Re: Permit No. 28573

Mr. Wilmoth Kinsey
Kimberly, Idaho.

Dear Mr. Kinsey:

This acknowledges the Notice of Proof of ~~Completion of Works and~~ Application of water to Beneficial Use under Permit No. 28573. The proofs are to be made at 9:00 o'clock A.M., on the 9th day of July, 1965 before Kenneth Dodds, Dodds Insurance Agency, 125 Main St. N., Kimberly, Ida., Notary Public.

As of this date, we have mailed the Notice to the Times-News Trin Falls, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

The permit was made out W. L. Kinsey. Wilmoth Kinsey and
W. L. Kinsey are the same. Notice for publication would be
best Wilmoth Kinsey. Could you make these two coincide? The
"Trustee" signature was an oversight on my part, as I have
been signing some checks on the ranch account that way.

Dear Mr. Kinsey:

Returned herewith is your notice of publication for the above numbered permit. You say the proof will be taken before Dodds Insurance Agency; this has to be a specific person at the Insurance Agency. Therefore, will you please correct the form 10's to include a specific individual.

It is further noted that the permit is still in the name of W. L. Kinsey, we require a copy of the court order making you a trustee of the estate or other order of proof that you can control this permit.

Re: Permit No. 28573
W. L. Kinsey

Date:

April 30, 1965

Wilmoth Kinsey, Trustee
Route #2
Kimberly, Idaho

Dear Mr. Kinsey:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 28573 is due not later than **July 9, 1965**. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated -- by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Dear Mr. Kinsey:

Your proof of completion of works is returned herewith. Item # 3 does not list the subdivision in which the point of diversion is located. In item # 8 you state 80 acres and then only list one 40 acre subdivision. The point of diversion and the land list are written in pencil on the form 6 as they are recorded in this office.

There is a \$5.00 fee for completion of works filings. Would you please make the necessary corrections to the proof, enclose the fee and return promptly.

Also, enclosed is your approval of extension of time for beneficial use.

Dear Mr. Kinsey:

Under the terms of your Permit No. 28573 you are required to make proofs of completion of works and application of water to beneficial use on or before **March 30, 1965.**

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.
