APPLICATION FOR PERMIT 47-2262

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 30320
Permit No. G- 22578
District No.

1. Name of Applicant: **ORION S. BUTLER**
Postoffice address: **Kimberly** County: **Twin Falls** State: **Idaho**
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. **2.4** or Idaho
Miners' inches **120** or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: **Subterranean (percolation) water which is taken from a point 8 ft. East of the Cottonwood drainage course and concentrated for a lift of some 50 feet.**
4. Location of point of diversion or well is in the **SW** $\frac{1}{4}$ of the **SE** $\frac{1}{4}$ of Section **30**
Twp. 11 S., **Rge. 18 E.**, B. M., County of **Twin Falls**
5. Water is to be used for: **Irrigation**
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge., B. M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B. M.
7. Kind of works: **8 ft. square cement concentration sump, turbine type pump, short sprinkling system and laterals for area East of Cottonwood drainage.**
8. Estimated cost of works: **\$ 3,500.00**
9. (a) Is reservoir to be used? **No**
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is **Five(5)** years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None**
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

No surface water rises on the land; however, a considerable amount of underground percolation water can be concentrated and pumped by the digging and construction of a cement sump. herein a pump will be installed to raise the water some 50 feet. This will be conveyed to the West through a sprinkler system for the irrigation of the area below the High Line Canal and West of Cottonwood Creek. The sump and pump will not be installed in the creek bed but 8 ft. East, at which point another ditch can be taken out to irrigate all of the Eastern part of this land. At the present time, my own private ditch crosses the area and will be used in the distribution of some of this water. All surface rights in this drainage are filed on for use above this diversion and I own and make beneficial use of all the water arising and used below the High Line Canal on said Cottonwood drainage. This application is to irrigate new lands filed on under Desert Entry in the Idaho Land and Survey Office, Boise, Idaho.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

ORION S. BUTLER *Applicant.*

By Harley M. McDowell *Agent.*

Date of first receipt at Department of Reclamation: 4:45 P. M. February 1, 1952

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G-22578

Recorded in Book 80 Page 22578 Approved February 6, 1952

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before April 6, 1952 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before August 6, 1954

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before February 6, 1957

Witness my hand this 6th day of February, 1952

MARK R. KULP

State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, LEN JORDAN, Governor of the State of Idaho, and IRA H. MASTERS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 6th day of February, 1952.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-22578

Comes now Orion S. Butler and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-22578. That the point of diversion is described in said permit as being located SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, T 11 S - R 18 E.B.M. That he now requests that the point of diversion be changed to a point located 660 ft. north and 100 ft. east of SW corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$, and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 30, T 11 S - R 18 E.B.M.

That his reasons for desiring to make such change are as follows: I can get a better pumping site from this location and more water. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, this 28 day of January 1957.

/s/ Orion S. Butler

Date of receipt at Department of Reclamation
January 31, 1957.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-22578. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. McDowell:

We have enclosed the following:

1-2. Applications for amendment to Permit No. G-22578 which were approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 80 of Permits at Page 22578 amend- the point of diversion to read "SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, Township 11 South, Range 18 East, B.M." and the list of land to read "20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Township 11 South, Range 18 East, B.M." These should now be attached to the original permit to which they refer.

3-4. Certificate of Completion of Works and the License and Certificate of Water Right issued to Orion S. Butler, Kimberly, Idaho, under Permit No. G-22578, confirming the right with priority of February 1, 1952, to his use of .4 second foot of subterranean water with the point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, for irrigation of 20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Township 11 South, Range 18 East, B.M.

5. Departmental receipt #G-2933 for \$7.00, issued as receipt of the five dollar fee for the Certificate of Completion of Works and two dollars for the License fee.

Re: Permit No. G-22578
Orion S. Butler

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-22578, Orion S. Butler, Kimberly, Idaho, shows that his well is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30 and is capable of conveying 20 miner's inches (.4 c.f.s.) of water for irrigation of 20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Township 11 South, Range 18 East, B.M. The record of the permit shows the point of diversion to be in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30 and does not include the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30 in the land list. Therefore, we have enclosed applications for amendment to the point of diversion and to the land list and ask that you complete and return them.

Upon receipt of the amendments, mentioned above, and the statutory fees, total of \$7.00, we will issue to Mr. Butler the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (two dollars) confirming the right with priority of February 1, 1952, to the use of .4 second foot of subterranean water with the point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, for irrigation of 20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, all in Township 11 South, Range 18 East, B.M.

Very truly yours,

4. Describe works as they exist, giving dimensions and capacities of same: This development consists of collecting & pumping to a higher level the waste and seepage from Twin Falls Highline canal as it crosses Cottonwood Creek a mile + upstream from the P.D. Well: dug 8' x 8' deep - Earth dam in creek diverts most of the flow of Cottonwood creek into well - Pump - belt-driven horizontal centrifugal Fairbanks Morse #CSB30A Motor: Fairbanks Morse #581661 - HP 15 - Meter GE 27614399 - Demand 1.5 x 10 - Housing - None

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: _____

Yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

20 acresSE 1/4 NW 1/435 acres in the NE 1/4 of Sec. 30, Twp. 11 S., Rge. 18 E., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

At least half of the water claimed to be subterranean originates as leakage through waste-way gates in Twin Falls Highline canal - All of the water is supplied by Twin Falls Highline canal -

The right to divert this water is questioned.

This examination was made on the 10th day of August, 1957

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. G-22578

Mr. Orion S. Butler
Kimberly, Idaho

Dear Mr. Butler:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Kimberly Advertiser, all submitted in proof of completion of works and beneficial use on Permit No. G-22578.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

NOTICE OF ~~TRAIL~~ OF COMPLETION OF WORKS

and

APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 A.M., on the 24th day of June, 1957, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground waters from a well, and the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22578 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Orion S. Butler, Kimberly, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, T 11 S - R 18 E., B. M.

5. The place where said water is used is S $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, T 11 S - R 18 E., B.M.

6. The date of priority which said user is prepared to establish is February 1, 1952.

BOISE, IDAHO

RECEIVED
JUL 1 1957
Department of Reclamation

Permit No. G22578

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Orion S. Butler, residence is Kimberly, Idaho, occupation is ranching and P. O. Address is Kimberly, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. As an individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The number of my permit is G-22578, date of permit is February 6, 1952, and the priority date I propose to establish is Feb. 1, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well, and the point of diversion is NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 30, T 11 S - R 18 E. (660' North and 100' East from SW corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$)

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well, 6' deep and the perimeter of the well 8' square. Timbered up with ties. I have 15 H.P. Turbine type Centrifugal pump in this well which raises the water and distributes out through a gravity ditch. My ditch is about half $\frac{1}{4}$ to the south and half $\frac{1}{4}$ to the North, about 3' wide and about 2' deep. I have my pump set in this location where the water stands about 4', then I lift this water vertically about 35' through a 10" steel pipe for a distance of 350' out of the Canyon onto the point of outfall where my ditches start. This pump will deliver 75". I have measured a lot of water and seen a lot of water measured and I feel it is delivering that much.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of approximately 35 acres on the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 30, Township 11 South, Range 18 East. This is cultivated land that I have seeded down to pasture, and irrigate it for pasture. I have spent \$900.00 in setting up this pump and the pipe and getting this in operation.

22578

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For irrigation.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. This land requires at least 1" to the acre to irrigate it, and I might even use more sometimes.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person who originally filed for this permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Actually I installed this in 1950, and have used it consistently every year since then on this same land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have no other water at all apputentant to this piece of land.

(Sign)

Arion S. Bittor

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada,

State of Idaho, on this 24th day of June, A. D. 1957.

22578

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22578

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Homer H. Butler, age is 61, residence 5 miles south, 2 miles east, 1/2 miles north of Hansen, Idaho. Occupation is farming and P. O. Address is Kimberly, Idaho.

Ques. 2. Are you acquainted with Orion S. Butler, the holder of Permit No. G-22578? How long have you known him and where does he reside?

Ans. I have known him all his life, and know he lives in Kimberly, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22578, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well in the NE 1/4 Sec. 30, T. 11 S. - R. 18 E. The well is drilled 6' and the water stand 4'. This has a 15 H.P. Turbine type pump, The water is lifted vertically 35' through a 10" steel pipe for a distance of 350'. This pump will discharge 75".

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate these works will convey 75" of water, and I have seen this much.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 75". I estimate this by measuring other water.

22578

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. 35 acres in NE 1/4 Sec. 30 T 11 S - R 18 E. There is no natural meadow. He has put all this down to irrigated pasture. All improvements have been as a direct result of this use, and I figure it cost around \$1,000.00.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is a silt loam, rather thin and rocky but very productive when put in irrigated pasture and irrigated.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been familiar with this for the past 20 years, and I have been familiar with this installation ever since it was put in in 1950.

(Signed) Harmer H Bentler

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 24 day of June, A. D. 19 57.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22578

Proof of Application of Water to Beneficial Use

Deposition of Witness *and Description of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is John E. Anderson, age 59, residence Twin Falls, Idaho, occupation farming and P. O. Address is 157 Filer Ave., West, Twin Falls, Idaho.

Ques. 2. Are you acquainted with Orion S. Butler, the holder of Permit No. G-22578? How long have you known him and where does he reside?

Ans. I have known him 4 years and know that he resides in Kimberly, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22578, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. There is a sump well about 6' deep about 8' square where a 15 H.P. motor is installed and lifts the water through about 350' of steel casing onto the rim, where it is then distributed by gravity through 2 ditches. The place of diversion is NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 30, Township 11 South, Range 18 E.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It will safely conduct as much as 78 or 80" of water through this pump and system I have described above.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I estimate the pump will deliver between 75 and 80" and I estimate this by having seen water measured.

22578

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on 35 acres in NE¹SE¹ Sec. 30, T 11 S - R 18 E. There is no natural meadow land here and all the improvements have been made as a direct result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is a silt loam soil, thin and rocky but very productive when irrigated. I estimate it will take around 5/8" to 1" per acre here for proper irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been familiar with this water since installation was installed in 1950 and I have known the land since 1909.

(Signed)

John E. Anderson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 24 day of June, A. Re: Permit No. G-22578

Mr. Orion S. Butler
Kimberly
Idaho

Dear Mr. Butler:

We enclose Application for Amendment to the point of diversion which changes the original permit No. G-22578 to read: 660 ft. north and 100 ft east of SW corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$, and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 30, Township 11 South, Range 18 East B.M., also, Application for Amendment to the land list which changes the lands as described in the original permit to read: S $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, Township 11 South, Range 18 East B.M.

These amendments were approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 80 of Permits, page 22578. They should now be attached to the original permit to which they refer and of which they form a part.

Application for Amendment

To Permit to appropriate the Public Waters
of the State of Idaho, No. G-22578

RECEIVED
JAN 3 1 1957
Department of Reclamation

Comes now Orion S. Butler, and represents to the State
Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of
Idaho, No. G-22578, and requests that the list of lands to be irrigated, as described in said
permit, be changed to read as follows:

S1SE1, NE1SE1, Section 30, T11 S - R18 E., B.M.

, making a total of 120 acres.

That an additional amount of water is not asked for, and that the rights of others will not be ad-
versely affected by such change.

Signed at Boise, this 28 day of January, 1957

Orion S. Butler

Date of receipt at office of Department of Reclamation January 31, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve
the above and foregoing application for amendment to Permit to appropriate the Public Waters of
the State of Idaho, No. G-22578. This approval constitutes a new permit and is issued as an
amendment to the original permit, to which it refers, and of which it becomes a part, and said appli-
cation is approved only insofar as the rights of others will not be adversely affected thereby.

22578

Mark R. Kulp

State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-22578

RECEIVED
JAN 31 1957
Department of Reclamation

Comes now Orion S. Butler and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-22578.

That the point of diversion is described in said permit as being
located SW corner, Section 30, T 11 S - R 18 E., B.M.

That he now requests that the point of diversion be changed to a
point located 660 ft. north and 100 ft. east of SW corner, Section 30, T 11 S - R 18 E., B.M. and in the
NE 1/4 SE 1/4

That his reasons for desiring to make such change are as follows:

I can get a better pumping site from this location and
more water.

That no one will be injured by such change, and that such change
will be made at Permit Holder's own risk.

Signed at Boise, this 28 day of January 19 57

Orion S. Butler

Date of receipt at Department of Reclamation January 31, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho,
hereby approve the above and foregoing application for amendment to Permit to
appropriate the Public Waters of the State of Idaho, No. G-22578. This
approval constitutes a new permit and is issued as an amendment to the original
permit, to which it refers and of which it becomes a part, and said application
is approved only insofar as the rights of others will not be adversely affected
thereby.

NOTICE OF PROGRESS OF COMPLETION OF WORKS

and

APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 A.M., on the 24th day of June, 1957, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground waters from a well, and the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22578 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Orion S. Butler, Kimberly, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, T 11 S - R 18 E., B. M.

5. The place where said water is used is S $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 30, T 11 S - R 18 E., B.M.

6. The date of priority which said user is prepared to establish is February 1, 1952.

MARK R. KULP
State Reclamation Engineer

(4-25; 5-2, 9, 16)
