under the above described licenses and certificates of water right are appurtenant to the following described lands, to-wit:

South Half of the Southeast Quarter ($S\frac{1}{2} SE\frac{1}{4}$),
of Section Thirty-four (34).

Southeast Quarter of the Southeast Quarter ($SE\frac{1}{4} SE\frac{1}{4}$),

All in Township Twelve (12) South of Range Thirteen (13)
East of the Boise Meridian, and situate in Twin Falls
County, Idaho.

That the said water is to be limited at any given time to an amount
actually needed and beneficially used for such purposes, and shall not exceed
the following amount, to-wit:

3,000 acre feet from Deadwood Creek, priority date of February 17, 1919;
3,000 acre feet from Devil Creek, priority date of February 17, 1919;
20,000 acre feet from Cedar Creek, priority date of February 17, 1919;
3,000 acre feet from Deadwood Creek, priority date of October 8, 1919;
2,000 acre feet from Devil Creek, priority date of October 8, 1919;
10,000 acre feet from Cedar Creek, priority date of October 8, 1919.

That the water right hereby transferred will hereafter be conducted
to the last above described lands through the same ditches and with the same
point of diversion as heretofore to the first above described lands.

That the right to the use of the water aforesaid, hereby confirmed,
is restricted to the lands or place of use last above described, as provided
by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the
official seal of the Department of Reclamation of the State of Idaho to be
hereunto affixed, at Boise, Idaho, this 10th day of February, A. D. 1947.
