Dear Mr. Schnell:

Enclosed is a copy of your approved transfer application. Please be advised that at the present time the Department of Water Resources is not approving new applications for permit until standards and guidelines are developed as required by new statutes that became effective July 1, 1985.

Therefore, the land from which the transfer removed water Rt. 47-2283 does not have a water right appurtenant to it. You may want to evaluate the consequential impact before further plans are made.

If you have any questions, please let us know.

Sincerely,

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-25337, in the name of Ralph F. Schnell. Final proof is to be made before you, as Notary, on the 22nd day of September, 1958, at 2:00 P. M., at Twin Falls Bank & Trust Bldg., Twin Falls, Idaho.

As of this date we have mailed the Notice to the Times-News, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
