**NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that 10 A.M., on the 21st day of July, 1960, at Buhl, County of Twin Falls, State of Idaho, before Jess O. Eastman, Notary Public, at 1012 Main Street, Buhl, Idaho, proof will be submitted of the completion of works for the diversion of 1.3 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28064 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are James R. La Grone, Castleford, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.3 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 1.3 cubic feet per second.

4. The point of diversion of said water is 354 Feet West and 36½ feet North of the Southeast corner of the NE¼ of the NE¼ of Section 25, Twp. 10 So. R. 13 E B M.

5. The place where said water is used is in the North Half of the Northeast Quarter (N½-NE¼) of Sec. 25, Township 10 South, Range 13, East of the Boise Meridian.

6. The date of priority which said user is prepared to establish is July 20, 1959.

GEO. N. CARTER
State Reclamation Engineer
(21t4)

I, **Robert E. Bailey**, do solemnly swear that I am the printer and editor of THE BUHL HERALD, a weekly newspaper of general circulation, published once each week at Buhl, Idaho; that the notice attached hereto was published in said newspaper four consecutive weeks, the first publication having been made on the 16th day of June, 1960, and the last publication having been made on the 7th day of July, 1960; that said notice was published in the regular and entire issue of every number of the paper during the period and time of publication, and that the said notice was published in the newspaper proper, and not in the supplement thereof.

That said newspaper has been printed and published continuously in **Buhl, Twin Falls County, Idaho**, for a period of more than 78 weeks prior to the first publication of the attached notice.

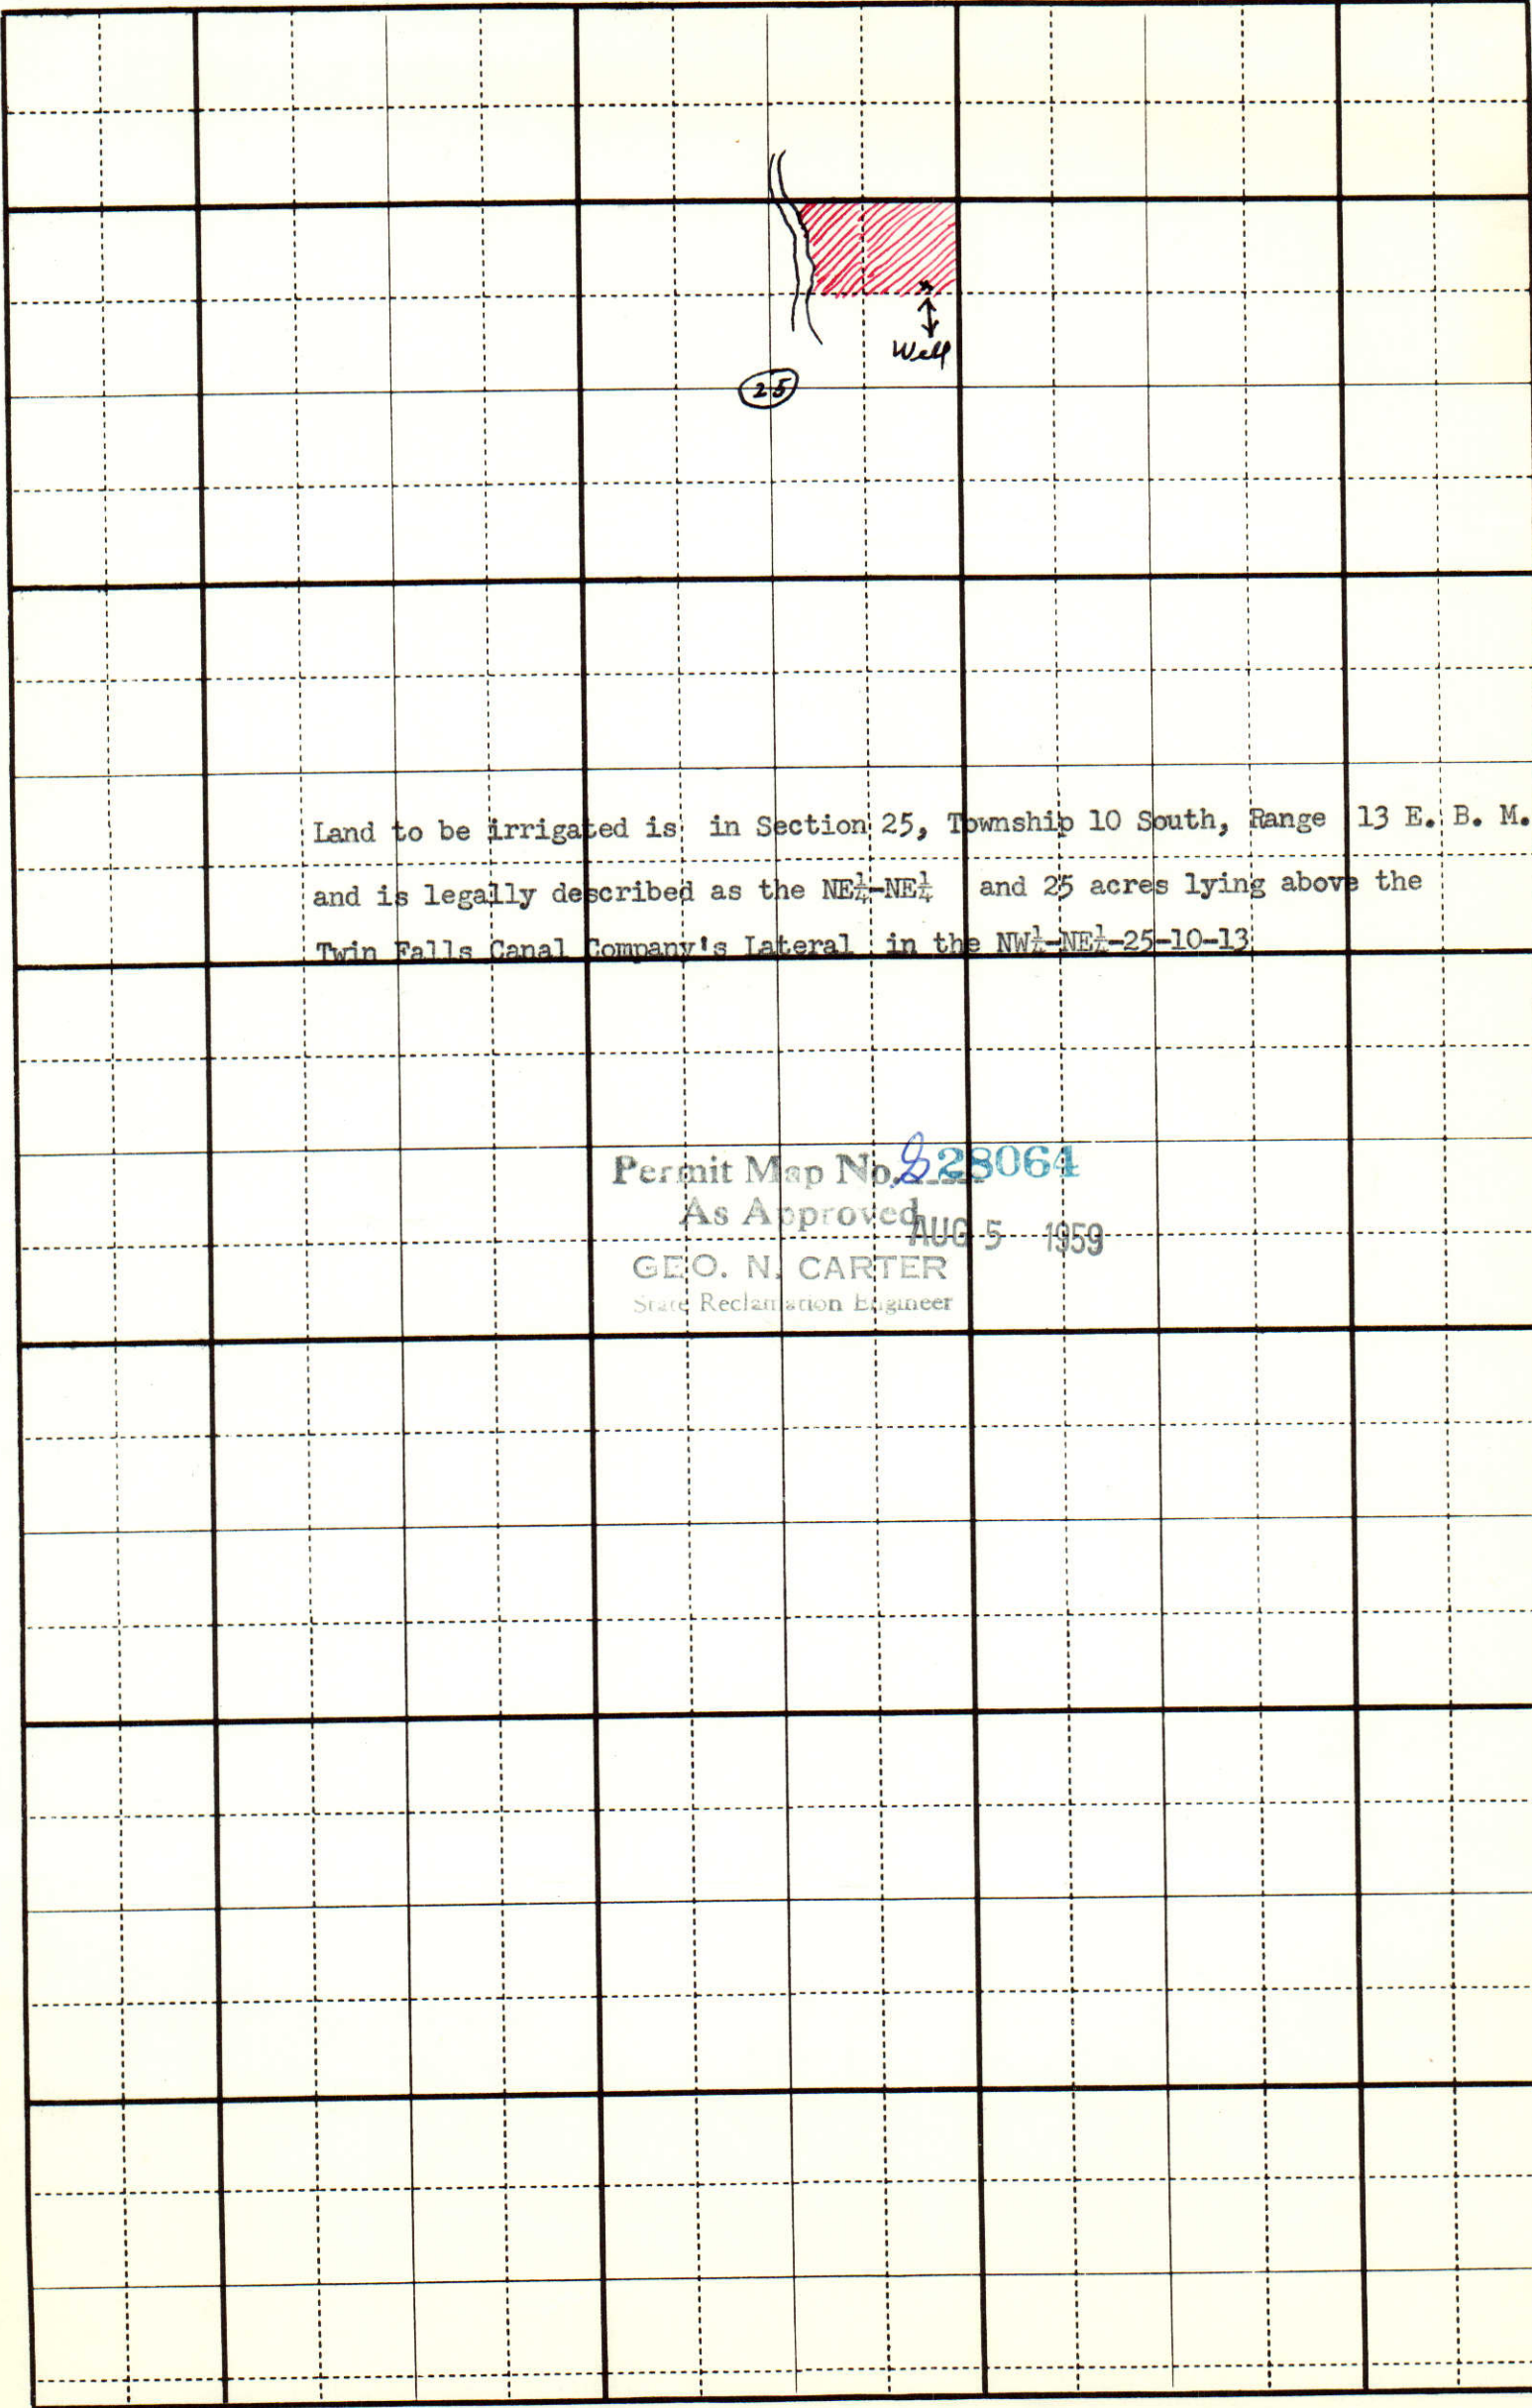

Robert E. Bailey

State of Idaho
License and Certificate of Water Right

Water License No. G-28064 Amount 1.3 c.f.s.
Water District No. Priority July 20, 1959

THIS IS TO CERTIFY that JAMES R. LaGRONE
of Castleford, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 20, 1959; that Permit No. G-28064
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.3 second feet, was issued thereunder on October 31, 1960, showing that said works
were completed on the 21 day of July, 1960; and that on the 21
day of July, 1960,

JAMES R. LaGRONE
of Castleford, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-28064 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6995, on the 31 day of October, 1960;
The right hereby confirmed dates from July 20, 1959;

The Point of Diversion is located
in the NE 1/4 NE 1/4, Sec. 25, Tp. 10 S, R. 13 E, B. M. County Twin Falls
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.3 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
10 S	13 E	25	NE 1/4 NE 1/4 NW 1/4 NE 1/4	40 25	40 25
			Total number of acres to be irrigated:		65

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
31 day of October, 1960.

State Reclamation Engineer.

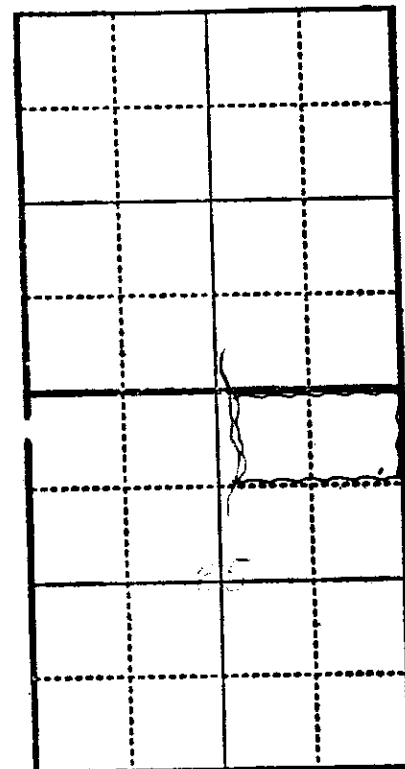

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

47-2723

Application No. G- 36024
Permit No. G- 28064
District No.

1. Name of Applicant: James R. LaGrone
Postoffice address: Castleford County: Twin Falls State: Idaho
2. Quantity of water claimed: 1.3 cubic feet or 65 inches
(a) Rate of withdrawal in cubic feet per second or Idaho
Miners' inches or gallons per minute
(b) Annual withdrawal in acre feet per annum
3. Source of water supply: Deep well
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 25
Twp. 10 South, Rge. 13 East, B.M., County of Twin Falls
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section, Twp.
Rge., B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section, Twp., Rge., B.M.
7. Kind of works: Deep well, pump, motor and irrigation ditches
8. Estimated cost of works: \$ 6,800.00
9. (a) Is reservoir to be used? no
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights. No water right now existing
(b) 1.3 (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

James R. LaGrone
Castleford, Idaho 83321

Dear Mr. LaGrone:

This letter is to notify you as a permit holder in the Blue Gulch area that a portion of the land west of Salmon Falls Creek has been declared a critical ground-water area and closed to further appropriation of ground water. This designation went into effect December 9, 1970 and will remain until it is shown that ground-water withdrawals do not exceed the estimated natural recharge to the area.

A public hearing will be held at the Buhl Senior High School, January 7, 1971 at 8:00 P.M., to accept any testimony or comment regarding the closure. A copy of the notice and hearing and description of the area is enclosed for your information.

Very truly yours,

Sherl L. Chapman

Re: Permit No. G-28064

Mr. James R. LaGrone
Castleford, Idaho

Dear Mr. LaGrone:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-28064 shows the well is (are) capable of conveying 65 miner's inches, or 1.3 c.f.s. of water for the irrigation of 65 acres.

Upon receipt of the statutory fees, totaling \$ 9.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 4.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of July 20, 1959 to the use of 1.3 second feet of subterranean water with the point of diversion in NE 1/4, Sec. 25, for the irrigation of 65 acres in NE 1/4, Sec. 25, T. 10 S., R. 13 E., B. INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-28064

James R. LaGrone
Castleford, Idaho

Dear Mr. LaGrone:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Buhl Herald, all submitted in proof of completion of works and beneficial use on Permit No. G28064.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Permit No. G - 28064

Proof of Application of Water to Beneficial Use

and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. James R. LaGrone, Farmer, Castleford, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G - 28064 Priority of August 5, 1959 July 20, 1959

Ques. 4. State source of water supply and give exact location of point of diversion. SE corner of

Ans. Deep well located on property 354 feet West and 36½ feet North of the NE¼-NE¼
of Section 25, Township 10 South, Range 13 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well drilled 300 feet deep - no casing except top 12 feet - Water stood at 118 ft.
and drew down to 180 feet after pumping - The Electric Pump & Equipment Co. of Twin
Falls, Idaho installed the pump and their estimate of the amount of water pumped is
a little more than 65 inches. Ditches and feed ditches have all been constructed
and are sufficient in size to carry all of the water pumped from the well.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All used for irrigation on the NE¼-NE¼ of 25-10-13 and that portion of the
NW¼-NE¼ of 25-10-13 lying above the Twin Falls Canal Company's lateral, the
total acreage being 65 acres more or less. The crops growing are 20 acres of
spuds and 45 acres of grain. The improvements made consist of clearing,
land levelling and construction of ditches.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. ##### Claud Danton drilled the well as an employee of John Savage of
Murtaugh, Idaho

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 65 inches or 1.3 cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All used for irrigation the amount being 65 inches

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Buhl, _____, County of Twin Falls, State of Idaho, on this 21st. day of July, A. D. 1960.

Permit No. G - 28064

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George L. Blick Age 50 Farmer & Merchant Castleford, Idaho

Ques. 2. Are you acquainted with James R. LaGrone, the holder of Permit No. G-28064? How long have you known him and where does he reside?

Ans. Yes, I have known him for more than five years - He resides about one mile from my home. His address is Castleford, Idaho

Ques. 3. Have you read or heard read said Permit No. G - 28064, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well situated on his place being on NE 1/4 - NE 1/4 - 25-10-13
necessary ditches all constructed and in use

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.3 cubic feet or 65 inches

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have three wells on my properties adjoining and I have estimated from the amount I have and use that LaGrone has 65 inches being pumped

28064

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All of the water is being used for irrigation. The pump and motor has been installed, the ditches in, crops planted, irrigated and growing on the NE $\frac{1}{4}$ -NE $\frac{1}{4}$ and that part lying above the Twin Falls Canal Company's Lateral in the NW $\frac{1}{4}$ -NE $\frac{1}{4}$ of Section 25, Township 10 South, Range 13 East of the Boise Meridian.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. none

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soils is Portneuf Silt loam and can be successfully irrigated by using 1 Miners inch per acre

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest in property

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the land cleared and levelled, plowed, planted and crops irrigated

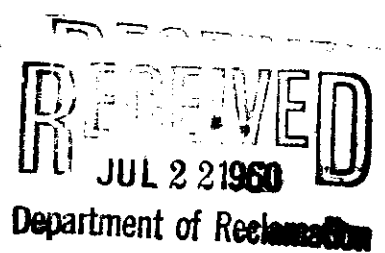

(Signed)

George L. Blick

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Buhl, County of Twin Falls, State of Idaho, on this 21st day of July, A. D. 1960.

Permit No. G 28064

Proof of Application of Water to Beneficial Use

Deposition of Witness ~~and Completion of Works~~

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Pretl age 31 yrs. Farmer of Castleford, Twin Falls County, Idaho

Ques. 2. Are you acquainted with James R. LaGrone, the holder of Permit No. G 28064? How long have you known him and where does he reside?

Ans. Resides - Castleford, Idaho Have known him for 6 1/2 years

Ques. 3. Have you read or heard read said Permit No. G 28064, and are you familiar with its provisions and conditions?

Ans. Yes I have read the Permit and am familiar with the provisions

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well and pump located on the LaGrone property being NE 1/4 NE 1/4 25-10-13
Head ditches and feed ditches all constructed and in use

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 65 inches or 1.3 cubic feet being pumped and beneficially used for irrigation

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 65 inches or 1.3 cubic feet. I had no way of personally measuring the water but was told by the representative of the installing pump company that there was fully 65 inches being pumped

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is all being used to irrigate the crops growing on the LaGrone land which is the NE $\frac{1}{4}$ -NE $\frac{1}{4}$ and that part of the NW $\frac{1}{4}$ -NE $\frac{1}{4}$ lying above the Twin Falls Canal Company's Lateral all in Section 25, Township 10 South, Range 13 E B M
The improvements consist of clearing the land of brush, levelling the land, construction of the necessary ditches, seeding, corrugating and irrigating.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is the same in character as the land on the Twin Falls Irrigation project and is Portneuf Silt Loam which requires one inch per acre for the most successful irrigation

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the property

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I farm land adjoining this and have an opportunity to witness the operation almost every day during the present crop season.

Re: Permit No. G-28064

James R. LaGrone

Mr. Jess C. Eastman,
1012 Main St.,
Buhl, Idaho.

Dear Mr. Eastman:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28064, in the name of James R. LaGrone. Final Proof is to be made before you, as Notary on the 21st day of July, 1960, ~~1959~~, at 10:00 o'clock A.M., at Buhl, Idaho.

As of this date we have mailed the Notice to the Buhl Herald with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A, M., on the 21st. day of July, 1960, at Buhl, County of Twin Falls, State of Idaho, before Jess O. Eastman, Notary Public, at (address) 1012 Main Street Buhl, Idaho, proof will be submitted of the completion of works for the diversion of 1.3 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G 28064 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are James R. La Grone Castleford, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.3 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 1.3 cubic feet per second.

4. The point of diversion of said water is 354 Feet West and 36½ feet North of the Southeast corner of the NE¼ of the NE¼ of Section 25, Twp. 10 So. R. 13 E B M

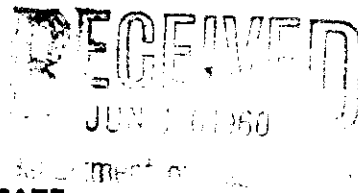

5. The place where said water is used is in the North Half of the Northeast Quarter (N½-NE¼) of Sec. 25, Township 10 South, Range 13, East of the Boise Meridian

6. The date of priority which said user is prepared to establish is August 5, 1959

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) June 9, 1960

(P. O.) Castleford, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Buhl Herald of Buhl, Idaho published in
the county in which the works are situated.

A handwritten signature in dark ink, reading "James R. P. Grant". The signature is written over a horizontal line.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Re: Permit No. G-28064
James R. LaGrone

Mr. Jess O. Eastman
Buhl, Idaho.

Dear Mr. Eastman:

We enclose Permit No. G-28064 in which we direct your attention to the limitations and conditions as given on the fourth page under Approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-4239 which was issued covering payment in the amount of \$5.25 for the filing fee of the above mentioned permit.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RE: Application for Permit
James R. La Grone

Dear George:

ATTENTION - Mrs. Edna P. Rutledge
Chief Clerk

I acknowledge receipt of the application for permit for James R. La Grone which was returned to me for further information and completion. Also the forms I requested.

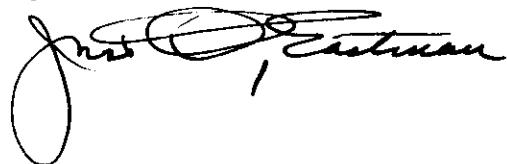

I note on the original application that you marked out with a red pencil several items that I filled in that apparently were unnecessary. You did not request that I make out a complete new application but if necessary I will gladly do so.

Enclosed are two copies of the map showing the land to be reclaimed and irrigated. I did not have any of the blank maps at the time I mailed the application.

The amount of water in the application was correct but I failed to show it on page two of the form. The double line on the map is the Twin Falls Canal Company's Lateral and the land to be irrigated in the NW $\frac{1}{4}$ -NE $\frac{1}{4}$ is that land that is situated above the lateral and does not have any other water right and cannot be irrigated from any other source than the well.

The proof of completion of works and beneficial use will be made at my office before me as a Notary Public in the due course of time so any further correspondence regarding this filing can be directed to me.

Very truly yours,

28064

July 20, 1959

Re: Application for Permit
James R. La Grone

Mr. Jess O. Eastman
Buhl, Idaho

Dear Mr. Eastman:

Enclosed are application for permit in the name of James R. La Grone with your check attached for \$5.25, six blank Form 3 and three blank Form 1, with instructions,

The application of Mr. La Grone claims 65 inches of water while the land list shows only 40 acres. The maximum amount of water allowable is one inch per acre without full justification of need for additional water. Two sketch maps are required with each application.

You may show additional land on the land list or the amount claimed will have to be reduced to 40 inches for which the filing fee would be \$5.00, and fill in the enclosed blank sketch maps showing the land to be irrigated and the location of the well.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

James R. La Grone
Application for Permit

Dear George:

I am enclosing herewith an " Application for Permit " made by James R. La Grone of Castleford.

With the application is my check in the amount of \$ 5.25 which I trust is the correct amount of filing fee. If it is not the correct amount please advise me and I will remit.

I have only been in Boise once since you took over the department of reclamation and you were out of the office when I called.

In replying I wish you would send me about a half dozen application blanks for subterranean filing and three form No. 1 as I have some more filings to make. Please also include a few sets of instructions.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "J. O. Eastman", with a large, loopy flourish at the end.
