Dear Mr. Kulp

Enclosed you will find License and Certificate of Water Right issued to V (Jim) Potucek which was brought to this office yesterday by Mr. Potucek to be recorded. We find upon checking this instrument that there is a discrepancy in the description which we believe you will want to change before this certificate is recorded. You will note that the Range is given as 13 in one place and as 23 in another.

After this instrument has been corrected, please send it to us to be recorded together with the \$1.00 recording fee which we have enclosed along with the certificate and we will be glad to record it.

You will note also that the seal of the State Reclamation Engineer is not on this instrument and we believe that you will wish to put this on also.

Sincerely,

Re: Permit No. 21287

Mr. V. (Jim) Potucek
205 13th Avenue North
Buhl, Idaho

Dear Mr. Potucek:

The report of our Field Engineer on examination for beneficial use under Permit No. 21287 shows that you have irrigated approximately 18 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Township 10 South, Range 13 East, B.M., from your point of diversion from a drain ditch in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 22, Township 10 South, Range 13 East, B.M.

We can therefore issue a License for 18 inches or .36 second foot of water from this source, but there will be no additional fee since this same land is included in Permit No. 21288.

Mr. C. R. Reeves
Room 2, Griffin Bldg.
Buhl, Idaho

Dear Mr. Reeves:

We acknowledge receipt of corrected depositions of the two witnesses, in proof of beneficial use under Permit No. 21287, in the name of V. (Jim) Potusek. These, together with the proof of Mr. Potusek and the affidavit of publication previously transmitted complete the proof but before final action is taken the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, as this department has but one field engineer, who makes examinations all over the state. However, the engineer will try and contact Mr. Potusek at the time he makes the examination, so that he may arrange to show him over the grounds.

Meanwhile, we again call attention to the fact that we have not yet received the depositions in proof of beneficial use on Mr. Potusek's other Permit, No. 21288, which was to have been made at the same time as on Permit No. 21287, and forms for which were sent you at the same time. If this proof was made it is necessary that the depositions be returned promptly, if the permit is to be continued in good standing.

Dear Mr. Reeves:

We acknowledge receipt of your letter of September 13, 1950, enclosing Permit No. 21287 in the name of V. (Jim) Potucek, also depositions of himself and two witnesses in Proof of Beneficial Use and Affidavit of Publication in the Buhl Herald.

We return the Permit herewith, as it was not necessary to return this with the proofs.

We also return the depositions of the two witnesses for more complete answer to Question 11, stating when and in what amount they have seen the water applied to beneficial use.

Please have these corrections made and return the two depositions to this Department.

Meanwhile, we call attention to the fact that Beneficial Use Proof was advertised to be made on Permit No. 21288, also in the name of V. (Jim) Potucek, at the same time, forms for which were sent you. To date, these proofs have not reached us.
