

AFFIDAVIT of PUBLICATION

RECEIVED
Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

NOTICE is hereby given that at 11:00 A. M. on the 1st day of July, 1963, at Buhl, County of Twin Falls, State of Idaho, before Jess O. Eastman, Notary Public, at 1012 Main Street, Buhl, Idaho, proof will be submitted of the completion of works for the diversion of 0.01 cubic feet per second of the waters of House Creek, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30423, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: Fred Theodore Hoelzle, Route No. 1, Buhl, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 0.01 cubic feet per second.

3. The use to which said water has been applied is water for livestock purposes, and the amount applied to beneficial use is 0.01 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ -NE $\frac{1}{4}$ of Sec. 20, Twp. 14 So. Rge 13 E. B. M. in Twin Falls County, Idaho.

5. The place where said water is used is NE $\frac{1}{4}$ -SW $\frac{1}{4}$ Sec. 8, and NW $\frac{1}{4}$ -SW $\frac{1}{4}$ Sec. 9, Twp. 14 So. Range 13 E. B. M.

6. The date of priority which said user is prepared to establish is March 22, 1962.

CARL E. TAPPEN, Assistant
State Reclamation Engineer
(1964)

STATE OF IDAHO
County of Twin Falls

Application For Permit To Appropriate the Public Waters of the State of Idaho

47-2363

APPLICATION No. 38490
PERMIT No. 30423
DISTRICT No.

1. Name of Applicant: Fred Theodore Hoelzle

Postoffice address: Buhl, Route #1

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.01 cubic feet per second.

3. Source of water supply: House Creek which is a tributary of Cedar Creek

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$
of section 20 , T. 14 S, R. 13 E , B. M., County of Twin Falls

5. Water is to be used for Livestock water

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: near feet distant from S $\frac{1}{4}$ corner of Section 8
SE $\frac{1}{4}$ SW $\frac{1}{4}$ & SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9 *Amended*
T. 14 S , R. 13 E , B.M., in the / of Section ~~8~~ 8 , T. 14 S , R. 13 E. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 3,000.00

8. Kind of works: Pump, one plastic tank with plastic and iron pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom fee; width at water line feet; depth of water feet;
dimensions of flume:

Diameter of pipe inches; length of conduit 1 $\frac{1}{4}$ miles.
Average grade per mile feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is 5 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Licensed 60 inches

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

s/ Fred T. Hoelzle Applicant.

Hoelsie Water System, I-1-R-344

Completed Project Description: (Continuation Sheet)

Water is pumped from House Creek through 3" ID pipe to a plastic-lined storage pond 3500 ft. to the north. From this storage pond water is distributed through 1½" plastic pipe by gravity flow to a watering trough in the SW¼, Sec. 9, and the NW¼ of Sec. 8; T. 14 S., R. 13 E., S.M., Idaho. Both watering troughs are one-half sections of surplus jet engine containers. Each has a usable capacity of approximately 500 gallons and is controlled by a float valve.

The main pipeline running from House Creek to the storage pond is galvanized steel from the pump for the first 84 ft. Then aluminum pipe resting on top of the ground is used for the next 1,000 ft. From this point to the storage pond a distance of 2400' the pipeline is 3" plastic buried to a depth of 30". This main pipeline has fall from the storage to the pump so that it can be completely drained for winter shutdown.

All distribution pipeline is 1½" plastic with a rating of 75 lbs. PSI. A single line approximately 1500 ft. in length runs north from the storage pond. At this point the line branches and continues northeast for 4850 ft. to the trough in Section 8 and northeast for 3900 ft. to the trough in Section 9. Control valves are provided where the distribution line forks so that either trough can be used independent of the other. All distribution pipe is buried with approximately 30" of soil.

A drain plug is provided at each trough so that the distribution system can be completely drained for winter shutdown.

The storage pond is of earthen construction with a capacity of approximately 75,000 gallons. Plastic sheeting with 0.006" thickness was used to line this pond to prevent seepage. This liner was covered with a layer of soil with an average thickness of 4". A 32" high woven wire fence was constructed around this storage pond to keep out livestock.

The pump at House Creek is a Jackuzzi Model 7ZFM2 powered with a Model AENL Wisconsin engine. This pump is equipped with loss of prime and high temperature cutoff switches. A concrete slab was provided for this pump and a small woven wire fence enclosure built around it. Pump capacity is approximately 30 gallons per minute operating at medium speed. Vertical lift from the pump to the storage pond is 145 ft.

RE: Permit No. 30423

Fred T. Hoelzle
Rt 1
Buhl, Idaho

Dear Mr. Hoelzle:

Our field engineer's report on his inspection of the completion of works and beneficial use of water under the terms of Permit No. 30423 shows the pump and pipe line are capable of conveying $\frac{1}{2}$ miner's inch, or 0.01 c.f.s. of water for stock water.

Upon receipt of the statutory fees of \$10.00 we will issue the Certificate of Completion of Works and License and Certificate of Water Right, confirming the right, with priority of March 22, 1962, to the use of 0.01 second foot of surface water with the point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20, T. 14 S., R. 13 E., B.M. from House Creek for stock water in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8; NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, T. 14 S., R. 13 E., B.M.

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 30423

This proof is for Completion of Works and Beneficial Use In Water District No. _____

1. Name of applicant Fred Theodore Hoelzle

2. Source of water supply: House Creek

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 20
T. 14 S. R. 13 E., B.M. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: 9.2 HP Wisconsin Gas Engine Model-AE NLD, Ser. No. 3489647 (size 3" x 3 1/2") (BLM #61146), Jacuzzi Centrifugal Pump #7 ZFM2 B WDA 335 (3" x 2") 3" x 27' suction pipe, 2" discharge x 13' increased to 3" x 3820' of 6 IP and Aluminium pipe to Plastic Lined and Fenced Reservoir of 95,000 Gal capacity, 10.748 x 1 1/4" plastic pipe to 2 - 500 gal capacity stock tanks with automatic control valves. Pump head 45'

5. Water is used for: Livestock water

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 8; NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, T. 14 S., R. 13 E., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Cedar Creek - Snake River

Remarks: Mr. Fred Hoelzle along

(works moth balled for season, but was used this year, Pumping time regulated by amount of gasoline put in fuel tank.)

No measurement made - Pump rated @ 50 GPM at 200' head

This examination was made on the 15th day of November, 19 63

Re: Permit No.

30423

Mr. Fred Theodore Hoelzle,
Route #1,
Buhl, Idaho.

Dear Mr. Hoelzle:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Buhl Herald
Buhl, Idaho, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

BOISE, IDAHO

Permit No. 30423

**Proof of Application of Water to Beneficial Use
and Completion of Works**

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Fred Theodore Hoelzle R.F.D. # 1 Buhl, Idaho Farmer & Stockman

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. self

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 30423 dated March 27, 1962 March 27, 1962

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. In NE $\frac{1}{4}$ -NE $\frac{1}{4}$ Sec. 20, Twp. 14 So. 13 EBM pump in House Creek

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

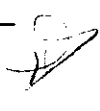

Ans. Pump in House Creek operated by Gasoline Engine; metal pipe about $\frac{1}{4}$ mile long to top of rim; then a plastic pipe laid underground a distance of about one half mile; then from the metal tank the pipes fork, one pipe in a Northeasterly direction to a metal drinking tank and another pipe in a Northwesterly direction to another metal drinking tank

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All water is used for watering livestock one tank being in NE $\frac{1}{4}$ -SW $\frac{1}{4}$ of Sec. 8, Township 14 South, Range 13 EBM and the other drinking tank in the NW $\frac{1}{4}$ -SW $\frac{1}{4}$ Section 9, Township 14 South, Range 13 E B M.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. surface water

30423 

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Livestock drinking water only

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.01 cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person who made the filing and was granted the permit

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. On or about the first of May 1963 I started the engine and pump and have had water delivered to both stock drinking tanks since and will continue to deliver the water whenever I have stock in the pastures which are fenced

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Answered in above paragraph

(Sign) Fred Theodore Hoehle

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Buhl, County of Twin Falls,

State of Idaho, on this 1st day of July, A. D. 1963.

PERMIT NO. 30423

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lawrence Sill Age 49 Star Route Castleford, Idaho Farmer - Stockman

Ques. 2. Are you acquainted with Fred Theodore Hoelzle, the holder of Permit No. 30423? How long have you known him and where does he reside?

Ans. He lives on R F D # 1 Buhl, Idaho and I have known him for 30 years

Ques. 3. Have you read or heard read said Permit No. 30423, and are you familiar with its provisions and conditions?

Ans. Yes I have read it and understand the provisions

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is pumped from House Creek into a tank then in a buried pipe for about half a mile to another tank and then one pipe northwest to another tank and another pipe Northeast to another tank. Both are stock watering tanks and are constructed of metal. Place of diversion is in the NW $\frac{1}{4}$ -NE $\frac{1}{4}$ of Section 20, Township 14 South, Range 13 E. B. M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen the pipe running full but had no way of measuring it but it certainly would be as much as the permit calls for which is 0.01 cubic feet;

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

All the water is used for watering livestock and nothing else. The pipes deliver
Ans. the water to two separate metal stock watering tanks.

30423

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water is used exclusively for stock drinking water.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. stock water only

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the water running into both of the Watering tanks.

(Signed)

Lawrence R. Sill

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Buhl, County of Twin Falls, State of Idaho, on this 1st. day of July, A. D. 19 63.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 30423

**Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Albert Kolarik age 73 Farmer living on R F D # 1, Buhl, Idaho

Ques. 2. Are you acquainted with Fred Theodore Hoelzle, the holder of Permit No. 30423? How long have you known him and where does he reside?

Ans. I have know him for over 40 years and he resides on his farm R # 1 Buhl, Idaho

Ques. 3. Have you read or heard read said Permit No. 30423, and are you familiar with its provisions and conditions?

Ans. Yes I have read the permit and know all about it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is pumped out of House Creek to the rim thru a metal pipe and then conveyed thru a plastic pipe laid underground to a tank where it divides and is conveyed thru buried pipes to two other metal drinking tanks. The point of diversion is in the NW $\frac{1}{4}$ -NE $\frac{1}{4}$ of Section 20, Township 14, South, Range 13 EBM.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It is difficult to estimate such a small amount of water but I know the works will deliver 0.01 cubic feet the permit calls for.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used exclusively for livestock drinking water. The pipes carry the water to two different drinking tanks and they were both full when we were there.

30423

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Stock drinking water only.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. stock drinking water only.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the water delivered to the drinking tanks

RE: Permit No. 30423
Fred Theodore Hoelzle
Completion of Works &
Beneficial Use

Friend Carl:

Yesterday I completed the documents in connection with the Completion of Works and Beneficial Use under Permit No. 30423 issued to Fred Theodore Hoelzle.

Enclosed herewith are the following documents.

Affidavit of Publication, Editor Buhl Herald

Deposition of Holder executed by Fred Theodore Hoelzle

Deposition of Witness executed by Albert Kolarik

Deposition of Witness executed by Lawrence Sill

After Mr. Hoelzle signed the papers he left for a trip to Nevada before I thought to get the directions from him as to how best to get to the place to make the inspection.

Inasmuch as the filing is for such a small amount of water, being .01 of one cubic foot, it may not be necessary for your field examiner to make the trip.

I just phoned Mrs. Hoelzle and find that Fred will be back Wednesday evening or Thursday A. M. so I will hold this letter until I can get in touch with him to get the directions or I can have him write direct to your office.

Sincerely yours,

July 4th. Fred is in my office and I have found out the directions from Buhl. It will be best to arrange for the examiner to make an appointment with Fred who will go with him.

From Buhl go to Roseworth and thru the tract; Keep South of the Roseworth on Main road about 9 miles then turn left just before getting to bend in road; thence follow road about 1 mile to a tract of new seeding; thence across corner of new seeding about half a mile; thence about one fourth mile to tank; thence about three fourths mile to House Creek; thence about one fourth mile down House Creek to pump. Total distance from Buhl 46 miles, more or less.

Fred's phone No is 543-4863

Re: Permit No. 30423
Fred Theodore Hoelsie

Mr. Jess O. Eastman,
Box 106,
Buhl, Idaho.

Dear Mr. Eastman:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 30423, in the name of Fred Theodore Hoelsie. Final Proof is to be made before you, as Notary on the 1st day of July, 19 63, at 11:00 o'clock A.M., at 1012 Main St., Buhl, Idaho.

As of this date we have mailed the Notice to the Buhl Herald Buhl, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RE: Final Proof
Permit No. 30423
Fred Theodore Hoelzle

Dear George:

I had some correspondence with your office during the month of January of this year in reference to the above No. case.

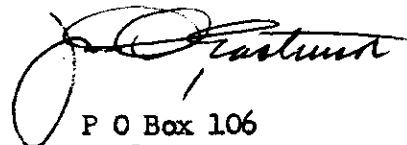

I explained the situation in my letter dated Jan. 19th. 1962.

The project is not completed and the two witnessed have been out to examine the works and have seen the water pumped into the watering tanks.

Proof of Beneficial Use was to have been made at my office on January 25th. 1963. On January 24th. when I learned that the pipe had been laid but the pump had not been installed I called your office on the phone and talked with your Mr. Thomas.

I cannot recall now what Mr. Thomas told me about how to proceed at a later date will making the proof. If it will be necessary to advertise it again and publish notice of proof I will have to have a complete new set of papers including one No. 16 and two No. 17 forms and the application for publication.

Very truly yours,

RE: Fred T. Hoelzle
Filing
Permit No. 30423

Dear George:

I wrote a letter to you on January 19th. in regard to the Final Proof on a water filing made by Fred T. Hoelzle under his Permit No. 30423 and did not receive any reply.

I called your office last Thursday Jan 24th. and talked with Mr. Thomas who gave me the information needed.

Today I received from Tillamook, Oregon the letter I had written you on January 19th. I had carelessly put your letter into an envelope with other papers I had sent to Tillamook regarding another deal.

I am herewith enclosing my letter of the 19th. for your files.

Also enclosed is my check in the amount of \$ 1.75 in payment for the copy of the Hoelzle permit.

Very truly yours,

January 19, 1963

George N. Carter,
State Reclamation Engineer
Boise, Idaho

RE: Final Proof
Permit No. 30423
Fred T. Hoezle

Dear George:

Sometime ago I received your letter or rather a carbon copy of a letter addressed to Fred Theodore Hoezle in regard to making proof on his water filing.

I did not get to talk with Mr. Hoelzle until a few days ago. The proof was to be made at my office on Friday January 25th. at 10:00 o'clock A. M.

I went over the questions with Mr. Hoelzle and after finding out more about it I questioned whether he could make final proof at this time or not and offered to write your office to determine whether to proceed or not.

According to the terms of the permit Mr. Hoelzle is filing on a very small amount of water, 0.01 of one cubic foot, which is to be used only for stock water.

He is going to pump this water out of House Creek which is about 40 miles South of Buhl. He has installed a pipe line which is completed and has purchased the pump and motor but it could not be installed before freezing weather so they put off the installation until Spring. The water for stock will not be used before next May.

Neither the holder of the permit nor the witnesses can testify that they have seen the water put to beneficial use until the pump and motor has been installed and water delivered thru the pipeline to the water tanks for livestock.

Publication of the notice of proof has been made and next Friday Jan. 25th. at 10:00 A. M.

Will you kindly advise me just what to do about this proof. Will it be possible to go ahead with the proof and strike out paragraph No. 11 of the Holder and paragraph No. 10 of the witnesses. None of the three can make a statement that they have witnessed the application of water to beneficial use.

I have personally known the applicant or Holder for more than 40 years and I know it will be completed next Spring when the weather permits.

Very truly yours,

Will advertise next year

RE: Permit No. 30423
Fred Theodore Hoelzle
Buhl, Idaho

Dear George:

I acknowledge receipt of a carbon copy of the notice of Final Proof to be made at my office on January 25, 1963 for Fred T. Hoelzle.

I have contacted Mr. Hoelzle and asked him to bring in his Permit No. 30423 for my reference for the reason that it shows the point of diversion and the amount of water filed on.

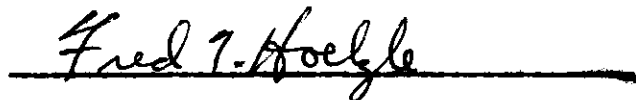

He has searched thru all of his papers and has not been able to locate his Permit.

Will you kindly make a copy of the permit and mail it to my Office address 1012 Main Street, Buhl, Idaho.

Very truly yours,

This will be your authority to mail the above requested copy of my permit to Jess O. Eastman.

Re: Permit No. 30423

Mr. Fred Theodore Hoelzle,
Rt. #1,
Buhl, Idaho.

Dear Mr. Hoelzle:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 30423. The proofs are to be made at 10:00 'clock A.M., on the 25th day of January, 19 63 before Jess Eastman, 1012 Main Street, Buhl, Idaho, Notary Public.

As of this date we have mailed the Notice to the Buhl Herald Buhl, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

BENEFICIAL USE**

NOTICE is hereby given that at 11:00 A. M. on the 1st day of July, 1963, at Buhl, County of Twin Falls, State of Idaho, before Jess O. Eastman, Notary Public, at 1012 Main Street, Buhl, Idaho, proof will be submitted of the completion of works for the diversion of 0.01 cubic feet per second of the waters of House Creek, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30423, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: Fred Theodore Hoelzle, Route No. 1, Buhl, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 0.01 cubic feet per second.

3. The use to which said water has been applied is water for livestock purposes, and the amount applied to beneficial use is 0.01 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ -NE $\frac{1}{4}$ of Sec. 20, Twp. 14 So. Rge 13 E. B. M. in Twin Falls County, Idaho.

5. The place where said water is used is NE $\frac{1}{4}$ -SW $\frac{1}{4}$ Sec. 8, and NW $\frac{1}{4}$ -SW $\frac{1}{4}$ Sec. 9, Twp. 14 So. Range 13 E. B. M.

6. The date of priority which said user is prepared to establish is March 22, 1962.

CARL E. TAPPEN, Assistant
State Reclamation Engineer
