NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A. M., on the 18 day of April, 1959, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 3.16 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25576 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Glenn Nelson, Rt. 2, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 3.16 cubic feet per second.

3. The use to which said water has been applied is domestic and irrigation purposes, and the amount applied to beneficial use is 3.16 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 18, T 12 S., R. 17 E., B.M.

5. The place where said water is used is E $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$, Section 18; W $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, T. 12 S., R. 17 E., B.M.

6. The date of priority which said user is prepared to establish is April 4, 1955.

GEO. N. CARTER
State Reclamation Engineer
Publish: Mar. 19, 26, Apr. 2, 9, 1959

25576

I, Michael F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the TIMES-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice of advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Thursdays, commencing with the issue dated March 19, 1959, and ending with the issue dated April 9, 1959.

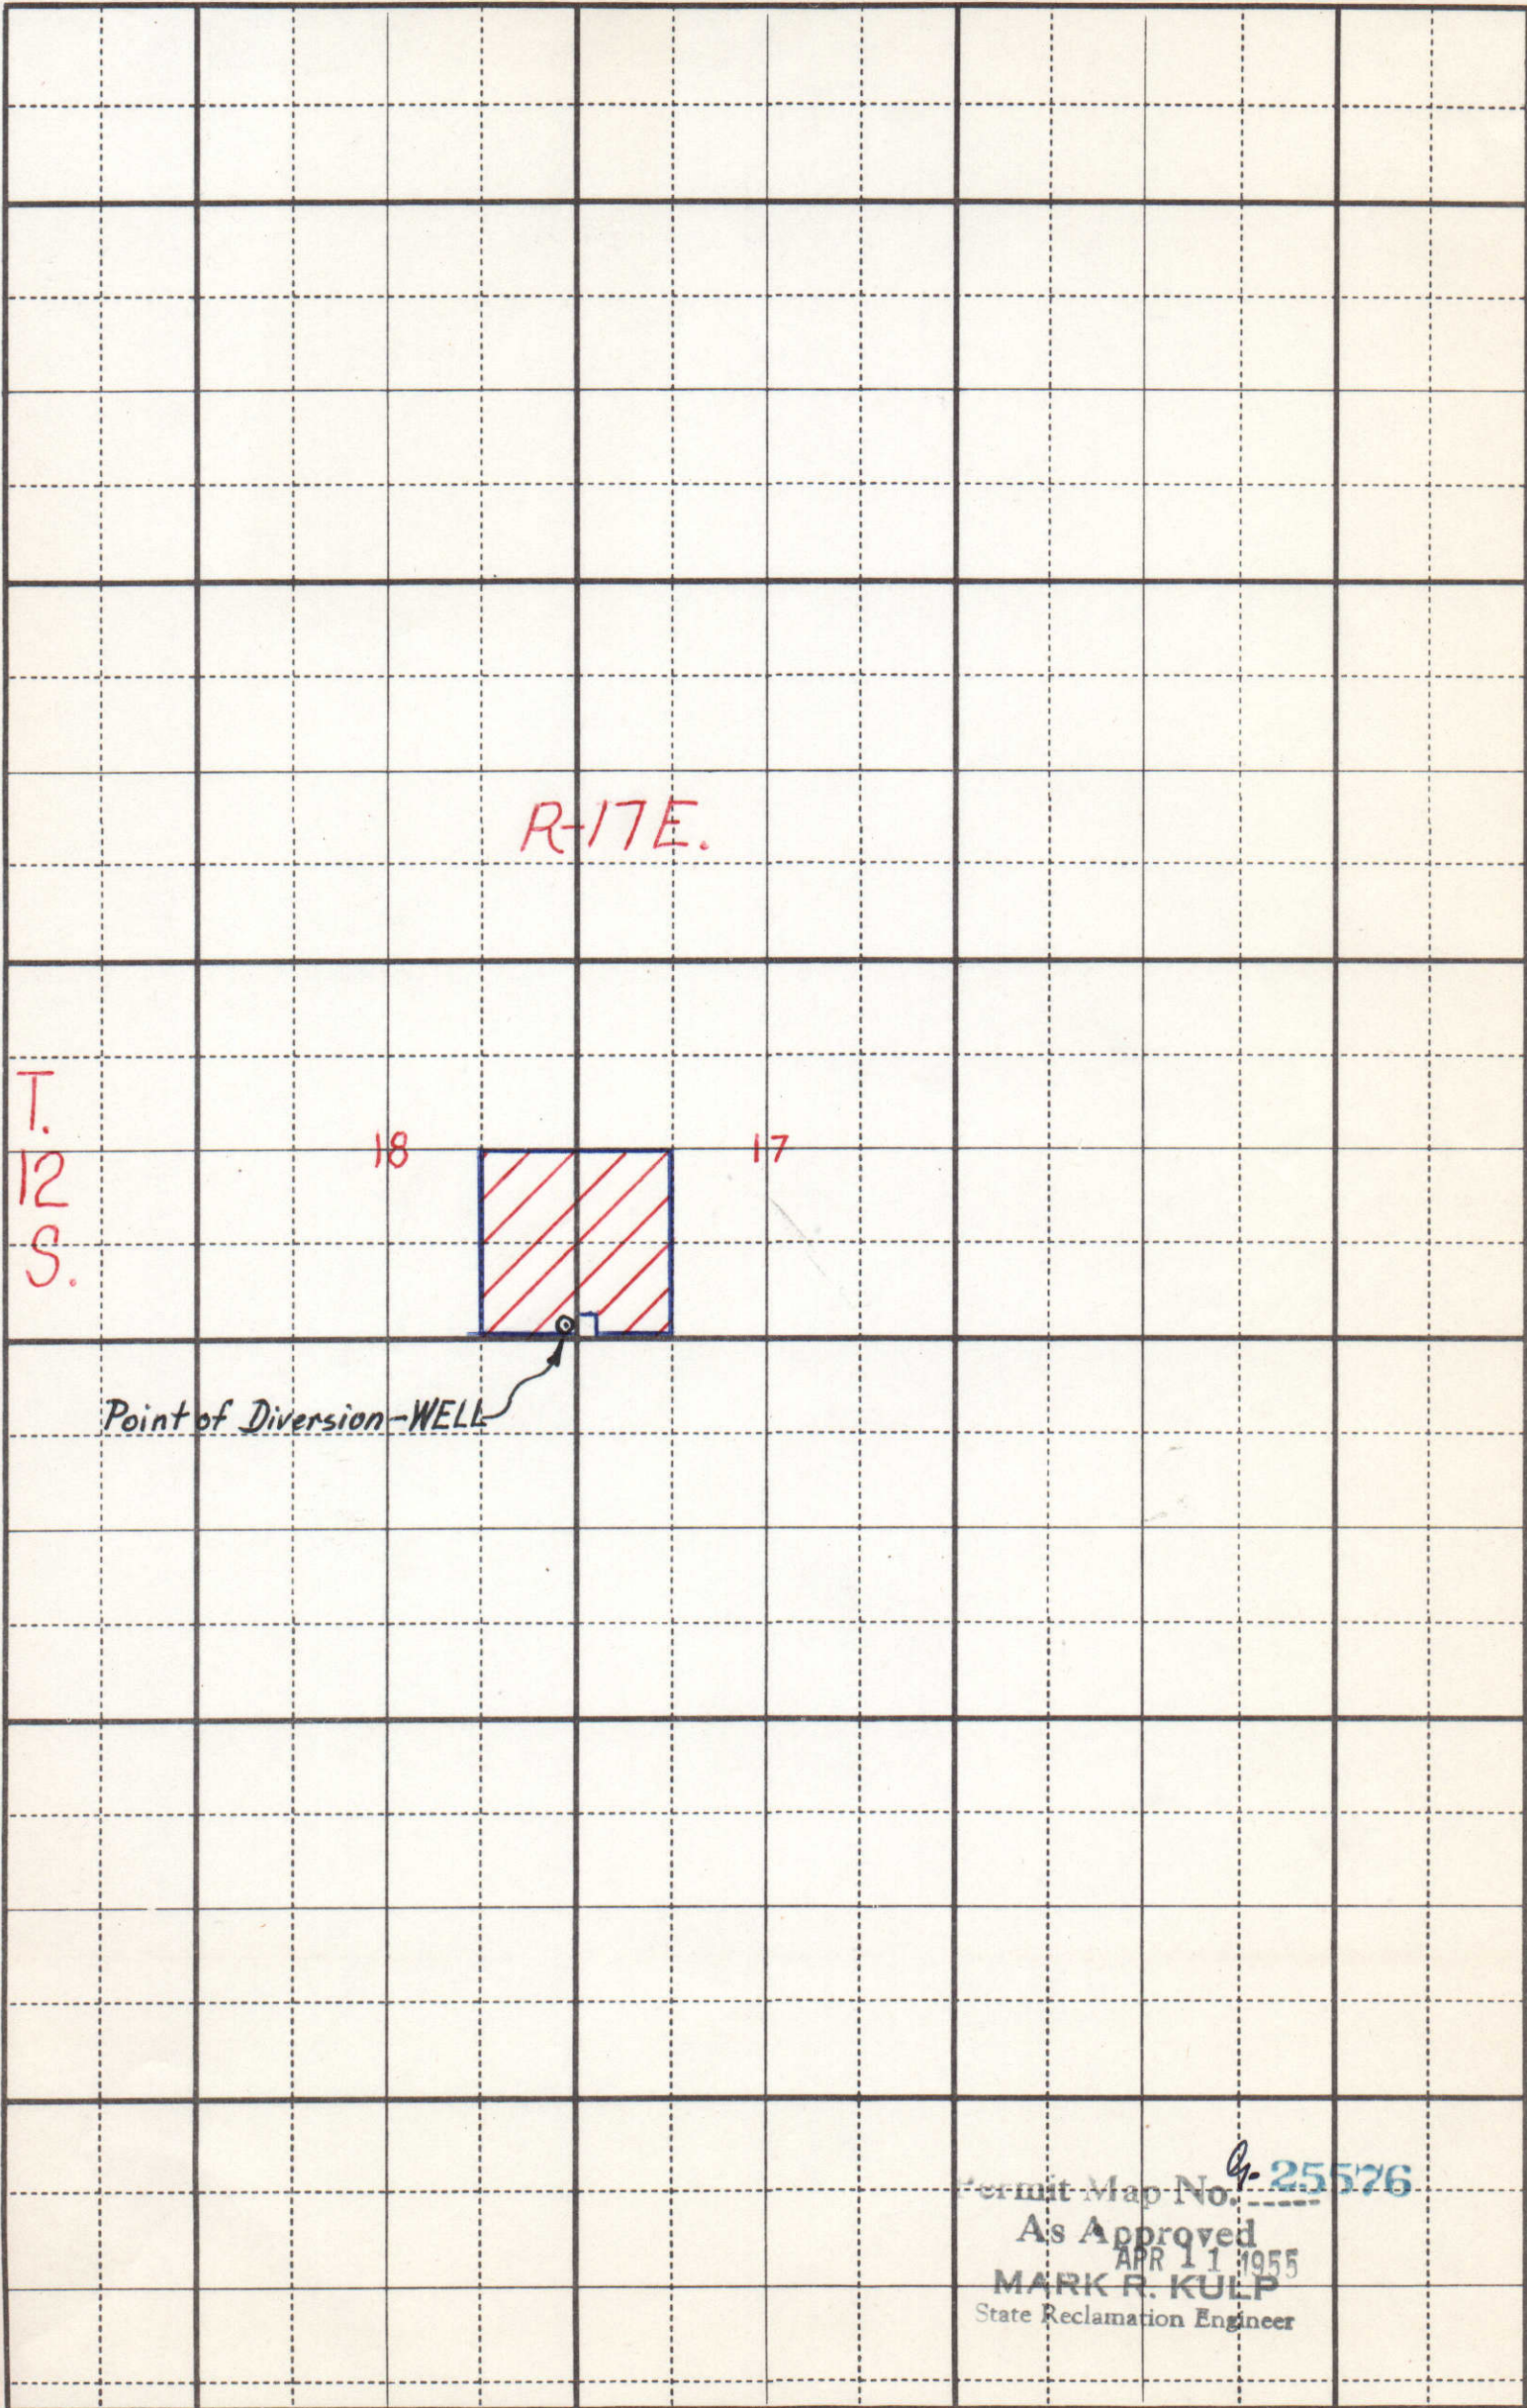

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-News, since such consolidation, has been published as a daily newspaper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each week has been designated as the day on which legal notice by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 9th day of

April, 1959.

Michael F. Clark
Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

Application for Amendment

POINT OF DIVERSION

Permit No. G-25576

Comes now Gleam Nelson and represent s to the State Reclamation Engineer of the State of Idaho:

That he is (~~was~~) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25576.

That the point s of diversion is described in said Permit as being located:

SE¹SE¹ Sec. 18 and SE¹SW¹ Sec. 4, all in Twp. 12 S., Rge. 17 E.B.M.

That he now requests that the point s of diversion be changed to a point located: SE¹SE¹ Sec. 18 and SW¹SW¹ Sec. 17, all in Twp. 12 S., Rge. 17 E.B.M.

That the reason for desiring to make such change is as follows:

It was more advantageous to irrigate the ^{land} water in Sec. 4 from the Canal rather than from the wells.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 18 day of January, 19 63.

Re: Permit No. G-25576

Glenn Nelson
Rt 2
Twin Falls, Idaho

Dear Mr. Nelson:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-25576 shows the wells ~~is~~ (are) capable of conveying 158 miner's inches, or 3.16 c.f.s. of water for the irrigation of 317 acres.

Upon receipt of the statutory fees, totaling \$ 21.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$16.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of April 4, 1955 to the use of 3.16 second feet of subterranean water with the point of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18 and the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, Township 12 South, Range 17 East, B.M. for irrigation of 317 acres in the NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 18; W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17, Township 12 South, Range 17 East, B.M.

Since your permit shows the points of diversion to be in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18 and the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17 it will be necessary to amend the points of diversion. Complete the enclosed amendment form and send it with the above mentioned fees, with an additional fee of \$1.00 (total \$22.00) for recording the amendment and your Certificate of Completion of Works and License and Certificate of Water Right will be issued.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

PERMIT NO. G-25576

REPORT ON PROOF OF Completion of Works & Beneficial Use

Glenn Nelson
Rt. # 2
Twin Falls, Idaho

April 27, 1959

Re: Permit No. G-25576

Mr. Glenn Nelson
Route # 2
Twin Falls, Idaho

Dear Mr. Nelson:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Times-News, all submitted in proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-25576.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

BOISE, IDAHO

RECEIVED
APR 24 1959
Department of Reclamation

Permit No. G-25576

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Name: Glenn Nelson Residence: 4 miles straight south of Twin Falls, Idaho
(or 5 miles east of Hollister). Occupation: Farming P. O. Address: Route 2
Twin Falls, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-25576, dated April 11, 1955, date of priority, April 4, 1955.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well to raise subterranean water located in SE corner of the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 18, T $\frac{12}{2}$ S - R 17 $\frac{1}{2}$ E.

(225 - as per Joann 5/28/59)

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure. I have private ditches here and all my irrigation is surface gravity. My ditches are all capable of carrying over 200". I have a well here that is drilled to a depth of 230 ft. I pump from approximately 170 ft. and actually the water stands at 145 ft. but it draws down to about 160 or 170 ft. where I pump from. There is 60 ft. of casing 16" in diameter. The rest of it is good solid rock and clay. I have a Layne-Bowler turbin type General Electric Motor with 100 h.p. This pump is capable of discharging 1800 gallon per minute. This was measured by the Soil Conservation Service engineer and also measured by pump company and it was given that efficiency rating. No sprinkler system.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water here is used for domestic and irrigation. The place of use is E $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$, Section 18; W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 17, T 12 S - R 17 $\frac{1}{2}$ E., B. M. and includes 40 acres in each subdivision or a total of 320 acres. There is no natural meadow here and all this irrigation and cultivation has been as a result of this improvement. I have spent \$15,000 on the well and pump and in getting the system set up.

J25576

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used for irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need all the water I have here. I could always use more water for some types of crops.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original owner

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I started on this right after the permit was issued and I have continued right straight through in the development.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. A portion of this land is also included under permit No. G-27218 but under the other permit I also have 320 acres of desert entry and I have other lands that I irrigate out of it. I had formerly some Salmon River water on this but in filing my desert entry I have transferred all of my Salmon River water from this land to the desert entry. The only permit water I will have here will come out of this well and another one that I am drilling under G-27218. As a matter of record the Salmon River water is just in the process of being transferred.

BOISE, IDAHO

RECEIVED
APR 24 1959
Department of Reclamation

Permit No. G-25576

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Name: Charles F. Hafer Age: 24 Residence: 5 miles East of Hollister
Occupation: Farming P. O. Address: Route #1, Twin Falls, Idaho

Ques. 2. Are you acquainted with Glenn Nelson, the holder of Permit No. G-25576? How long have you known him and where does he reside?

Ans. I have known Glenn ten or twelve years and I know that he lives 4 miles South of Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25576, and are you familiar with its provisions and conditions?

Ans. I have not read this permit but I am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 230 Ft. well drilled in SE corner of SE 1/4, Section 18, T 7 S - R 17 E.
100 h.p. pump discharging 1800 gallon per minute. Ditch irrigation.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen this outfit conveying approximately 200".

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen this pump delivering 200 miner's inches. I measured this water myself over a weigher. I do this quite often when we are irrigating here and that is my best estimate that the pump will deliver 200 miner's inches for irrigation.

G-25576

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. There are no natural meadows. All of the water produced here is needed for irrigation of the cultivated land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No power

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Silt loam. Good land for cultivation when it is irrigated.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw this well drilled. I have been familiar with this project since the beginning as I farm right across the road and see it every day, or almost every day since the development was started.

(Signed) Charles F. Hafer

Permit No. G-25576

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Name: Clarence F. Hedrick Age 43 Residence: Twin Falls, Idaho
Occupation: U. S. Soil Conservation Service P. O. Address: Box 685
Twin Falls, Idaho

Ques. 2. Are you acquainted with Glenn Nelson, the holder of Permit No. G-25576? How long have you known him and where does he reside?

Ans. I have known Glenn Nelson about 7 years and I know that he lives 4 miles south of Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25576, and are you familiar with its provisions and conditions?

Ans. I have not read this permit but I am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well located in SE corner of the SE¹/₄ SE¹/₄, Section 18, T 7 S - R 17 E. Well drilled to depth of 230 ft. Pump with 100 h.p. motor capable of discharging 1800 gallon per minute. Irrigation is surface gravity and there is no sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen it conveying approximately 200" and I have no doubt the works and the ditches will carry it.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen this outfit delivering 200". I did not measure this myself but the Soil Conservation Service engineer who did measure it was working under my direction. I have seen water estimated and that would be my best opinion.

G-25576

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. There are no natural meadows and all this water is used for irrigation of cultivated land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No power

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Medium textured soil. Most of it is Class 1 and 2 land and in my estimation it would require an inch to the acre to raise profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I was there when they were drilling this well and I have seen the water delivered and I assisted in the design for the water distribution here in the irrigation system. I have been familiar with the project since it started.

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-25576, in the name of Glenn Nelson. Final proof is to be made before you, as Notary, on the 18th day of April, 1959, at 10:00 A. M., 618 Idaho Building, Boise, Idaho.

As of this date we have mailed the notice to the Times-News, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A.M., on the 18 day of April,
19 59, at Boise, County of Ada, State of Idaho,
before Harley M. McDonnell, Notary Public, at (address) 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion
of works for the diversion of 3.16 cubic feet per second of underground
water from a well, and of the application to beneficial use of said water,
in accordance with the terms and conditions of Permit No. G-25576 heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit is Glenn Nelson, Rt. 2, Twin Falls, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is 3.16 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is
3.16 cubic feet per second.

4. The point of diversion of said water is S1SE1, Section 18, T12S R17E., B.M.

5. The place where said water is used is R1SE1, NE1, Section 18, W2SW1, Sec. 17,
T 12 S - R 17 E., B.M.

6. The date of priority which said user is prepared to establish is
April 4, 1955.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-25576

Comes now Glenn Nelson and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25576.

That the point of diversion is described in said permit as being located SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 18; SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 4, T 12 S - R 17 E., B.M.

That he now requests that the point of diversion be changed to a point located Two wells in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 18; one well in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 4, T 12 S - R 17 E., B.M.

That his reasons for desiring to make such change are as follows:

Upon further development it was found that another well will be necessary to properly irrigate the lands.

That no one will be injured by change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho this 12 day of September, 1958

Comes now Glenn Nelson and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-25576.

That the point of diversion is described in said permit as being located
SE 1/4 Section 18, T 12 S - R 17 E., B.M.

That he now requests that the point of diversion be changed to a point
located SE 1/4 Section 18, T 12 S - R 17 E., B.M.

SE 1/4 Section 4, T 12 S - R 17 E., B.M.

That his reasons for desiring to make such change are as follows:

I would like the water from both the above wells to irrigate

lands in both my water permits.

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Boise, Idaho, this 17 day of April, 1958

Glenn Nelson

Date of receipt at Department of Reclamation April 24, 1958

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby
approve the above and foregoing application for amendment to Permit to appropriate
the Public Waters of the State of Idaho, No. G-25576. This approval constitutes
a new permit and is issued as an amendment to the original permit, to which it re-
fers and of which it becomes a part, and said application is approved only insofar
as the rights of others will not be adversely affected thereby.

Mark R. Kulp
State Reclamation Engineer

Application for Amendment
To Permit to appropriate the Public Waters
of the State of Idaho, No. G-25576

U.S. ARMY
Department of Reclamation

Comes now Glenn Nelson, and represents to the State Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25576, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

SE¹/₄, E²/₂SW¹/₄, Section 4; N²/₂NE¹/₄, Section 9; E¹/₂SE¹/₄, NE¹/₄NE¹/₄, Section
18; W²/₂SW¹/₄, Section 17, T 12 S - R 17 E., B.M.

making a total of 520 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, this 17 day of April, 19 58.
