NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 a.m. on the 24th day of September, 1956, at Twin Falls, County of Twin Falls, State of Idaho, before Tom Stivers, Notary Public, proof will be submitted of the application to beneficial use of .9 cubic feet per second of the waters of waters of natural drainage course in accordance with the terms and conditions of Permit No. 26024 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Florence N. Washburn, 10565 Ashton Ave., Los Angeles, California.

The use to which said water has been applied is Agricultural irrigation.

The amount applied to beneficial use is .9 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Southwest Quarter of Section 18, Twp 10 South, Range 17 E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Open ditch to applicant's land, thence on Applicant's land via pipe line.

The right to take water from such works is based upon Permit No. 26024.

The source of supply from which such water is diverted is Point of diversion from open drainage ditch in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 18, Township 10 South, Range 17 East.

The date of priority which said user is prepared to establish is September 16, 1955.

MARK R. KULP
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho 47-2297

APPLICATION No. 33892
 PERMIT No. 26024
 DISTRICT No.

Florence N. Washburn
 10565 Ashton Avenue
 Los Angeles 24, Calif.

1. Name of Applicant: FLORENCE N. WASHBURN

Postoffice address: 10565 Ashton Avenue, Los Angeles 24 County: Los Angeles

State: California

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: .9 (45 miners inches) cubic feet per second.

3. Source of water supply: "0" Coulee Drainage Ditch which is a tributary of

4. Location of point of diversion: West 246 feet distant from the South quarter corner of Section 18, T. 10 S, R. 17 E, B.M., and is in the Southwest quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section 18, T. 10 S, R. 17 E, B.M., County of Twin Falls

5. Water is to be used for irrigation

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
 T. , R. , B.M., in the of Section , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet
 distant from the corner of Section , T. , R. , B.M., in the
 of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 400.00

8. Kind of works: pump and motor

9. Height of dam feet; length of dam at top feet; length of dam at bottom
 feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
 dimensions of flume:

Diameter of pipe 8 inches; length of conduit 616 FEET miles.

Average grade per mile feet.

12. The time required for the completion of such work is 30 DAYS years.

SCANNED
 DEC 06 2001

13. The time required for the complete application of the water to the proposed use is additional years. *
 * permanent, or as long as the water is available.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Full water right under Twin Falls Canal Co.

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

FLORENCE N. WASHBURN

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 9:00 A.M. Sept. 16, 1955

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 26024

Recorded in Book 92 Page 26024 Approved Oct. 21, 1955

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before December 21, 1955 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before April 21, 1956

The whole of said work to be completed on or before October 21, 1956

Beneficial use of water appropriated in accordance herewith, to be made on or before October 21, 1957

THIS IS TO CERTIFY that FLORENCE N. WASHBURN
of 10565 Ashton Ave., Los Angeles, Calif., made application for a permit to appropriate the
public waters of the State of Idaho, dated September 16, 1955; that Permit No. 26024
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.9 second feet, was issued thereunder on August 23, 1956, showing that said works
were completed on the 6th day of August, 1956; and that on the 24th
day of September, 1956, Frank Planer, (acting in behalf of FLORENCE N.
WASHBURN)

of Kimberly, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of "0"
Coulee Drain ~~part of the~~ Ditch, for the purpose of Irrigation
, under Use Permit No. 26024 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
10 of Licenses at page 5987, on the 20th day of May, 1957;
The right hereby confirmed dates from September 16, 1955;
The Point of Diversion is located

in the SE 1/4 SW 1/4, Sec. 18, Tp. 10 S., R. 17 E., B. M. County Twin Falls

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed .64 cubic feet per second.

Description and location of use:

RE: Permit No. 26024

Florence N. Washburn
10565 Ashton Avenue
Los Angeles 24, California

Dear Madam:

You will note on your Permit that proof of Application of Water to Beneficial Use is due on or before October 21st, 1957.

When you are ready to make these proofs you should notify this office and then we can proceed with the necessary steps to complete the record of your Appropriation, which are authorization to publish your intention to make the proofs, including the name of the newspaper in your county, the Notary before whom you and your two disinterested witnesses will appear and the time and place for making proof.

The Notice is then advertised and the proofs made. If there are no protests, an engineer from the Department will make an inspection and if everything is in proper shape a License and Certificate of Water Right can be issued.

There is no good reason to record a Certificate of Completion of Works in the County and it is not necessary to record the License and Certificate of Water Right in the County, although some owners do have them recorded.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Palmer:

The State Law requires an inspection on any water permit being brought to license in the State of Idaho.

If the roads and weather permit, I hope to make inspection in connection with your Permit No. 26024 made on behalf of Mrs. Florence Washburn on Wednesday or Thursday, March 6th or 7th.

It will be necessary for you or someone representing you to accompany me on the inspection. I will try to contact you when I arrive in the Twin Falls area.

Yours truly,

Dear Mr. Kulp:

Enclosed is the Affidavit of Publication of Proof of Application of Water to Beneficial Use as published in the Buhl Herald, Buhl Idaho.

When the time comes for inspection of the job by some one from your department will you kindly notify Mr. Frank Palmer of Kimberly Idaho, so that he may arrange to be there or have my tenant there to show the work done.

Thank you very much for all the extra bother this non-resident landowner has caused.

With kindest regard,

Very truly yours,

Florence N. Washburn.

RE: Permit No. 26024

Mr. Frank Palmer
Kimberly
Idaho

Dear Mr. Palmer:

We acknowledge receipt of the Depositions of yourself and two witnesses in Proof of Beneficial Use on Permit No. 26024 of Mrs. Florence Washburn.

However, the affidavit of publication should have accompanied these depositions and is a necessary part of the proof. The Buhl Herald was instructed to send this affidavit of Mrs. Washburn. If she has not received it, we suggest she take the matter up with the Buhl Herald at once.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you or Mrs. Washburn, whichever you designate, at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. _____

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Frank Palmer, Kimberly Idaho.
Idaho County Commissioner of Twin Falls County

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I have Power of Attorney to act in Mrs Florence Washburn's behalf

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No 36024 the date of priority was September 16, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. the source of water supply O'Curie Drainage Ditch Place of Diversion
246 feet west from the South east corner of the S. 1/4 of Sec 18-105-17E

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The water is discharged through steel pipe line 654 ft long
powered by a electric motor 3 horse. the motor is set
on a concrete sump at the edge of O'Curie Drainage ditch
the amount of water was measured by the Webb Pump Co
Twin Falls.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation enclosed map will show
the land that can be irrigated. the blue lines show
the land that has been irrigated and the red lines
shows what can be irrigated if need be
E 2 SW 4 Sec. 18, 105-17E

26024

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *The full amount of water has been used through June July and August of the year 1956*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

FLORENCE N. WASHBURN

10565 Ashton Avenue - Los Angeles 24, California

Mr. Mark R Kulp. August 15, 1956.
State Reclamation Eng.
Boise, Idaho.

Dear Mr. Kulp:

RECEIVED
AUG 17 1956

Department of Reclamation

Replying your letter of
August 8, regarding Permit No. 26024.

Monday, September 24, 1956 is the
date chosen for my two witnesses and
Mr. Frank Palmer, to whom I am sending
Power of Attorney, to appear before the
Notary for making final Beneficial Use Proof.
The Notary is Mr. Tom Stivers, whose office
is in the Twin Falls County Courthouse.

26024
As The Kuhl Herald is published on
Thursday it would seem that there

FLORENCE N. WASHBURN

2.

10565 Ashton Avenue - Los Angeles 24, California

allowed sufficient time for the publication notice.

Does your office bill me for the cost of advertising, or does the Buhl Herald take care of that? The owner, Mrs. Nellie M. Intire is a personal friend so I'm sure my credit would be good with her.

Thanking you very much for the extra bother, I remain

Very truly yours,

(Mrs.) Florence N. Washburn.

26024

August 8, 1956

Re: Permit No. 26024

Florence N. Washburn
10565 Ashton Avenue
Los Angeles 24, California

Dear Miss Washburn:

We acknowledge receipt of your note of August 6, 1956, with Proof of Completion of Works and Notice of publication for Proof of Beneficial Use enclosed. Also enclosed was your check in the sum of \$5.00 the fee for the Certificate of Completion of Works.

Assuming that you would not be able to obtain two disinterested witnesses in California who are familiar with the terms of Permit No. 26024 and also the work done under this Permit it seems to us unless you intend to be back in Idaho it will be impossible for you to make your deposition and also the depositions of the two witnesses before one Notary Public.

Therefore, if you remain in California it will be necessary for you to give the Power of Attorney to some one in Idaho who is familiar with the terms of the Permit and the work done to represent you in making Beneficial Use Proof

Due to the fact that you are making these proofs in advance of the date given and we have ample time we shall hold the Notice for publication of Beneficial Use Proof until we receive a reply from you.

In answer to this letter please give us a date for making Proof of Beneficial Use allowing time for the publication of once a week for four consecutive weeks and with your permission we will change the date on the notice of August 7th, to the date you set. Also give name of Notary Public before whom the person to whom you give the Power of Attorney and your two disinterested witnesses shall appear to make this Beneficial Use Proof.

The proof for completion of works seems to be in order and as soon as the Certificate is issued and recorded in this department same will be forwarded to you.

Please let us know what your intentions are in regard to the above so that we will be fully advised.

Very truly yours,

MARK R. KULP *ER*
State Department Engineer

26024

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) August 3, 1956
(P. O.) 10565 Ashton Ave., Los Angeles 24, California

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Buhl Herald of Buhl, Idaho published in
the county in which the works are situated.

Florence N. Washburn.
Florence Washburn
N.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

26024

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 24 day of September, 1956,
at Twin Falls, County of Twin Falls, State of Idaho, before
Ray Stivers, Notary Public, proof will be submitted of the
application to beneficial use of .9 cubic feet per second of the waters of waters of natural
drainage course in accordance with the terms and conditions of Permit No. 26024
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Florence M. Washburn, 10565 Ashton Ave., Los Angeles, California

The use to which said water has been applied is agricultural irrigation

The amount applied to beneficial use is .9 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

Southwest Quarter of Section 18, Twp 10 South, Range 17 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Open ditch to applicant's land, thence on Applicant's land via pipe line.

The right to take water from such works is based upon Permit No. 26024

The source of supply from which such water is diverted is Point of diversion from open drainage ditch in S1/4 Sec. 18, Twp. 10 South, Rge. 17 East.

The date of priority which said user is prepared to establish is September 16, 1955

MARK R. KULP

State Reclamation Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Florence N. Washburn
10565 Ashton Avenue
Los Angeles 24, California

Boise, Idaho

Dear ~~Mr.~~ **Madam:-**

Under the terms of your permit No. 26024 you are required to complete your diversion works on or before October 21, 1956 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK P. KULP

State Reclamation Engineer

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Florence N. Washburn
10565 Ashton Avenue
Los Angeles 24, California

Boise, Idaho

Dear ~~Sir~~ Madam:-

Under the terms of your permit No. 26024 you are required to complete your diversion works on or before October 21, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Mr. Mark R. Kulp.

Dear Sir:

26024 If the enclosed material ^{is not sufficient for final proof} will you kindly send me further information?
Mr. Frank Palmer, Kimberly Idaho, one of Twin Falls County Commissioners can give local proof of completion if needed. I talked with him on the telephone and he said water is being used.
Very truly yours, Florence N. Washburn.

July 12, 1956

Re: Permit No. 26024

Florence Washburn
Los Angeles 24, California

Dear Miss Washburn:

We acknowledge receipt of your letter of July 10, 1956, re making of proofs on the above captioned Permit.

Proof of completion of works should be made on Form 6 enclosed, executed before a Notary Public and returned to this department with the statutory fee of \$5.00.

Proof of beneficial use requires publication of a notice in a local newspaper once a week for four weeks before proof is made. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copied of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 26024
Appropriation of Public Waters

Mr. Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Mr. Kulp:

You enclosed with your letter to me of October 26, 1955, the approval of my application 33892 covering the appropriation of certain public waters for use in irrigating certain land I own, as described in the application. The above was given as permit No. 26024.

The necessary water lines, pump, motors, etc., required to use this public water have been installed and the rights granted under the permit are now being exercised. The completion date set forth in the permit was October 21, 1956. The obligation to complete 1/5 of the work on or before April 21, 1956 was met prior to that date.

I notice that in the pamphlet entitled "Regulations and Instructions" issued by the Department of Reclamation, that Article 8 states:

"Proof of completion of works or application to beneficial use may be made any time prior to the time limit fixed by the permit."

Will you kindly let me know what evidence or proof is required. Also whether any newspaper publication is required.

If publication is necessary, will you kindly furnish me with a copy of the approved form.

Your early reply will be greatly appreciated.

Very truly yours,

Florence N. Washburn

RE: Permit No. 26024

Mrs. Florence N. Washburn
10565 Ashton Avenue
Los Angeles 24, California

Dear Mrs. Washburn:

We are sorry that there has been so much delay in processing your application for permit to appropriate .9 second foot or 45 inches of water from "O" Coulee Drainage Ditch in Twin Falls County, but before the application could be approved, we had to take the matter up with the Twin Falls Canal Company as there is a question as to whether or not this is actually public water.

You understand, of course, that all permits for waste water are subject to the right of the original owner to cease wasting same.

We enclose Permit No. 26024 and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose departmental receipt No. 27608 for the \$5.00 filing fee.

Very truly yours,

MARK R. KULP

OCT 24 1955

Department of Reclamation

On September 9 I wrote you, and sent an application for permit (Form #1) to file on public waste water near Twin Falls, Idaho. I also sent a linen tracing.

Could you give me any idea how much more time may be required before such permit is issued, or if further information may be needed?

have to start the work soon. There is not point in getting bids or estimates on the work if the permit is not granted.

I shall be most grateful for some word from you regarding the processing of this work.

Thank you for your letter.

Very truly yours,

Florence N. Washburn.

(Land to be irrigated in in the S W- $\frac{1}{4}$ of

Mr. Mark R. Kulp
State Reclamation Engineer
State House
Boise, Idaho

Dear Mr. Kulp:

Reference is made to your letter of September 16, 1955, to the Twin Falls Canal Company, with reference to the Application for Permit to appropriate public waters of the State of Idaho filed by Mrs. Florence N. Washburn, to appropriate 45 miner's inches, with source of supply stated as Cooley Drainage Ditch with point of diversion in the SE corner of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 10 North, Range 17 East, B.M.

Mr. Alfred Peters, Manager of the Canal Company, informs us that the waters in the Cooley Drainage Ditch, known to the Company as the "O" Coulee, comes from seepage and waste water draining from lands irrigated in Section 19, Township 10 South, Range 17 East, B.M. and Section 24, Township 10 South, Range 16 East, B.M. The "O" Coulee, a few hundred yards below the proposed point of diversion, enters the "LL" Coulee which flows northerly about a mile into Dead Man's Creek. Mr. Peters informs us that the "O" Coulee and the "LL" Coulee are below any point of diversion of the Twin Falls Canal system and the water in the coulees flows at an elevation which is too low at the present time for any use by the canal company and now runs to waste into Dead Man's Creek so far as the Canal Company is concerned.

We see no objection to granting this permit, subject, however, to the prior appropriation of the Twin Falls Canal Company. To state our position more specifically, the canal company has no objection to the temporary use of this water on the lands described in the application, which water at present runs to waste into Dead Man's Creek, providing that it is distinctly understood that it is subject to the prior right of the canal company and its stockholders to use this water in the Twin Falls Canal Company system if at some future time it could be so utilized and subject to the right of the canal company or its stockholders to cease wasting this water, and it is suggested that in the event a permit is issued that it be issued subject to the foregoing.

Very truly yours,

Clifford E. Fix

Twin Falls Canal Company
Twin Falls
Idaho

Gentlemen:

The Department of Reclamation is in receipt of an Application for Permit to Appropriate the Public Waters of the State of Idaho, consisting of 45 miner's inches, with source of supply stated Cooley Drainage Ditch, tributary of Dead Horse Creek, with point of diversion in the SE corner of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 18, Township 10 North, Range 17 East.

From said Application we are unable to determine whether this water in unappropriated water or water belonging to the Twin Falls Canal Company as being in part of their system.

We would appreciate a statement from your company, stating whether or not said water in said Cooley which enters the SE corner of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 10 South, Range 17 East, water flowing East in said Cooley whether it is part of your irrigation system or not and if the Twin Falls Canal Company has any objection to Mrs. Florence H. Washburn filing on said water for supplemental irrigation of the SW $\frac{1}{4}$ of Section 18, Township 10 South, Range 17 East.

Thanking you for your information, we are,

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

Dear Mr. Kulp:

I would like to file an application for the appropriation of certain public waters, now wasting, for agricultural irrigating purposes.

In this connection, I am enclosing your Application for Permit (Form No. 1) and have given the required information.

I am also enclosing a linen tracing showing my land to be irrigated in the SW-1/4 of Section 18, Twp 10-S, Range 17-E.

If and when this application is approved, I shall promptly thereafter proceed with installation of the pipe line, submit proof of completion by affidavit before a Notary Public, and then publish the proof in a County newspaper once a week for four successive weeks.

If my application is not complete, kindly let me know and I shall comply.

Yours very truly,

Florence N. Washburn

Dear Madam:

We enclose herewith a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of Completion of Works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such Beneficial Use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 a.m. on the 24th day of September, 1956, at Twin Falls, County of Twin Falls, State of Idaho, before Tom Stivers, Notary Public, proof will be submitted of the application to beneficial use of .9 cubic feet per second of the waters of waters of natural drainage course in accordance with the terms and conditions of Permit No. 26024 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Florence N. Washburn, 10565 Ashton Ave., Los Angeles, California.

The use to which said water has been applied is Agricultural irrigation.

The amount applied to beneficial use is .9 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Southwest Quarter of Section 18, Twp 10 South, Range 17 E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Open ditch to applicant's land, thence on Applicant's land via pipe line.

The right to take water from such works is based upon Permit No. 26024.

The source of supply from which such water is diverted is Point of diversion from open drainage ditch in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 18, Town-

ship 10 South, Range 17 East.

The date of priority which said user is prepared to establish is September 16, 1955.

MARK R. KULP
State Reclamation Engineer.
