Dear Sirs;

In Re: permit # 18749

I believe your letter of Aug 15, 1940 is the last word I have had from your dept except for the receipt for the \$2.00 fee which I sent.

Mr Tolman made the inspection soon after the date of that letter and I am wondering why I have not received the license.

Very truly yours

Mr. L. E. Joslin

Dear Mr. Joslin:

We are in receipt of your letter stating it will become necessary for you to change the point of diversion for water right licensed to you by permit number 18749.

We are enclosing blank form of application for transfer of water right, which is the required form to fill out when transferring point of diversion or place of use on all licensed and decreed rights.

It is statutory that transfer proceedings be published in two issues or one each week for 2 weeks in a County newspaper. Publication fees will cost you around \$4.00 or \$5.00 and the department's fee will be \$2.00.

The first step required is to fill out transfer form witnessed by two water users who know the conditions and approved by your district watermaster. We are also enclosing a form for authority to publish. Please sign and return after you have selected the newspaper in your county. Also return the properly filled out transfer.

Very truly yours,

Dear Sirs;

In regard to permit
8749 to appropriate
water. You will see by
the map of my irrigation
works that I have divisions
1, 2, 3 and 4 in Sec 82 and
88 Sec. 85. These divisions took
the water water originating
in the previously owned
land immediately above
these sub-divisions.

Now these two sub divisions
have come into ownership
of the same owner
and have been prepared

I presume he will
have the right to flume
his waste water across
my works and use
again below, making
my ditch there worthless.

However, changing these
four diversions to the
North line of Six ^{Six} ft (one
diversion) in Cedar Creek
would serve me
equally well and of
course the other parties
also.

Please let me know
the procedure to have
this change made

Yours very truly

Re: Permit No. 18749

Mr. L. E. Joslin,

Piler, Idaho.

Dear Mr. Joslin:

We acknowledge receipt of your letter of August 12th, in reply to ours of July 31st relative to certain discrepancies in the depositions submitted in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you can arrange to show him over the grounds. And after his report is on file in this office a license will be issued in accordance therewith.

Meanwhile, you may send the statutory fee in connection with this final proof, which amounts to \$3.00, being at the rate of \$2.00 for each legal subdivision irrigated.

Dear Sir; Referring to your
letter of Jul 31, 1940. in
regard to permit # 18749

The descriptions in
depositions should, and
were intended to, conform
with the permit and map
in every particular as
they are correct and no
change has been made
as to diversion or place
of use.

18749

Point of diversion des-
cribed in deposition as
SE SE should be eliminated
should read NE NW instead

NW NW.

Point or place of use
were meant to read
Lots 2 and 3 instead of
1 and 2 in which case
would correspond with
NW NE + NE NW as stated
in permit.

My deposition in question
4 was given as NW NE,
NE NW, SE NW + NE SW.

Re: Permit No. 18749

Mr. L. E. Joslin,
Route 2,
Filer, Idaho.

Dear Mr. Joslin:

We have received from Mr. Earl S. Lahue, Notary Public, depositions of yourself and two witnesses, also affidavit of publication from the Twin Falls County Citizen-Record, in connection with your beneficial use proof under the above numbered permit.

There are one or two discrepancies, however, between these depositions and the original permit, which we call to your attention as follows:

1. Your own deposition fails to give the point of diversion, as called for in Question 4, but both witnesses describe the points of diversion as being in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 5, Twp. 11 South, Range 16 East, B.M., whereas the permit does not include the SE $\frac{1}{4}$ SE $\frac{1}{4}$, and describes the NE $\frac{1}{4}$ NW $\frac{1}{4}$ instead of the NW $\frac{1}{4}$ NW $\frac{1}{4}$.

If you intended these descriptions to conform to the permit, and these are only typographical errors, we can make the necessary changes; but if you have changed the points of diversion it will be necessary to file an application for amendment, forms for which we will furnish you upon request.

2. All of the depositions describe the lands on which the water is used as Lots 1 and 2, SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of the section, whereas the permit describes the land as being in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$.

Please advise if Lots 1 and 2 are the same as the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$, or whether there has been a change in the land list.

Very truly yours,

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18749

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 30, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Filer, Idaho before Earl S. LaHue, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

L. E. Joalin,
Filler, Idaho

Boise, Idaho, **January 3, 1940**

Dear Sir:—

Under the terms of your permit No. 18749 you are required to complete your diversion works on or before March 18, 1940. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

NOTICE FOR PUBLICATION
NOTICE OF PROPOSED APPLICATION
FOR WATER
To Beneficial Use

Notice is hereby given that at 10:00 A. M. on the 30th day of July, 1940, at Filer, Idaho, County of Twin Falls, State of Idaho, before Earl S. LaHue, Notary Public, proof will be submitted of the application to beneficial use of three (3) cubic feet per second of the waters of unnamed streams in accordance with the terms and conditions of Permit No. 18749, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are L. E. Joslin, Filer, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is three second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NW $\frac{1}{4}$, NE $\frac{1}{4}$, NE $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$, NW $\frac{1}{4}$, NE $\frac{1}{4}$, S-W $\frac{1}{4}$, Sec. 5, Twp. 11 South, Range 16 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Joslin Ditch.

The right to take water from such works is based upon Permit No. 18749.

The source of supply from which such water is diverted is unnamed streams, tributary to Cedar Draw.

The date priority which said user is prepared to establish is Feb. 23, 1939.

JAMES SPOFFORD,
Commissioner of Reclamation.
