

Affidavit of Publication

STATE OF IDAHO,
COUNTY OF TWIN FALLS } ss.

N^o 3906

I, Lisa Maloney, being first duly sworn upon oath depose and say that I am principal clerk of the TIMES-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice or advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for 4 consecutive Wednesdays, commencing with the issue dated June 5, 1951, and ending with the issue dated June 26, 1951.

And I do further certify that said newspaper is a consolidation, effective Feb. 16, 1942, the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-News, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously, and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code Thursday of each week has been designated as the day on which legal notice required by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 5th day of

Lisa Maloney
July, 1951

Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF
WATER TO BENEFICIAL USE**
Notice is hereby given that at 11:00 a.m. on the 30th day of June, 1951, at Twin Falls, County of Twin Falls, State of Idaho, before J. O. Pumphrey, Notary Public, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of subterranean flow in accordance with the terms and conditions of Permit No. 20206 heretofore issued by the Department of Reclamation of the State of Idaho.
The name and postoffice address of the person or corporation holding said permit are John Lanting, Rogerson, Idaho.
The use to which said water has been applied is irrigation and domestic purposes.
The amount applied to beneficial use is one cubic foot per second.
The place where said water is used is Southeast Quarter Section 32, Township 13 South, Range 16 East, B. M.
The name of the canal or ditch or other works by which said water is conducted to such place of use is Lanting's Ditch.
The right to take water from such works is based upon Permit No. 20206.
The source of supply from which such water is diverted is subterranean water diverted from a developed spring, known as Lanting Spring, in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 4, Township 14 South, Range 16 E., B. M.
The date of priority which said user is prepared to establish is October 20, 1947.
MARK R. KULP,
State Reclamation Engineer.
Publish: June 5, 12, 19, 26, 1951.

License and Certificate of Water Right

Water License No. 20206

Amount 0.6 second foot

Water District No.

Priority October 20, 1947

THIS IS TO CERTIFY that JOHN LANTING
of Rogerson, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated October 20, 1947; that Permit No. 20206
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
One second foot, was issued thereunder on June 5, 1950, showing that said works
were completed on the 27th day of May, 1950; and that on the 30th
day of June, 1951,
JOHN LANTING

of Rogerson, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Lanting Spring
, ~~tributary~~ (subterranean flow), for the purpose of irrigation and domestic
use, under Use Permit No. 20206 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4959, on the 2nd day of August, 1952;
The right hereby confirmed dates from October 20, 1947;

The Point of Diversion is located
in the NE 1/4 NE 1/4, Sec. 4, Tp. 14 S., R. 16 E., B. M. Twin Falls County
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.6 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho 47-2243

Application No. 27818
Permit No. 20206
District No.

S. T. Hamilton
P.O. Box 1058- Twin Falls, Idaho

1. Name of Applicant: JOHN LANTING

Postoffice address: Rogerson

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 1.6 cubic feet per second.

3. Source of water supply: Underground water from well which is a tributary of Unnamed

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$

of Section 4 , T. 14 S., R. 16 E., B. M., County of Twin Falls

5. Water is to be used for Irrigation and domestic use

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the

of Section , T. , R. , B. M.

7. Estimated cost of works: \$2,000.00

8. Kind of works: Well, pump and ditch

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet;

11. Ditch: Width at bottom 2 feet; width at water line 3 feet; depth of water 2 feet;

dimensions of flume:

Diameter of pipe inches; length of conduit One-half miles.

Average grade per mile feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

JOHN LANTING . . . Applicant.

Dear Madam:

We have your letter of October 31, 1955, enclosing an Assignment of the above numbered Permits from John Lanting and wife to Thaine Strickland and Lois Strickland .

When a Water Permit has gone to License no Assignment is required to be recorded in this Department, but transfer of ownership is handled in the same manner as the sale of real estate and recorded in the County.

We therefore return the Assignment herewith.

Very truly yours,

MARK R. KULP

RE: Permit No. 20206

Mr. John Lenting
Rogerson
Idaho

Dear Mr. Lenting:

The report of our field engineer on examination for beneficial use under Permit No. 20206, shows that your spring will deliver approximately 0.6 of a second foot of water which has been used for irrigation and domestic use in the SE¹ Section 32, Township 13 South, Range 16 East, B.M.

Therefore, upon receipt of the statutory fee of \$8.00, a license will be issued for 0.6 of a second foot of water from Lenting Spring.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20206This proof is for Beneficial use In Water District No. _____

1. Name of applicant John Lanting, Rogerson, Idaho
2. Source of water supply: Subterranean flow diverted from a developed spring, known as Lanting Spring
3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 4
T. 14 S. R. 16 E. County of Twin Falls
4. Describe works as they exist, giving dimensions and capacities of same: Collector type well 50'x 60' rectangular shape and 3' deep. Drain ditch 900' long, 10' wide, and 6' to 7' deep feeds water to pond. Static water level of pond is 1', draw down 7'. Approximately 12 hours of pumping drains pond of well. Pond refills in 2 to 3 days depending on the season. No surface waste water enters these works. Berkley pump # 4611189, 2 HP., 1750 rpm, centrifugal, 4" intake, 3" discharge. G.E. motor # WC9092, 2 HP., single phase, 115/230 V., 60 cycle 23/11.5 amp. Square D switch 110 V., 3 phase, 1 $\frac{1}{2}$ HP. Westinghouse meter # 15 097 947, 115/230 V., 60 cycle, 3 wire. 12' of 4" iron intake pipe. 12' of 3" discharge pipe from pump to 300' of 8" dia. orangeburg sewer pipe. Water is raised 6' over pump into head of ditch. Approx. $\frac{1}{2}$ mile new ditch 1' deep and 3' wide then into existing ditch.
5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Southeast Quarter Section 32, Twp. 13 South, Range 16 East, B. M.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Crops: wheat.

This examination was made on the 7th day of July, 1952

(Signed) _____

Alfred D. Larson
Examiner.

20206

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 20206

Mr. James O. Pumphrey
U. S. Commissioner
Twin Falls, Idaho

Dear Mr. Pumphrey:

We acknowledge receipt of your letter of July 2, 1951, enclosing depositions of John Lanting and two witnesses, submitted in Proof of Beneficial Use under Permit No. 20206.

The Affidavit of Publication is a necessary part of this proof and if Mr. Lanting has not received it from the Twin Falls Times-News, he should take the matter up with them at once.

We return Mr. Lanting's check for \$2.00, as no final action can be taken until a field inspection has been made by an Engineer from this Department, as required by law. When the inspection has been made and report filed, we shall notify Mr. Lanting as to the correct amount of fees which will be at the rate of \$2.00 for each 40 acre subdivision on which the land has been irrigated.

We cannot tell at this time just when the field examination will be made, as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mr. Lanting at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

DEPARTMENT OF RECLAMATION
BOISE, IDAHO**

Permit No. 20206

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. John Lanting, same farmer Rogerson, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. None

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20206 ²⁵ October 29, 1947 ²⁰ October 29, 1947

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water diverted from a developed spring, known as Lanting Spring, in the NW¹ NE¹ Sec 4, Twp 14, S. R. 16 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Water flows from spring into a holding pond and then is diverted into Lanting ditches by pump. Approximately one foot water discharged by pump. Measured by estimate

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. 20805 tion and livestock. SE¹ Sec 32, Twp 13, S. R. 16, E. B. M.

Approximately 12 to 14 acres irrigated in 1950. Cultivated and meadow land. Beneficial use of water is monetary value from crops that are raised thereon and for direct results from grazing of cattle.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the season years for irrigation purposes and during the off season for the use of livestock - ever since priority

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I am a stockholder in the Salmon River Canal Company, have 95 shares which have been diverted to other lands for agricultural purposes

Permit No. 20206

**Proof of Application of Water to Beneficial Use
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. M. Lanting 24 Rogerson farmer Rogerson, Idaho

Ques. 2. Are you acquainted with John Lanting, the holder of Permit No. 20206? How long have you known him and where does he reside?

Ans. Yes. All my life - Resides at Rogerson, Idaho

Ques. 3. Have you read or heard read said Permit No. 20206, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground or subterranean flow - NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec 4, Twp 14, S. R. 16. E. B. M. water is conveyed by pipeline, 300 foot, gravity flow. Pump into pipeline.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About one second foot. Same

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About one second foot of water - estimate.

20206

20206

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation - SE¹ of Section 32, Twp 13, S. R. 16. E. B. M.
About 15 acres. Cultivated land - wheat and alfalfa. Monetary results
from crops raised.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used in off agricultural seasons for stock water, and overflow
during winter time goes onto grazing land.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Volcanic ash - one acre foot and a half per year for profitable
cultivation

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. At this particular time, am farming land on shares. No
ownership.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For past two years, have witnessed the beneficial use of the
water under this permit, by participating under the farming of
the land

Dear Mr. Pumphrey:

Reference is made to your letter of May 31, 1951, in regard to Beneficial Use Proof to be made on Permit No. 20206 in the name of John Lanting.

For some reason or other, this matter seems to have been sidetracked, but we have sent the notice to the Twin Falls Times-News that the proof would be made at 11:00 A. M. on June 30, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date and to send Mr. Lanting the Affidavit of Publication, together with statement of costs.

If for any reason that date is not acceptable to you or Mr. Lanting, will you please set a later date, notifying the newspaper of such date and also advising us.

We enclose herewith the necessary forms of deposition to be used in connection with this proof, consisting of one for Mr. Lanting and one for each of two witnesses, and at the time set, he should appear before you, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

Mark R. Kulp,
State Reclamation Engineer,
Department of Reclamation,
Boise, Idaho

Dear Sir:

I am in receipt of a letter addressed to Mr. John Lanting, Rogerson, Idaho, from your office, dated April 12, 1951, informing Mr. Lanting that he would have to define the permit application as to springs or wells, also, some changes as to describing the said source of water.

Recently, Mr. Lanting called on me regarding the papers that were to be sent to my office to make proof. He also, informs me that he was in Boise at your office and talked with the chief clerk, Jeanne L. Anderson and explained and completed all information requested in the letter. Should this be correct, kindly send notices to the Twin Falls Times-News for publication, also, send me the necessary papers to enable the records to be completed as the time for proof will expire in the very near future.

Respectfully yours,

James O. Pumphrey
United States Commissioner

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 30th day of June, 1951,
at Twin Falls, County of Twin Falls, State of Idaho, before
J. O. Pumphrey, Notary Public, proof will be submitted of the
application to beneficial use of one cubic ~~foot~~ per second of the waters of subterranean flow
in accordance with the terms and conditions of Permit No. 20206
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
John Lanting, Rogerson, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is one cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the
~~lands irrigated~~) Southeast Quarter Section 32, Township 13 South, Range 16 East, B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is Lanting's Ditch.

The right to take water from such works is based upon Permit No. 20206

The source of supply from which such water is diverted is subterranean water diverted from
a developed spring, known as Lanting Spring, in the NE 1/4 Section 4, Twp. 14 South,
Range 16 E., B. M.

The date of priority which said user is prepared to establish is October 20, 1947

MARK R. KULP
State Reclamation Engineer.

20206

April 12, 1951

Re: Permit No. 20206

Mr. John Lenting
Rogerson, Idaho

Dear Mr. Lenting:

We are in receipt of duplicate Notice of Beneficial Use Proof to be made under Permit No. 20206 at Twin Falls, Idaho, on June 1, 1951.

However, this notice describes the source of water as Lenting's Springs. The original application for Permit describes the source as from a well and your Proof of Completion of Works describe the works as a combined well, ditch and collecting pond.

Before sending the notice to the newspaper for publication, we would like to have a statement from you as to the actual source of the water on which you wish to make Proof of Beneficial Use; whether it is a spring or a well.

Also, please describe fully just how the water is diverted and carried from the source to the place of use.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) April 10, 1951

(P. O.) Rogerson, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Times-News of Twin Falls, Idaho published in
the county in which the works are situated.

John Lanting.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20206

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE**

one
Notice is hereby given that at 11:00 A. M. on the 1st day of June, 1951,
at Twin Falls, County of Twin Falls, State of Idaho, before
J. O. Pumphrey, proof will be submitted of the
application to beneficial use of $1/3$ cubic feet per second of the waters of Lanting
Springs in accordance with the terms and conditions of Permit No. 20206
heretofore issued by the State Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

John Lanting, Rogerson, Idaho

The use to which said water has been applied is beneficial and also for irrigation

✓ The amount applied to beneficial use is 25 per cent

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) SE $\frac{1}{4}$ of Sec 32, Twp 13, S. R. 16 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is Lanting's ditch

The right to take water from such works is based upon Permit No. 20206

The source of supply from which such water is diverted is Lanting's Springs

The date of priority which said user is prepared to establish is October 29²⁰, 1947

State Reclamation Engineer.

20206

DEPARTMENT OF RECLAMATION

Boise, Idaho

April 2, 1951

Mr. John Lanting

Rogerson, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 20206. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than June 1, 1951, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

Application for Extension of Time for Beneficial Use Proof

STATE OF IDAHO }
County of Twin Falls } SS

Mr. John Lanting, of Rogerson

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 20206

That, under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by October 25, 1950.

That he has heretofore put to beneficial use one-third second feet of water and has irrigated fifteen acres.

That, for the following reasons, he is unable to put to beneficial use within the required time the remainder of the water appropriated under his permit, to-wit: (1) he is not home;
(2) the season is too late now for irrigation.

WHEREFORE, He asks that the STATE RECLAMATION ENGINEER ~~Commissioner of Reclamation~~ extend the time for the making of proof of beneficial use under said permit to June 1, 1951.

Subscribed and sworn to before me this 18th day of October, 1950.

Re: Permit No. 20206

Mr. John Lenting
Rogerson, Idaho

Dear Mr. Lenting:

We return your affidavit submitted in Proof of Completion of Works under Permit No. 20206, for correction as follows:

1. Question 2 describes the name of the stream as Lenting Springs, whereas the Permit is for a filing on a well, which we infer is correct as your works describe a well, pump, and etc.

2. Question 6-II describes a dam which we do not quite understand as the works as described do not include a dam.

3. Question 8 describes the place of use as 80 acres in the SE $\frac{1}{4}$ Section 32, Township 13 South, Range 16 East, B.M. whereas the Permit gives the place of use as the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 33.

4. Under Question 9, describe the well (if it is a well) as to depth, size of casing and etc., also describe the pump.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. John Lanting

Boise, Idaho

April 1, 1950

Regerson, Idaho

Dear Sir:-

Under the terms of your permit No. ~~20206~~ you are required to complete your diversion works on or before ~~June 1, 1950~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Permit No. 20206

Mr. John Lenting
Rogerson, Idaho

Dear Mr. Lenting:

We enclose Approval of the State Reclamation Engineer of your application for extension of time for completion of works under Permit No. 20206 to June 1, 1950.

This should be attached to your original Permit of which it now forms a part.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 20206

Application for Extension of Time FOR COMPLETION OF WORKS

John Lanting, of Rogerson, Idaho

State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. 20206

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by Oct. 25, 1949

That he has heretofore performed the following work described under said permit:

construction of a ditch, construction of a pond and some other work

costing \$ 700.00

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

That Highway 93 is being worked on now and am unable to complete job until
a later date, or until the Highway Department is thru with their construction.

WHEREFORE, He asks that the State Reclamation Engineer
~~Commissioner of Reclamation~~ extend the time for the completion of works under said permit to June 1, 1950.

Subscribed and sworn to before me this 22 day of October, 1949

My commission expires 6/6/53

Date of receipt at office of Department of Reclamation Oct. 24, 1949

STATE RECLAMATION ENGINEER
APPROVAL OF COMMISSIONER OF RECLAMATION

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 20206 to June 1, 1950.

Witness my hand this 24th day of October, 1949

Ragerson, Idaho
Oct. 17, 1949

State of Idaho,
Department of Reclamation,
Boise, Idaho.

Mark R. Kulp;
Dear sir:

In regards to permit
20206 for diversion of water
from a well. I was sup-
posed to have completed the
work on this project by
October 25, 1949 but I have
been temporarily interrupted
by circumstances over which
I have no control. To wit:
At present highway 93
past my place is being con-
structed and the contractor

is using dirt and gravel
from the area of my well
for road building material.
I am not sure just when
they will be there but in
all probability is late for
me to do any more work
this fall. Therefore I would
like to ask for an extension
of time for my permit until
next spring, say about
June 1, 1950.

Yours truly,
John Leanting
Pogerson, Idaho.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF
WATER FOR BENEFICIAL USE**

Notice is hereby given that at 11:00 a.m. on the 20th of June, 1951, at Twin Falls, County of Twin Falls, State of Idaho, before J. O. Pumphrey, Notary Public, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of subterranean flow in accordance with the terms and conditions of Permit No. 20206 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are John Lanting, Rogerson, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is one cubic foot per second.

The place where said water is used is Southwest Quarter Section 32, Township 13 South, Range 16 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Lanting's Ditch.

The right to take water from such works is based upon Permit No. 20206.

The source of supply from which such water is diverted is subterranean water diverted from a developed spring, known as Lanting Spring, in the NE 1/4 Sec. 34, Township 14 South, Range 16 E., B. M.

The date of priority which said user is prepared to establish is October 20, 1947.

MARK R. KULP.

State Reclamation Engineer.
