We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Buhl Herald, all submitted in proof of completion of works and beneficial use on Permit No. 6-29605, part.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mr. Herzinger:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-29605 Pt. The proofs are to be made ~~xxxxxxxxxxxxxx~~, on the 4th day of April, 1966, before Ralph Assendrup, 128 1/2 Brdy. N., Buhl, Idaho Notary Public.

As of this date, we have mailed the Notice to the Buhl Herald Buhl, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Herzinger:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29605 are due not later than April 6, 1966
(Part)

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Dear Mr. and Mrs. Herzinger:

Upon reviewing the point of diversion amendments filed by you in this office January 14 pertaining to Permits 29605 and 31585 we find that the move is of such distance that some different waters become involved. Due to this situation the change can only be allowed if the priority date on the transferred water is advanced to the date of the amendment, January 14, 1966.

Under Idaho law we find no justification for allowing additional time for the completion of your project.

Perhaps your best alternative would be to file for a new permit. This would give additional time to complete your project and the priority would be only slightly inferior to the January 14, 1966 date that would result from amending the point of diversion. Application forms, with instructions, are enclosed should you wish to pursue this course. If a new filing is made please relinquish the earlier permit(s) by completing the enclosed relinquishment form(s).
