NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Donald C. Kroth, Route 4, Buhl, Idaho, has received an approved permit No. G-31593/47-2385 issued by the Idaho State Reclamation Department authorizing the diversion of 0.16 cubic feet per second of water from a ground-water source subject to all prior rights. The priority to be established under this permit is December 12, 1963 and the permit was approved December 13, 1963. Water is to be diverted by well, pump, and motor from a point within the E $\frac{1}{4}$ NW $\frac{1}{4}$ -SE $\frac{1}{4}$, Sec. 24, T. 9 S, R. 14 E, B. M., Twin Falls County, to be used for irrigation in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 24, T. 9 S, R. 14 E, B. M. Proof of the application of the water to beneficial use is to be submitted to the department on or before April 7, 1970. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

BEFORE THE STATE RECLAMATION ENGINEER

OF THE

STATE OF IDAHO

IN THE MATTER OF REINSTATEMENT OF PERMIT NO.)

ORDER OF REINSTATEMENT

G-31593/47-2385 in the name of Donald C. Kroth)

WHEREAS, Donald C. Kroth applied to the Department of Reclamation on December 12, 1963, for a permit to appropriate the public waters of the State of Idaho proposing the diversion of 0.16 cubic feet per second of water from a ground-water source for use in Sec. 24, T. 9 S, R. 14 E, B. M., Twin Falls County, Idaho; and,

WHEREAS, on December 13, 1963, Permit 47-2385 was approved with the condition that the whole of said works be completed and the application of the water to beneficial use be submitted to the department on or before December 13, 1968; and,

WHEREAS, on October 1, 1968, the Department of Reclamation forwarded to the permit holder by certified mail an order modifying the requirements for completion of permit No. 47-2385 as adopted under the Rules of Practice and Procedures on August 1, 1968, and a notice that he was required to submit proof of the application of the water to beneficial use, and was instructed as to the steps to be taken to make that proof; and,

WHEREAS, on December 11, 1968, the department received notice from Mr. Kroth, naming Dean Haumont as Power of Attorney to Permit No. 47-2385, and an Application for Extension of Time; and,

WHEREAS, on December 19, 1968, the application was approved for the extension of submission of the application of the water to beneficial use until December 13, 1969; and,

WHEREAS, on October 1, 1969, the permit holder, Donald Kroth, was notified by certified mail that he was required to submit proof of the application of the water to beneficial use and was instructed as to the steps to be taken to make that proof; and,

WHEREAS, the information forwarded to the permit holder was returned to the department marked "Moved, Not Forwardable"; and,

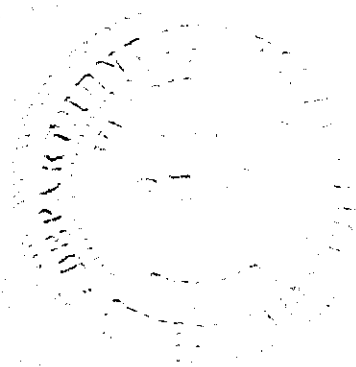

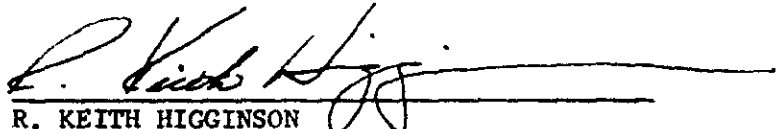

WHEREAS, on January 7, 1970, the department lapsed Permit No. 47-2385 for failure of the permit holder to submit proof of beneficial use of the water; and,

47-2385
31593

WHEREAS, the department failed to notify Dean Haumont, Power of Attorney, 60 days prior to the due date for submission of proof of beneficial use as effected by the 1967 session of the Idaho Legislature;

THEREFORE, IT IS HEREBY ORDERED that Permit No. G-31593/47-2385 be REINSTATED without loss of priority with the requirement that an affidavit of proof of beneficial use or a request for Extension of Time be received by the Department of Reclamation on or before April 7, 1970.

Dated this 5TH day of FEBRUARY, 1970.

IN THE MATTER OF PERMIT NO. **G-31593**)

in the name of **Donald C. Kroth**)

Route 4, Buhl, Idaho)

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. **G-31593** was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.
2. The conditions of the above-numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.
 - b. The permittee will not be required to submit proof of completion of works as originally specified, but will be required to submit proof to the Department of Reclamation of the application of the water to beneficial use on or before December 13, 1968. The permit holder should be aware that failure to complete one-fifth (1/5) of the works within one-half (1/2) of the time originally set for Completion of Works may be grounds for cancellation at the instance of the Department.

Re: Permit No. 47-2385 (G-31593)

Mr. Donald C. Kroth
c/o Mr. Dean Haumont
Route 4
Buhl, Idaho 83316

Dear Mr. Kroth:

A representative of this department has made an examination of the works covered by your Permit No. 47-2385 and has found the following:

Quantity of water diverted: 0.36 c.f.s.

Amount of water that can be recognized as beneficially used under Idaho law: 0.16 c.f.s.

The maximum quantity diverted shall not exceed 32 acre feet per season.

Beneficial Use: Irrigation of 8 acres within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 24,
T. 9 S., R. 14 E., B.M.

The priority date established is : December 12, 1963

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

47 2385

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF EXAMINER

Permit No. G-31593/47-2385

This proof is for b/u In Water District No.

1. Name of applicant Donald C. Kroth, Rt. #4, Buhl, Idaho

2. Source of water supply: deep well

3. Location of point of diversion: Is in the E 1/4 NW 1/4 SE 1/4 of Section 24
T. 9 S R. 14 E County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: 8" casing in well,
150' depth, pump and motor Brook motor ser. no. 1568895 3.0 HP
Perkins pump ser. no. 46686

5. Water is used for: irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

T. 9S, R. 14E, Sec. 24, NW 1/4 SE 1/4 10
8 acres

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Power of Attorney, Dean Haumont 543-6092

pump is run by V belts from motor to a 6" discharge which dumps into an open ditch 20 feet away. Ditch runs north and irrigates west.

This examination was made on the 25 day of June, 1970

County Twin Falls

Quantity: (permit) Sec. 24 T. 9 SR. 14 E
0.16 c.f.s., (proof) same

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

47-2385

January 15, 1970

Senator John M. Barker
Statehouse
Boise, Idaho 83707

Dear Senator Barker:

Thank you for calling our attention to problems related to Permit No. G-31593/47-2385 in the name of Donald Kroth.

A check of the file indicates that the Permit was lapsed for failure to submit proof of beneficial use of water or to request an extension of time. However, I find in reviewing the actions of this office that we failed to notify Mr. Dean Haumont of the proof due date. This should have been done, since he holds power of attorney from Mr. Kroth. I have therefore directed that the Permit be reinstated and that they be allowed an additional 60 days within which to either make proof or request additional time.

If you have any further questions regarding this matter, please let me know.

Very truly yours,

MAKING PROOF OF BENEFICIAL USE

HOW TO MAKE PROOF

In order for a permit holder to complete the permit and obtain a water license, he must submit proof of application of the water to beneficial use on or before the date set forth in his permit. Each permit holder will be notified that proof is due 60 days prior to the date set for such proof. In order for the proof to be valid, it must be received by the Department on or before that date. Proof is made upon a form which is available from the Department. It is very important that you complete this form as completely as possible, making sure that the information you give is accurate and complete. Failure to do so may cause additional expense and delay in receiving a license. The information that you give on the form will provide the Department with the data necessary to make a field examination which is necessary before the license can be issued. If the information found on the proof form is found to be a misrepresentation of the right you have developed, the Department may refuse to issue you a license. The development must correspond to that described by the permit. If it does not, you should amend your permit to cover the development. Forms are available through the Department.

WHAT TO DO IN CASE YOU HAVE NOT COMPLETED THE APPLICATION OF WATER TO BENEFICIAL USE

If you have not been able to complete the application of water to beneficial use under your permit within the time allowed, due to reasons beyond your control, you may apply to the Department of Reclamation for an extension of time. However, in order for an application for extension of time to be considered, it must be filed prior to the date on which proof of beneficial use is due on your permit. Each application for extension of time is considered on its own merits.

WHAT TO DO IF YOU FAIL TO MAKE PROOF OF BENEFICIAL USE ON TIME

If you have applied the water to beneficial use, but were unable to submit proof of application of water to beneficial use on or before the date set for such proof and your permit has lapsed, you may petition the Department within 60 days from the date that a notice of lapsing was sent to you, to reinstate your permit. In order for the Department to reinstate a permit, you must show reasonable cause why such permit should be reinstated. Submission of Proof of Beneficial Use within 60 days will automatically be considered by the Department as cause for reinstatement. The priority of all reinstated permits will be advanced a time equal to the number of days that such showing is subsequent to the date set for proof. After 60 days, there is no way in which the Department can reinstate the permit.

ISSUANCE OF LICENSE

After the Department of Reclamation has completed an examination of your proof and if it appears that you have complied with the terms of the permit, the Department will issue a water license. The license becomes prima facie evidence of a water right. The license will include the maximum rate of diversion, the total volume of water which may be diverted, the period of the year during which you can use the water, the beneficial use to which you can apply the water, and the priority which you have established and any other limiting factors in the water right.

31593

47-2385

INSTRUCTIONS FOR FILLING OUT PROOF OF APPLICATION OF WATER FOR BENEFICIAL USE

1. Give the name and post office address of the permit holder. If the person making proof is other than that person who originally applied for the permit, that person must either be an elected officer of the company, a general partner of a partnership, must have been assigned the permit from the original owner, or must hold a valid power of attorney from the permit holder on file with the Department of Reclamation.
2. Give the number of the permit upon which you are making proof.
3. Give the date of priority which you wish to establish. That priority normally is the date upon which the Department received the application. This can be found on the top line on the back page of the permit.
4. Describe the source from which you have appropriated the water by giving the name and the location of the point of diversion as described by 40-acre subdivisions of the Federal Land Survey.
 - 5a. Describe the amount of water in cubic feet per second or acre feet and the use to which you have applied the water, and the period during the season which you have been using the water.
 - 5b. Give the total amount of water you have appropriated. *This will not necessarily be the amount shown on the permit, but should be determined accurately by measurement.*
 - 5c. Describe how and by whom the measurement of the amount of water appropriated was made and give the name of the person making the measurement. This person should be someone who has a recognized ability and the necessary training to make such a measurement.
6. If you convey water through facilities owned by persons other than yourself, complete Item 6a and 6b.
 - 7a. Describe the means by which you divert the water.
 - 7b. Describe the type of measuring device which you have installed and if the device is not a standard device, attach to the proof form a rating table which will allow this Department to determine the quantity of water going through the device or being stored in the reservoir.
 - 7c. Give the well driller's name and address and the date that the well was completed.
8. Describe any uses you may have other than irrigation.
9. Describe the acreage which you have irrigated by listing the number of acres irrigated in each 40-acre tract.
10. Remarks

Sign and date the form and have your signature acknowledged by a Notary Public. For permits involving irrigation of one (1) acre or more, and if they are available, obtain a copy of an aerial photograph of the property in question from you local Agricultural Stabilization and Conservation Office. That map should clearly show the lands you irrigate and the section corner near the lands being irrigated. Mail the form and the above information to the Department of Reclamation, 614 State Street, Statehouse Annex II, Boise, Idaho 83707.

RULES OF PRACTICE AND PROCEDURE

Adopted - August 1, 1968

INSTRUCTIONS FOR ADVERTISING

Rules of Practice and Procedure, adopted August 1, 1968, require that a notice be published at your expense by the Department of Reclamation. The notice will advise that your permit has been issued and gives the public a chance to protest the intent of the permit.

Attached is a copy of the proposed notice of publication and an authorization for the Department to publish the notice at your expense. Please review the proposed notice and if you agree with its contents, sign the authorization form and return it with the notice of publication to this office.

If a major discrepancy exists in the proposed notice, please advise this department by return mail so that we may assist you in clarifying the issue.

Buhl, Idaho

Dear Mr. Kroth:

One of the conditions of the approval of your permit no. G-31593 was that proof of application of the water to beneficial use be submitted to this office on or before December 13, 1969.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code Amended.

Either the proof or a request for extension of time must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Donald C. Kroth, Route #4, Buhl, Idaho,

has received an approved permit No.

G-31593 issued by the Idaho State Reclamation Department authorizing the diversion ~~storage~~ of 0.16 cubic feet per second ~~acre/foot/per annum~~

of water from a ground-water source

subject to all prior rights. The priority to be established under this permit is

December 12, 1963 and the permit was approved December 13, 1963 .

Water is to be diverted by well, pump, and motor

from a point within the $E\frac{1}{2}NW\frac{1}{2}SE\frac{1}{4}$, Sec. 24, T. 8 S, R. 14 E, B. M.,

Twin Falls~~XXXXXX~~ County

to be used for irrigation

in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 24, T. 9 S, R. 14 E, B. M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before December 13, 1969. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

Re: Permit No G 31593 Donald C. Kroth

Gentlemen:

I am enclosing the application for extension of time for Dean Haumont and also power of attorney signed by Donald C. Kroth.

Mr. Kroth is selling the place to Dean Haumont. Mr. Haumont in turn must repair the motor on the pump in order to have a workable well.

I am therefore enclosing these papers and trust that they are in order so that Mr. Haumont and Mr. Kroth can have a years extension of time in order to complete this work.

Very truly yours,

Re: Permit No. G-31593

Donald C. Kroth
Route 4
Buhl, Idaho 83316

Dear Mr. Kroth:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with those rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

C. Stephen Allred

RE: Donald C. Kroth
App. for Permit

Gentlemen:

I am herewith enclosing the application for Permit for Donald C. Kroth.

Also enclosed is my check in the amount of \$ 5.00 to cover the filing fee.

The well has been drilled, the pump installed, the ditches constructed and the land irrigated for some time so proof of completion of works and beneficial use can be made at any time.

However it will probably be May first next before he again turns on the pump and irrigates the ground so your field engineer cannot make his inspection before next May.

If you will mail me the necessary blanks for the proof within the next sixty days I will have them all completed and the publication made so it will be ready for inspection by the time the water is turned on next Spring.

Very truly yours,

31393
